1.01 TITLE. This code of ordinances shall be known and may be cited as the Code of Ordinances of the City of Atlantic, Iowa. *(Ord. 918 – Feb. 09 Supp.)*

1.02 DEFINITIONS. Where words and phrases used in this Code of Ordinances are defined in the Code of Iowa, such definitions apply to their use in this Code of Ordinances unless such construction would be inconsistent with the manifest intent of the Council or repugnant to the context of the provision. Other words and phrases used herein have the following meanings, unless specifically defined otherwise in another portion of this Code of Ordinances or unless such construction would be inconsistent with the manifest intent of the Council or repugnant to the context of the provision:

1. “Alley” means a public right-of-way, other than a street, affording secondary means of access to abutting property.
2. “City” means the City of Atlantic, Iowa.
3. “Clerk” means the city clerk of Atlantic, Iowa.
4. “Code” means the specific chapter of this Code of Ordinances in which a specific subject is covered and bears a descriptive title word (such as the Building Code and/or a standard code adopted by reference).
5. “Code of Ordinances” means the Code of Ordinances of the City of Atlantic, Iowa. *(Ord. 918 – Feb. 09 Supp.)*
6. “Council” means the city council of Atlantic, Iowa.
7. “County” means Cass County, Iowa.
8. “May” confers a power.
9. “Measure” means an ordinance, amendment, resolution or motion.
10. “Must” states a requirement.

11. “Occupant” or “tenant,” applied to a building or land, includes any person who occupies the whole or a part of such building or land, whether alone or with others.
12. “Ordinances” means the ordinances of the City of Atlantic, Iowa, as embodied in this Code of Ordinances, ordinances not repealed by the ordinance adopting this Code of Ordinances, and those enacted hereafter.
13. “Person” means an individual, firm, partnership, domestic or foreign corporation, company, association or joint stock association, trust, or other legal entity, and includes a trustee, receiver, assignee, or similar representative thereof, but does not include a governmental body.
14. “Public way” includes any street, alley, boulevard, parkway, highway, sidewalk, or other public thoroughfare.
15. “Shall” imposes a duty.
16. “Sidewalk” means that surfaced portion of the street between the edge of the traveled way, surfacing, or curb line and the adjacent property line, intended for the use of pedestrians.
17. “State” means the State of Iowa.
18. “Statutes” or “laws” means the latest edition of the Code of Iowa, as amended.
19. “Street” or “highway” means the entire width between property lines of every way or place of whatever nature when any part thereof is open to the use of the public, as a matter of right, for purposes of vehicular traffic.

Words that are not defined in this Code of Ordinances or by the Code of Iowa have their ordinary meaning unless such construction would be inconsistent with the manifest intent of the Council, or repugnant to the context of the provision.

1.03 CITY POWERS. The City may, except as expressly limited by the Iowa Constitution, and if not inconsistent with the laws of the Iowa General Assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges and property of the City and of its residents, and preserve and improve the peace, safety, health, welfare, comfort and convenience of its residents and each and every provision of this Code of Ordinances shall be deemed to be in the exercise of the foregoing powers and the performance of the foregoing functions.

(Code of Iowa, Sec. 364.1)

1.04 INDEMNITY. The applicant for any permit or license under this Code of Ordinances, by making such application, assumes and agrees to pay for all injury to or death of any person or persons whomsoever, and all loss of or damage to property whatsoever, including all costs and expenses incident thereto, however arising from or related to, directly, indirectly or remotely, the issuance of the permit or license, or the doing of anything thereunder, or the failure of such applicant, or the agents, employees or servants of such applicant, to abide by or comply with any of the provisions of this Code of Ordinances or the terms and conditions of such permit or license, and such applicant, by making such application, forever agrees to indemnify the City and its officers, agents and employees, and agrees to save them harmless from any and all claims, demands, lawsuits or liability whatsoever for any loss, damage, injury or death, including all costs and expenses incident thereto, by reason of the foregoing. The provisions of this section shall be deemed to be a part of any permit or license issued under this Code of Ordinances or any other ordinance of the City whether expressly recited therein or not.

1.05 PERSONAL INJURIES. When action is brought against the City for personal injuries alleged to have been caused by its negligence, the City may notify in writing any person by whose negligence it claims the injury was caused. The notice shall state the pendency of the action, the name of the plaintiff, the name and location of the court where the action is pending, a brief statement of the alleged facts from which the cause arose, that the City believes that the person notified is liable to it for any judgment rendered against the City, and asking the person to appear and defend. A judgment obtained in the suit is conclusive in any action by the City against any person so notified, as to the existence of the defect or other cause of the injury or damage, as to the liability of the City to the plaintiff in the first named action, and as to the amount of the damage or injury. The City may maintain an action against the person notified to recover the amount of the judgment together with all the expenses incurred by the City in the suit.

(Code of Iowa, Sec. 364.14)

1.06 RULES OF CONSTRUCTION. In the construction of this Code of Ordinances, the rules of statutory construction as set forth in Chapter 4 of the Code of Iowa shall be utilized to ascertain the intent of the Council with the understanding that the term “statute” as used therein will be deemed to be synonymous with the term “ordinance” when applied to this Code of Ordinances.

1.07 EXTENSION OF AUTHORITY. Whenever an officer or employee is required or authorized to do an act by a provision of this Code of Ordinances,

the provision shall be construed as authorizing performance by a regular assistant, subordinate or a duly authorized designee of said officer or employee.

1.08 AMENDMENTS. All ordinances which amend, repeal or in any manner affect this Code of Ordinances shall include proper reference to chapter, section, subsection or paragraph to maintain an orderly codification of ordinances of the City.

(Code of Iowa, Sec. 380.2)

1.09 CATCHLINES AND NOTES. The catchlines of the several sections of the Code of Ordinances, titles, headings (chapter, section and subsection), editor's notes, cross references and State law references, unless set out in the body of the section itself, contained in the Code of Ordinances, do not constitute any part of the law, and are intended merely to indicate, explain, supplement or clarify the contents of a section.

1.10 ALTERING CODE. It is unlawful for any unauthorized person to change or amend by additions or deletions, any part or portion of the Code of Ordinances, or to insert or delete pages, or portions thereof, or to alter or tamper with the Code of Ordinances in any manner whatsoever which will cause the law of the City to be misrepresented thereby.

(Code of Iowa, Sec. 718.5)

1.11 SEVERABILITY. If any section, provision or part of the Code of Ordinances is adjudged invalid or unconstitutional, such adjudication will not affect the validity of the Code of Ordinances as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional.

1.12 WARRANTS. If consent to enter upon or inspect any building, structure or property pursuant to a municipal ordinance is withheld by any person having the lawful right to exclude, the City officer or employee having the duty to enter upon or conduct the inspection may apply to the Iowa District Court in and for the County, pursuant to Section 808.14 of the Code of Iowa, for an administrative search warrant. No owner, operator or occupant or any other person having charge, care or control of any dwelling unit, rooming unit, structure, building or premises shall fail or neglect, after presentation of a search warrant, to permit entry therein by the municipal officer or employee.

1.13 GENERAL STANDARDS FOR ACTION. Whenever this Code of Ordinances grants any discretionary power to the Council or any commission, board or officer or employee of the City and does not specify standards to govern the exercise of the power, the power shall be exercised in light of the following standard: The discretionary power to grant, deny or revoke any

matter shall be considered in light of the facts and circumstances then existing and as may be reasonably foreseeable, and due consideration shall be given to the impact upon the public health, safety and welfare, and the decision shall be that of a reasonably prudent person under similar circumstances in the exercise of the police power.

1.14 STANDARD PENALTY. Unless another penalty is expressly provided by the Code of Ordinances for any particular provision, section or chapter, any person failing to perform a duty, or obtain a license required by, or violating any provision of the Code of Ordinances, or any rule or regulation adopted herein by reference shall, upon conviction, be subject to a fine of not more than five hundred dollars (\$500.00) or imprisonment not to exceed thirty (30) days.

(Code of Iowa, Sec. 364.3[2])

CHAPTER 4

MUNICIPAL INFRACTIONS

4.01 Municipal Infraction
4.02 Environmental Violation
4.03 Penalties

4.04 Civil Citations
4.05 Alternative Relief
4.06 Criminal Penalties

4.01 MUNICIPAL INFRACTION. A violation of this Code of Ordinances or any ordinance or code herein adopted by reference or the omission or failure to perform any act or duty required by the same, with the exception of those provisions specifically provided under State law as a felony, an aggravated misdemeanor, or a serious misdemeanor, or a simple misdemeanor under Chapters 687 through 747 of the Code of Iowa, is a municipal infraction punishable by civil penalty as provided herein.

(Code of Iowa, Sec. 364.22[3])

4.02 ENVIRONMENTAL VIOLATION. A municipal infraction which is a violation of Chapter 455B of the Code of Iowa or of a standard established by the City in consultation with the Department of Natural Resources, or both, may be classified as an environmental violation. However, the provisions of this section are not applicable until the City has offered to participate in informal negotiations regarding the violation or to the following specific violations:

(Code of Iowa, Sec. 364.22 [1])

1. A violation arising from noncompliance with a pretreatment standard or requirement referred to in 40 C.F.R. §403.8.
2. The discharge of airborne residue from grain, created by the handling, drying or storing of grain, by a person not engaged in the industrial production or manufacturing of grain products.
3. The discharge of airborne residue from grain, created by the handling, drying or storing of grain, by a person engaged in such industrial production or manufacturing if such discharge occurs from September 15 to January 15.

4.03 PENALTIES. A municipal infraction is punishable by the following civil penalties:

(Code of Iowa, Sec. 364.22 [1])

1. Standard Civil Penalties.

- A. First Offense – \$250.00
- B. Second Repeat Offense – \$500.00
- C. Each Additional Repeat Offense – \$1,000.00

Each day that a violation occurs or is permitted to exist constitutes a repeat offense.

2. Special Civil Penalties.

A. A municipal infraction arising from noncompliance with a pretreatment standard or requirement, referred to in 40 C.F.R. §403.8, by an industrial user shall be punishable by a penalty of not more than one thousand dollars (\$1,000.00) for each day a violation exists or continues.

B. A municipal infraction classified as an environmental violation shall be punishable by a penalty of not more than one thousand dollars (\$1,000.00) for each occurrence. However, an environmental violation shall not be subject to such penalty if all of the following conditions are satisfied:

- (1) The violation results solely from conducting an initial startup, cleaning, repairing, performing scheduled maintenance, testing, or conducting a shutdown of either equipment causing the violation or the equipment designed to reduce or eliminate the violation.
- (2) The City is notified of the violation within twenty-four (24) hours from the time that the violation begins.
- (3) The violation does not continue in existence for more than eight (8) hours.

4.04 CIVIL CITATIONS. Any officer authorized by the City to enforce this Code of Ordinances may issue a civil citation to a person who commits a municipal infraction. The citation may be served by personal service as provided in Rule of Civil Procedure 1.305, by certified mail addressed to the defendant at defendant's last known mailing address, return receipt requested, or by publication in the manner as provided in Rule of Civil Procedure 1.310 and subject to the conditions of Rule of Civil Procedure 1.311. A copy of the citation shall be retained by the issuing officer, and one copy shall be sent to the Clerk of the District Court. The citation shall serve as notification that a civil offense has been committed and shall contain the following information:

(Code of Iowa, Sec. 364.22 [4])

1. The name and address of the defendant.
2. The name or description of the infraction attested to by the officer issuing the citation.
3. The location and time of the infraction.
4. The amount of civil penalty to be assessed or the alternative relief sought, or both.
5. The manner, location, and time in which the penalty may be paid.
6. The time and place of court appearance.
7. The penalty for failure to appear in court.

4.05 ALTERNATIVE RELIEF. Seeking a civil penalty as authorized in this chapter does not preclude the City from seeking alternative relief from the court in the same action. Such alternative relief may include, but is not limited to, an order for abatement or injunctive relief.

(Code of Iowa, Sec. 364.22 [8])

4.06 CRIMINAL PENALTIES. This chapter does not preclude a peace officer from issuing a criminal citation for a violation of this Code of Ordinances or regulation if criminal penalties are also provided for the violation. Nor does it preclude or limit the authority of the City to enforce the provisions of this Code of Ordinances by criminal sanctions or other lawful means.

(Code of Iowa, Sec. 364.22[11])

5.01 OATHS. The oath of office shall be required and administered in accordance with the following:

1. Qualify for Office. Each elected or appointed officer shall qualify for office by taking the prescribed oath and by giving, when required, a bond. The oath shall be taken, and bond provided, after being certified as elected but not later than noon of the first day which is not a Sunday or a legal holiday in January of the first year of the term for which the officer was elected.

(Code of Iowa, Sec. 63.1)

2. Prescribed Oath. The prescribed oath is: "I, (name), do solemnly swear that I will support the constitution of the United States and the Constitution of the State of Iowa, and that I will faithfully and impartially, to the best of my ability, discharge all duties of the office of (name of office) in Atlantic as now or hereafter required by law."

(Code of Iowa, Sec. 63.10)

3. Officers Empowered to Administer Oaths. The following are empowered to administer oaths and to take affirmations in any matter pertaining to the business of their respective office:

- A. Mayor
- B. City Clerk
- C. Members of all boards, commissions or bodies created by law.

(Code of Iowa, Sec. 63A.2)

5.02 BONDS. Surety bonds are provided in accordance with the following:

1. Required. The Council shall provide by resolution for a surety bond or blanket position bond running to the City and covering the Mayor, Clerk, Treasurer and such other officers and employees as may be necessary and advisable.

(Code of Iowa, Sec. 64.13)

2. Bonds Approved. Bonds shall be approved by the Council.
(Code of Iowa, Sec. 64.19)
3. Bonds Filed. All bonds, after approval and proper record, shall be filed with the Clerk.
(Code of Iowa, Sec. 64.23[6])
4. Record. The Clerk shall keep a book, to be known as the “Record of Official Bonds” in which shall be recorded the official bonds of all City officers, elective or appointive.
(Code of Iowa, Sec. 64.24[3])

5.03 DUTIES: GENERAL. Each municipal officer shall exercise the powers and perform the duties prescribed by law and this Code of Ordinances, or as otherwise directed by the Council unless contrary to State law or City charter.

(Code of Iowa, Sec. 372.13[4])

5.04 BOOKS AND RECORDS. All books and records required to be kept by law or ordinance shall be open to examination by the public upon request, unless some other provisions of law expressly limit such right or require such records to be kept confidential. Access to public records which are combined with data processing software shall be in accordance with policies and procedures established by the City.

(Code of Iowa, Sec. 22.2 & 22.3A)

5.05 TRANSFER TO SUCCESSOR. Each officer shall transfer to the officer’s successor in office all books, papers, records, documents and property in the officer’s custody and appertaining to that office.

(Code of Iowa, Sec. 372.13[4])

5.06 MEETINGS. All meetings of the Council, any board or commission, or any multi-membered body formally and directly created by any of the foregoing bodies shall be held in accordance with the following:

1. Notice of Meetings. Reasonable notice, as defined by State law, of the time, date and place of each meeting, and its tentative agenda shall be given.
(Code of Iowa, Sec. 21.4)
2. Meetings Open. All meetings shall be held in open session unless closed sessions are held as expressly permitted by State law.
(Code of Iowa, Sec. 21.3)
3. Minutes. Minutes shall be kept of all meetings showing the date, time and place, the members present, and the action taken at each

meeting. The minutes shall show the results of each vote taken and information sufficient to indicate the vote of each member present. The vote of each member present shall be made public at the open session. The minutes shall be public records open to public inspection.

(Code of Iowa, Sec. 21.3)

4. Closed Session. A closed session may be held only by affirmative vote of either two-thirds of the body or all of the members present at the meeting and in accordance with Chapter 21 of the Iowa Code.

(Code of Iowa, Sec. 21.5)

5. Cameras and Recorders. The public may use cameras or recording devices at any open session.

(Code of Iowa, Sec. 21.7)

6. Electronic Meetings. A meeting may be conducted by electronic means only in circumstances where such a meeting in person is impossible or impractical and then only in compliance with the provisions of Chapter 21 of the Iowa Code.

(Code of Iowa, Sec. 21.8)

5.07 CONFLICT OF INTEREST. A City officer or employee shall not have an interest, direct or indirect, in any contract or job of work or material or the profits thereof or services to be furnished or performed for the City, unless expressly permitted by law. A contract entered into in violation of this section is void. The provisions of this section do not apply to:

(Code of Iowa, Sec. 362.5)

1. Compensation of Officers. The payment of lawful compensation of a City officer or employee holding more than one City office or position, the holding of which is not incompatible with another public office or is not prohibited by law.

(Code of Iowa, Sec. 362.5[1])

2. Investment of Funds. The designation of a bank or trust company as a depository, paying agent, or for investment of funds.

(Code of Iowa, Sec. 362.5[2])

3. City Treasurer. An employee of a bank or trust company, who serves as Treasurer of the City.

(Code of Iowa, Sec. 362.5[3])

4. Stock Interests. Contracts in which a City officer or employee has an interest solely by reason of employment, or a stock interest of the kind described in subsection 8 of this section, or both, if the contracts are made by competitive bid in writing, publicly invited and opened, or if the remuneration of employment will not be directly affected as a result

of the contract and the duties of employment do not directly involve the procurement or preparation of any part of the contract. The competitive bid qualification of this subsection does not apply to a contract for professional services not customarily awarded by competitive bid.

(Code of Iowa, Sec. 362.5[5])

5. Newspaper. The designation of an official newspaper.

(Code of Iowa, Sec. 362.5[6])

6. Existing Contracts. A contract in which a City officer or employee has an interest if the contract was made before the time the officer or employee was elected or appointed, but the contract may not be renewed.

(Code of Iowa, Sec. 362.5[7])

7. Volunteers. Contracts with volunteer fire fighters or civil defense volunteers.

(Code of Iowa, Sec. 362.5[8])

8. Corporations. A contract with a corporation in which a City officer or employee has an interest by reason of stock holdings when less than five percent (5%) of the outstanding stock of the corporation is owned or controlled directly or indirectly by the officer or employee or the spouse or immediate family of such officer or employee.

(Code of Iowa, Sec. 362.5[9])

9. Contracts. Contracts made by the City upon competitive bid in writing, publicly invited and opened.

(Code of Iowa, Sec. 362.5[4])

10. Cumulative Purchases. Contracts not otherwise permitted by this section, for the purchase of goods or services which benefit a City officer or employee, if the purchases benefiting that officer or employee do not exceed a cumulative total purchase price of fifteen hundred dollars (\$1500.00) in a fiscal year.

(Code of Iowa, Sec. 362.5[10])

11. Franchise Agreements. Franchise agreements between the City and a utility and contracts entered into by the City for the provision of essential City utility services.

(Code of Iowa, Sec. 362.5[12])

12. Third Party Contracts. A contract that is a bond, note or other obligation of the City and the contract is not acquired directly from the City, but is acquired in a transaction with a third party who may or may not be the original underwriter, purchaser or obligee of the contract.

(Code of Iowa, Sec. 362.5[13])

5.08 RESIGNATIONS. An elected officer who wishes to resign may do so by submitting a resignation in writing to the Clerk so that it shall be properly recorded and considered. A person who resigns from an elective office is not eligible for appointment to the same office during the time for which the person as elected, if during that time the compensation of the office has been increased.

(Code of Iowa, Sec. 372.13[9])

5.09 REMOVAL OF APPOINTED OFFICERS AND EMPLOYEES.

Except as otherwise provided by State or City law, all persons appointed to City office or employment may be removed by the officer or body making the appointment, but every such removal shall be by written order. The order shall give the reasons, be filed in the office of the Clerk, and a copy shall be sent by certified mail to the person removed, who, upon request filed with the Clerk within thirty (30) days after the date of mailing the copy, shall be granted a public hearing before the Council on all issues connected with the removal. The hearing shall be held within thirty (30) days after the date the request is filed, unless the person removed requests a later date.

(Code of Iowa, Sec. 372.15)

5.10 VACANCIES. A vacancy in an elective City office during a term of office shall be filled, at the Council's option, by one of the two following procedures:

(Code of Iowa, Sec. 372.13 [2])

1. Appointment. By appointment following public notice by the remaining members of the Council within forty (40) days after the vacancy occurs, except that if the remaining members do not constitute a quorum of the full membership, or if a petition is filed requesting an election, the Council shall call a special election as provided by law.

(Code of Iowa, Sec. 372.13 [2a])

2. Election. By a special election held to fill the office for the remaining balance of the unexpired term as provided by law.

(Code of Iowa, Sec. 372.13 [2b])

5.11 GIFTS. Except as otherwise provided in Chapter 68B of the Code of Iowa, a public official, public employee or candidate, or that person's immediate family member, shall not, directly or indirectly, accept or receive any gift or series of gifts from a "restricted donor" as defined in Chapter 68B and a restricted donor shall not, directly or indirectly, individually or jointly with one or more other restricted donors, offer or make a gift or a series of gifts to a public official, public employee or candidate.

CITY ELECTIONS

- | | |
|--|---------------------------------|
| 6.01 Nominating Method to be Used | 6.04 Run-Off Election Procedure |
| 6.02 Candidacy | 6.05 Qualification |
| 6.03 Run-Off Election in Lieu of Primary | 6.06 Time Held |
| | 6.07 Candidates Elected |

6.01 NOMINATING METHOD TO BE USED. All candidates for elective municipal offices shall be nominated under the provisions of Chapter 376 of the Code of Iowa.

(Code of Iowa, Sec. 376.3)

6.02 CANDIDACY. An eligible elector of the City may become a candidate for an elective City office by filing with the City Clerk a valid petition requesting that the elector's name be placed on the ballot for that office. The petition must be signed by eligible electors equal in number to at least two percent (2%) of those who voted to fill the same office at the last regular City election, but not less than ten (10) persons.

6.03 RUN-OFF ELECTION IN LIEU OF PRIMARY. A run-off election shall be held in lieu of a primary election for the choosing of persons for elective offices.

(Code of Iowa, Sec. 376.6)

6.04 RUN-OFF ELECTION PROCEDURE. A run-off election shall be held only for positions unfilled because of failure of a sufficient number of candidates to receive a majority vote in the regular City election.

(Code of Iowa, Sec. 376.9)

6.05 QUALIFICATION. Candidates who do not receive a majority of the votes cast for an office, but who receive the highest number of votes cast for that office in the regular City election, to the extent of twice the number of unfilled positions, are candidates in the run-off elections.

(Code of Iowa, Sec. 376.9)

6.06 TIME HELD. Run-off elections shall be held four (4) weeks after the date of the regular City election and shall be conducted in the same manner as regular City elections.

(Code of Iowa, Sec. 376.9)

6.07 CANDIDATES ELECTED. Candidates in the run-off election who receive the highest number of votes cast for each office on the ballot are elected to the extent necessary to fill the positions open.

(Code of Iowa, Sec. 376.9)

FISCAL MANAGEMENT

7.01 Purpose
7.02 Finance Officer
7.03 Cash Control
7.04 Fund Control

7.05 Operating Budget Preparation
7.06 Budget Amendments
7.07 Accounting
7.08 Financial Reports

7.01 PURPOSE. The purpose of this chapter is to establish policies and provide for rules and regulations governing the management of the financial affairs of the City.

7.02 FINANCE OFFICER. The Clerk is the finance and accounting officer of the City and is responsible for the administration of the provisions of this chapter.

7.03 CASH CONTROL. To assure the proper accounting and safe custody of moneys the following shall apply:

1. **Deposit of Funds.** All moneys or fees collected for any purpose by any City officer shall be deposited through the office of the finance officer. If any said fees are due to an officer, they shall be paid to the officer by check drawn by the finance officer and approved by the Council only upon such officer's making adequate reports relating thereto as required by law, ordinance or Council directive.

2. **Deposits and Investments.** All moneys belonging to the City shall be promptly deposited in depositories selected by the Council in amounts not exceeding the authorized depository limitation established by the Council or invested in accordance with the City's written investment policy and State law, including joint investments as authorized by Section 384.21 of the Code of Iowa.

(Code of Iowa, Sec. 384.21, 12B.10, 12C.1)

3. **Petty Cash Fund.** The finance officer shall be custodian of a petty cash fund not to exceed one hundred dollars (\$100.00) for the payment of small claims for minor purchases, collect-on-delivery transportation charges and small fees customarily paid at the time of rendering a service for which payments the finance officer shall obtain some form of receipt or bill acknowledged as paid by the vendor or agent. At such time as the petty cash fund is approaching depletion, the finance officer shall draw a check for replenishment in the amount of the accumulated expenditures and said check and supporting detail shall be submitted to

the Council as a claim in the usual manner for claims and charged to the proper funds and accounts. It shall not be used for salary payments or other personal services or personal expenses.

7.04 FUND CONTROL. There shall be established and maintained separate and distinct funds in accordance with the following:

1. Revenues. All moneys received by the City shall be credited to the proper fund as required by law, ordinance or resolution.
2. Expenditures. No disbursement shall be made from a fund unless such disbursement is authorized by law, ordinance or resolution, was properly budgeted, and supported by a claim approved by the Council.
3. Emergency Fund. No transfer may be made from any fund to the emergency fund.

(IAC, 545-2.5 [384,388], Sec. 2.5[2])

4. Debt Service Fund. Except where specifically prohibited by State law, moneys may be transferred from any other City fund to the debt service fund to meet payments of principal and interest. Such transfers must be authorized by the original budget or a budget amendment.

(IAC, 545-2.5[384,388] Sec. 2.5[3])

5. Capital Improvements Reserve Fund. Except where specifically prohibited by State law, moneys may be transferred from any City fund to the capital improvements reserve fund. Such transfers must be authorized by the original budget or a budget amendment.

(IAC, 545-2.5[384,388] Sec. 2.5[4])

6. Utility and Enterprise Funds. A surplus in a utility or enterprise fund may be transferred to any other City fund, except the Emergency Fund and Road Use Tax Funds, by resolution of the Council. A surplus may exist only after all required transfers have been made to any restricted accounts in accordance with the terms and provisions of any revenue bonds or loan agreements relating to the utility or enterprise fund. A surplus is defined as the cash balance in the operating account or the unrestricted retained earnings calculated in accordance with generally accepted accounting principles in excess of:

A. The amount of the expense of disbursements for operating and maintaining the utility or enterprise for the preceding three (3) months, and

B. The amount necessary to make all required transfers to restricted accounts for the succeeding three (3) months.

(IAC, 545-2.5[384,388], Sec. 2.5[5])

7. Balancing of Funds. Fund accounts shall be reconciled at the close of each month and a report thereof submitted to the Council.

7.05 OPERATING BUDGET PREPARATION. The annual operating budget of the City shall be prepared in accordance with the following:

1. Proposal Prepared. The finance officer and City Administrator shall be responsible for preparation of the annual budget detail, for review by the Mayor and Council and adoption by the Council in accordance with directives of the Mayor and Council.

2. Boards and Commissions. All boards, commissions and other administrative agencies of the City that are authorized to prepare and administer budgets must submit their budget proposals to the finance officer for inclusion in the proposed City budget at such time and in such form as required by the Council.

3. Submission to Council. The finance officer shall submit the completed budget proposal to the Council no later than the second Council meeting in January of each year.

4. Council Review. The Council shall review the proposed budget and may make any adjustments in the budget which it deems appropriate before accepting such proposal for publication, hearing and final adoption.

5. Notice of Hearing. Upon adopting a proposed budget the Council shall set a date for public hearing thereon to be held before March 15 and cause notice of such hearing and a summary of the proposed budget to be published not less than ten (10) nor more than twenty (20) days before the date established for the hearing. Proof of such publication must be filed with the County Auditor.

(Code of Iowa, Sec. 384.16[3])

6. Copies of Budget on File. Not less than twenty (20) days before the date that the budget must be certified to the County Auditor and not less than ten (10) days before the public hearing, the Clerk shall make available a sufficient number of copies of the detailed budget to meet the requests of taxpayers and organizations, and have them available for distribution at the offices of the Mayor and Clerk and at the City library.

(Code of Iowa, Sec. 384.16[2])

7. Adoption and Certification. After the hearing, the Council shall adopt, by resolution, a budget for at least the next fiscal year and the Clerk shall certify the necessary tax levy for the next fiscal year to the County Auditor and the County Board of Supervisors. The tax levy certified may be less than, but not more than, the amount estimated in

the proposed budget. Two copies each of the detailed budget as adopted and of the tax certificate must be transmitted to the County Auditor.

(Code of Iowa, Sec. 384.16[5])

7.06 BUDGET AMENDMENTS. A City budget finally adopted for the following fiscal year becomes effective July 1 and constitutes the City appropriation for each program and purpose specified therein until amended as provided by this section.

(Code of Iowa, Sec. 384.18)

1. Program Increase. Any increase in the amount appropriated to a program must be prepared, adopted and subject to protest in the same manner as the original budget.

(IAC, 545-2.2 [384, 388])

2. Program Transfer. Any transfer of appropriation from one program to another must be prepared, adopted and subject to protest in the same manner as the original budget.

(IAC, 545-2.3 [384, 388])

3. Activity Transfer. The finance officer has the authority to make any transfer of appropriation from one activity to another activity within a program.

4. Administrative Transfers. The finance officer shall have the authority to adjust, by transfer or otherwise, the appropriations allocated within a specific activity without prior Council approval.

(IAC, 545-2.4 [384, 388])

7.07 ACCOUNTING. The accounting records of the City shall consist of not less than the following:

1. Books of Original Entry. There shall be established and maintained books of original entry to provide a chronological record of cash received and disbursed.

2. General Ledger. There shall be established and maintained a general ledger controlling all cash transactions, budgetary accounts and for recording unappropriated surpluses.

3. Checks. Checks shall be prenumbered and signed by the Clerk and Mayor following Council approval, except as provided by subsection 5 hereof.

4. Budget Accounts. There shall be established such individual accounts to record receipts by source and expenditures by program, sub-program and activity as will provide adequate information and control

for budgeting purposes as planned and approved by the Council. Each individual account shall be maintained within its proper fund and so kept that receipts can be immediately and directly compared with revenue estimates and expenditures can be related to the authorizing appropriation. No expenditure shall be posted except to the appropriation for the function and purpose for which the expense was incurred.

5. Immediate Payment Authorized. The Council may by resolution authorize the Clerk to issue checks for immediate payment of amounts due, which if not paid promptly would result in loss of discount, penalty for late payment or additional interest cost. Any such payments made shall be reported to the Council for review and approval with and in the same manner as other claims at the next meeting following such payment. The resolution authorizing immediate payment shall specify the type of payment so authorized and may include but is not limited to payment of utility bills, contractual obligations, payroll and bond principal and interest.

6. Utilities. The finance officer shall perform and be responsible for accounting functions of the municipally owned utilities except those under the control and management of the Utility Board of Trustees.

7.08 FINANCIAL REPORTS. The finance officer and City Administrator shall prepare and file the following financial reports:

1. Monthly Reports. There shall be submitted to the Council each month a report showing the activity and status of each fund, program, sub-program and activity for the preceding month.

2. Annual Report. Not later than December first of each year there shall be published an annual report containing a summary for the preceding fiscal year of all collections and receipts, all accounts due the City, and all expenditures, the current public debt of the City, and the legal debt limit of the City for the current fiscal year. A copy of the annual report must be filed with the Auditor of State not later than December 1 of each year.

CHAPTER 8

INDUSTRIAL PROPERTY TAX EXEMPTIONS

8.01 Purpose
8.02 Definitions
8.03 Period of Partial Exemption
8.04 Amounts Eligible for Exemption
8.05 Limitations

8.06 Applications
8.07 Approval
8.08 Exemption Repealed
8.09 Dual Exemptions Prohibited

8.01 PURPOSE. The purpose of this chapter is to provide for a partial exemption from property taxation of the actual value added to industrial real estate by the new construction of industrial real estate, research-service facilities, warehouses and distribution centers.

8.02 DEFINITIONS. For use in this chapter the following terms are defined:

1. “Actual value added” means the actual value added as of the first year for which the exemption is received.
2. “Distribution center” means a building or structure used primarily for the storage of goods which are intended for subsequent shipment to retail outlets. Distribution center does not mean a building or structure used primarily to store raw agricultural products, used primarily by a manufacturer to store goods to be used in the manufacturing process, used primarily for the storage of petroleum products, or used for the retail sale of goods.
3. “New construction” means new buildings and structures and includes new buildings and structures which are constructed as additions to existing buildings and structures. New construction does not include reconstruction of an existing building or structure which does not constitute complete replacement of an existing building or structure or refitting of an existing building or structure unless the reconstruction of an existing building or structure is required due to economic obsolescence and the reconstruction is necessary to implement recognized industry standards for the manufacturing and processing of specific products and the reconstruction is required for the owner of the building or structure to continue competitively to manufacture or process those products, which determination shall receive prior approval from the City Council of the City upon the recommendation of the Iowa Department of Economic Development.
4. “Research-service facilities” means a building or group of buildings devoted primarily to research and development activities,

including, but not limited to, the design and production or manufacture of prototype products for experimental use, and corporate research services which do not have a primary purpose of providing on-site services to the public.

5. “Warehouse” means a building or structure used as a public warehouse for the storage of goods pursuant to Chapter 554, Article 7, of the Code of Iowa, except that it does not mean a building or structure used primarily to store raw agricultural products or from which goods are sold at retail.

8.03 PERIOD OF PARTIAL EXEMPTION. The actual value added to industrial real estate by the new construction of industrial real estate, research-service facilities, warehouses and distribution centers is eligible to receive a partial exemption from taxation for a period of five (5) years.

(Code of Iowa, Sec. 427B.3)

8.04 AMOUNTS ELIGIBLE FOR EXEMPTION. The amount of actual value added which is eligible to be exempt from taxation shall be as follows:

(Code of Iowa, Sec. 427B.3)

1. For the first year, seventy-five percent (75%)
2. For the second year, sixty percent (60%)
3. For the third year, forty-five percent (45%)
4. For the fourth year, thirty percent (30%)
5. For the fifth year, fifteen percent (15%)

8.05 LIMITATIONS. The granting of the exemption under this chapter for new construction constituting complete replacement of an existing building or structure shall not result in the assessed value of the industrial real estate being reduced below the assessed value of the industrial real estate before the start of the new construction added.

(Code of Iowa, Sec. 427B.3)

8.06 APPLICATIONS. An application shall be filed for each project resulting in actual value added for which an exemption is claimed.

(Code of Iowa, Sec. 427B.4)

1. The application for exemption shall be filed by the owner of the property with the local assessor by February 1 of the assessment year in which the value added is first assessed for taxation.
2. Applications for exemption shall be made on forms prescribed by the Director of Revenue and shall contain information pertaining to the

nature of the improvement, its cost, and other information deemed necessary by the Director of Revenue.

8.07 APPROVAL. A person may submit a proposal to the City Council to receive prior approval for eligibility for a tax exemption on new construction. If the City Council resolves to consider such proposal, it shall publish notice and hold a public hearing thereon. Thereafter, at least thirty days after such hearing the City Council, by ordinance, may give its prior approval of a tax exemption for new construction if the new construction is in conformance with City zoning. Such prior approval shall not entitle the owner to exemption from taxation until the new construction has been completed and found to be qualified real estate.

(Code of Iowa, Sec. 427B.4)

8.08 EXEMPTION REPEALED. When in the opinion of the City Council continuation of the exemption granted by this chapter ceases to be of benefit to the City, the City Council may repeal this chapter, but all existing exemptions shall continue until their expiration.

(Code of Iowa, Sec. 427B.5)

8.09 DUAL EXEMPTIONS PROHIBITED. A property tax exemption under this chapter shall not be granted if the property for which the exemption is claimed has received any other property tax exemption authorized by law.

(Code of Iowa, Sec. 427B.6)

URBAN RENEWAL

9.01 Purpose

9.02 Southwest Urban Renewal Area

9.03 North Urban Renewal Area

9.04 Southeast Urban Renewal Area

9.05 2005 Addition to the North Urban Renewal Area

9.01 PURPOSE. The purpose of this chapter is to provide for the division of taxes levied on the taxable property in the Urban Renewal Areas of the City each year by and for the benefit of the State, City, County, school districts or other taxing districts after the effective date of the ordinances codified in this chapter in order to create a special fund to pay the principal of and interest on loans, advances or indebtedness, including bonds proposed to be issued by the City, to finance projects in such areas.

9.02 SOUTHWEST URBAN RENEWAL AREA. The provisions of this section apply to the Southwest Urban Renewal Area, the boundaries of which are set out below, such area having been identified in the Urban Renewal Plan approved by the Council by resolution adopted on December 5, 1984:

Beginning at a point which is the southwest corner of the corporate limits of the City; thence northeasterly along the western corporate limits to the centerline of Sixth Street; thence east along said centerline to a point on the west right-of-way line of Sunnyside Lane; thence south from said point to the southwest corner of SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 7, Township 76N, Range 36W; thence east to the southeast corner of SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 7, Township 76 N, Range 36W; thence south to a point on the north right-of-way line of Twenty-second Street, which is fifty (50) feet north of the southeast corner of SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 8, Township 76N, Range 36W; thence east along said north right-of-way line of Twenty-second Street to a point on the east right-of-way line of Olive Street; thence south to a point on the southern corporate limits; thence west along the southern corporate limits to the point of beginning.

The taxes levied on the taxable property in the Southwest Urban Renewal Area each year by and for the benefit of the State, the City, the County and any school district or other taxing district in which the Urban Renewal Area is located, from and after the effective date of Ordinance No. 693, shall be divided as follows:

1. That portion of the taxes which would be produced by the rate at which the tax is levied each year by or for each of the taxing districts upon the total sum of the assessed value of the taxable property in the Southwest Urban Renewal Area, as shown on the assessment roll used in

connection with the taxation of the property by the taxing district, last equalized prior to the effective date of Ordinance No. 693, shall be allocated to and when collected be paid into the fund for the respective taxing district as taxes by or for said taxing district into which all other property taxes are paid. For the purpose of allocating taxes levied by or for any taxing district which did not include the territory in the Southwest Urban Renewal Area on the effective date of Ordinance No. 693, but to which the territory has been annexed or otherwise included after said effective date, the assessment roll of the County last equalized prior to the effective date of Ordinance No. 693 shall be used in determining the assessed valuation of the taxable property in said Southwest Urban Renewal Area on the effective date.

2. That portion of the taxes each year in excess of such amounts shall be allocated to and when collected be paid into a special fund of the City to pay the principal of and interest on loans, advances or indebtedness, whether funded, refunded, assumed or otherwise, including bonds issued under the authority of Section 403.9[1] of the Code of Iowa, incurred by the City to finance or refinance, in whole or in part, projects in the Southwest Urban Renewal Area, except that taxes for the payment of bonds and interest of each taxing district shall be collected against all taxable property within the taxing district without limitation by the provisions of this section. Unless and until the total assessed valuation of the taxable property in the Southwest Urban Renewal Area exceeds the total assessed value of the taxable property in such area as shown on the assessment roll referred to in subsection 1 of this section, all of the taxes levied and collected upon the taxable property in the Southwest Urban Renewal Area shall be paid into the funds for the respective taxing districts as taxes by or for said taxing districts in the same manner as all other property taxes. When such loans, advances, indebtedness, and bonds, if any, and interest thereon, have been paid, all money thereafter received from taxes upon the taxable property in the Southwest Urban Renewal Area shall be paid into the funds for the respective taxing districts in the same manner as taxes on all other property.

3. The portion of taxes mentioned in subsection 2 of this section and the special fund into which that portion shall be paid may be irrevocably pledged by the City for the payment of the principal and interest on loans, advances, bonds issued under the authority of Section 403.9[1] of the Code of Iowa, or indebtedness incurred by the City to finance or refinance in whole or in part projects in the Southwest Urban Renewal Area.

4. As used in this section, the word "taxes" includes, but is not limited to, all levies on an ad valorem basis upon land or real property.

9.03 NORTH URBAN RENEWAL AREA. The provisions of this section apply to the North Urban Renewal Area, the boundaries of which are set out below, such area having been identified in the Urban Renewal Plan approved by the Council by resolution adopted on December 5, 1984.

Beginning at a point which is the northeast corner of the corporate limits of the City; thence west along the northern corporate limit line to the northwest corner of the corporate limits; thence southwesterly along the western corporate limit line to the centerline of the right-of-way of Sixth Street; thence east to the centerline of Laurel Street; thence north to the centerline of Fourth Street; thence east to the centerline of Cedar Street; thence south to the centerline of Ninth Street; thence east to the centerline of Maple Street; thence north to the centerline of Fourth Street; thence east to the centerline of Olive Street; thence south to the north right-of-way line of Eighth Street; thence east to the southeast corner of Lot 1, NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 9, Township 76N, Range 36W; thence south from said southeast corner of Lot 1 on a line perpendicular to the south lot line of said Lot 1 to a point which is the southwest corner of Lot 4, NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 9, Township 76N, Range 36W; thence east along the south lot lines of said Lot 4 and of Lot 6, NE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 9, Township 76N, Range 36W, to a point on the eastern corporate limit line of the City; thence north to the point of beginning.

The taxes levied on the taxable property in the North Urban Renewal Area each year by and for the benefit of the State, the City, the County and any school district or other taxing district in which the Urban Renewal Area is located, from and after the effective date of Ordinance No. 694, shall be divided as follows:

1. That portion of the taxes which would be produced by the rate at which the tax is levied each year by or for each of the taxing districts upon the total sum of the assessed value of the taxable property in the North Urban Renewal Area, as shown on the assessment roll used in connection with the taxation of the property by the taxing district, last equalized prior to the effective date of Ordinance No. 694, shall be allocated to and when collected be paid into the fund for the respective taxing district as taxes by or for said taxing district into which all other property taxes are paid. For the purpose of allocating taxes levied by or for any taxing district which did not include the territory in the North Urban Renewal Area on the effective date of Ordinance No. 694, but to which the territory has been annexed or otherwise included after said effective date, the assessment roll of the County last equalized prior to the effective date of Ordinance No. 694 shall be used in determining the

assessed valuation of the taxable property in said North Urban Renewal Area on the effective date.

2. That portion of the taxes each year in excess of such amounts shall be allocated to and when collected be paid into a special fund of the City to pay the principal of and interest on loans, advances or indebtedness, whether funded, refunded, assumed or otherwise, including bonds issued under the authority of Section 403.9[1] of the Code of Iowa, incurred by the City to finance or refinance, in whole or in part, projects in the North Urban Renewal Area, except that taxes for the payment of bonds and interest of each taxing district shall be collected against all taxable property within the taxing district without limitation by the provisions of this section. Unless and until the total assessed valuation of the taxable property in the North Urban Renewal Area exceeds the total assessed value of the taxable property in such area as shown on the assessment roll referred to in subsection 1 of this section, all of the taxes levied and collected upon the taxable property in the North Urban Renewal Area shall be paid into the funds for the respective taxing districts as taxes by or for said taxing districts in the same manner as all other property taxes. When such loans, advances, indebtedness, and bonds, if any, and interest thereon, have been paid, all money thereafter received from taxes upon the taxable property in the North Urban Renewal Area shall be paid into the funds for the respective taxing districts in the same manner as taxes on all other property.

3. The portion of taxes mentioned in subsection 2 of this section and the special fund into which that portion shall be paid may be irrevocably pledged by the City for the payment of the principal and interest on loans, advances, bonds issued under the authority of Section 403.9[1] of the Code of Iowa, or indebtedness incurred by the City to finance or refinance in whole or in part projects in the North Urban Renewal Area.

4. As used in this section, the word "taxes" includes, but is not limited to, all levies on an ad valorem basis upon land or real property.

9.04 SOUTHEAST URBAN RENEWAL AREA. The provisions of this section apply to the Southeast Urban Renewal Area, the boundaries of which are set out below, such area having been identified in the Urban Renewal Plan approved by the Council by resolution adopted on February 2, 1994.

Beginning at the southeast corner of the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 16, Township 76, Range 36, said point being the southeast corner of the corporate limits of the City; thence westerly along the southern corporate limits to the centerline of Olive Street; thence north along said centerline to the northwest corner of SW $\frac{1}{4}$ SW $\frac{1}{4}$ 9-76-36; thence east to the northeast corner of SW $\frac{1}{4}$ SW $\frac{1}{4}$ 9-76-36; thence north to the

northwest corner of NE $\frac{1}{4}$ SW $\frac{1}{4}$ 9-76-36; thence east to the northeast corner of NE $\frac{1}{4}$ SE $\frac{1}{4}$ 9-76-36; thence south along the east corporate limits to the point of beginning.

The taxes levied on the taxable property in the Southeast Urban Renewal Area each year by and for the benefit of the State, the City, the County and any school district or other taxing district in which the Urban Renewal Area is located, from and after the effective date of Ordinance No. 780, shall be divided as follows:

1. That portion of the taxes which would be produced by the rate at which the tax is levied each year by or for each of the taxing districts upon the total sum of the assessed value of the taxable property in the Southeast Urban Renewal Area, as shown on the assessment roll as of January 1, 1993, shall be allocated to and when collected be paid into the fund for the respective taxing district as taxes by or for said taxing district into which all other property taxes are paid. For the purpose of allocating taxes levied by or for any taxing district which did not include the territory in the Southeast Urban Renewal Area on the effective date of Ordinance No. 780, but to which the territory has been annexed or otherwise included after said effective date, the assessment roll as of January 1, 1993, shall be used in determining the assessed valuation of the taxable property in said Southeast Urban Renewal Area on the effective date.
2. That portion of the taxes each year in excess of such amounts shall be allocated to and when collected be paid into a special fund of the City to pay the principal of and interest on loans, advances or indebtedness, whether funded, refunded, assumed or otherwise, including bonds issued under the authority of Section 403.9[1] of the Code of Iowa, incurred by the City to finance or refinance, in whole or in part, projects in the Southeast Urban Renewal Area, except that taxes for the payment of bonds and interest of each taxing district shall be collected against all taxable property within the taxing district without limitation by the provisions of this section. Unless and until the total assessed valuation of the taxable property in the Southeast Urban Renewal Area exceeds the total assessed value of the taxable property in such area as shown on the assessment roll referred to in subsection 1 of this section, all of the taxes levied and collected upon the taxable property in the Southeast Urban Renewal Area shall be paid into the funds for the respective taxing districts as taxes by or for said taxing districts in the same manner as all other property taxes. When such loans, advances, indebtedness, and bonds, if any, and interest thereon, have been paid, all money thereafter received from taxes upon the

taxable property in the Southeast Urban Renewal Area shall be paid into the funds for the respective taxing districts in the same manner as taxes on all other property.

3. The portion of taxes mentioned in subsection 2 of this section and the special fund into which that portion shall be paid may be irrevocably pledged by the City for the payment of the principal and interest on loans, advances, bonds issued under the authority of Section 403.9[1] of the Code of Iowa, or indebtedness incurred by the City to finance or refinance in whole or in part projects in the Southeast Urban Renewal Area.

4. As used in this section, the word "taxes" includes, but is not limited to, all levies on an ad valorem basis upon land or real property.

9.05 2005 ADDITION TO THE NORTH URBAN RENEWAL AREA.

The provisions of this section apply to the 2005 Addition to the North Urban Renewal Area, the boundaries of which are set out below, approved by the Council by resolution adopted on October 19, 2005:

All of the Southwest Quarter (SW¹/₄) of Section 3, Township 76 North, Range 36 West, South of the railroad right-of-way, Cass County, Iowa; and

All of the Northwest Quarter of the Northwest Quarter (NW¹/₄ NW¹/₄) of Section 10, Township 76 North, Range 36 West, Cass County, Iowa; and

The North 5 acres of the East ¹/₂ of the Northeast Quarter of the Northwest Quarter (NE¹/₄ NW¹/₄) and the West ¹/₂ of the Northeast Quarter of the Northwest Quarter (NE¹/₄ NW¹/₄). except Lot 1, Section 10, Township 76 North, Range 36 West, Cass County, Iowa; and

The North ¹/₄ and the North 7 acres of the South ³/₄ of the Southwest Quarter of the Northwest Quarter (SW¹/₄ NW¹/₄) of Section 10, Township 76 North, Range 36 West, Cass County, Iowa.

Said territory contains approximately 111.4 acres m/l.

After the effective date of Ordinance No. 891, the taxes levied on the taxable property in the Urban Renewal Area Amendment each year by and for the benefit of the State, the City, the County and any school district or other taxing district in which the Urban Renewal Area Amendment is located, shall be divided as follows:

1. That portion of the taxes which would be produced by the rate at which the tax is levied each year by or for each of the taxing districts upon the total sum of the assessed value of the taxable property in the Urban Renewal Area Amendment, as shown on the assessment roll as of January 1 of the calendar year preceding the first calendar year in which the City certifies to the County Auditor the amount of loans, advances,

indebtedness or bonds payable from the special fund referred to in subsection 2, shall be allocated to and when collected be paid into the fund for the respective taxing district as taxes by or for said taxing district into which all other property taxes are paid. For the purpose of allocating taxes levied by or for any taxing district which did not include the territory in the Urban Renewal Area Amendment on the effective date of Ordinance No. 891, but to which the territory has been annexed or otherwise included after said effective date, the assessment roll applicable to property in the annexed territory as of January 1 of the calendar year preceding the effective date of the ordinance which amends the plan for the Urban Renewal Area Amendment to include the annexed area, shall be used in determining the assessed valuation of the taxable property in the annexed area.

2. That portion of the taxes each year in excess of such amounts shall be allocated to and when collected be paid into a special fund of the City to pay the principal of and interest on loans, moneys advanced to or indebtedness, whether funded, refunded, assumed or otherwise, including bonds issued under the authority of Section 403.9[1] of the Code of Iowa, incurred by the City to finance or refinance, in whole or in part, projects in the Urban Renewal Area Amendment, except that taxes for the payment of bonds and interest of each taxing district shall be collected against all taxable property within the taxing district without limitation by the provisions of this section. Unless and until the total assessed valuation of the taxable property in the Urban Renewal Area Amendment exceeds the total assessed value of the taxable property in such area as shown on the assessment roll referred to in subsection 1 of this section, all of the taxes levied and collected upon the taxable property in the Urban Renewal Area Amendment shall be paid into the funds for the respective taxing districts as taxes by or for said taxing districts in the same manner as all other property taxes. When such loans, advances, indebtedness, and bonds, if any, and interest thereon, have been paid, all money thereafter received from taxes upon the taxable property in the Urban Renewal Area Amendment shall be paid into the funds for the respective taxing districts in the same manner as taxes on all other property.

3. The portion of taxes mentioned in subsection 2 of this section and the special fund into which that portion shall be paid may be irrevocably pledged by the City for the payment of the principal and interest on loans, advances, bonds issued under the authority of Section 403.9[1] of the Code of Iowa, or indebtedness incurred by the City to finance or

refinance in whole or in part projects in the Urban Renewal Area Amendment.

4. As used in this section, the word “taxes” includes, but is not limited to, all levies on an ad valorem basis upon land or real property.

MAYOR

15.01 Term of Office
15.02 Powers and Duties
15.03 Appointments

15.04 Compensation
15.05 Voting

15.01 TERM OF OFFICE. The Mayor is elected for a term of four (4) years.

(Code of Iowa, Sec. 376.2)

15.02 POWERS AND DUTIES. The powers and duties of the Mayor are as follows:

1. Chief Executive Officer. Act as the chief executive officer of the City and presiding officer of the Council, supervise all departments of the City, except for supervisory duties delegated to the City Administrator, give direction to department heads concerning the functions of the departments, and have the power to examine all functions of the municipal departments, their records and to call for special reports from department heads at any time.

(Code of Iowa, Sec. 372.14[1])

2. Proclamation of Emergency. Have authority to take command of the police and govern the City by proclamation, upon making a determination that a time of emergency or public danger exists. Within the City limits, the Mayor has all the powers conferred upon the Sheriff to suppress disorders.

(Code of Iowa, Sec. 372.14[2])

3. Special Meetings. Call special meetings of the Council when the Mayor deems such meetings necessary to the interests of the City.

(Code of Iowa, Sec. 372.14[1])

4. Mayor's Veto. Sign, veto or take no action on an ordinance, amendment or resolution passed by the Council. The Mayor may veto an ordinance, amendment or resolution within fourteen days after passage. The Mayor shall explain the reasons for the veto in a written message to the Council at the time of the veto.

(Code of Iowa, Sec. 380.5 & 380.6[2])

5. Reports to Council. Make such oral or written reports to the Council as required. These reports shall concern municipal affairs

generally, the municipal departments, and recommendations suitable for Council action.

6. Negotiations. Represent the City in all negotiations properly entered into in accordance with law or ordinance. The Mayor shall not represent the City where this duty is specifically delegated to another officer by law, ordinance, or Council direction.

7. Contracts. Whenever authorized by the Council, sign contracts on behalf of the City.

8. Professional Services. Upon order of the Council, secure for the City such specialized and professional services not already available to the City. In executing the order of the Council, the Mayor shall act in accordance with the Code of Ordinances and the laws of the State.

9. Absentee Officer. Make appropriate provision that duties of any absentee officer be carried on during such absence.

15.03 APPOINTMENTS. The Mayor shall appoint the Mayor Pro Tem and shall also appoint, subject to Council approval, the following officials:

(Code of Iowa, Sec. 372.4)

1. Police Chief
2. Treasurer
3. Library Board of Trustees
4. Utility Board of Trustees
5. Historic Preservation Commission
6. Cable Television Commission
7. Zoning Board of Adjustment

15.04 COMPENSATION. The salary of the Mayor is eight thousand dollars (\$8,000.00) per year, payable monthly.

(Code of Iowa, Sec. 372.13[8])

15.05 VOTING. The Mayor is not a member of the Council and shall not vote as a member of the Council.

(Code of Iowa, Sec. 372.4)

CHAPTER 16

MAYOR PRO TEM

16.01 Vice President of Council
16.02 Powers and Duties

16.03 Voting Rights
16.04 Compensation

16.01 VICE PRESIDENT OF COUNCIL. The Mayor Pro Tem is vice president of the Council.

(Code of Iowa, Sec. 372.14[3])

16.02 POWERS AND DUTIES. Except for the limitations otherwise provided herein, the Mayor Pro Tem shall perform the duties of the Mayor in cases of absence or inability of the Mayor to perform such duties. In the exercise of the duties of the office the Mayor Pro Tem shall not have power to employ, or discharge from employment, officers or employees that the Mayor has the power to appoint, employ or discharge without the approval of the Council.

(Code of Iowa, Sec. 372.14[3])

16.03 VOTING RIGHTS. The Mayor Pro Tem shall have the right to vote as a member of the Council.

(Code of Iowa, Sec. 372.14[3])

16.04 COMPENSATION. If the Mayor Pro Tem performs the duties of the Mayor during the Mayor's absence or disability for a continuous period of fifteen (15) days or more, the Mayor Pro Tem may be paid for that period the compensation as determined by the Council, based upon the Mayor Pro Tem's performance of the Mayor's duties and upon the compensation of the Mayor.

CHAPTER 17

COUNCIL

17.01 Number and Term of Council

17.02 Powers and Duties

17.03 Exercise of Power

17.04 Council Meetings

17.05 Appointments

17.06 Compensation

17.01 NUMBER AND TERM OF COUNCIL. The Council consists of two (2) Council Members elected at large and one Council Member from each of five (5) wards as established by the Code of Ordinances, elected for overlapping terms of four (4) years.

17.02 POWERS AND DUTIES. The powers and duties of the Council include, but are not limited to the following:

1. General. All powers of the City are vested in the Council except as otherwise provided by law or ordinance.

(Code of Iowa, Sec. 364.2[1])

2. Wards. By ordinance, the Council may divide the City into wards based upon population, change the boundaries of wards, eliminate wards or create new wards.

(Code of Iowa, Sec. 372.13[7])

3. Fiscal Authority. The Council shall apportion and appropriate all funds, and audit and allow all bills, accounts, payrolls and claims, and order payment thereof. It shall make all assessments for the cost of street improvements, sidewalks, sewers and other work, improvement or repairs which may be specially assessed.

(Code of Iowa, Sec. 364.2[1], 384.16 & 384.38 [1])

4. Public Improvements. The Council shall make all orders for the construction of any improvements, bridges or buildings.

(Code of Iowa, Sec. 364.2[1])

5. Contracts. The Council shall make or authorize the making of all contracts. No contract shall bind or be obligatory upon the City unless adopted by resolution of the Council.

(Code of Iowa, Sec. 384.100)

6. Employees. The Council shall authorize, by resolution, the number, duties, term of office and compensation of employees or officers not otherwise provided for by State law or the Code of Ordinances.

(Code of Iowa, Sec. 372.13[4])

7. Records. The Council shall require the Clerk to maintain records of its proceedings.

(Code of Iowa, Sec. 372.13[3])

8. Setting Compensation for Elected Officers. By ordinance, the Council shall prescribe the compensation of the Mayor, Council members, and other elected City officers, but a change in the compensation of the Mayor does not become effective during the term in which the change is adopted, and the Council shall not adopt such an ordinance changing the compensation of any elected officer during the months of November and December in the year of a regular City election. A change in the compensation of Council members becomes effective for all Council members at the beginning of the term of the Council members elected at the election next following the change in compensation.

(Code of Iowa, Sec. 372.13[8])

17.03 EXERCISE OF POWER. The Council shall exercise a power only by the passage of a motion, a resolution, an amendment, or an ordinance in the following manner:

(Code of Iowa, Sec. 364.3[1])

1. Action by Council. Passage of an ordinance, amendment or resolution requires a majority vote of all of the members of the Council. Passage of a motion requires a majority vote of a quorum of the Council. A resolution must be passed to spend public funds in excess of twenty-five thousand dollars (\$25,000.00) on any one project, or to accept public improvements and facilities upon their completion. Each Council member's vote on a measure must be recorded. A measure which fails to receive sufficient votes for passage shall be considered defeated.

(Code of Iowa, Sec. 380.4)

2. Overriding Mayor's Veto. Within thirty (30) days after the Mayor's veto, the Council may pass the measure again by a vote of not less than two-thirds of all of the members of the Council.

(Code of Iowa, Sec. 380.6[2])

3. Measures Become Effective. Measures passed by the Council become effective in one of the following ways:

A. An ordinance or amendment signed by the Mayor becomes effective when the ordinance or a summary of the ordinance is published, unless a subsequent effective date is provided within the ordinance or amendment.

(Code of Iowa, Sec. 380.6[1a])

B. A resolution signed by the Mayor becomes effective immediately upon signing.

(Code of Iowa, Sec. 380.6[1b])

C. A motion becomes effective immediately upon passage of the motion by the Council.

(Code of Iowa, Sec. 380.6[1c])

D. If the Mayor vetoes an ordinance, amendment or resolution and the Council repasses the measure after the Mayor's veto, a resolution becomes effective immediately upon repassage, and an ordinance or amendment becomes a law when the ordinance or a summary of the ordinance is published, unless a subsequent effective date is provided within the ordinance or amendment.

(Code of Iowa, Sec. 380.6[2])

E. If the Mayor takes no action on an ordinance, amendment or resolution, a resolution becomes effective fourteen (14) days after the date of passage, and an ordinance or amendment becomes law when the ordinance or a summary of the ordinance is published, but not sooner than fourteen (14) days after the date of passage, unless a subsequent effective date is provided within the ordinance or amendment.

(Code of Iowa, Sec. 380.6[3])

“All of the members of the Council” refers to all of the seats of the Council including a vacant seat and a seat where the member is absent, but does not include a seat where the Council member declines to vote by reason of a conflict of interest.

(Code of Iowa, Sec. 380.4)

17.04 COUNCIL MEETINGS. Procedures for giving notice of meetings of the Council and other provisions regarding the conduct of Council meetings are contained in Section 5.06 of this Code of Ordinances. Additional particulars relating to Council meetings are the following:

1. Regular Meetings. The time and place of the regular meetings of the Council shall be fixed by resolution of the Council.

2. Special Meetings. Special meetings shall be held upon call of the Mayor or upon the written request of a majority of the members of the Council submitted to the Clerk. Notice of a special meeting shall specify the date, time, place and subject of the meeting and such notice shall be given personally or left at the usual place of residence of each member of the Council. A record of the service of notice shall be maintained by the Clerk.

(Code of Iowa, Sec. 372.13[5])

3. Quorum. A majority of all Council members is a quorum.

(Code of Iowa, Sec. 372.13[1])

4. Rules of Procedure. The Council shall determine its own rules and maintain records of its proceedings.

(Code of Iowa, Sec. 372.13[5])

5. Compelling Attendance. Any three (3) members of the Council can compel the attendance of the absent members at any regular, adjourned or duly called meeting, by serving a written notice upon the absent members to attend at once.

17.05 APPOINTMENTS. The Council shall appoint the following officials and prescribe their powers, duties, compensation and term of office:

1. City Clerk
2. City Attorney
3. City Administrator
4. Airport Commission
5. Planning and Zoning Commission
6. Public Works Director
7. Airport Zoning Board of Adjustment (two resident members)
8. Community Promotion Commission

17.06 COMPENSATION. The salary of each Council member is thirty dollars (\$30.00) for each regular and/or special meeting of the Council attended. Each Council member shall receive twenty dollars (\$20.00) for each committee meeting attended. Committee meetings include appointed, liaison and special committees appointed by the Mayor.

(Code of Iowa, Sec. 372.13[3])

18.02 POWERS AND DUTIES: GENERAL. The Clerk, or in the Clerk's absence or inability to act, the Deputy Clerk, has the powers and duties as provided in this chapter, this Code of Ordinances and the law.

18.03 PUBLICATION OF MINUTES. The Clerk shall attend all regular and special Council meetings and within fifteen (15) days following a regular or special meeting shall cause the minutes of the proceedings thereof to be published. Such publication shall include a list of all claims allowed and a summary of all receipts and shall show the gross amount of the claim.

(Code of Iowa, Sec. 372.13[6])

18.04 RECORDING MEASURES. The Clerk shall promptly record each measure considered by the Council and record a statement with the measure, where applicable, indicating whether the Mayor signed, vetoed or took no action on the measure, and whether the measure was repassed after the Mayor's veto.

(Code of Iowa, Sec. 380.7[1 & 2])

18.05 PUBLICATION. The Clerk shall cause to be published all ordinances, enactments, proceedings and official notices requiring publication as follows:

1. Time. If notice of an election, hearing, or other official action is required by the Code of Ordinances or law, the notice must be published at least once, not less than four (4) nor more than twenty (20) days before the date of the election, hearing or other action, unless otherwise provided by law.

(Code of Iowa, Sec. 362.3[1])

2. Manner of Publication. A publication required by the Code of Ordinances or law must be in a newspaper published at least once weekly and having general circulation in the City.

(Code of Iowa, Sec. 362.3[2])

18.06 AUTHENTICATION. The Clerk shall authenticate all such measures except motions with the Clerk's signature, certifying the time and manner of publication when required.

(Code of Iowa, Sec. 380.7[4])

18.07 CERTIFY MEASURES. The Clerk shall certify all measures establishing any zoning district, building lines, or fire limits and a plat showing the district, lines, or limits to the recorder of the County containing the affected parts of the City.

(Code of Iowa, Sec. 380.11)

18.08 RECORDS. The Clerk shall maintain the specified City records in the following manner:

1. Ordinances and Codes. Maintain copies of all effective City ordinances and codes for public use.

(Code of Iowa, Sec. 380.7[5])

2. Custody. Have custody and be responsible for the safekeeping of all writings or documents in which the City is a party in interest unless otherwise specifically directed by law or ordinance.

(Code of Iowa, Sec. 372.13[4])

3. Maintenance. Maintain all City records and documents, or accurate reproductions, for at least five (5) years except that ordinances, resolutions, Council proceedings, records and documents, or accurate reproductions, relating to the issuance, cancellation, transfer, redemption or replacement of public bonds or obligations shall be kept for at least eleven (11) years following the final maturity of the bonds or obligations. Ordinances, resolutions, Council proceedings, records and documents, or accurate reproductions, relating to real property transactions shall be maintained permanently.

(Code of Iowa, Sec. 372.13[3 & 5])

4. Provide Copy. Furnish upon request to any municipal officer a copy of any record, paper or public document under the Clerk's control when it may be necessary to such officer in the discharge of such officer's duty; furnish a copy to any citizen when requested upon payment of the fee set by Council resolution; under the direction of the Mayor or other authorized officer, affix the seal of the City to those

public documents or instruments which by ordinance and Code of Ordinances are required to be attested by the affixing of the seal.

(Code of Iowa, Sec. 372.13[4 & 5] and 380.7 [5])

5. Filing of Communications. Keep and file all communications and petitions directed to the Council or to the City generally. The Clerk shall endorse thereon the action of the Council taken upon matters considered in such communications and petitions.

(Code of Iowa, Sec. 372.13[4])

18.09 ATTENDANCE AT MEETINGS. At the direction of the Council, the Clerk shall attend meetings of committees, boards and commissions. The Clerk shall record and preserve a correct record of the proceedings of such meetings.

(Code of Iowa, Sec. 372.13[4])

18.10 ISSUE LICENSES AND PERMITS. The Clerk shall issue or revoke licenses and permits when authorized by this Code of Ordinances, and keep a record of licenses and permits issued which shall show date of issuance, license or permit number, official receipt number, name of person to whom issued, term of license or permit and purpose for which issued.

(Code of Iowa, Sec. 372.13[4])

18.11 NOTIFY APPOINTEES. The Clerk shall inform all persons appointed by the Mayor or Council to offices in the City government of their position and the time at which they shall assume the duties of their office.

(Code of Iowa, Sec. 372.13[4])

18.12 ELECTIONS. The Clerk shall perform the following duties relating to elections and nominations:

1. Certify to the County Commissioner of Elections the type of nomination process to be used by the City no later than ninety (90) days before the date of the regular City election.

(Code of Iowa, Sec. 376.6)

2. Accept the nomination petition of a candidate for a City office for filing if on its face it appears to have the requisite number of signatures and is timely filed.

(Code of Iowa, Sec. 376.4)

3. Designate other employees or officials of the City who are ordinarily available to accept nomination papers if the Clerk is not readily available during normal working hours.

(Code of Iowa, Sec. 376.4)

4. Note upon each petition and affidavit accepted for filing the date and time that the petition was filed.

(Code of Iowa, Sec. 376.4)

5. Deliver all nomination petitions, together with the text of any public measure being submitted by the Council to the electorate, to the County Commissioner of Elections not later than five o'clock (5:00) p.m. on the day following the last day on which nomination petitions can be filed.

(Code of Iowa, Sec. 376.4)

18.13 CITY SEAL. The City seal is in the custody of the Clerk and shall be attached by the Clerk to all transcripts, orders and certificates which it may be necessary or proper to authenticate. The City seal is circular in form, in the center of which are the words "CITY OF ATLANTIC, IOWA" and around the margin the words "CITY SEAL."

22.01 PUBLIC LIBRARY. The public library for the City is known as the Carnegie Free Public Library. It is referred to in this chapter as the Library.

22.02 LIBRARY TRUSTEES. The Board of Trustees of the Library, hereinafter referred to as the Board, consists of nine (9) resident members. All members are to be appointed by the Mayor with the approval of the Council.

22.03 QUALIFICATIONS OF TRUSTEES. All members of the Board shall be bona fide citizens and residents of the City. Members shall be over the age of eighteen (18) years.

22.04 ORGANIZATION OF THE BOARD. The organization of the Board shall be as follows:

1. Term of Office. All appointments to the Board shall be for six (6) years, except to fill vacancies. Each term shall commence on July first. Appointments shall be made every two (2) years of one-third (1/3) the total number or as near as possible, to stagger the terms.
2. Vacancies. The position of any Trustee shall be vacated if such member moves permanently from the City and shall be deemed vacated if such member is absent from six (6) consecutive regular meetings of the Board, except in the case of sickness or temporary absence from the City. Vacancies in the Board shall be filled in the same manner as an original appointment except that the new Trustee shall fill out the unexpired term for which the appointment is made.
3. Compensation. Trustees shall receive no compensation for their services.

22.05 POWERS AND DUTIES. The Board shall have and exercise the following powers and duties:

1. Officers. To meet and elect from its members a President, a Secretary, and such other officers as it deems necessary. The City

Treasurer shall serve as Board Treasurer, but shall not be a member of the Board.

2. Physical Plant. To have charge, control and supervision of the Library, its appurtenances, fixtures and rooms containing the same.

3. Charge of Affairs. To direct and control all affairs of the Library.

4. Hiring of Personnel. To employ a librarian, and authorize the librarian to employ such assistants and employees as may be necessary for the proper management of the Library, and fix their compensation; provided, however, that prior to such employment, the compensation of the librarian, assistants and employees shall have been fixed and approved by a majority of the members of the Board voting in favor thereof.

5. Removal of Personnel. To remove the librarian, by a two-thirds (2/3) vote of the Board, and provide procedures for the removal of the assistants or employees for misdemeanor, incompetence or inattention to duty, subject however, to the provisions of Chapter 35C of the Code of Iowa.

6. Purchases. To select, or authorize the librarian to select, and make purchases of books, pamphlets, magazines, periodicals, papers, maps, journals, other Library materials, furniture, fixtures, stationery and supplies for the Library within budgetary limits set by the Board.

7. Use by Nonresidents. To authorize the use of the Library by nonresidents and to fix charges therefor unless a contract for free service exists.

8. Rules and Regulations. To make and adopt, amend, modify or repeal rules and regulations, not inconsistent with this Code of Ordinances and the law, for the care, use, government and management of the Library and the business of the Board, fixing and enforcing penalties for violations.

9. Expenditures. To have exclusive control of the expenditure of all funds allocated for Library purposes by the Council, and of all moneys available by gift or otherwise for the erection of Library buildings, and of all other moneys belonging to the Library including fines and rentals collected under the rules of the Board.

10. Gifts. To accept gifts of real property, personal property, or mixed property, and devises and bequests, including trust funds; to take the title to said property in the name of the Library; to execute deeds and bills of sale for the conveyance of said property; and to expend the funds received by them from such gifts, for the improvement of the Library.

11. Enforce the Performance of Conditions on Gifts. To enforce the performance of conditions on gifts, donations, devises and bequests accepted by the City on behalf of the Library.

(Code of Iowa, Ch. 661)

12. Record of Proceedings. To keep a record of its proceedings.

13. County Historical Association. To have authority to make agreements with the local County historical association where such exists, and to set apart the necessary room and to care for such articles as may come into the possession of the association. The Trustees are further authorized to purchase necessary receptacles and materials for the preservation and protection of such articles as are in their judgment of a historical and educational nature and pay for the same out of funds allocated for Library purposes.

22.06 CONTRACTING WITH OTHER LIBRARIES. The Board has power to contract with other libraries in accordance with the following:

1. Contracting. The Board may contract with any other boards of trustees of free public libraries, with any other city, school corporation, private or semiprivate organization, institution of higher learning, township, or County, or with the trustees of any County library district for the use of the Library by their respective residents.

(Code of Iowa, Sec. 392.5 & Ch. 28E)

2. Termination. Such a contract may be terminated at any time by mutual consent of the contracting parties. It also may be terminated by a majority vote of the electors represented by either of the contracting parties. Such a termination proposition shall be submitted to the electors by the governing body of a contracting party on a written petition of not less than five (5) percent in number of the electors who voted for governor in the territory of the contracting party at the last general election. The petition must be presented to the governing body not less than forty (40) days before the election. The proposition may be submitted at any election provided by law that is held in the territory of the party seeking to terminate the contract.

22.07 NONRESIDENT USE. The Board may authorize the use of the Library by persons not residents of the City or County in any one or more of the following ways:

1. Lending. By lending the books or other materials of the Library to nonresidents on the same terms and conditions as to residents of the City, or County, or upon payment of a special nonresident Library fee.

2. Depository. By establishing depositories of Library books or other materials to be loaned to nonresidents.
3. Bookmobiles. By establishing bookmobiles or a traveling library so that books or other Library materials may be loaned to nonresidents.
4. Branch Library. By establishing branch libraries for lending books or other Library materials to nonresidents.

22.08 EXPENDITURES. All money appropriated by the Council for the operation and maintenance of the Library shall be set aside in an account for the Library. Expenditures shall be paid for only on orders of the Board, signed by its President and Secretary.

(Code of Iowa, Sec. 384.20 & 392.5)

22.09 ANNUAL REPORT. The Board shall make a report to the Council immediately after the close of the fiscal year. This report shall contain statements as to the condition of the Library, the number of books added, the number circulated, the amount of fines collected, and the amount of money expended in the maintenance of the Library during the year, together with such further information as may be required by the Council.

22.10 INJURY TO BOOKS OR PROPERTY. It is unlawful for a person willfully, maliciously or wantonly to tear, deface, mutilate, injure or destroy, in whole or in part, any newspaper, periodical, book, map, pamphlet, chart, picture or other property belonging to the Library or reading room.

(Code of Iowa, Sec. 716.1)

22.11 THEFT. No person shall take possession or control of property of the Library with the intent to deprive the Library thereof.

(Code of Iowa, Sec. 714.1)

22.12 NOTICE POSTED. There shall be posted in clear public view within the Library notices informing the public of the following:

1. Failure To Return. Failure to return Library materials for two (2) months or more after the date the person agreed to return the Library materials, or failure to return Library equipment for one (1) month or more after the date the person agreed to return the Library equipment, is evidence of intent to deprive the owner, provided a reasonable attempt, including the mailing by restricted certified mail of notice that such material or equipment is overdue and criminal actions will be taken, has been made to reclaim the materials or equipment.

(Code of Iowa, Sec. 714.5)

2. Detention and Search. Persons concealing Library materials may be detained and searched pursuant to law.

(Code of Iowa, Sec. 808.12)

PLANNING AND ZONING COMMISSION

23.01 Planning and Zoning Commission

23.02 Term of Office

23.03 Vacancies

23.04 Compensation

23.05 Powers and Duties

23.01 PLANNING AND ZONING COMMISSION. There shall be appointed by the Council a City Planning and Zoning Commission, hereinafter referred to as the Commission, consisting of seven (7) members, who shall be residents of the City and qualified by knowledge or experience to act in matters pertaining to the development of a City plan and who shall not hold any elective office in the City government.

(Code of Iowa, Sec. 414.6 & 392.1)

23.02 TERM OF OFFICE. The term of office of the members of the Commission shall be five (5) years. Each term shall commence on the first Monday in April, and the terms of not more than one-third of the members will expire in any one year.

(Code of Iowa, Sec. 392.1)

23.03 VACANCIES. If any vacancy exists on the Commission caused by resignation, or otherwise, a successor for the residue of the term shall be appointed in the same manner as the original appointee.

(Code of Iowa, Sec. 392.1)

23.04 COMPENSATION. All members of the Commission shall serve without compensation, except their actual expenses, which shall be subject to the approval of the Council.

(Code of Iowa, Sec. 392.1)

23.05 POWERS AND DUTIES. The Commission shall have and exercise the following powers and duties:

1. Selection of Officers. The Commission shall choose annually at its first regular meeting one of its members to act as Chairperson and another as Vice Chairperson, who shall perform all the duties of the Chairperson during the Chair person's absence or disability.

(Code of Iowa, Sec. 392.1)

2. Adopt Rules and Regulations. The Commission shall adopt such rules and regulations governing its organization and procedure as it may deem necessary.

(Code of Iowa, Sec. 392.1)

3. Zoning. The Commission shall have and exercise all the powers and duties and privileges in establishing the City zoning regulations and other related matters and may from time to time recommend to the Council amendments, supplements, changes or modifications, all as provided by Chapter 414 of the Code of Iowa.

(Code of Iowa, Sec. 414.6)

4. Recommendations of Improvements. No statuary, memorial or work of art in a public place, and no public building, bridge, viaduct, street fixtures, public structure or appurtenances, shall be located or erected, or site therefor obtained, nor shall any permit be issued by any department of the City for the erection or location thereof until and unless the design and proposed location of any such improvement shall have been submitted to the Commission and its recommendations thereon obtained, except such requirements and recommendations shall not act as a stay upon action for any such improvement when the Commission after thirty (30) days' written notice requesting such recommendations, shall have failed to file same.

(Code of Iowa, Sec. 392.1)

5. Review and Comment on Plats. All plans, plats, or re-plats of subdivision or re-subdivisions of land embraced in the City or adjacent thereto, laid out in lots or plats with the streets, alleys, or other portions of the same intended to be dedicated to the public in the City, shall first be submitted to the Commission and its recommendations obtained before approval by the Council.

(Code of Iowa, Sec. 392.1)

6. Review and Comment of Street and Park Improvements. No plan for any street, park, parkway, boulevard, traffic-way, river front, or other public improvement affecting the City plan shall be finally approved by the City or the character or location thereof determined, unless such proposal shall first have been submitted to the Commission and the Commission shall have had thirty (30) days within which to file its recommendations thereon.

(Code of Iowa, Sec. 392.1)

7. Fiscal Responsibilities. The Commission shall have full, complete and exclusive authority to expend for and on behalf of the City all sums of money appropriated to it, and to use and expend all gifts,

donations or payments whatsoever which are received by the City for City planning and zoning purposes.

(Code of Iowa, Sec. 392.1)

8. Limitation on Entering Contracts. The Commission shall have no power to contract debts beyond the amount of its original or amended appropriation as approved by the Council for the present year.

(Code of Iowa, Sec. 392.1)

9. Annual Report. The Commission shall make a report to the Mayor and Council of its proceedings, whenever, and if, requested by the Council, with a full statement of its activities and the progress of its work.

PARKS AND RECREATION BOARD

24.01 Parks and Recreation Board Created

24.02 Board Organization

24.03 Duties of the Board

24.04 Meetings of the Board

24.05 Reports

24.06 Rules

24.01 PARKS AND RECREATION BOARD CREATED. A Parks and Recreation Board is hereby created to advise the Council on the needed facilities to provide open space such as parks, playgrounds and community facilities for other forms of recreation. It shall also plan and oversee City programs and encourage other programs to enhance the leisure time activities of the City's residents of all ages.

24.02 BOARD ORGANIZATION. The Board shall consist of five (5) members, all residents of the City, elected from the City at large for overlapping terms of six (6) years. The Board shall choose from its membership a Chairperson and Vice Chairperson and Secretary every two years. Members shall serve without compensation, but may receive their actual expenses.

24.03 DUTIES OF THE BOARD. In addition to its duty to make a plan for recreation and for the facilities for recreation, and to update and revise these plans as required, the Board has authority over the properties and personnel devoted to parks and recreation, subject to the limitation of expenditures for salaries and supplies, contracts and capital outlays set forth in the annual budget provided by the Council for parks and recreation operations. The Board shall cooperate with the Mayor in the allotment of time of City employees for parks and recreation purposes. The Chairperson shall order supplies by the procedures established by the Council for all departments of the City, and payment will be made by check written by the Clerk for invoices submitted and approved by the Board.

24.04 MEETINGS OF THE BOARD. Meetings of the Parks and Recreation Board shall be at such intervals of time as said Board shall determine necessary, but not less than once each month, at a time, date and place to be agreed upon by the Board.

24.05 REPORTS. The Board shall make written reports to the Council of its activities from time to time as it deems advisable, or upon Council request. Its revenues and expenditures shall be reported monthly by the Clerk in the manner

of other departmental expenditures, and a copy shall be provided to each member of the Board and in the Clerk's report to the Council.

24.06 RULES. The Board has the power to make rules and regulations for the use of parks or other recreational facilities or for the conduct of recreation programs, subject to the approval of the rules by the Council. Such rules shall be either posted on the facility or otherwise publicized in a manner to provide adequate notice to the using public.

25.09 Discriminatory Rates Illegal
25.10 Discontinuance of Board

25.01 PURPOSE. The purpose of this chapter is to provide for the operation of the municipally owned water and electric utilities by a Board of Trustees.

25.02 BOARD ESTABLISHED. Pursuant to an election held in 1933, the management and control of the municipally owned waterworks and electric utilities were placed in the hands of a Board of Trustees.

(Code of Iowa, Sec. 388.2)

25.03 APPOINTMENT OF TRUSTEES. The Mayor shall appoint, subject to the approval of the Council, five (5) persons to serve as trustees for staggered six (6) year terms. No public officer or salaried employee of the City may serve on the utility board. Appointments shall be made effective on the first day of April of each odd-numbered year.

(Code of Iowa, Sec. 388.3)

25.04 COMPENSATION. The Council shall by resolution set the compensation of Board members.

(Code of Iowa, Sec. 388.3)

25.05 VACANCIES. An appointment to fill a vacancy on the Board of Trustees shall be made in the same manner as an original appointment except that such appointment shall be for the balance of the unexpired term.

(Code of Iowa, Sec. 388.3)

25.06 POWERS AND DUTIES OF THE BOARD. The Board of Trustees may exercise all powers of the City in relation to the combined utility system, with the following exceptions:

(Code of Iowa, Sec. 388.4)

1. Taxes, ordinances and bonds. The Board may not certify taxes to be levied, pass ordinances or amendments, or issue general obligation or special assessment bonds.

Code of Iowa, Sec. 388.4[1])

2. Property. Title to all property must be in the name of the City but the Board has full control of such property subject to limitations imposed by law.

(Code of Iowa, Sec. 388.4[2])

3. Reports to Council. The Board shall make a detailed annual report to the Council including a complete financial statement.

(Code of Iowa, Sec. 388.4[3])

4. Proceedings Published. Immediately following a regular or special meeting, the Board Secretary shall prepare and cause to be published in a newspaper of general circulation in the City a condensed statement of proceedings including a list of all claims.

(Code of Iowa, Sec. 388.4[4])

25.07 CONTROL OF FUNDS. The Board shall control tax revenues allocated to it as well as all moneys derived from operations.

(Code of Iowa, Sec. 388.5)

25.08 ACCOUNTING. Utility moneys are held in a separate utility fund, with a separate account for each utility.

(Code of Iowa, Sec. 388.5)

25.09 DISCRIMINATORY RATES ILLEGAL. The utility may not provide use or service at a discriminatory rate, except to the City or its agencies, as provided in Section 384.91, Code of Iowa.

(Code of Iowa, Sec. 388.6)

25.10 DISCONTINUANCE OF BOARD. A proposal, on motion of the Council or upon receipt of a valid petition, to discontinue the utility board is subject to the approval of the voters of the City, except that the Board may be discontinued by resolution of the Council when the utility it administers is disposed of or leased for a period of over five (5) years.

(Code of Iowa, Sec. 388.2)

HISTORIC PRESERVATION COMMISSION

26.01 Purpose and Intent

26.02 Definitions

26.03 Structure of the Commission

26.04 Powers of the Commission

26.05 Appeals

26.01 PURPOSE AND INTENT. The purposes of this chapter are to:

1. Promote the educational, cultural, economic and general welfare of the public through the protection, enhancement and perpetuation of sites and districts of historical and cultural significance;
2. Safeguard the City's historic, aesthetic and cultural heritage by preserving sites and districts of historic and cultural significance;
3. Stabilize and improve property values;
4. Foster pride in the legacy of beauty and achievements of the past;
5. Protect and enhance the City's attractions to tourists and visitors and the support and stimulus to business thereby provided;
6. Strengthen the economy of the City;
7. Promote the use of sites and districts of historic and cultural significance as places for the education, pleasure, and welfare of the people of the City.

26.02 DEFINITIONS. For use in this chapter, the following terms are defined:

1. "Commission" means the Atlantic Historic Preservation Commission, as established by this chapter.
2. "Historic district" means an area which contains a significant portion of buildings, structures or other improvements which, considered as a whole, possess integrity of location, design, setting, materials, workmanship, feeling and association, and which area as a whole:
 - A. Embodies the distinctive characteristics of a type, period or method of construction, or represents the work of a master, or possesses high artistic values, or represents a significant and distinguishable entity whose components may lack individual distinction; or

- B. Is associated with events that have made significant contributions to the broad patterns of our local, state or national history; or
 - C. Possesses a coherent and distinctive visual character or integrity based upon similarity of scale, design, color, setting, workmanship, materials or combinations thereof which is deemed to add significantly to the value and attractiveness of properties within such area; or
 - D. Is associated with the lives of persons significant in our past; or
 - E. Has yielded, or may be likely to yield, information important in prehistory or history.
3. "Historic site" means a structure or building which:
- A. Is associated with events that have made a significant contribution to the broad patterns of our history; or
 - B. Is associated with the lives of persons significant in our past; or
 - C. Embodies the distinctive characteristics of a type, period or method of construction or represents the work of a master, or possesses high artistic values, or represents a significant and distinguishable entity whose components may lack individual distinction; or
 - D. Has yielded, or may be likely to yield, information important in prehistory or history.

26.03 STRUCTURE OF COMMISSION.

1. The Commission consists of five (5) members who are residents of the City.
2. Members of the Commission shall be appointed by the Mayor with the advice and consent of the Council. The members shall be appointed as follows: one person who is a licensed real estate salesman or broker; one nominated by the Atlantic Area Chamber of Commerce and three at-large members. All members shall demonstrate a positive interest in or have professional qualifications evidencing expertise in architecture, architectural history, historic preservation, city planning, building rehabilitation or conservation in general.
3. The Commission members are appointed for staggered terms of three (3) years. All terms begin January 1.

4. Members shall serve without compensation.
5. A simple majority of the Commission shall constitute a quorum for the transaction of business.
6. The Commission shall elect from its members a Chairperson who shall preside over all Commission meetings and a Secretary who shall be responsible for maintaining written records of the Commission's proceedings.
7. The Commission shall meet at least three (3) times a year.

26.04 POWERS OF THE COMMISSION.

1. The Commission may conduct studies for the identification and designation of historic districts and sites meeting the definitions established by this chapter. The Commission may proceed at its own initiative or upon petition from any person, group or association. The Commission shall maintain records of all studies and inventories for public use.
2. The Commission may make a recommendation to the State Bureau of Historic Preservation for the listing of an historic district or site in the National Register of Historic Places and may conduct a public hearing thereon.
3. Upon receiving the recommendation of the Commission, the Council shall conduct a public hearing on the establishment of the proposed Historical Preservation District. The Council may approve, disapprove or may refer the historic district or site designation to the Commission for modification and/or recommendations.
4. In addition to those duties and powers specified above, the Commission may, with Council approval,
 - A. Accept unconditional gifts and donations of real and personal property, including money, for the purpose of historic preservation;
 - B. Acquire, by purchase, bequest or donation, fee and lesser interests in historic properties, including properties adjacent to or associated with historic properties;
 - C. Preserve, restore, maintain and operate historic properties under the ownership or control of the Commission;
 - D. Lease, sell and otherwise transfer or dispose of historic properties subject to rights of public access and other covenants and in a manner that will preserve the property;

- E. Contract with State or Federal government or other organizations;
- F. Cooperate with Federal, State and local governments in the pursuance of the objectives of historic preservation;
- G. Participate in the conduct of land use, urban renewal and other planning undertaken by the City;
- H. Recommend ordinances or otherwise provide information for the purpose of historic preservation to the Council;
- I. Promote and conduct an educational and interpretive program on historic properties within its jurisdiction; and
- J. Enter, only in performance of its official duties and only at reasonable times, upon private lands with the consent of the owner and/or tenant, for examination or survey of the lands.

26.05 APPEALS. Appeals from decisions or actions of the Commission shall first be taken to the Council.

30.04 ORGANIZATION OF THE COMMISSION. The members shall choose the Commission Chairperson and Vice Chairperson, who shall serve as such for one year.

30.05 VACANCIES. The position of any Commission member shall be vacant if he or she moves permanently from the City, or if he or she is absent from three (3) consecutive regular meetings of the Commission or a total of five (5) regular meetings through the fiscal year. Vacancies on the Commission shall be filled by appointment of the Council, and the new member shall fill out the unexpired term for which the appointment is made.

(Ord. 910 – Nov. 08 Supp.)

30.06 COMPENSATION. Commission members shall receive no compensation for their services, except their actual expenses, which shall be subject to the approval of the Council.

30.07 POWERS AND DUTIES. The Commission shall have and exercise the following powers and duties:

1. Prepare a strategic plan for the external advertisement of the community in order to promote retail and industrial growth, tourism and population growth in the community and to revise this plan as required.

2. Oversee and monitor the execution of the strategic plan. When formulating and executing the strategic plan, the Commission shall work closely with the Chamber of Commerce, Development Corporation and City Administration.
3. Spend money and enter into contracts subject to the limitation of expenditures set forth in the annual budget provided by the Council for community promotion. Payment will be made by check written by the Clerk for invoices submitted and approved by the Commission.
4. Keep a record of its proceedings.

30.08 MEETINGS OF MEMBERS. Meetings of the Commission shall be at such intervals of time as the Commission shall determine necessary, but not less than once each month, at a time, date and place to be agreed upon by the members.

30.09 REPORTS. The Commission shall make written or oral reports to the Council of its activities from time to time as it deems advisable, or upon Council request. Its expenditures shall be reported monthly by the Clerk in the manner of other departmental expenditures, and a copy shall be provided to each member of the Commission in the Clerk's report to the Council.

35.01 DEPARTMENT ESTABLISHED. The police department of the City is established to provide for the preservation of peace and enforcement of law and ordinances within the corporate limits of the City.

35.02 ORGANIZATION. The department consists of the Police Chief and such other law enforcement officers and personnel, whether full or part time, as may be authorized by the Council.

35.03 PEACE OFFICER QUALIFICATIONS. In no case shall any person be selected or appointed as a law enforcement officer unless such person meets the minimum qualification standards established by the Iowa Law Enforcement Academy.

(Code of Iowa, Sec. 80B.11)

35.04 REQUIRED TRAINING. All peace officers shall have received the minimum training required by law at an approved law enforcement training school within one year of employment. Peace officers shall also meet the minimum in-service training as required by law.

(Code of Iowa, Sec. 80B.11 [2])

(IAC, 501-3 and 501-8)

35.05 COMPENSATION. Members of the department are designated by rank and receive such compensation as shall be determined by resolution of the Council.

35.06 PEACE OFFICERS APPOINTED. The Mayor shall appoint and dismiss the Police Chief subject to the consent of a majority of the Council. The Mayor shall also select, subject to the approval of Council, the other members of the department.

(Code of Iowa, Sec. 372.4)

35.07 POLICE CHIEF: DUTIES. The Police Chief has the following powers and duties subject to the approval of the Council.

(Code of Iowa, Sec. 372.13 [4])

1. General. Perform all duties required of the police chief or marshal by law or ordinance.
2. Enforce Laws. Enforce all laws, ordinances and regulations and bring all persons committing any offense before the proper court.
3. Writs. Execute and return all writs and other processes directed to the Police Chief.
4. Accident Reports. Report all motor vehicle accidents investigated to the State Department of Transportation.
(Code of Iowa, Sec. 321.266)
5. Prisoners. Be responsible for the custody of prisoners, including conveyance to detention facilities as may be required.
6. Assist Officials. When requested, provide aid to other City officers, boards and commissions in the execution of their official duties.
7. Investigations. Provide for such investigation as may be necessary for the prosecution of any person alleged to have violated any law or ordinance.
8. Record of Arrests. Keep a record of all arrests made in the City by showing whether said arrests were made under provisions of State law or City ordinance, the offense charged, who made the arrest and the disposition of the charge.
9. Reports. Compile and submit to the Mayor and Council an annual report as well as such other reports as may be requested by the Mayor or Council.
10. Command. Be in command of all officers appointed for police work and be responsible for the care, maintenance and use of all vehicles, equipment and materials of the department.

35.08 DEPARTMENTAL RULES. The Police Chief shall establish such rules, not in conflict with the Code of Ordinances, and subject to the approval of the Council, as may be necessary for the operation of the department.

35.09 SUMMONING AID. Any peace officer making a legal arrest may orally summon as many persons as the officer reasonably finds necessary to aid the officer in making the arrest.

(Code of Iowa, 804.17)

35.10 TAKING WEAPONS. Any person who makes an arrest may take from the person arrested all items which are capable of causing bodily harm

which the arrested person may have within such person's control to be disposed of according to law.

RESERVE POLICE UNIT

36.01 Establishment of Force
36.02 Membership
36.03 Oath of Office
36.04 Training
36.05 Status of Reserve Officers
36.06 Carrying Weapons
36.07 Supplementary Capacity
36.08 Supervision of Officers

36.09 No Reduction of Regular Force
36.10 Compensation
36.11 Benefits When Injured
36.12 Insurance
36.13 No Participation in Pension Fund or
Retirement System
36.14 Civil Defense Auxiliary Police Exempt

36.01 ESTABLISHMENT OF FORCE. The Mayor, acting through the Police Chief, is hereby authorized to organize a Reserve Police Unit of not to exceed twenty-five (25) members for the purpose of assisting the Police Chief and other members of the Police Department.

36.02 MEMBERSHIP. Each member recruited for said unit shall be a minimum of 18 years of age; a high school graduate; physically fit; in good health and of good moral character. If the Director of the law enforcement academy for the State establishes minimum standards for members, those standards shall also be adopted. All members shall be approved and appointed by the Mayor and Police Chief.

36.03 OATH OF OFFICE. Members shall take an oath of office, administered by the Mayor, as reserve peace officers in the same manner as regular police officers.

36.04 TRAINING. Training for individuals appointed as reserve peace officers shall be provided by the Police Department under the direction of the Police Chief, but may be obtained in a community college or other facility selected by the individual and approved by the Police Chief. The training shall consist of a minimum of 150 hours in accordance with Chapter 80D of the Code of Iowa. Upon satisfactory completion of training, the Police Chief shall certify the individual as a reserve peace officer. There shall be no exemptions from the personal and training standards provided for in this chapter.

36.05 STATUS OF RESERVE OFFICERS. Reserve peace officers shall serve as peace officers on the orders and at the direction of the Police Chief. While in the actual performance of official duties, reserve peace officers shall be vested with the same rights, privileges, obligations and duties as any other peace officers.

36.06 CARRYING WEAPONS. A member of the reserve force shall not carry a weapon in the line of duty until the member has been approved by the Council and certified by the Iowa Law Enforcement Academy Council. After approval and certification, a reserve peace officer may carry a weapon in the line of duty only when authorized by the Police Chief.

36.07 SUPPLEMENTARY CAPACITY. Reserve peace officers shall act only in a supplementary capacity to the regular force and shall not assume full time duties of regular peace officers without first complying with all the requirements of regular peace officers.

36.08 SUPERVISION OF OFFICERS. Reserve peace officers shall be subordinate to regular peace officers, shall not serve as peace officers unless under the direction of regular peace officers, and shall wear a uniform prescribed by the Police Chief, unless the Police Chief designates alternate apparel for use when engaged in assignments involving special investigations, civil process, court duties, jail duties and the handling of mental patients. The reserve peace officer shall not wear an insignia of rank. The Police Chief shall appoint a regular force peace officer as the reserve force coordinating and supervising officer. That regular peace officer shall report directly to the Police Chief.

36.09 NO REDUCTION OF REGULAR FORCE. The Council shall not reduce the authorized size of the regular police department because of the establishment or utilization of reserve peace officers.

36.10 COMPENSATION. While performing official duties, each reserve peace officer shall be considered an employee of the City and shall be paid at a minimum of \$1.00 per year. The Council may provide additional monetary assistance for the purchase and maintenance of uniforms and equipment used by reserve peace officers. The uniforms and accessories purchased by the City shall remain the property of the City.

36.11 BENEFITS WHEN INJURED. Hospital and medical assistance and benefits, as provided in Chapter 85 of the Code of Iowa, shall be provided to members of the reserve force who sustain injury in the course of performing official duties.

36.12 INSURANCE. Liability and false arrest insurance shall be provided to members of the reserve force while performing official duties in the same manner as for regular peace officers.

36.13 NO PARTICIPATION IN PENSION FUND OR RETIREMENT SYSTEM. Members are not eligible for participation in a pension fund or

retirement system created by the laws of the State of which regular peace officers may become members.

36.14 CIVIL DEFENSE AUXILIARY POLICE EXEMPT. This chapter does not apply to local civil defense auxiliary police forces organized by local Civil Defense officials and trained according to standards established by the United States Office of Civil Defense and contained in the Code of Federal Regulations.

FIRE DEPARTMENT

37.01 Establishment and Purpose
37.02 Organization
37.03 Approved by Council
37.04 Training
37.05 Compensation
37.06 Election of Officers
37.07 Fire Chief: Duties
37.08 Obedience to Fire Chief

37.09 Constitution
37.10 Accidental Injury Insurance
37.11 Liability Insurance
37.12 Calls Outside Fire District
37.13 Mutual Aid
37.14 Authority to Cite Violations

37.01 ESTABLISHMENT AND PURPOSE. A volunteer fire department is hereby established to prevent and extinguish fires and to protect lives and property against fires, to promote fire prevention and fire safety, and to answer all emergency calls for which there is no other established agency.

(Code of Iowa, Sec. 364.16)

37.02 ORGANIZATION. The department consists of the Fire Chief and such other officers and personnel as may be authorized by the Council, not to exceed forty (40) members.

(Code of Iowa, Sec. 372.13[4])

37.03 APPROVED BY COUNCIL. No person having otherwise qualified shall be appointed to the department until such appointment is submitted to and approved by a majority of the Council members.

37.04 TRAINING. All members of the department shall attend and actively participate in regular or special training drills or programs as directed by the Chief.

(Code of Iowa, Sec. 372.13[4])

37.05 COMPENSATION. Members of the department shall be designated by rank and receive such compensation as shall be determined by resolution of the Council.

(Code of Iowa, Sec. 372.13[4])

37.06 ELECTION OF OFFICERS. The department shall elect a Fire Chief and such other officers as its constitution and bylaws may provide, but the election of Fire Chief shall be subject to the approval of the Council. In case of absence of the Fire Chief, the officer next in rank shall be in charge and have and exercise all the powers of Fire Chief.

37.07 FIRE CHIEF: DUTIES. The Fire Chief shall perform all duties required of the Fire Chief by law or ordinance, including but not limited to the following:

(Code of Iowa, Sec. 372.13[4])

1. Enforce Laws. Enforce ordinances and laws regulating fire prevention and the investigation of the cause, origin and circumstances of fires.

2. Technical Assistance. Upon request, give advice concerning private fire alarm systems, fire extinguishing equipment, fire escapes and exits and development of fire emergency plans.

3. Authority at Fires. When in charge of a fire scene, direct an operation as necessary to extinguish or control a fire, perform a rescue operation, investigate the existence of a suspected or reported fire, gas leak, or other hazardous condition, or take any other action deemed necessary in the reasonable performance of the department's duties.

(Code of Iowa, Sec. 102.2)

4. Control of Scenes. Prohibit an individual, vehicle or vessel from approaching a fire scene and remove from the scene any object, vehicle, vessel or individual that may impede or interfere with the operation of the fire department.

(Code of Iowa, Sec. 102.2)

5. Authority to Barricade. When in charge of a fire scene, place or erect ropes, guards, barricades or other obstructions across a street, alley, right-of-way, or private property near the location of the fire or emergency so as to prevent accidents or interference with the fire fighting efforts of the fire department, to control the scene until any required investigation is complete, or to preserve evidence related to the fire or other emergency.

(Code of Iowa, Sec. 102.3)

6. Command. Be charged with the duty of maintaining the efficiency, discipline and control of the fire department. The members of the fire department shall, at all times, be subject to the direction of the Fire Chief.

7. Property. Exercise and have full control over the disposition of all fire apparatus, tools, equipment and other property used by or belonging to the fire department.

8. Notification. Whenever death, serious bodily injury, or property damage in excess of two hundred thousand dollars (\$200,000) has occurred as a result of a fire, or if arson is suspected, notify the State Fire

Marshal's Division immediately. For all fires causing an estimated damage of fifty dollars (\$50.00) or more or emergency responses by the Fire Department, file a report with the Fire Marshal's Division within ten (10) days following the end of the month. The report shall indicate all fire incidents occurring and state the name of the owners and occupants of the property at the time of the fire, the value of the property, the estimated total loss to the property, origin of the fire as determined by investigation, and other facts, statistics, and circumstances concerning the fire incidents.

(Code of Iowa, Sec. 100.2 & 100.3)

9. Right of Entry. Have the right, during reasonable hours, to enter any building or premises within the Fire Chief's jurisdiction for the purpose of making such investigation or inspection which under law or ordinance may be necessary to be made and is reasonably necessary to protect the public health, safety and welfare.

(Code of Iowa, Sec. 100.12)

10. Recommendation. Make such recommendations to owners, occupants, caretakers or managers of buildings necessary to eliminate fire hazards.

(Code of Iowa, Sec. 100.13)

11. Assist State Fire Marshal. At the request of the State Fire Marshal, and as provided by law, aid said marshal in the performance of duties by investigating, preventing and reporting data pertaining to fires.

(Code of Iowa, Sec. 100.4)

12. Records. Cause to be kept records of the fire department personnel, fire fighting equipment, depreciation of all equipment and apparatus, the number of responses to alarms, their cause and location, and an analysis of losses by value, type and location of buildings.

13. Reports. Compile and submit to the Mayor and Council an annual report of the status and activities of the department as well as such other reports as may be requested by the Mayor or Council.

37.08 OBEDIENCE TO FIRE CHIEF. No person shall willfully fail or refuse to comply with any lawful order or direction of the Fire Chief.

37.09 CONSTITUTION. The department shall adopt a constitution and bylaws as they deem calculated to accomplish the object contemplated, and such constitution and bylaws and any change or amendment to such constitution and bylaws before being effective, must be approved by the Council.

37.10 ACCIDENTAL INJURY INSURANCE. The Council shall contract to insure the City against liability for worker's compensation and against statutory liability for the costs of hospitalization, nursing, and medical attention for volunteer fire fighters injured in the performance of their duties as fire fighters whether within or outside the corporate limits of the City. All volunteer fire fighters shall be covered by the contract.

(Code of Iowa, Sec. 85.2, 85.61 and Sec. 410.18)

37.11 LIABILITY INSURANCE. The Council shall contract to insure against liability of the City or members of the department for injuries, death or property damage arising out of and resulting from the performance of departmental duties within or outside the corporate limits of the City.

(Code of Iowa, Sec. 670.2 & 517A.1)

37.12 CALLS OUTSIDE FIRE DISTRICT. The department shall answer calls to fires and other emergencies outside the City's fire district if the Fire Chief determines that such emergency exists and that such action will not endanger persons and property within the fire district.

(Code of Iowa, Sec. 364.4 [2 & 3])

37.13 MUTUAL AID. Subject to approval by resolution of the Council, the department may enter into mutual aid agreements with other legally constituted fire departments. Copies of any such agreements shall be filed with the Clerk.

(Code of Iowa, Sec. 364.4 [2 & 3])

37.14 AUTHORITY TO CITE VIOLATIONS. Fire officials acting under the authority of Chapter 100 of the Code of Iowa may issue citations in accordance to Chapter 805 of the Code of Iowa, for violations of state and/or local fire safety regulations.

(Code of Iowa, Sec. 100.41)

CHAPTER 40

PUBLIC PEACE

40.01 Assault
40.02 Harassment
40.03 Disorderly Conduct

40.04 Unlawful Assembly
40.05 Failure to Disperse
40.06 Stalking

40.01 ASSAULT. No person shall, without justification, commit any of the following:

1. Pain or Injury. Any act which is intended to cause pain or injury to, or which is intended to result in physical contact which will be insulting or offensive to another, coupled with the apparent ability to execute the act.

(Code of Iowa, Sec. 708.1 [1])

2. Threat of Pain or Injury. Any act which is intended to place another in fear of immediate physical contact which will be painful, injurious, insulting, or offensive, coupled with the apparent ability to execute the act.

(Code of Iowa, Sec. 708.1 [2])

However, where the person doing any of the above enumerated acts, and such other person, are voluntary participants in a sport, social or other activity, not in itself criminal, and such act is a reasonably foreseeable incident of such sport or activity, and does not create an unreasonable risk or serious injury or breach of the peace, the act is not an assault. Provided, where the person doing any of the above enumerated acts is employed by a school district or accredited nonpublic school, or is an area education agency staff member who provides services to a school or school district, and intervenes in a fight or physical struggle, or other disruptive situation, that takes place in the presence of the employee or staff member performing employment duties in a school building, on school grounds or at an official school function regardless of the location, the act is not an assault, whether the fight or physical struggle or other disruptive situation is between students or other individuals if the degree and the force of the intervention is reasonably necessary to restore order and to protect the safety of those assembled.

(Code of Iowa, Sec. 708.1)

40.02 HARASSMENT. No person shall commit harassment.

1. A person commits harassment when, with intent to intimidate, annoy or alarm another person, the person does any of the following:

A. Communicates with another by telephone, telegraph, writing or via electronic communication without legitimate purpose and in a manner likely to cause the other person annoyance or harm.

(Code of Iowa, Sec. 708.7)

B. Places any simulated explosive or simulated incendiary device in or near any building, vehicle, airplane, railroad engine or railroad car, or boat occupied by another person.

(Code of Iowa, Sec. 708.7)

C. Orders merchandise or services in the name of another, or to be delivered to another, without such other person's knowledge or consent.

(Code of Iowa, Sec. 708.7)

D. Reports or causes to be reported false information to a law enforcement authority implicating another in some criminal activity, knowing that the information is false, or reports the alleged occurrence of a criminal act, knowing the same did not occur. **[See also Section 41.02]**

(Code of Iowa, Sec. 708.7)

2. A person commits harassment when the person, purposefully and without legitimate purpose, has personal contact with another person, with the intent to threaten, intimidate or alarm that other person. As used in this section, unless the context otherwise requires, "personal contact" means an encounter in which two or more people are in visual or physical proximity to each other. "Personal contact" does not require a physical touching or oral communication, although it may include these types of contacts.

40.03 DISORDERLY CONDUCT. No person shall do any of the following:

1. Fighting. Engage in fighting or violent behavior in any public place or in or near any lawful assembly of persons, provided that participants in athletic contests may engage in such conduct which is reasonably related to that sport.

(Code of Iowa, Sec. 723.4 [1])

2. Noise. Make loud and raucous noise in the vicinity of any residence or public building which causes unreasonable distress to the occupants thereof.

(Code of Iowa, Sec. 723.4 [2])

3. Abusive Language. Direct abusive epithets or make any threatening gesture which the person knows or reasonably should know is likely to provoke a violent reaction by another.

(Code of Iowa, Sec. 723.4 [3])

4. Disrupt Lawful Assembly. Without lawful authority or color of authority, disturb any lawful assembly or meeting of persons by conduct intended to disrupt the meeting or assembly.

(Code of Iowa, Sec. 723.4 [4])

5. False Report of Catastrophe. By words or action, initiate or circulate a report or warning of fire, epidemic, or other catastrophe, knowing such report to be false or such warning to be baseless.

(Code of Iowa, Sec. 723.4 [5])

6. Disrespect of Flag. Knowingly and publicly use the flag of the United States in such a manner as to show disrespect for the flag as a symbol of the United States, with the intent or reasonable expectation that such use will provoke or encourage another to commit a public offense.

(Code of Iowa, Sec. 723.4 [6])

7. Obstruct Use of Street. Without authority or justification, obstruct any street, sidewalk, highway, or other public way, with the intent to prevent or hinder its lawful use by others.

(Code of Iowa, Sec. 723.4 [7])

40.04 UNLAWFUL ASSEMBLY. It is unlawful for three (3) or more persons to assemble together, with them or any of them acting in a violent manner, and with intent that they or any of them will commit a public offense. No person shall willingly join in or remain part of an unlawful assembly, knowing or having reasonable grounds to believe it is such.

(Code of Iowa, Sec. 723.2)

40.05 FAILURE TO DISPERSE. A peace officer may order the participants in a riot or unlawful assembly or persons in the immediate vicinity of a riot or unlawful assembly to disperse. No person within hearing distance of such command shall refuse to obey.

(Code of Iowa, Sec. 723.3)

40.06 STALKING. (See Section 40.02 Harassment)

41.05 Interference with Official Acts	41.11 Urinating and Defecating
41.06 Abandoned or Unattended Refrigerators	41.12 Fireworks

41.01 DISTRIBUTING DANGEROUS SUBSTANCES. No person shall distribute samples of any drugs or medicine, or any corrosive, caustic, poisonous or other injurious substance unless the person delivers such into the hands of a competent person, or otherwise takes reasonable precautions that the substance will not be taken by children or animals from the place where the substance is deposited.

(Code of Iowa, Sec. 727.1)

41.02 FALSE REPORTS TO OR COMMUNICATIONS WITH PUBLIC SAFETY ENTITIES. No person shall do any of the following:

(Code of Iowa, Sec. 718.6)

1. Report or cause to be reported false information to a fire department, a law enforcement authority, or other public safety entity knowing that the information is false, or report the alleged occurrence of a criminal act knowing the act did not occur.
2. Telephone an emergency 911 communications center knowing that he or she is not reporting an emergency or otherwise needing emergency information or assistance.
3. Knowingly provide false information to a law enforcement officer who enters the information on a citation.

41.03 REFUSING TO ASSIST OFFICER. Any person who is requested or ordered by any magistrate or peace officer to render the magistrate or officer assistance in making or attempting to make an arrest, or to prevent the commission of any criminal act, shall render assistance as required. No person shall unreasonably and without lawful cause, refuse or neglect to render assistance when so requested.

(Code of Iowa, Sec. 719.2)

41.04 HARASSMENT OF PUBLIC OFFICERS AND EMPLOYEES.

No person shall willfully prevent or attempt to prevent any public officer or employee from performing the officer's or employee's duty.

(Code of Iowa, Sec. 718.4)

41.05 INTERFERENCE WITH OFFICIAL ACTS. No person shall knowingly resist or obstruct anyone known by the person to be a peace officer, emergency medical care provider or fire fighter, whether paid or volunteer, in the performance of any act which is within the scope of the lawful duty or authority of that officer, emergency medical care provider or fire fighter, or shall knowingly resist or obstruct the service or execution by any authorized person of any civil or criminal process or order of any court. The terms "resist" and "obstruct" as used in this section do not include verbal harassment unless the verbal harassment is accompanied by a present ability and apparent intention to execute a verbal threat physically.

(Code of Iowa, Sec. 719.1)

41.06 ABANDONED OR UNATTENDED REFRIGERATORS. No person shall abandon or otherwise leave unattended any refrigerator, ice box, or similar container, with doors that may become locked, outside of buildings and accessible to children, nor shall any person allow any such refrigerator, ice box, or similar container, to remain outside of buildings on premises in the person's possession or control, abandoned or unattended and so accessible to children.

(Code of Iowa, Sec. 727.3)

41.07 ANTENNA AND RADIO WIRES. It is unlawful for a person to allow antenna wires, antenna supports, radio wires or television wires to exist over any street, alley, highway, sidewalk, public way, public ground or public building without written consent of the Council.

(Code of Iowa, Sec. 364.12 [2])

41.08 BARBED WIRE AND ELECTRIC FENCES. It is unlawful for a person to use barbed wire or electric fences to enclose land within the City limits without the written consent of the Council unless such land consists of five (5) acres or more and is used as agricultural land.

41.09 DISCHARGING WEAPONS.

1. It is unlawful for a person to discharge rifles, shotguns, revolvers, pistols, guns or other firearms of any kind within the City limits except by written consent of the Council.
2. No person shall intentionally discharge a firearm in a reckless manner.

41.10 THROWING AND SHOOTING. It is unlawful for a person to throw stones, bricks or missiles of any kind or to shoot arrows, rubber guns, slingshots, air rifles, BB guns or other dangerous instruments or toys on or into any street, alley, highway, sidewalk, public way, public ground or public building, without written consent of the Council.

(Code of Iowa, Sec. 364.12 [2])

41.11 URINATING AND DEFECATING. It is unlawful for any person to urinate or defecate onto any sidewalk, street, alley, or other public way, or onto any public or private building, including but not limited to the wall, floor, hallway, steps, stairway, doorway or window thereof, or onto any public or private land.

41.12 FIREWORKS. The sale, use or exploding of fireworks within the City are subject to the following:

1. Definition. The term “fireworks” includes any explosive composition, or combination of explosive substances, or articles prepared for the purpose of producing a visible or audible effect by combustion, explosion, deflagration or detonation, and specifically includes blank cartridges, firecrackers, torpedoes, skyrockets, roman candles, or other fireworks of like construction and any fireworks containing any explosive or flammable compound, or other device containing any explosive substance.

(Code of Iowa, Sec. 727.2)

2. Regulations. It is unlawful for any person to offer for sale, expose for sale, sell at retail, or use or explode any fireworks; provided the City may, upon application in writing, grant a permit for the display of fireworks by a City agency, fair associations, amusement parks and other organizations or groups of individuals approved by City authorities when such fireworks display will be handled by a competent operator. No permit shall be granted hereunder unless the operator or sponsoring organization has filed with the City evidence of insurance in the following amounts:

- A. Personal Injury: - \$250,000.00 per person.
- B. Property Damage: - \$50,000.00.
- C. Total Exposure: - \$1,000,000.

(Code of Iowa, Sec. 727.2)

3. Exceptions. This section does not prohibit the sale by a resident, dealer, manufacturer or jobber of such fireworks as are not prohibited; or the sale of any kind of fireworks if they are to be shipped out of State; or

the sale or use of blank cartridges for a show or theatre, or for signal purposes in athletic sports or by railroads or trucks for signal purposes, or by a recognized military organization. This section does not apply to any substance or composition prepared and sold for medicinal or fumigation purposes.

(Code of Iowa, Sec. 727.2)

CHAPTER 42

PUBLIC AND PRIVATE PROPERTY

42.01 Trespassing

42.02 Criminal Mischief

42.03 Defacing Proclamations or Notices

42.04 Unauthorized Entry

42.05 Fraud

42.06 Theft

42.01 TRESPASSING. It is unlawful for a person to knowingly trespass upon the property of another. As used in this section, the term “property” includes any land, dwelling, building, conveyance, vehicle or other temporary or permanent structure whether publicly or privately owned. The term “trespass” means one or more of the following acts:

(Code of Iowa Sec. 716.7 and 716.8)

1. Entering Property Without Permission. Entering upon or in property without the express permission of the owner, lessee, or person in lawful possession with the intent to commit a public offense or to use, remove therefrom, alter, damage, harass, or place thereon or therein anything animate or inanimate.

(Code of Iowa, Sec. 716.7 [2a])

2. Entering or Remaining on Property. Entering or remaining upon or in property without justification after being notified or requested to abstain from entering or to remove or vacate therefrom by the owner, lessee, or person in lawful possession, or by any peace officer, magistrate, or public employee whose duty it is to supervise the use or maintenance of the property.

(Code of Iowa, Sec. 716.7 [2b])

3. Interfering with Lawful Use of Property. Entering upon or in private property for the purpose or with the effect of unduly interfering with the lawful use of the property by others.

(Code of Iowa, Sec. 716.7 [2c])

4. Using Property Without Permission. Being upon or in property and wrongfully using, removing therefrom, altering, damaging, harassing, or placing thereon or therein anything animate or inanimate, without the implied or actual permission of the owner, lessee, or person in lawful possession.

(Code of Iowa, Sec. 716.7 [2d])

None of the above shall be construed to prohibit entering upon the property of another for the sole purpose of retrieving personal property which has

accidentally or inadvertently been thrown, fallen, strayed, or blown onto the property of another, provided that the person retrieving the property takes the most direct and accessible route to and from the property to be retrieved, quits the property as quickly as is possible, and does not unduly interfere with the lawful use of the property.

(Code of Iowa, Sec. 716.7(3))

42.02 CRIMINAL MISCHIEF. It is unlawful, for any person who has no right to do so, to intentionally damage, deface, alter or destroy property.

(Code of Iowa, Sec. 716.1)

42.03 DEFACING PROCLAMATIONS OR NOTICES. It is unlawful for a person intentionally to deface, obliterate, tear down, or destroy in whole or in part, any transcript or extract from or of any law of the United States or the State, or any proclamation, advertisement or notification, set up at any place within the City by authority of the law or by order of any court, during the time for which the same is to remain set up.

(Code of Iowa, Sec. 716.1)

42.04 UNAUTHORIZED ENTRY. No unauthorized person shall enter or remain in or upon any public building, premises or grounds in violation of any notice posted thereon or when said building, premises or grounds are closed and not open to the public. When open to the public, a failure to pay any required admission fee also constitutes an unauthorized entry.

42.05 FRAUD. It is unlawful for any person to commit a fraudulent practice as defined in Section 714.8 of the Code of Iowa.

(Code of Iowa, Sec. 714.8)

42.06 THEFT. It is unlawful for any person to commit theft as defined in Section 714.1 of the Code of Iowa.

(Code of Iowa, Sec. 714.1)

ALCOHOL CONSUMPTION AND INTOXICATION

45.01 Persons Under Legal Age

45.03 Open Containers in Motor Vehicles

45.02 Public Consumption or Intoxication

45.01 PERSONS UNDER LEGAL AGE. As used in this section, “legal age” means twenty-one (21) years of age or more.

1. A person or persons under legal age shall not purchase or attempt to purchase or individually or jointly have alcoholic liquor, wine or beer in their possession or control; except in the case of liquor, wine or beer given or dispensed to a person under legal age within a private home and with the knowledge, presence and consent of the parent or guardian, for beverage or medicinal purposes or as administered to the person by either a physician or dentist for medicinal purposes and except to the extent that a person under legal age may handle alcoholic beverages, wine, and beer during the regular course of the person’s employment by a liquor control licensee, or wine or beer permittee under State laws.

(Code of Iowa, Sec. 123.47[2])

2. A person under legal age shall not misrepresent the person’s age for the purpose of purchasing or attempting to purchase any alcoholic beverage, wine or beer from any licensee or permittee.

(Code of Iowa, Sec. 123.49[3])

45.02 PUBLIC CONSUMPTION OR INTOXICATION.

1. As used in this section unless the context otherwise requires:

A. “Arrest” means the same as defined in Section 804.5 of the Code of Iowa and includes taking into custody pursuant to Section 232.19 of the Code of Iowa.

B. “Chemical test” means a test of a person’s blood, breath, or urine to determine the percentage of alcohol present by a qualified person using devices and methods approved by the Commissioner of Public Safety.

C. “Peace Officer” means the same as defined in Section 801.4 of the Code of Iowa.

D. “School” means a public or private school or that portion of a public or private school which provides teaching for any grade from kindergarten through grade twelve.

2. A person shall not use or consume alcoholic liquor, wine or beer upon the public streets or highways. A person shall not use or consume alcoholic liquor in any public place, except premises covered by a liquor control license. A person shall not possess or consume alcoholic liquors, wine or beer on public school property or while attending any public or private school-related function. A person shall not be intoxicated or simulate intoxication in a public place.

3. When a peace officer arrests a person on a charge of public intoxication under this section, the peace officer shall inform the person that the person may have a chemical test administered at the person's own expense. If a device approved by the Commissioner of Public Safety for testing a sample of a person's breath to determine the person's blood alcohol concentration is available, that is the only test that need be offered the person arrested. In a prosecution for public intoxication, evidence of the results of a chemical test performed under this subsection is admissible upon proof of a proper foundation. The percentage of alcohol present in a person's blood, breath, or urine established by the results of a chemical test performed within two hours after the person's arrest on a charge of public intoxication is presumed to be the percentage of alcohol present at the time of arrest.

CHAPTER 46

MINORS

46.01 Curfew

46.02 Cigarettes and Tobacco

46.03 Contributing to Delinquency

46.04 Minors in Billiard Rooms

46.01 CURFEW. The Council has determined that a curfew for minors is necessary to promote the public health, safety, morals and general welfare of the City and specifically to reinforce the primary authority and responsibility of adults responsible for minors; to protect the public from the illegal acts of minors committed after the curfew hour; and to protect minors from improper influences and criminal activity that prevail in public places after the curfew hour.

1. Definitions. For use in this section, the following terms are defined:

A. “Emergency errand” means, but is not limited to, an errand relating to a fire, a natural disaster, an automobile accident or any other situation requiring immediate action to prevent serious illness, bodily injury or loss of life.

B. “Knowingly” means knowledge which a responsible adult should reasonably be expected to have concerning the whereabouts of a minor in that responsible adult’s custody. It is intended to continue to hold the neglectful or careless adult responsible for a minor to a reasonable standard of adult responsibility through an objective test. It is therefore no defense that an adult responsible for a minor was completely indifferent to the activities or conduct or whereabouts of the minor.

C. “Minor” means any unemancipated person under the age of eighteen (18) years.

D. “Nonsecured custody” means custody in an unlocked multipurpose area, such as a lobby, office or interrogation room which is not designed, set aside or used as a secure detention area, and the person arrested is not physically secured during the period of custody in the area; the person is physically accompanied by a law enforcement officer or a person employed by the facility where the person arrested is being held; and the use of the area is limited to providing nonsecured custody only while awaiting transfer to an appropriate juvenile facility or to court, for

contacting of and release to the person's parents or other responsible adult or for other administrative purposes; but not for longer than six (6) hours without the oral or written order of a judge or magistrate authorizing the detention. A judge shall not extend the period of time in excess of six hours beyond the initial six-hour period.

E. "Public place" includes stores, parking lots, parks, playgrounds, streets, alleys and sidewalks dedicated to public use; and also includes such parts of buildings and other premises whether publicly or privately owned which are used by the general public or to which the general public is invited commercially for a fee or otherwise; or in or on which the general public is permitted without specific invitation; or to which the general public has access. For purposes of this section, a vehicle or other conveyance is considered to be a public place when in the areas defined above.

F. "Responsible adult" means a parent, guardian or other adult specifically authorized by law or authorized by a parent or guardian to have custody or control of a minor.

2. Curfew Established. It is unlawful for any minor to be or remain upon any of the alleys, streets or public places or to be in places of business and amusement in the City between the hours of twelve o'clock (12:00) midnight and five o'clock (5:00) p.m. of any day.

3. Exceptions. The following are exceptions to the curfew:

A. The minor is accompanied by a responsible adult.

B. The minor is on the sidewalk or property where the minor resides or on either side of the place where the minor resides and the adult responsible for the minor has given permission for the minor to be there.

C. The minor is present at or is traveling between home and one of the following:

(1) Minor's place of employment in a business, trade or occupation in which the minor is permitted by law to be engaged or, if traveling, after the end or before the beginning of work;

(2) Minor's place of religious activity or, if traveling, after the end or before the beginning of the religious activity;

- (3) Governmental or political activity or, if traveling, after the end or before the beginning of the activity;
 - (4) School activity or, if traveling, after the end or before the beginning of the activity;
 - (5) Assembly such as a march, protest, demonstration, sit-in or meeting of an association for the advancement of economic, political, religious or cultural matters, or for any other activity protected by the First Amendment of the U.S. Constitution guarantees of free exercise of religion, freedom of speech, freedom of assembly or, if traveling, after the end or before the beginning of the activity.
 - D. The minor is on an emergency errand for a responsible adult;
 - E. The minor is engaged in interstate travel through the City beginning, ending or passing through the City when such travel is by direct route.
4. Responsibility of Adults. It is unlawful for any responsible adult knowingly to permit or to allow a minor to be in any public place in the City within the time periods prohibited by this section unless the minor's presence falls within one of the above exceptions.
5. Enforcement Procedures.
- A. Determination of Age. In determining the age of the juvenile and in the absence of convincing evidence such as a birth certificate or driver's license, a law enforcement officer on the street shall, in the first instance, use his or her best judgment in determining age.
 - B. Grounds for Arrest; Conditions of Custody. Grounds for arrest are that the person refuses to sign the citation without qualification; persists in violating the ordinance; refuses to provide proper identification or to identify himself or herself; or constitutes an immediate threat to the person's own safety or to the safety of the public. A law enforcement officer who arrests a minor for a curfew violation may keep the minor in custody either in a shelter care facility or in any non-secured setting. The officer shall not place bodily restraints, such as handcuffs, on the minor unless the minor physically resists or threatens physical violence when being taken into custody. A minor shall not be placed in detention following a curfew violation.

C. Notification of Responsible Adult. After a minor is taken into custody, the law enforcement officer shall notify the adult responsible for the minor as soon as possible. The minor shall be released to the adult responsible for the minor upon the promise of such person to produce the child in court at such time as the court may direct.

D. Minor Without Adult Supervision. If a law enforcement officer determines that a minor does not have adult supervision because the law enforcement officer cannot locate the minor's parent, guardian or other person legally responsible for the care of the minor, within a reasonable time, the law enforcement officer shall attempt to place the minor with an adult relative of the minor, an adult person who cares for the child or another adult person who is known to the child.

6. Penalties.

A. Responsible Adult's First Violation. In the case of a first violation by a minor, the law enforcement officer shall, by certified mail or personal delivery, send to the adult responsible for the minor, written notice of the violation with a warning that any subsequent violation will result in full enforcement of the curfew ordinance against both the responsible adult and minor, with applicable penalties.

B. Responsible Adult's Second Violation. Any responsible adult as defined in this section who, following receipt of a warning, knowingly allows the minor to violate any of the provisions of this section is guilty of a municipal infraction.

C. Minor's First Violation. In the case of a first violation by a minor, the law enforcement officer shall give the minor a written warning, which states that any subsequent violation will result in full enforcement of the curfew ordinance against the responsible adult and the minor, with applicable penalties, or, at the law enforcement officer's discretion, may issue the minor a citation for a first violation.

D. Minor's Second Violation. For the minor's second and subsequent violations of any of the provisions of this section, the minor is guilty of a municipal infraction.

46.02 CIGARETTES AND TOBACCO. It is unlawful for any person under eighteen (18) years of age to smoke, use, possess, purchase or attempt to purchase any tobacco, tobacco products or cigarettes. Possession of cigarettes or tobacco products by a person under eighteen years of age shall not constitute a violation of this section if said person possesses the cigarettes or tobacco products as part of the person's employment and said person is employed by a person who holds a valid permit under Chapter 453A of the Code of Iowa and lawfully offers for sale or sells cigarettes or tobacco products.

(Code of Iowa, Sec. 453A.2)

46.03 CONTRIBUTING TO DELINQUENCY. It is unlawful for any person to encourage any child under eighteen (18) years of age to commit any act of delinquency.

(Code of Iowa, Sec. 709A.1)

46.04 MINORS IN BILLIARD ROOMS. It is unlawful for any person who keeps a billiard hall where beer, liquor or wine is sold, or the agent, clerk or employee of any such person, or any person having charge or control of any such hall, to permit any minor to remain in such hall or to take part in any of the games known as billiards or pool.

47.11 Birds and Animals	

47.01 APPLICABILITY. The rules and regulations set out in this chapter apply to all parks, City recreational areas and facilities.

47.02 DEFINITIONS. The following words and phrases are defined for use in this chapter.

1. “Alcoholic beverage” means, but is not limited to, alcohol spirits and wine, each as defined in Chapter 123 of the Code of Iowa. It does not include beer as therein defined.
2. “Amplified music” means music projected and transmitted by electronic equipment including amplifiers, the total output of which amplifiers, including the sum wattage output of each channel, exceeds twenty-five (25) watts.
3. “Amplified speech” means speech projected and transmitted by electronic equipment, including amplifiers, the total output of which, including the sum of the wattage output of each channel, exceed twenty-five (25) watts.
4. “Board” means the Parks and Recreation Board.
5. “Controlled substance” means a drug, substance or immediate precursor as defined in Chapter 124 of the Code of Iowa.
6. “Director” means the head of Parks and Recreation or a designated representative.
7. “Motor vehicle” means every vehicle which is self propelled.
8. “Parks” includes all recreational areas and facilities, parks and park facilities owned or operated by the City.

9. “Permit” means a permit for exclusive use of parks or portions thereof or buildings or portions thereof as provided for and defined in this chapter.

10. “Vehicle” means every device in, upon or by which any person or property is or may be transported or drawn upon a highway.

47.03 COMPLIANCE REQUIRED. No person shall enter, be in or remain in any park or park facility unless said person complies with all of the regulations set forth in this chapter, applicable to such park or facility.

47.04 EXCLUSIVE USE OF PARKS. Regular park hours are six o’clock (6:00) a.m. to eleven o’clock (11:00) p.m. Parks and park facilities may be made available for extended hours or for the exclusive use of persons and groups, subject to the issuance of a permit by the Director. Any person applying for a park permit hereunder shall file an application for such permit with the Director either in writing, in person or by telephone. Applications for exclusive use of any park facilities must be signed or co-signed by an adult, who shall agree to be responsible for said exclusive use. No exclusive use or extended hours permit will be granted if, prior to the time the application was filed, the City has scheduled a City-sponsored event at the same time and place as the activity proposed in the application.

47.05 LIABILITY. Any person, firm, corporation, organization or group shall be liable to the City for any and all damages to parks, facilities and buildings owned by the City which result from the activity of the permittee or is caused by any participant in said activity.

47.06 TRAFFIC. The following traffic regulations apply:

1. Vehicles. In parks where motor vehicle traffic is permitted, all motor vehicles shall be driven on the graveled or hard surfaced portions of the roads.
2. Horses. Horses or ponies are not allowed in parks except on gravel or hard surfaced roads used for motor vehicle traffic.
3. Parking. No person shall park any motor vehicle in any park except upon areas designated for such use.

47.07 AMPLIFIED SOUND. The use of any system for amplifying sounds, as herein defined, whether for speech or music, or otherwise, is prohibited in any park unless a permit is first obtained.

47.08 LITTER. No person shall leave in any park any garbage, trash, cans, bottles, papers or other refuse other than in the receptacles provided therefor.

47.09 INTERFERENCE. No person within any park or building shall use or attempt to use or interfere with the use of any table, space or facility or building which at the time is reserved for any other person or group which has received a permit from the Director therefor. Unless the actual use of tables, space, area, building or facility referred to in any such permit is commenced within one hour after the period covered by such permit begins, such permit shall thereupon be void and all rights under such permit shall be canceled.

47.10 REMOVING PLANTS. No person other than a duly authorized City employee in the performance of duties or persons participating in City-sponsored activities shall dig, remove, destroy, disfigure, injure, mutilate or cut any tree, plant, shrub, bloom or flower or any portion thereof in any park.

47.11 BIRDS AND ANIMALS. No person in a park shall hunt, trap, shoot or throw missiles at any animal, reptile or bird, nor shall anyone remove or have in his or her possession the young of any wild animal or the eggs or nest or young of any reptile or bird.

47.12 REMOVAL OF TURF OR SOIL. No person other than a duly authorized City employee in the performance of duties shall remove any wood, turf, grass, soil, rock, sand or gravel from any park or make any excavation by any tool, equipment, blasting or any other means.

47.13 PROHIBITED ACTIONS. No person other than a duly authorized City employee in the performance of duties shall:

1. Damage Equipment. Cut, break, injure, deface, disfigure or disturb any rock, building, bridge, cage, pen, monuments, fireplace, sign, fence, bench, railing, structure, apparatus, equipment or property in a park.
2. Mark. Mark or place thereon any mark, writing or printing.
3. Post Bills. Attach thereto any sign, card, display or other similar device, except as authorized by permit.
4. Wires. Erect or maintain any overhead wires through any park, without prior written permission.
5. Construct Building. Construct or erect any building or structure of whatever kind, whether permanent or temporary in character, or run or string any public service utility into, upon or across such lands, except on written permit issued.

47.14 FIRES. No person shall light or maintain any fire in any park unless such fire is maintained only in a stove or fire circle or other place provided

therefor, and such fire shall be extinguished when the site is vacated unless it is immediately used by some other party.

47.15 SOLICITATION. No person shall solicit in any manner or for any purpose or sell or offer for sale any goods, wares, merchandise in any park, except as authorized by permit.

47.16 SANITATION AND HEALTH. No person in a park shall:

1. Pollute Waters. Throw, discharge or otherwise place or cause to be placed in the waters of any fountain, pond, lake, stream, storm sewer or drain flowing into such waters, any substance, matter or thing, liquid or solid, which will or may result in the pollution of such waters.
2. Deposit Garbage or Refuse. Have brought in or dump, deposit or leave any bottles, broken glass, ashes, paper, boxes, cans, refuse or trash or place any of the same in any water in or contiguous to any park or leave the same anywhere on the grounds thereof except in the proper receptacles where they are provided. Where receptacles are not so provided, all such rubbish or waste shall be carried away from the park by the person responsible for its presence and properly disposed of elsewhere.

47.17 ALCOHOL AND CONTROLLED SUBSTANCES. No person shall bring alcoholic beverages and/or controlled substances into a park, consume or be under the influence of any alcoholic beverages and/or controlled substances at any time in any park.

47.18 OFFENSIVE ACTIONS. No person shall sleep on the seats or benches or engage in loud, boisterous, threatening, abusive, insulting or indecent language or engage in any disorderly conduct or behavior tending to breach the public peace.

47.19 PRIVATELY OWNED ANIMALS. No privately owned animal shall be allowed to run at large in any park. Every such animal shall be deemed as running at large unless the owner or the person having custody of said animal carries it or leads it by a leash or chain not exceeding ten (10) feet in length or keeps it confined in or attached to a vehicle. The owner or person having the custody of said animal shall be responsible for any damage caused in any event by such animal, even if on a leash.

47.20 CLOSING SECTIONS OF PARK. Any section or parts of any park may be declared closed to the public by the Director at any time and for any interval of time, either temporarily or at regular and stated intervals (daily or

otherwise) and either entirely or merely to certain uses, as the Director shall find reasonably necessary.

47.21 CAMPING. No person shall camp in any park unless first authorized in writing by the Director and then only in the prescribed or designated areas.

CHAPTER 48

DRUG PARAPHERNALIA

48.01 Purpose

48.02 Controlled Substance Defined

48.03 Drug Paraphernalia Defined

48.04 Determining Factors

48.05 Possession of Drug Paraphernalia

48.06 Manufacture, Delivery or Offering For Sale

48.01 PURPOSE. The purpose of this chapter is to prohibit the use, possession with intent to use, manufacture and delivery of drug paraphernalia as defined herein.

48.02 CONTROLLED SUBSTANCE DEFINED. The term “controlled substance” as used in this chapter is defined as the term “controlled substance” is defined in the Uniform Controlled Substance Act, Chapter 124 of the Code of Iowa, as it now exists or is hereafter amended.

48.03 DRUG PARAPHERNALIA DEFINED. The term “drug paraphernalia” as used in this chapter means all equipment, products and materials of any kind which are used, intended for use, or designed for use, in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, concealing, containing, injecting, ingesting, inhaling, or otherwise introducing into the human body a controlled substance in violation of the Uniform Controlled Substances Act, Chapter 124 of the Code of Iowa. It includes, but is not limited to:

1. Growing Kits. Kits used, intended for use, or designed for use in planting, propagating, cultivating, growing or harvesting of any species of plant which is a controlled substance or from which a controlled substance can be derived.
2. Processing Kits. Kits used, intended for use, or designed for use in manufacturing, compounding, converting, producing, processing, or preparing controlled substances.
3. Isomerization Devices. Isomerization devices used, intended for use, or designed for use in increasing the potency of any species of plant which is a controlled substance.
4. Testing Equipment. Testing equipment used, intended for use, or designed for use in identifying or in analyzing the strength, effectiveness or purity of controlled substances.

5. Scales. Scales and balances used, intended for use, or designed for use in weighing or measuring controlled substances.
6. Diluents. Diluents and adulterants, such as quinine hydrochloride, mannitol, mannite, dextrose or lactose, used, intended for use, or designed for use in cutting controlled substances.
7. Separators - Sifters. Separation gins and sifters used, intended for use, or designed for use in removing twigs and seeds from, or in otherwise cleaning or refining marijuana.
8. Mixing Devices. Blenders, bowls, containers, spoons and mixing devices used, intended for use, or designed for use in compounding controlled substances.
9. Containers. Capsules, balloons, envelopes and other containers used, intended for use, or designed for use in packaging small quantities of controlled substances.
10. Storage Containers. Containers and other objects used, intended for use, or designed for use in storing or concealing controlled substances.
11. Injecting Devices. Hypodermic syringes, needles and other objects used, intended for use, or designed for use in parenterally injecting controlled substances into the human body.
12. Ingesting-Inhaling Device. Objects used, intended for use, or designed for use in ingesting, inhaling, or otherwise introducing heroin, marijuana, cocaine, hashish, or hashish oil into the human body, such as:
 - A. Metal, wooden, acrylic, glass, stone, plastic, or ceramic pipes with or without screens, permanent screens, hashish heads, or punctured metal bowls;
 - B. Water pipes;
 - C. Carburetion tubes and devices;
 - D. Smoking and carburetion masks;
 - E. Roach clips, meaning objects used to hold burning materials, such as a marijuana cigarette that has become too small or too short to be held in the hand;
 - F. Miniature cocaine spoons and cocaine vials;
 - G. Chamber pipes;
 - H. Carburetor pipes;
 - I. Electric pipes;

- J. Air driven pipes;
- K. Chillums;
- L. Bongs;
- M. Ice pipes or chillers.

48.04 DETERMINING FACTORS. In determining whether an object is drug paraphernalia for the purpose of enforcing this chapter, the following factors should be considered in addition to all other logically relevant factors:

1. Statements. Statements by an owner or by anyone in control of the object concerning its use.
2. Prior Convictions. Prior convictions, if any, of an owner, or of anyone in control of the object under any State or federal law relating to any controlled substance.
3. Proximity To Violation. The proximity of the object, in time and space, to a direct violation of the Uniform Controlled Substance Act, Chapter 124 of the Code of Iowa.
4. Proximity To Substances. The proximity of the object to controlled substances.
5. Residue. The existence of any residue of controlled substances on the object.
6. Evidence of Intent. Direct or circumstantial evidence of the intent of an owner or of anyone in control of the object, to deliver it to persons whom he or she knows, or should reasonably know, intend to use the object to facilitate a violation of the Uniform Controlled Substances Act, Chapter 124 of the Code of Iowa.
7. Innocence of an Owner. The innocence of an owner, or of anyone in control of the object, as to a direct violation of the Uniform Controlled Substances Act, Chapter 124 of the Code of Iowa, should not prevent a finding that the object is intended for use, or designed for use as drug paraphernalia.
8. Instructions. Instructions, oral or written, provided with the object concerning its use.
9. Descriptive Materials. Descriptive materials accompanying the object which explain or depict its use.
10. Advertising. National and local advertising concerning its use.
11. Displayed. The manner in which the object is displayed for sale.

12. Licensed Distributor or Dealer. Whether the owner, or anyone in control of the object, is a legitimate supplier of like or related items to the community, such as a licensed distributor or dealer of tobacco products.
13. Sales Ratios. Direct or circumstantial evidence of the ratio of sales of the object(s) to the total sales of the business enterprise.
14. Legitimate Uses. The existence and scope of legitimate uses for the object in the community.
15. Expert Testimony. Expert testimony concerning its use.

48.05 POSSESSION OF DRUG PARAPHERNALIA. It is unlawful for any person to use, or to possess with intent to use, drug paraphernalia to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale, or otherwise introduce into the human body a controlled substance in violation of the Uniform Controlled Substance Act, Chapter 124 of the Code of Iowa.

48.06 MANUFACTURE, DELIVERY OR OFFERING FOR SALE. It is unlawful for any person to deliver, possess with intent to deliver, manufacture with intent to deliver, or offer for sale drug paraphernalia, intending that the drug paraphernalia will be used, or knowing, or under circumstances where one reasonably should know that it will be used, or knowing that it is designed for use to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale, or otherwise introduce into the human body a controlled substance in violation of the Uniform Controlled Substances Act, Chapter 124 of the Code of Iowa.

50.01 DEFINITION OF NUISANCE. Whatever is injurious to health, indecent, or unreasonably offensive to the senses, or an obstruction to the free use of property so as essentially to interfere unreasonably with the comfortable enjoyment of life or property is a nuisance.

(Code of Iowa, Sec. 657.1)

50.02 NUISANCES ENUMERATED. The following subsections include, but do not limit, the conditions which are deemed to be nuisances in the City:

(Code of Iowa, Sec. 657.2)

1. **Offensive Smells.** Erecting, continuing or using any building or other place for the exercise of any trade, employment or manufacture, which, by occasioning noxious exhalations, unreasonably offensive smells, or other annoyances, becomes injurious and dangerous to the health, comfort or property of individuals or the public.
2. **Filth or Noisome Substance.** Causing or suffering any offal, filth or noisome substance to be collected or to remain in any place to the prejudice of others.
3. **Impeding Passage of Navigable River.** Obstructing or impeding without legal authority the passage of any navigable river, harbor or collection of water.
4. **Water Pollution.** Corrupting or rendering unwholesome or impure the water of any river, stream or pond, or unlawfully diverting the same from its natural course or state, to the injury or prejudice of others.
5. **Blocking Public and Private Ways.** Obstructing or encumbering, by fences, buildings or otherwise, the public roads, private ways, streets, alleys, commons, landing places or burying grounds.
6. **Billboards.** Billboards, signboards and advertising signs, whether erected and constructed on public or private property, which so obstruct

and impair the view of any portion or part of a public street, avenue, highway, boulevard or alley or of a railroad or street railway track as to render dangerous the use thereof. **(See also Section 62.09)**

7. Storing of Flammable Junk. Depositing or storing of flammable junk, such as old rags, rope, cordage, rubber, bones and paper, by dealers in such articles within the fire limits of the City, unless in a building of fireproof construction. **(See also Chapter 51)**

8. Air Pollution. Emission of dense smoke, noxious fumes or fly ash.

9. Weeds, Grass and Other Dense Growth.

A. Dense growth of all weeds, vines, brush or other vegetation in the City so as to constitute a health, safety or fire hazard;

B. Noxious weeds as defined in the Code of Iowa; and

C. Grass and other similar growth which exceeds twelve (12) inches in height.

Subsections A and C above do not apply to purposefully planted vegetable gardens or purposefully planted flower gardens, so long as they are maintained free of weeds.

10. Dutch Elm Disease. Trees infected with Dutch Elm Disease. **(See also Chapter 151)**

11. Airport Air Space. Any object or structure hereafter erected within one thousand (1,000) feet of the limits of any municipal or regularly established airport or landing place, which may endanger or obstruct aerial navigation including take-off and landing, unless such object or structure constitutes a proper use or enjoyment of the land on which the same is located.

12. Houses of Ill Fame. Houses of ill fame, kept for the purpose of prostitution and lewdness; gambling houses; places resorted to by persons participating in criminal gang activity prohibited by Chapter 723A of the Code of Iowa or places resorted to by persons using controlled substances, as defined in Section 124.101 of the Code of Iowa, in violation of law, or houses where drunkenness, quarreling, fighting or breaches of the peace are carried on or permitted to the disturbance of others.

13. Abandoned Appliances. Any discarded, abandoned, unattended or unused refrigerator, ice box, oven or similar container equipped with an air-tight door or lid, snap lock or other locking device which cannot

be released from the inside, in a location accessible to children, outside any building or dwelling or within an unoccupied or abandoned building or dwelling, or other structure, under the control of any person without the door, lid, snap lock or other locking device removed therefrom. [See also Section 41.06]

50.03 OTHER CONDITIONS. The following chapters of this Code of Ordinances contain regulations prohibiting or restricting other conditions which are deemed to be nuisances:

1. Junk and Junk Vehicles (See Chapter 51)
2. Dangerous Buildings (See Chapter 145)
3. Storage and Disposal of Solid Waste (See Chapter 105)
4. Trees (See Chapter 151)

50.04 NUISANCES PROHIBITED. The creation or maintenance of a nuisance is prohibited, and a nuisance, public or private, may be abated in the manner provided for in this chapter or State law.

(Code of Iowa, Sec. 657.3)

50.05 NUISANCE ABATEMENT. Whenever the Police Chief or other authorized municipal officer finds that a nuisance exists, such officer has the authority to determine on a case-by-case basis whether to utilize the nuisance abatement procedure, the municipal infraction procedure or to issue a citation to the person for violation of this Code of Ordinances.

50.06 NOTICE TO ABATE: CONTENTS. The notice to abate shall contain:

(Code of Iowa, Sec. 364.12[3h])

1. Description of Nuisance. A description of what constitutes the nuisance.
2. Location of Nuisance. The location of the nuisance.
3. Acts Necessary to Abate. A statement of the act or acts necessary to abate the nuisance.
4. Reasonable Time. A reasonable time within which to complete the abatement.
5. Assessment of City Costs. A statement that if the nuisance or condition is not abated as directed, the City will abate it and assess the costs against such person.

50.07 METHOD OF SERVICE. The notice may be in the form of an ordinance or sent by certified mail to the property owner.

(Code of Iowa, Sec. 364.12[3h])

50.08 APPEAL. Any person ordered to abate a nuisance may appeal the officer's decision to the Council. The Council may reverse or affirm the officer's decision and, if a nuisance is found to exist, it shall be ordered abated within a reasonable time under the circumstances.

50.09 ABATEMENT IN EMERGENCY. If it is determined that an emergency exists by reason of the continuing maintenance of the nuisance or condition, the City may perform any action which may be required under this chapter without prior notice. The City shall assess the costs as provided in Section 50.11 after notice to the property owner under the applicable provisions of Sections 50.05, 50.06 and 50.07 and hearing as provided in Section 50.08.

(Code of Iowa, Sec. 364.12[3h])

50.10 ABATEMENT BY CITY. If the person notified to abate a nuisance or condition neglects or fails to abate as directed, the City may perform the required action to abate, keeping an accurate account of the expense incurred. The itemized expense account shall be filed with the Clerk who shall pay such expenses on behalf of the City.

(Code of Iowa, Sec. 364.12[3h])

50.11 COLLECTION OF COSTS. The Clerk shall send a statement of the total expense incurred by certified mail to the property owner who has failed to abide by the notice to abate, and if the amount shown by the statement has not been paid within one (1) month, the Clerk shall certify the costs to the County Treasurer and such costs shall then be collected with, and in the same manner, as general property taxes.

(Code of Iowa, Sec. 364.12[3h])

50.12 INSTALLMENT PAYMENT OF COST OF ABATEMENT. If the amount expended to abate the nuisance or condition exceeds one hundred dollars (\$100.00), the City may permit the assessment to be paid in up to ten (10) annual installments, to be paid in the same manner and with the same interest rates provided for assessments against benefited property under State law.

(Code of Iowa, Sec. 364.13)

50.13 FAILURE TO ABATE. Any person causing or maintaining a nuisance who shall fail or refuse to abate or remove the same within the

reasonable time required and specified in the notice to abate is in violation of this Code of Ordinances.

EDITOR'S NOTE

A suggested form of notice for the abatement of nuisances is included in the appendix of this Code of Ordinances.

Caution is urged in the use of this administrative abatement procedure, particularly where cost of abatement is more than minimal or where there is doubt as to whether or not a nuisance does in fact exist. If compliance is not secured following notice and appeal, we recommend you review the situation with your attorney before proceeding with abatement and assessment of costs. Your attorney may recommend proceedings in court under Chapter 657 of the Code of Iowa rather than this procedure.

CHAPTER 51

JUNK VEHICLES

51.01 Definitions

51.02 Junk Vehicles Prohibited

51.03 Junk Vehicles a Nuisance

51.04 Exceptions

51.05 Enforcement

51.01 DEFINITIONS. For use in this chapter, the following terms are defined:

1. “Junk vehicle” means any vehicle legally placed in storage with the County Treasurer or which has any of the following characteristics:

A. Broken Glass. Any vehicle with a broken or cracked windshield, window, headlight or tail light, or any other cracked or broken glass.

B. Broken, Loose or Missing Part. Any vehicle with a broken, loose or missing fender, door, bumper, hood, steering wheel or trunk lid.

C. Habitat for Nuisance Animals or Insects. Any vehicle which has become the habitat for rats, mice, or snakes, or any other vermin or insects.

D. Inoperable. Any motor vehicle which lacks an engine or two or more wheels or other structural parts, rendering said motor vehicle totally inoperable, or which cannot be moved under its own power or has not been used as an operating vehicle for a period of fifteen (15) days or more.

E. Defective or Obsolete Condition. Any other vehicle which, because of its defective or obsolete condition, in any other way constitutes a threat to the public health and safety.

F. Any vehicle not currently licensed for operation. Mere licensing of such vehicle shall not constitute a defense to the finding that the vehicle is a junk vehicle.

2. “Vehicle” means every device in, upon, or by which a person or property is or may be transported or drawn upon a highway or street, excepting devices moved by human power or used exclusively upon stationary rails or tracks, and includes without limitation a motor vehicle, automobile, truck, motorcycle, tractor, buggy, wagon, farm machinery, or any combination thereof.

51.02 JUNK VEHICLES PROHIBITED. It is unlawful for any person to store, accumulate, or allow to remain on any private property within the corporate limits of the City any junk vehicle for more than fifteen (15) days.

51.03 JUNK VEHICLES A NUISANCE. It is hereby declared that any junk vehicle located upon private property, unless excepted by Section 51.04, constitutes a threat to the health and safety of the citizens and is a nuisance within the meaning of Section 657.1 of the Code of Iowa. If any junk vehicle is kept upon private property in violation hereof, the owner of or person occupying the property upon which it is located shall be prima facie liable for said violation.

(Code of Iowa, Sec. 364.12[3a])

51.04 EXCEPTIONS. The provisions of this chapter shall not apply to any junk vehicle stored within a garage or other enclosed structure so long as the vehicle is not visible to the general public or abutting property owners while being stored therein.

51.05 ENFORCEMENT. The provisions of this chapter shall be enforced as municipal infractions in compliance with and as authorized by Chapter 4 of the Atlantic Code of Ordinances. Review and appeal shall be to the courts of Iowa with no further hearing or review by the City Council or its administrative bodies.

CHAPTER 52

JUNK

52.01 Definitions
52.02 Junk Prohibited

52.03 Junk a Nuisance
52.04 Notice to Abate

52.01 DEFINITIONS. For use in this chapter, junk is defined as follows:

1. “Junk” means all scrap copper, brass, lead, or any other non-ferrous metal; discarded rope, rags, batteries, paper, trash, rubber, debris, waste or used lumber, or salvaged wood; dismantled vehicles, machinery and appliances or parts of such vehicles, machinery or appliances; iron, steel or scrap ferrous materials; discarded glass, tin ware, plastic or discarded household goods or hardware. Neatly stacked firewood located on a side yard or a rear yard is not considered junk.

52.02 JUNK PROHIBITED. It is unlawful for any person to store, accumulate, or allow to remain on any private property within the corporate limits of the City any junk as defined above.

52.03 JUNK A NUISANCE. It is hereby declared that any junk located upon private property, unless accepted above, constitutes a threat to the health and safety of the citizens and is a nuisance within the meaning of Section 657.1 of the Code of Iowa. If any junk is kept upon private property in violation hereof, the owner of or person occupying the property upon which it is located shall be prima facie liable for said violation.

(Code of Iowa, Sec. 364.12[3a])

52.04 NOTICE TO ABATE. Upon discovery of any junk located upon private property in violation of Section 51.03, the City shall within five (5) days initiate abatement procedures as outlined in Chapter 50 of this Code of Ordinances.

55.12 Tethering of Animals	

55.01 DEFINITIONS. The following terms are defined for use in the chapters of this Code of Ordinances pertaining to Animal Protection and Control:

1. “Animal” means a nonhuman vertebrate.
2. “Animal Control Officer” means the person charged with the duty to enforce all sections of this chapter, under the supervision of the Director.
3. “Animal Shelter” means the premises established and maintained by the City and conducted and operated by the Director under the supervision, direction and control of the Council.
4. “At heel” means, with reference to a dog, within ten (10) feet of a person and subject to that person’s strict obedience command.
5. “At large” means off the premises of the animal’s owner unless:
 - A. The animal is on a leash, cord, chain or similar restraint not more than six (6) feet in length and under the control of the person, or
 - B. The animal is within a motor vehicle, or
 - C. The animal is housed within a veterinary hospital, licensed kennel, pet shop or Animal Shelter, or
 - D. The animal is at heel.
6. “Dangerous animal” means any of the following, whether actually vicious or not:
 - A. Lions, tigers, jaguars, leopards, cougars, lynx, ocelots and bobcats;

- B. Black bears, polar bears and grizzly bears;
 - C. Crocodiles and alligators;
 - D. All venomous snakes and venomous lizards;
 - E. All constricting snakes over six (6) feet in length.
7. "Director" means the person employed by the City as the Animal Control Director. The Director shall have all the powers and authority of the Animal Control Officer for purposes of carrying out the duties and functions provided in this chapter.
8. "Dog" means any member of the Canine species, male or female, neutered or unneutered.
9. "Housing" means any location where an animal is normally kept.
10. "In heat" means a female dog during the active state of estrus.
11. "Kennel dogs" means dogs kept or raised solely for the purpose of sale or breeding and kept under constant restraint.
12. "Livestock" means an animal belonging to the bovine, caprine, equine, ovine or porcine species, ostriches, rheas, emus; farm deer as defined in Section 170.1 of the Code of Iowa; or poultry.
(Code of Iowa, Sec. 717.1)
13. "Owner" means any person owning, keeping or harboring any animal or who feeds or otherwise maintains an animal on or about his or her premises for more than three (3) days.
14. "Pet shop" means any business established for the purpose of breeding, buying, selling or boarding of animals, excepting kennels.
15. "Veterinary hospital" means a public establishment regularly maintained and operated by a licensed veterinarian for the diagnosis and treatment of diseased and injured animals.
16. "Vicious animal" means one which inflicts a bite or bites upon and/or attacks human beings or domesticated animals without cause or justification.
17. "Walker" means any person having control over or attempting to have control over a dog when it is off the premises of its owner.

55.02 ANIMAL NEGLECT. It is unlawful for a person who impounds or confines, in any place, an animal, excluding livestock, to fail to supply the animal during confinement with a sufficient quantity of food or water, or to fail to provide a confined dog or cat with adequate shelter, or to torture, deprive of

necessary sustenance, mutilate, beat, or kill such animal by any means which causes unjustified pain, distress or suffering.

(Code of Iowa, Sec. 717B.3)

55.03 LIVESTOCK NEGLECT. It is unlawful for a person who impounds or confines livestock in any place to fail to provide the livestock with care consistent with customary animal husbandry practices or to deprive the livestock of necessary sustenance or to injure or destroy livestock by any means which causes pain or suffering in a manner inconsistent with customary animal husbandry practices.

(Code of Iowa, Sec. 717.2)

55.04 ABANDONMENT OF CATS AND DOGS. A person who has ownership or custody of a cat or dog shall not abandon the cat or dog, except the person may deliver the cat or dog to another person who will accept ownership and custody or the person may deliver the cat or dog to an animal shelter or pound.

(Code of Iowa, Sec. 717B.8)

55.05 LIVESTOCK. It is unlawful for a person to keep livestock within the City except by written consent of the Council or except in compliance with the City's zoning regulations.

55.06 IMPOUNDMENT OF DOGS RUNNING AT LARGE. It is unlawful for a dog to run at large, and any dog running at large shall be apprehended by an Animal Control Officer and impounded at the Animal Shelter established and maintained by the City. Upon the impoundment of any dog, the Animal Shelter employees shall make a registration for such dog, entering the breed type most predominant, the color and sex of the dog and whether it is licensed. If the dog is licensed, the employees shall enter the name and address of the owner and the number of the license tag.

55.07 DAMAGE OR INTERFERENCE. It is unlawful for the owner of an animal to allow or permit such animal to pass upon the premises of another thereby causing damage to, or interference with, the premises.

55.08 ANNOYANCE OR DISTURBANCE. It is unlawful for the owner of a dog to allow or permit such dog to cause serious annoyance or disturbance to any person or persons by frequent and habitual howling, yelping, barking, or otherwise; or, by running after or chasing persons, bicycles, automobiles or other vehicles, and no person shall own, possess or harbor any animal or bird which frequently or for continued duration emits sounds native to the species

which are a noise disturbance. Excepted from the provisions of this section are guide dogs for the blind and deaf.

55.09 VICIOUS DOGS AND DANGEROUS ANIMALS. No person shall own, keep or harbor a vicious dog or dangerous animal within the City. It is the duty of the Animal Control Officer to impound any vicious dog or dangerous animal. In the event the animal cannot be caught by the Animal Control Officer without exposing the officer to danger or personal injury, the animal may be destroyed. Animals kept in the following circumstances are excluded from this requirement:

1. Public zoos; fully accredited educational or medical institutions; City Animal Shelter; public museums where such dangerous animals are kept as live specimens for public viewing; or animals kept for the purpose of instruction or research;
2. Exhibitions to the public by a traveling circus, carnival, exhibit or show;
3. Dangerous animals in a licensed veterinary hospital for treatment;
4. Dangerous animals under the jurisdiction of and in the possession of the Iowa Department of Natural Resources;
5. Animals possessed under authority of a State-issued game breeder's license or scientific collector's license;
6. Dangerous animals maintained by the Federal, State or County government or its designee, pursuant to the enforcement of this chapter.

55.10 SEIZURE OF VICIOUS, ABUSED OR DANGEROUS ANIMALS. Any animal which is suspected of being vicious, abused or dangerous shall be seized by an Animal Control Officer and impounded in the Animal Shelter. Contemporaneously with such seizure, the owner of the animal shall be charged with the appropriate violation of this chapter.

1. If the owner is ultimately found not guilty of violating this chapter, the animal involved shall be returned to the owner, and the owner shall bear no costs of the confinement.
2. If the owner is found or pleads guilty of violating this chapter, the animal shall be returned to the owner, only upon full payment of the confinement expenses. In the case of a vicious dog or dangerous animal, the owner shall also make provision to have the animal removed from the corporate limits of the City, or the animal shall not be released. The Director may destroy any vicious, abused or dangerous animal if appropriate conditions or provisions cannot be met or made to allow

release of said animal, after notice and hearing to the owner or person harboring or maintaining the animal.

3. If after the conclusion of the court case, the owner does not redeem the animal, it will be destroyed as deemed appropriate by the Director.

If an owner refused the Animal Control Officer entry upon property to view an animal suspected of being vicious, abused or dangerous, the officer may request a search warrant from a magistrate. Such request shall detail the reason why the warrant is necessary and why the Animal Control Officer has reason to believe a violation of this chapter exists.

55.11 UNHEALTHFUL OR UNSANITARY CONDITIONS.

1. An owner shall keep all structures, pens, coops or yards wherein animals are confined clean, devoid of vermin and free of odors arising from feces.

2. No owner or walker of any animal shall permit the animal to discharge feces upon any public or private property, other than the property of the owner of the animal. The owner or walker shall be deemed to permit the animal's discharge of feces if the owner does not immediately thereafter take steps to remove and clean up the feces from the property.

3. All feces removed as aforesaid shall be placed in an airtight container and shall be stored in a sanitary manner in an appropriate refuse container until it is removed pursuant to refuse collection procedures or otherwise disposed of in a sanitary manner.

4. An owner may, as an alternative to subsection 3 above, collect the feces and turn it under the surface of the owner's soil in any manner that prevents odor or collection of vermin.

55.12 TETHERING OF ANIMALS. No person shall stake or otherwise tie or fasten an animal in a way that permits the animal to pass onto, over or across any public sidewalk, street or alley or private property other than the owner's.

55.13 QUARANTINE OF ANIMALS. An owner whose animal is suspected of having rabies or other disease communicable to humans, or whose animal has bitten or caused a skin abrasion upon a human, shall place the animal in isolation under quarantine upon the direction of a veterinarian or Animal Control Officer for ten (10) days. In the event the animal has had a current rabies vaccination, the Animal Control Officer may authorize the owner to quarantine the animal at the owner's home. In the event the animal has not

had current rabies vaccination, or in the event it is unknown if the vaccination is current, or for any other reason that a veterinarian or Animal Control Officer so determines, the animal shall be quarantined at the Animal Shelter, or in a licensed veterinary hospital, and all costs of confinement shall be paid by the owner. This section does not apply if a police service dog or a horse used by a law enforcement agency and acting in the performance of its duties has bitten a person.

(Code of Iowa, Sec. 351.39)

55.14 CONFINEMENT OF FEMALE DOGS IN HEAT. The owner of any female dog in heat shall confine said animal inside the house or building on the owner's premises during the heat period. The owner may remove the dog in heat from his or her premises for purposes of breeding and/or exercise, provided the animal is on a leash, cord, chain or similar restraint not more than six (6) feet in length and is under the control of the owner. No female dog in heat shall be allowed at heel.

55.15 BEE KEEPING. It is unlawful for any person to keep or harbor bees unless the same is specifically authorized under the City's Zoning Ordinance as an agricultural or commercial use.

55.16 REMOVING ANIMALS FROM ANIMAL SHELTER. It is unlawful for any person to open any gate, bars, door, fence, partition, shed, coop or any portion of the Animal Shelter with the intent to allow the animals to escape. This section does not apply to any Animal Control Officer who removes an animal for return to an owner after the proper redemption of the animal, or other officials in the performance of their duties.

55.17 ALLOWING ANIMALS TO ESCAPE. No person, except the owner of a dog or the owner's agent, shall open any door or gate of any private premises or otherwise entice or enable any dog to leave any private premises for the purpose of or with the result of setting the dog at large.

55.18 NUMBER OF ANIMALS. No person shall harbor or maintain such number of dogs or cats, or a combination thereof, to create unhealthful or unsanitary conditions for the humans or animals occupying the premises, or create any other conditions constituting a nuisance. If such conditions exist, the Director is authorized to make an investigation and after notice and hearing to the person harboring or maintaining the animals, the Director may order such number of animals be moved from the residence or premises to remedy or correct the unhealthful, unsanitary or other conditions constituting a nuisance. Upon the failure of the person to follow the orders issued by the Director,

appropriate action may be pursued in the courts either to enforce the order of the Director and/or to correct the conditions and/or to abate the nuisance.

55.19 DOGS RUNNING AT LARGE; IMPOUNDMENT; DISPOSITION.

A dog shall be apprehended and impounded by a local board of health or law enforcement official if the dog is running at large and the dog is not wearing a valid rabies vaccination tag or a rabies vaccination certificate is not presented to the local board of health or law enforcement official. The local board of health or law enforcement official shall provide written notice to the owner if the local board of health or law enforcement official can reasonably determine the owner's name and current address by accessing a tag or other device that is on or a part of the dog. The notice shall be sent within two days after the dog has been impounded. The notice shall provide that if the owner does not redeem the dog within seven days from the date that the notice is delivered, the dog may be humanely destroyed or otherwise disposed of in accordance with law. For purposes of this section, notice is delivered when the local board of health or law enforcement official mails the notice which may be by regular mail. An owner may redeem a dog by having it immediately vaccinated and paying the cost of impoundment. If the owner of the impounded dog fails to redeem the dog within seven days from the date of the delivery of the notice to the dog's owner as provided in this section, the dog may be disposed of in accordance with law. If the dog is destroyed, it must be destroyed by euthanasia as defined in Section 162.2 of the Iowa Code. *(Ord. 869 –Jan. 05 Supp.)*

55.20 IMPOUNDMENT FEES. The following boarding and redemption fees apply for every dog claimed and redeemed from the Animal Shelter:

Fee	First Time	Second Time	Third Time
Redemption Fee (Unlicensed Animals)	\$25.00	\$50.00	\$100.00
Redemption Fee (Licensed Animals)	\$25.00	\$50.00	\$100.00
Boarding Fee	\$10.00		

55.21 DISPOSITION OF DISEASED AND INJURED ANIMALS. The Director may have any diseased or injured animal which is found at large euthanized or may have said animal impounded. Impounded animals that contract a contagious disease or diseases, together with other exposed impounded animals, may be euthanized. Every reasonable effort will be made to locate and notify the owner of the animal before euthanizing and the owner's request regarding the disposition of the animal will be honored unless the Director determines it is inhumane to the animal.

55.22 DESTRUCTION OF ANIMALS AT LARGE. It is lawful for an Animal Control Officer, with assistance from the Police Department, to destroy, if necessary, any animal found at large which cannot be captured.

55.23 MANNER OF DESTRUCTION GENERALLY. The Council shall authorize and approve the summary and humane manner and means by which dogs are destroyed as required in this chapter.

56.02 License Fees
56.03 Delinquency
56.04 Exceptions
56.05 Application

56.06 License Tags
56.07 Transfers of Licensed Dogs
56.08 Duplicate Tags
56.09 Display of License

56.01 ANNUAL LICENSE REQUIRED. Every dog which is over six (6) months of age shall be licensed by its owner. The license shall be purchased from the City Animal Shelter on or before January 1 of each calendar year and shall expire on December 31 of the same year. In those cases where, by reason of residence outside the City, age, or ownership, the dog is not subject to licensing on January 1 of any calendar year, the owner is required to purchase a dog license from the City Animal Shelter within thirty (30) days after the dog becomes subject to the terms of this chapter. If the license is not purchased within thirty (30) days, the owner shall pay the same license fee in addition to the delinquency fee set out in Section 56.03.

56.02 LICENSE FEES. The annual license fee shall be as follows:

1. For neutered or spayed dogs.....\$ 5.00
2. For unneutered/unspayed dogs.....\$ 25.00

56.03 DELINQUENCY. In addition to the City license fee, an owner who does not purchase a dog license before April 1 shall pay a delinquent fee of \$10.00 for each dog.

56.04 EXCEPTIONS. Notwithstanding the above, the following owners are not required to purchase a City dog license:

1. Any owner who is a nonresident of the City, temporarily residing within. Temporary residence shall be residence for less than thirty (30) continuous days;
2. Any veterinary hospital or pet shop;
3. Any owner of a kennel dog kept or raised in a kennel and kept under constant restraint;
4. Any owner bringing a dog into the City for the purpose of participation in a dog show;
5. Any owner of a dog less than six months old.

56.05 APPLICATION. At the time of application for a City license, the owner shall furnish to the appropriate agent or employee of the City the following:

1. A certificate showing the animal has been vaccinated against rabies and vaccination has not expired.
2. A brief description of the animal, including name, age and predominant breed.
3. A certificate or statement from a veterinarian stating the animal is neutered or spayed and the date of the neutering or spaying if known.

56.06 LICENSE TAGS. Upon receipt of the application and fee, the Animal Shelter shall deliver to the owner a license in the form of a metal tag stamped with the serial number of the license and the year for which it is issued.

56.07 TRANSFERS OF LICENSED DOGS. When the permanent ownership of a dog is transferred, the new owner shall, within ten (10) days after the date ownership is assumed, make application for a new license. The owner shall pay a fee of five dollars (\$5.00) to cover costs of changing the record at the Animal Shelter.

56.08 DUPLICATE TAGS. The owner of any dog whose license has been lost or destroyed shall apply for a duplicate license. A fee of \$5.00 shall be charged for the issuance of a duplicate.

56.09 DISPLAY OF LICENSE. The license obtained shall be attached to a substantial collar and worn by the animal during the term of the license. It shall not be transferred to any other animal. The owner shall display the license to the Animal Control Officer upon demand.

60.01 TITLE. Chapters 60 through 70 of this Code of Ordinances may be known and cited as the “Atlantic Traffic Code.”

60.02 DEFINITIONS. Where words and phrases used in the Traffic Code are defined by State law, such definitions apply to their use in said Traffic Code and are adopted by reference. Those definitions so adopted that need further definition or are reiterated, and other words and phrases used herein, have the following meanings:

(Code of Iowa, Sec. 321.1)

1. “Business District” means the territory contiguous to and including a highway when fifty percent (50%) or more of the frontage thereon for a distance of three hundred (300) feet or more is occupied by buildings in use for business.
2. “Park” or “parking” means the standing of a vehicle, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in loading or unloading merchandise or passengers.
3. “Peace Officer” means every officer authorized to direct or regulate traffic or to make arrests for violations of traffic regulations.
4. “Residence district” means the territory contiguous to and including a highway not comprising a business, suburban or school district, where forty percent (40%) or more of the frontage on such a highway for a distance of three hundred (300) feet or more is occupied by dwellings or by dwellings and buildings in use for business.
5. “School district” means the territory contiguous to and including a highway for a distance of two hundred (200) feet in either direction from a school house.
6. “Stand” or “standing” means the halting of a vehicle, whether occupied or not, otherwise than for the purpose of and while actually engaged in receiving or discharging passengers.

7. “Stop” means when required, the complete cessation of movement.
8. “Stop” or “stopping” means when prohibited, any halting of a vehicle, even momentarily, whether occupied or not, except when necessary to avoid conflict with other traffic or in compliance with the directions of a peace officer or traffic control sign or signal.
9. “Suburban district” means all other parts of the city not included in the business, school or residence districts.
10. “Traffic control device” means all signs, signals, markings, and devices not inconsistent with this chapter, lawfully placed or erected for the purpose of regulating, warning, or guiding traffic.
11. “Vehicle” means every device in, upon or by which any person or property is or may be transported or drawn upon a public highway, street, or alley.

60.03 ADMINISTRATION AND ENFORCEMENT. Provisions of this chapter and State law relating to motor vehicles and law of the road are enforced by the Police Chief.

(Code of Iowa, Sec. 372.13 [4])

60.04 POWER TO DIRECT TRAFFIC. A peace officer, and, in the absence of a peace officer, any officer of the fire department when at the scene of a fire, is authorized to direct all traffic by voice, hand or signal in conformance with traffic laws. In the event of an emergency, traffic may be directed as conditions require, notwithstanding the provisions of the traffic laws.

(Code of Iowa, Sec. 102.4 & 321.236[2])

60.05 TRAFFIC ACCIDENTS: REPORTS. The driver of a vehicle involved in an accident within the limits of the City shall file a report as and when required by the Iowa Department of Transportation. A copy of this report shall be filed with the City for the confidential use of peace officers and shall be subject to the provisions of Section 321.271 of the Code of Iowa.

(Code of Iowa, Sec. 321.273 & 321.274)

60.06 PEACE OFFICER’S AUTHORITY. A peace officer is authorized to stop a vehicle to require exhibition of the driver’s license of the driver, to serve a summons or memorandum of traffic violation, to inspect the condition of the vehicle, to inspect the vehicle with reference to size, weight, cargo, log book, bills of lading or other manifest of employment, tires and safety equipment, or to inspect the registration certificate, the compensation certificate, travel order,

or permit of such vehicle. A peace officer having probable cause to stop a vehicle may require exhibition of the proof of financial liability coverage card issued for the vehicle.

(Code of Iowa, Sec. 321.492)

60.07 OBEDIENCE TO PEACE OFFICERS. No person shall willfully fail or refuse to comply with any lawful order or direction of any peace officer invested by law with authority to direct, control, or regulate traffic.

(Code of Iowa, Sec. 321.229)

60.08 PARADES REGULATED. No person shall conduct or cause any parade on any street except as provided herein:

1. Definition. "Parade" means any march or procession of persons or vehicles organized for marching or moving on the streets in an organized fashion or manner or any march or procession of persons or vehicles represented or advertised to the public as a parade.
2. Permit Required. No parade shall be conducted without first obtaining a written permit from the Mayor or Police Chief. Such permit shall state the time and date for the parade to be held and the streets or general route therefor. Such written permit granted to the person organizing or sponsoring the parade shall be permission for all participants therein to parade when such participants have been invited by the permittee to participate therein. No fee shall be required for such permit.
3. Parade Not A Street Obstruction. Any parade for which a permit has been issued as herein required, and the persons lawfully participating therein, shall not be deemed an obstruction of the streets notwithstanding the provisions of any other ordinance to the contrary.
4. Control By Police and Fire Fighters. Persons participating in any parade shall at all times be subject to the lawful orders and directions in the performance of their duties of law enforcement personnel and members of the fire department.

CHAPTER 61

TRAFFIC CONTROL DEVICES

61.01 Installation
61.02 Crosswalks
61.03 Traffic Lanes

61.04 Standards
61.05 Compliance

61.01 INSTALLATION. The Police Chief shall cause to be placed and maintained traffic control devices when and as required under this Traffic Code or under State law or emergency or temporary traffic control devices for the duration of an emergency or temporary condition as traffic conditions may require to regulate, guide or warn traffic. The Police Chief shall keep a record of all such traffic control devices.

(Code of Iowa, Sec. 321.255)

61.02 CROSSWALKS. The Police Chief is hereby authorized to designate and maintain crosswalks by appropriate traffic control devices at intersections where, due to traffic conditions, there is particular danger to pedestrians crossing the street or roadway, and at such other places as traffic conditions require.

(Code of Iowa, Sec. 372.13[4] & 321.255)

61.03 TRAFFIC LANES. The Police Chief is hereby authorized to mark lanes for traffic on street pavements at such places as traffic conditions require, consistent with the traffic code of the City. Where such traffic lanes have been marked, it shall be unlawful for the operator of any vehicle to fail or refuse to keep such vehicle within the boundaries of any such lane except when lawfully passing another vehicle or preparatory to making a lawful turning movement.

(Code of Iowa, Sec. 372.13[4] & 321.255)

61.04 STANDARDS. Traffic control devices shall comply with standards established by The Manual of Uniform Traffic Control Devices for Streets and Highways.

(Code of Iowa, Sec. 321.255)

61.05 COMPLIANCE. No driver of a vehicle shall disobey the instructions of any official traffic control device placed in accordance with the provisions of this chapter, unless at the time otherwise directed by a peace officer, subject to the exceptions granted the driver of an authorized emergency vehicle under Section 321.231 of the Code of Iowa.

62.02 PLAY STREETS DESIGNATED. The Police Chief shall have authority to declare any street or part thereof a play street and cause to be placed appropriate signs or devices in the roadway indicating and helping to

protect the same. Whenever authorized signs are erected indicating any street or part thereof as a play street, no person shall drive a vehicle upon any such street or portion thereof except drivers of vehicles having business or whose residences are within such closed area, and then any said driver shall exercise the greatest care in driving upon any such street or portion thereof.

(Code of Iowa, Sec. 321.255)

62.03 VEHICLES ON SIDEWALKS OR CURBS. The driver of a vehicle shall not drive upon or cross over any sidewalk area or curb except at a driveway.

62.04 CLINGING TO VEHICLE. No person shall drive a motor vehicle on the streets of the City unless all passengers of said vehicle are inside the vehicle in the place intended for their accommodation and said vehicle is equipped with proper seats and seatbelts. No person shall ride on the running board of a motor vehicle or in any other place not customarily used for carrying passengers. No person riding upon any bicycle, coaster, roller skates, in-line skates, skateboard, sled or toy vehicle shall attach the same or himself or herself to any vehicle upon a roadway.

62.05 QUIET ZONES. Whenever authorized signs are erected indicating a quiet zone, no person operating a motor vehicle within any such zone shall sound the horn or other warning device of such vehicle except in an emergency.

62.06 FUNERAL PROCESSIONS. Upon the immediate approach of a funeral procession, the driver of every other vehicle, except an authorized emergency vehicle, shall yield the right-of-way. An operator of a motor vehicle which is part of a funeral procession shall not be charged with violating traffic rules and regulations relating to traffic signals and devices while participating in the procession unless the operation is reckless.

(Code of Iowa, Sec. 321.324A)

62.07 TAMPERING WITH VEHICLE. It is unlawful for any person, either individually or in association with one or more other persons, willfully to injure or tamper with any vehicle or break or remove any part or parts of or from a vehicle without the consent of the owner.

62.08 OPEN CONTAINERS IN MOTOR VEHICLES.

1. Drivers. A driver of a motor vehicle upon a public street or highway shall not possess in the passenger area of the motor vehicle an open or unsealed bottle, can, jar, or other receptacle containing an alcoholic beverage.

(Code of Iowa, Sec. 321.284)

2. Passengers. A passenger in a motor vehicle upon a public street or highway shall not possess in the passenger area of the motor vehicle an open or unsealed bottle, can, jar or other receptacle containing an alcoholic beverage.

(Code of Iowa, Sec. 321.284A)

As used in this section “passenger area” means the area of a motor vehicle designed to seat the driver and passengers while the motor vehicle is in operation and any area that is readily accessible to the driver or a passenger while in their seating positions, including the glove compartment. An open or unsealed receptacle containing an alcoholic beverage may be transported in the trunk of the motor vehicle. An unsealed receptacle containing an alcoholic beverage may be transported behind the last upright seat of the motor vehicle if the motor vehicle does not have a trunk.

62.09 OBSTRUCTING VIEW AT INTERSECTIONS. It is unlawful to allow any tree, hedge, billboard or other object to obstruct the view of an intersection by preventing persons from having a clear view of traffic approaching the intersection from cross streets. Any such obstruction shall be deemed a nuisance and in addition to the standard penalty may be abated in the manner provided by Chapter 50 of this Code of Ordinances. **[See also Zoning Code, Article 21, Signs.]**

62.10 CARELESS DRIVING. No person shall intentionally operate a motor vehicle on a street or highway in any one of the following ways:

(Code of Iowa, Sec. 321.277A)

1. Creating or causing unnecessary tire squealing, skidding or sliding upon acceleration or stopping.
2. Simulating a temporary race.
3. Causing any wheel or wheels to unnecessarily lose contact with the ground.
4. Causing the vehicle to unnecessarily turn abruptly or sway.

62.11 RECKLESS DRIVING. No person shall drive any vehicle in such manner as to indicate a willful or a wanton disregard for the safety of persons or property.

(Code of Iowa, Sec. 321.277)

62.12 EXCESSIVE ACCELERATION. It is unlawful for any person in the operation of a motor vehicle, including motorcycles, to cause any of the following as a result of too rapid acceleration or excessive speed on turning of

such vehicle (except when such acceleration is reasonably necessary to avoid a collision):

1. Audible noise by the repeated or prolonged squealing of tires (2 seconds or more);
2. Peeling and/or burning of the tires so as to leave more than twelve (12) inches of tire mark on the pavement;
3. Visible signs of smoke rolling off the tires;
4. Fishtailing; or
5. Causing the wheel of a motorcycle to leave the ground more than two (2) inches.

62.13 ENGINE BRAKES AND COMPRESSION BRAKES.

1. It is unlawful for the driver of any vehicle to use or operate, or cause to be used or operated within the City any engine brake, compression brake or mechanical exhaust device designed to aid in the braking or deceleration of any vehicle that results in excessive, loud, unusual or explosive noise from such vehicle. Violations of this section will be considered a non-moving violation.
2. The usage of an engine brake, compression brake or mechanical exhaust device designed to aid in braking or deceleration in such a manner so as to be audible at a distance of three hundred feet (300') from the motor vehicle shall constitute evidence of a prima facie violation of this section.

(Ord. 889 – Mar. 06 Supp.)

CHAPTER 63

SPEED REGULATIONS

63.01 General
63.02 State Code Speed Limits
63.03 Parks, Cemeteries and Parking Lots

63.04 Special Speed Restrictions
63.05 Minimum Speed

63.01 GENERAL. Every driver of a motor vehicle on a street shall drive the same at a careful and prudent speed not greater than nor less than is reasonable and proper, having due regard to the traffic, surface and width of the street and of any other conditions then existing, and no person shall drive a vehicle on any street at a speed greater than will permit said driver to bring it to a stop within the assured clear distance ahead, such driver having the right to assume, however, that all persons using said street will observe the law.

(Code of Iowa, Sec. 321.285)

63.02 STATE CODE SPEED LIMITS. The following speed limits are established in Section 321.285 of the Code of Iowa and any speed in excess thereof is unlawful unless specifically designated otherwise in this chapter as a special speed zone.

1. Business District – twenty (20) miles per hour.
2. Residence or School District – twenty-five (25) miles per hour.
3. Suburban District – forty-five (45) miles per hour.

63.03 PARKS, CEMETERIES AND PARKING LOTS. A speed in excess of fifteen (15) miles per hour in any public park, cemetery or parking lot, unless specifically designated otherwise in this chapter, is unlawful.

(Code of Iowa, Sec. 321.236[5])

63.04 SPECIAL SPEED RESTRICTIONS. In accordance with requirements of the Iowa State Department of Transportation, or whenever the Council shall determine upon the basis of an engineering and traffic investigation that any speed limit listed in Section 63.02 is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the City street system, the Council shall determine and adopt by ordinance such higher or lower speed limit as it deems reasonable and safe at such location. The following special speed zones have been established:

(Code of Iowa, Sec. 321.290)

1. Special 25 MPH Speed Zones. A speed in excess of twenty-five (25) miles per hour is unlawful on any of the following designated streets or parts thereof.
 - A. On Olive Street from Seventh Street (Highway 6) to Seventeenth Street;

TURNING REGULATIONS

64.01 Turning at Intersections
64.02 U-turns

64.03 Right Turn on Red Signal Prohibited
64.04 Left Turn for Parking

64.01 TURNING AT INTERSECTIONS. The driver of a vehicle intending to turn at an intersection shall do so as follows:

(Code of Iowa, Sec. 321.311)

1. Both the approach for a right turn and a left turn shall be made as close as practical to the right-hand curb or edge of the roadway.
2. Approach for a left turn shall be made in that portion of the right half of the roadway nearest the centerline thereof and after entering the intersection the left turn shall be made so as to depart from the intersection to the right of the centerline of the roadway being entered.
3. Approach for a left turn from a two-way street into a one-way street shall be made in that portion of the right half of the roadway nearest the centerline thereof and by passing to the right of such centerline where it enters the intersection. A left turn from a one-way street into a two-way street shall be made by passing to the right of the centerline of the street being entered upon leaving the intersection.

The Police Chief may cause markers, buttons or signs to be placed within or adjacent to intersections and thereby require and direct, as traffic conditions require, that a different course from that specified above be traveled by vehicles turning at intersections, and when markers, buttons or signs are so placed, no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such markers, buttons or signs.

64.02 U-TURNS. It is unlawful for a driver to make a U-turn except at an intersection, however, U-turns are prohibited within the business district, at the following designated intersections and at intersections where there are automatic traffic signals.

6. Chestnut Street from Seventh Street to the railroad right-of-way;
7. Walnut Street from Seventh Street to Second Street.

69.10 TRUCK AND LARGE VEHICLE PARKING PROHIBITED. No person shall park a motor truck, semi-truck, semi-trailer, motor home, recreational vehicle or trailer, boat, boat trailer, farm machinery or equipment, or other motor vehicle with trailer attached or detached on any street, alley or public thoroughfare within the City, excepting only when such vehicles are actually engaged in the delivery or receiving of merchandise or cargo. When actually receiving or delivering merchandise or cargo, such vehicle shall be stopped or parked in a manner which will not interfere with other traffic. The provisions of this section do not apply to pickup, light delivery or panel delivery trucks. **(See also Zoning Code, Sec. 17.070, Storage of Commercial Vehicles and 17.080, Location of Boats, Boat Trailers, Campers and Travel Trailers.)**

(Code of Iowa, Sec. 321.236 [1])

69.11 TRUCK PARKING PERMITTED. All motor trucks, semi-trailers, semi-trailer tractors or any other motor vehicle with trailer attached may park, without charge, at the "truck/truck trailer parking area" located on Lots 31, 32, 33 and 34 in Walker's Addition to the City of Atlantic with an address of 110 State Street.

69.12 PARKING LIMITED TO TWO HOURS. It is unlawful to park any vehicle for a continuous period of more than two (2) hours upon the following designated streets or portions of streets:

(Code of Iowa, Sec. 321.236 [1])

1. Second Street, on both sides, from Chestnut Street east to the alley between Walnut Street and Elm Street;

2. Third Street, on both sides, from the alley between Chestnut Street and Poplar Street, east to Walnut Street;

5. Lot No. 6. Municipal Parking Lot No. 6, located on Walnut Street between Fourth Street and Fifth Street.

69.14 PROHIBITED PARKING DURING SNOW EMERGENCY.

1. No person shall park, abandon or leave unattended any vehicle on any public street, alley, or City-owned off-street parking area during a snow emergency proclaimed by the Mayor unless the snow has been removed or plowed from said street, alley or parking area and the snow has ceased to fall. A snow emergency parking ban shall continue from its proclamation through the duration of the snow or ice storm and the 48-hour period after cessation of such, except as above provided upon any street, alley or City-owned off-street parking area which has been fully plowed.

2. Such a ban shall be of uniform application and the Police Chief is directed to publicize widely the requirements, using all available news media. When predictions or occurrences indicate the need, the Mayor shall proclaim a snow emergency and the Police Chief shall inform the news media to publicize the proclamation. Such emergency may be extended or shortened when conditions warrant.

3. The parking prohibition provided above shall be modified as follows:

A. On streets where parking is permitted on both sides, all motor vehicles must be removed from the street or parked on the side of the street with even building numbers. After one-half of the street has been cleaned to the curb, but no later than twelve (12) hours after the declaration of the snow emergency, all motor vehicles shall be moved to the side of the street with odd building numbers until the full width of the street has been cleaned.

B. On streets where parking is prohibited on one side at all times, motor vehicles shall be parked on the permitted side until one-half of the street has been cleaned. After the first half of the street has been cleaned, but not more than twelve (12) hours after the declaration of the snow emergency, motor vehicles shall then be parked on the “prohibited” side of the street until the full width of the street has been cleaned.

C. Parking of motor vehicles is not permitted on streets where no parking on both sides of the street exists at all times or during specified hours.

D. On City owned off-street parking areas (parking lots) all motor vehicles must be removed from the off-street parking area or be parked on the south side of the parking area. After the north side of the parking area has been cleared but no later than twelve (12) hours after the declaration of the snow emergency, all motor vehicles shall be moved to the north side of the off-street parking area until the full width of the lot has been cleaned.

69.15 SNOW ROUTES. The Council may designate certain streets in the City as snow routes. When conditions of snow or ice exist on the traffic surface of a designated snow route, it is unlawful for the driver of a vehicle to impede or block traffic.

(Code of Iowa, Sec. 321.236[12])

69.16 CONTROLLED ACCESS FACILITIES. Parking restrictions on controlled access facilities are as specified in Chapter 140 of this Code of Ordinances.

69.17 SPECIAL PARKING PERMITS. Notwithstanding anything in this chapter to the contrary, a special Downtown Resident Parking Permit may be obtained from the Clerk upon proof of residence in the Downtown District.

1. The special parking permit is valid for a 12-month period and then must be renewed. It is a stock-on permit to be placed in the rear window of the vehicle.
2. The special parking permit will allow parking on certain public streets in the Downtown District from 5:00 p.m. to 8:00 a.m., with the following exceptions:
 - A. On Thursday nights, permitted parking begins at 9:00 p.m. rather than 5:00 p.m.
 - B. For purposes of street sweeping, parking is prohibited on the first Wednesday evening of each month from 5:00 p.m. until the following Thursday morning at 8:00 a.m.
 - C. For purposes of snow removal, parking is prohibited after the cessation of any snow accumulation of one inch or more for a period of 48 hours for the City to clear the streets of snow from curb to curb. During declared snow emergencies, there will be no parking on City street in the Downtown District except in compliance with the Snow Emergency Ordinance.
3. The special Downtown Resident Parking Permit shall be issued, upon request, by the Clerk and the annual fee is ten dollars (\$10.00), paid at the time the permit is issued.
4. The following streets and portions thereof may be used by those persons having a special Downtown Resident Parking Permit.
 - A. Second Street, on both sides, from Chestnut Street east to the alley between Walnut Street and Elm Street;
 - B. Third Street, on both sides, from the alley between Chestnut Street and Poplar Street east to Walnut Street;
 - C. Fourth Street, on both sides, from Poplar Street east to Walnut Street;
 - D. Fifth Street, on both sides, from Poplar Street east to the alley between Walnut Street and Elm Street;

- E. Fifth Street, on the north side, from Poplar Street west to the alley between Poplar Street and Locust Street;
 - F. Sixth Street, on the south side, from Chestnut Street east to the alley between Walnut Street and Chestnut Street;
 - G. Chestnut Street, on both sides, from railroad right-of-way south to Seventh Street;
 - H. Walnut Street, on both sides, from Second Street south to Sixth Street;
 - I. Poplar Street, on both sides, from Fourth Street to Fifth Street;
 - J. Poplar Street, on east side, from Fifth Street to Sixth Street.
5. If the owner of any vehicle is guilty of three (3) or more violations of this special parking permit during any 12-month period, the special parking permit will be automatically revoked by the City for a period of 12 months, during which time the violator will not be issued another permit.

69.18 PARKING FOR PERSONAL VEHICLES. Personal vehicles include passenger cars, vans, sport utility vehicles, pickup trucks, boats and boat trailers. Maximum height of any personal vehicle may not exceed eight (8) feet from grade.

- 1. Parking is permitted within any enclosed structure when such structure conforms to the regulations of its zoning district.
- 2. Parking is permitted on an all-weather driveway (defined as either paved, gravel or stone) within the front yard setback, but shall in no case encroach upon the public right-of-way. Personal vehicles may not be parked on the grass.
- 3. Parking may occur in the rear yard or side yard setback if on an all-weather parking space which is connected by an all-weather driveway to a dedicated public right-of-way and/or alley.

(See also Zoning Code, Sec. 17.070, Storage of Commercial Vehicles, and 17.080, Location of Boats, Boat Trailers, Campers and Travel Trailers.)

69.19 RESTRICTED PARKING. No person, except for those driving cars and motorcycles, shall park a vehicle on any of the following parking spaces of the following streets. Vehicles which are specifically prohibited from parking in the following parking spaces of the following streets include but are not limited to vans, mini-vans, sport utility vehicles and pickup trucks.

This parking restriction shall apply to:

1. The last three parking spaces on the northeast side of the 300th block of Walnut Street.
2. The first three parking spaces of the southeast side of the 300th block of Walnut Street.
3. The first three parking spaces on the southwest side of the 300th block of Walnut Street.

CHAPTER 70

TRAFFIC CODE ENFORCEMENT PROCEDURES

70.01 Arrest or Citation
70.02 Scheduled Violations
70.03 Parking Violations: Alternate

70.04 Parking Violations: Vehicle Unattended
70.05 Presumption in Reference to Illegal Parking
70.06 Impounding Vehicles

70.01 ARREST OR CITATION. Whenever a peace officer has reasonable cause to believe that a person has violated any provision of the Traffic Code, such officer may:

1. Immediate Arrest. Immediately arrest such person and take such person before a local magistrate, or
2. Issue Citation. Without arresting the person, prepare a computer-generated combined traffic citation and complaint as adopted by the Iowa Commissioner of Public Safety, or prepare in quintuplicate a combined traffic citation and complaint as adopted by the Iowa Commissioner of Public Safety and deliver the original and a copy to the court where the defendant is to appear, two copies to the defendant and retain the fifth copy for the records of the City.

70.02 SCHEDULED VIOLATIONS. For violations of the Traffic Code which are designated by Section 805.8A of the Code of Iowa to be scheduled violations, the scheduled fine for each of those violations shall be as specified in Section 805.8A of the Code of Iowa.

(Code of Iowa, Sec. 805.8 & 805.8A)

70.03 PARKING VIOLATIONS: ALTERNATE. Admitted violations of parking restrictions imposed by this Code of Ordinances may be charged upon a simple notice of a fine payable at the office of the City Clerk. The simple notice of a fine shall be in the amount of ten dollars (\$10.00) for all violations except snow route parking violations and improper use of a persons with disabilities parking permit. If such fine is not paid within thirty (30) days, it shall be increased by five dollars (\$5.00). The simple notice of a fine for snow route parking violations[†] is twenty-five dollars (\$25.00), and the simple notice of a fine for improper use of a persons with disabilities parking permit is one hundred dollars (\$100.00). Failure to pay the simple notice of a fine shall be grounds for the filing of a complaint in District Court.

(Code of Iowa, Sec. 321.236 [1a])

[†] **EDITOR'S NOTE:** A snow route parking violation occurs when the driver of a vehicle impedes or blocks traffic on a designated snow route. (See Section 69.15.)

70.04 PARKING VIOLATIONS: VEHICLE UNATTENDED. When a vehicle is parked in violation of any provision of the Traffic Code, and the driver is not present, the notice of fine or citation as herein provided shall be attached to the vehicle in a conspicuous place.

70.05 PRESUMPTION IN REFERENCE TO ILLEGAL PARKING. In any proceeding charging a standing or parking violation, a prima facie presumption that the registered owner was the person who parked or placed such vehicle at the point where, and for the time during which, such violation occurred, shall be raised by proof that:

1. Described Vehicle. The particular vehicle described in the information was parked in violation of the Traffic Code, and
2. Registered Owner. The defendant named in the information was the registered owner at the time in question.

70.06 IMPOUNDING VEHICLES. A peace officer is hereby authorized to remove, or cause to be removed, a vehicle from a street, public alley, public parking lot or highway to the nearest garage or other place of safety, or to a garage designated or maintained by the City, under the circumstances hereinafter enumerated:

1. Disabled Vehicle. When a vehicle is so disabled as to constitute an obstruction to traffic and the person or persons in charge of the vehicle are by reason of physical injury incapacitated to such an extent as to be unable to provide for its custody or removal.

(Code of Iowa, Sec. 321.236 [1])

2. Illegally Parked Vehicle. When any vehicle is left unattended and is so illegally parked as to constitute a definite hazard or obstruction to the normal movement of traffic.

(Code of Iowa, Sec. 321.236 [1])

3. Snow Removal. When any vehicle is left parked in violation of a ban on parking during snow removal operations.

4. Parked Over Seventy-two Hour Period. When any vehicle is left parked for a continuous period of seventy-two (72) hours or more. A reasonable effort shall first be made to locate the owner. If the owner is found the owner shall be given an opportunity to move the vehicle.

(Code of Iowa, Sec. 321.236 [1])

5. Costs. In addition to the standard penalties provided, the owner or driver of any vehicle impounded for the violation of any of the provisions of this chapter shall be required to pay the reasonable cost of towing and storage.

(Code of Iowa, Sec. 321.236 [1])

CHAPTER 75

ALL-TERRAIN VEHICLES AND SNOWMOBILES

75.01 Purpose
75.02 Definitions
75.03 General Regulations
75.04 Operation of Snowmobiles

75.05 Operation of All-Terrain Vehicles
75.06 Negligence
75.07 Accident Reports

75.01 PURPOSE. The purpose of this chapter is to regulate the operation of all-terrain vehicles and snowmobiles within the City.

75.02 DEFINITIONS. For use in this chapter the following terms are defined:

1. “All-terrain vehicle” or “ATV” means a motorized flotation-tire vehicle with not less than three (3) low pressure tires, but not more than six (6) low pressure tires, or a two-wheeled, off-road motorcycle, that is limited in engine displacement to less than eight hundred (800) cubic centimeters and in total dry weight to less than eight hundred fifty (850) pounds and that has a seat or saddle designed to be straddled by the operator and handlebars for steering control. Two-wheeled, off-road motorcycles shall be considered all-terrain vehicles only for the purpose of titling and registration. An operator of a two-wheeled, off-road motorcycle is exempt from the safety instruction and certification program requirements of Section 321I.24 and 321I.25 of the Code of Iowa.

(Code of Iowa, Sec. 321I.1[1])

2. “Snowmobile” means a motorized vehicle weighing less than one thousand (1,000) pounds which uses sled-type runners or skis, endless belt-type tread with a width of forty-eight (48) inches or less, or any combination of runners, skis or tread, and is designed for travel on snow or ice. “Snowmobile” does not include an all-terrain vehicle which has been altered or equipped with runners, skis, belt-type tracks or treads.

(Code of Iowa, Sec. 321G.1 [18])

(Ord. 893 – Nov. 08 Supp.)

75.03 GENERAL REGULATIONS. No person shall operate an ATV within the City in violation of Chapter 321I of the Code of Iowa or a snowmobile within the City in violation of the provisions of Chapter 321G of the Code of Iowa or in violation of rules established by the Natural Resource Commission of the Department of Natural Resources governing their registration, numbering, equipment and manner of operation.

(Code of Iowa, Ch. 321G & Ch. 321I)

75.04 OPERATION OF SNOWMOBILES. The operators of snowmobiles shall comply with the following restrictions as to where snowmobiles may be operated within the City:

1. Streets. Snowmobiles shall be operated only upon streets which have not been plowed during the snow season and on the following streets, upon the traveled portion thereof and on the right-hand side thereof and as close to the curb line as possible for the sole purpose of reaching the corporate limits or returning therefrom and for no other purpose:

- A. Olive Street from the north City limits to the south City limits;
- B. Tenth Street from Sunnyside Lane to Olive Street;
- C. Sunnyside Lane from Highway 83 (Second Street) to Seventh Street (Highway 6) and from Tenth Street to the south City limits;
- D. Highway 83 from Buck Creek Road to Sunnyside Lane;
- E. Buck Creek Road north to City limits;
- F. Fourteenth Street from City park to Chestnut Street;
- G. Chestnut Street from Fourteenth Street south to City limits;
- H. Chestnut Street from Iowa Avenue to Commerce Street;
- I. Commerce Street from Chestnut Street to Olive Street.

Snowmobiles may be operated on any other street by the utilization of the shortest most direct route from a point of origin to one of the streets set forth in subsections A through I above or from one of the such streets to a point of destination. This includes the shortest route to the nearest service station for needed fuel.

2. Exceptions. Snowmobiles may be operated on prohibited streets only under the following circumstances:

A. Emergencies. Snowmobiles may be operated on any street in an emergency during the period of time when and at locations where snow upon the roadway renders travel by conventional motor vehicles impractical.

(Code of Iowa, Sec. 321G.9[4c])

B. Direct Crossing. Snowmobiles may make a direct crossing of a prohibited street provided all of the following occur:

- (1) The crossing is made at an angle of approximately ninety degrees (90°) to the direction of the street and at a place where no obstruction prevents a quick and safe crossing;
- (2) The snowmobile is brought to a complete stop before crossing the street;
- (3) The driver yields the right-of-way to all on-coming traffic which constitutes an immediate hazard; and
- (4) In crossing a divided street, the crossing is made only at an intersection of such street with another street.

(Code of Iowa, Sec. 321G.9[2])

3. Railroad Right-of-way. Snowmobiles shall not be operated on an operating railroad right-of-way. A snowmobile may be driven directly across a railroad right-of-way only at an established crossing and notwithstanding any other provisions of law may, if necessary, use the improved portion of the established crossing after yielding to all oncoming traffic.

(Code of Iowa, Sec. 321G.13[1h])

4. Trails. Snowmobiles shall not be operated on all-terrain vehicle trails except where so designated.

(Code of Iowa, Sec. 321G.9[4g])

5. Parks and Other City Land. Snowmobiles shall not be operated in any park, playground or upon any other City-owned property without the express permission of the City. A snowmobile shall not be operated on any City land without a snow cover of at least one-tenth of one inch.

6. Sidewalk or Parking. Snowmobiles shall not be operated upon the public sidewalk or that portion of the street located between the curb line and the sidewalk or property line commonly referred to as the "parking" except for purposes of crossing the same to a public street upon which operation is authorized by this chapter.

75.05 OPERATION OF ALL-TERRAIN VEHICLES. The operators of ATVs shall comply with the following restrictions as to where ATVs may be operated within the City:

1. Streets. ATVs may be operated on streets only in accordance with Section 321.234A of the Code of Iowa or on such streets as may be designated by resolution of the Council for the sport of driving ATVs.

(Code of Iowa, Sec. 321I.10[1 & 2A])

2. Trails. ATVs shall not be operated on snowmobile trails except where designated.

(Code of Iowa, Sec. 321I.10[3])

3. Railroad Right-of-way. ATVs shall not be operated on an operating railroad right-of-way. An ATV may be driven directly across a railroad right-of-way only at an established crossing and notwithstanding any other provisions of law may, if necessary, use the improved portion of the established crossing after yielding to all oncoming traffic.

(Code of Iowa, Sec. 321I.14[1h])

4. Parks and Other City Land. ATVs shall not be operated in any park, playground or upon any other City-owned property without the express permission of the City.

5. Sidewalk or Parking. ATVs shall not be operated upon the public sidewalk or that portion of the street located between the curb line and the sidewalk or property line commonly referred to as the “parking” except when being used for plowing snow or lawn mowing or lawn care maintenance. However, the ATV must be transported to the property when so used.

75.06 NEGLIGENCE. The owner and operator of an ATV or snowmobile are liable for any injury or damage occasioned by the negligent operation of the ATV or snowmobile. The owner of an ATV or snowmobile shall be liable for any such injury or damage only if the owner was the operator of the ATV or snowmobile at the time the injury or damage occurred or if the operator had the owner’s consent to operate the ATV or snowmobile at the time the injury or damage occurred.

(Code of Iowa, Sec. 321G.18 & 321I.19)

75.07 ACCIDENT REPORTS. Whenever an ATV or snowmobile is involved in an accident resulting in injury or death to anyone or property damage amounting to one thousand dollars (\$1,000.00) or more, either the operator or someone acting for the operator shall immediately notify a law enforcement officer and shall file an accident report, in accordance with State law.

(Code of Iowa, Sec. 321G.10 & 321I.11)

CHAPTER 76

BICYCLE REGULATIONS

76.01 Scope of Regulations
76.02 Traffic Code Applies
76.03 Double Riding Restricted
76.04 Single File or Two Abreast Limit
76.05 Bicycle Paths
76.06 Speed
76.07 Emerging from Alley or Driveway

76.08 Carrying Articles
76.09 Riding on Sidewalks
76.10 Towing
76.11 Improper Riding
76.12 Parking
76.13 Equipment Requirements
76.14 Special Penalty

76.01 SCOPE OF REGULATIONS. These regulations shall apply whenever a bicycle is operated upon any street or upon any public path set aside for the exclusive use of bicycles, subject to those exceptions stated herein.
(Code of Iowa, Sec. 321.236 [10])

76.02 TRAFFIC CODE APPLIES. Every person riding a bicycle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by the laws of the State declaring rules of the road applicable to vehicles or by the traffic code of the City applicable to the driver of a vehicle, except as to those provisions which by their nature can have no application. Whenever such person dismounts from a bicycle the person shall be subject to all regulations applicable to pedestrians.
(Code of Iowa, Sec. 321.234)

76.03 DOUBLE RIDING RESTRICTED. A person propelling a bicycle shall not ride other than astride a permanent and regular seat attached thereto. No bicycle shall be used to carry more persons at one time than the number for which it is designed and equipped.
(Code of Iowa, Sec. 321.234 [3 and 4])

76.04 SINGLE FILE OR TWO ABREAST LIMIT. Persons riding bicycles upon Seventh Street and Chestnut Street shall ride in single file; on other roadways bicyclists shall not ride more than two (2) abreast except on paths or parts of roadways set aside for the exclusive use of bicycles.
(Code of Iowa, Sec. 321.236 [10])

76.05 BICYCLE PATHS. Whenever a usable path for bicycles has been provided adjacent to a roadway, bicycle riders shall use such path and shall not use the roadway.
(Code of Iowa, Sec. 321.236 [10])

76.06 SPEED. No person shall operate a bicycle at a speed greater than is reasonable and prudent under the conditions then existing.

(Code of Iowa, Sec. 321.236 [10])

76.07 EMERGING FROM ALLEY OR DRIVEWAY. The operator of a bicycle emerging from an alley, driveway or building shall, upon approaching a sidewalk or the sidewalk area extending across any alleyway, yield the right-of-way to all pedestrians approaching on said sidewalk or sidewalk area, and upon entering the roadway shall yield the right-of-way to all vehicles approaching on said roadway.

(Code of Iowa, Sec. 321.236 [10])

76.08 CARRYING ARTICLES. No person operating a bicycle shall carry any package, bundle or article which prevents the rider from keeping at least one hand upon the handle bars.

(Code of Iowa, Sec. 321.236 [10])

76.09 RIDING ON SIDEWALKS. The following shall apply to riding bicycles on sidewalks:

1. Business District. No person shall ride a bicycle upon a sidewalk within the C-3 zoned Business District, except a uniformed City police officer or a reserve police officer while on duty as a police officer. (Police officers on bicycles are known as the Police Cyclist Corps.)

(Code of Iowa, Sec. 321.236 [10])

2. Other Locations. When signs are erected on any sidewalk or roadway prohibiting the riding of bicycles thereon by any person, no person shall disobey the signs, except a member of the Police Cyclist Corps in the performance of that person's police duties.

(Code of Iowa, Sec. 321.236 [10])

3. Yield Right-of-way. Whenever any person is riding a bicycle upon a sidewalk, such person shall yield the right-of-way to any pedestrian and shall give audible signal before overtaking and passing.

(Code of Iowa, Sec. 321.236 [10])

76.10 TOWING. It is unlawful for any person riding a bicycle to be towed or to tow any other vehicle upon the streets of the City.

76.11 IMPROPER RIDING. No person shall ride a bicycle in an irregular or reckless manner such as zigzagging, stunting, speeding or otherwise so as to disregard the safety of the operator or others.

76.12 PARKING. No person shall park a bicycle upon a street other than upon the roadway against the curb or upon the sidewalk in a rack to support the bicycle or against a building or at the curb, in such a manner as to afford the least obstruction to pedestrian traffic.

(Code of Iowa, Sec. 321.236 [10])

76.13 EQUIPMENT REQUIREMENTS. Every person riding a bicycle shall be responsible for providing and using equipment as provided herein:

1. Lamps Required. Every bicycle when in use at nighttime shall be equipped with a lamp on the front which shall emit a white light visible from a distance of at least three hundred (300) feet to the front and with a lamp on the rear exhibiting a red light visible from a distance of three hundred (300) feet to the rear except that a red reflector on the rear, of a type which shall be visible from all distances from fifty (50) feet to three hundred (300) feet to the rear when directly in front of lawful upper beams of head lamps on a motor vehicle, may be used in lieu of a rear light.

(Code of Iowa, Sec. 321.397)

2. Brakes Required. Every bicycle shall be equipped with a brake which will enable the operator to make the braked wheel skid on dry, level, clean pavement.

(Code of Iowa, Sec. 321.236 [10])

76.14 SPECIAL PENALTY. Any person violating the provisions of this chapter may, in lieu of the scheduled fine for bicyclists or standard penalty provided for violations of the Code of Ordinances, allow the person's bicycle to be impounded by the City for not less than five (5) days for the first offense, ten (10) days for a second offense and thirty (30) days for a third offense.

CHAPTER 77

GOLF CARTS

77.01 Purpose
77.02 Traffic Code Applies
77.03 Riding on Golf Carts
77.04 Operation Permitted

77.05 Prohibited Streets
77.06 Driver's License Required
77.07 Equipment
77.08 Hours of Operation
77.09 Registration

77.01 PURPOSE. The purpose of this chapter is to permit the operation of golf carts on certain streets in the City, as authorized by Section 321.247 of the Code of Iowa, as amended. This chapter applies whenever a golf cart is operated on any street or alley, subject to those exceptions stated herein.

77.02 TRAFFIC CODE APPLIES. Every person operating a golf cart upon a street or alley shall be granted all of the rights and privileges and shall be subject to all the duties and obligations applicable to the driver of a vehicle and to the laws of the State declaring the rules of the road applicable to the driver of the vehicle, except as to those provisions which by their nature can have no application.

77.03 RIDING ON GOLF CARTS. A person operating a golf cart shall not ride other than on a permanent regular seat attached thereto. No golf cart shall be used to carry more persons at one time than the number for which it is designed and equipped.

77.04 OPERATION PERMITTED. Golf carts may be operated on certain streets only for the purpose of traveling from a point of origin to and from either golf course located in the City. In so doing, the shortest and most direct street route to and from the point of origin to the golf course shall be used. Golf carts shall be operated only on the roadway or traveled portion of the street and shall not be operated on any sidewalk.

77.05 PROHIBITED STREETS.

1. Golf carts shall not be operated upon any City street which is a primary road extension through the City, to wit, Highway No. 6 (Seventh Street), Highway No. 71 and Highway No. 83; however, golf carts may cross such primary road extensions and shall do so at an angle of approximately 90 degrees to the direction of said primary road or street.

2. Golf carts shall not be operated upon Third Street, West Sixth Street, Tenth Street, Olive Street north of Tenth Street, Chestnut Street north of Fourteenth Street and in the Central Business District. Anyone who resides on a prohibited street may operate a golf cart on such prohibited street, but only to get to the nearest street upon which golf carts are permitted.

77.06 DRIVER'S LICENSE REQUIRED. Any person operating a golf cart upon any City street shall possess a valid motor vehicle license issued by the State.

77.07 EQUIPMENT. Golf carts operated upon any street shall be equipped with a slow-moving vehicle sign and a bicycle safety flag at all times during operation, and shall have adequate brakes.

77.08 HOURS OF OPERATION. Golf carts may be operated on City streets only from sunrise to sunset.

77.09 REGISTRATION. Golf carts operated on City streets are not required to be registered under Chapter 321 of the Code of Iowa; however, the operator of a golf cart is subject to the financial responsibility provisions of Chapter 321A of the Code of Iowa.

CHAPTER 78

SKATES AND SKATEBOARDS

78.01 Use Prohibited in Central Business District
78.02 Pedestrians

78.03 Penalty

78.01 USE PROHIBITED IN CENTRAL BUSINESS DISTRICT. The use of skateboards, roller skates and in-line skates is prohibited upon the sidewalks and the traveled portion of streets in the C-3 Central Business District, as designated on the official zoning map of the City.

78.02 PEDESTRIANS. Pedestrians upon the sidewalks shall have the right-of-way at all times over persons using skateboards, roller skates or in-line skates upon any sidewalk not prohibited in this chapter. Any person using or operating a skateboard, roller skates or in-line skates on any sidewalk shall turn off the sidewalk at all times when meeting or passing pedestrians.

78.03 PENALTY. The skateboard, roller skates or in-line skates of any person violating the provisions of this chapter may be impounded by the Police Chief for not less than five (5) days for a first offense, ten (10) days for a second offense and thirty (30) days for each additional offense thereafter. As used in this section, “impound” means that the Police Chief or any officer of the police department shall seize the skateboard, roller skates or in-line skates and hold the same in legal custody for the term required for a violation of this chapter.

ABANDONED VEHICLES

80.01 Definitions

80.02 Authority to Take Possession of Abandoned Vehicles

80.03 Notice by Mail

80.04 Notification in Newspaper

80.05 Fees for Impoundment

80.06 Disposal of Abandoned Vehicles

80.07 Disposal of Totally Inoperable Vehicles

80.08 Proceeds from Sales

80.09 Duties of Demolisher

80.01 DEFINITIONS. For use in this chapter the following terms are defined:

(Code of Iowa, Sec. 321.89[1])

1. “Abandoned vehicle” means any of the following:
 - A. A vehicle that has been left unattended on public property for more than twenty-four (24) hours and lacks current registration plates or two (2) or more wheels or other parts which renders the vehicle totally inoperable.
 - B. A vehicle that has remained illegally on public property for more than twenty-four (24) hours.
 - C. A vehicle that has been unlawfully parked or placed on private property without the consent of the owner or person in control of the property for more than twenty-four (24) hours.
 - D. A vehicle that has been legally impounded by order of a police authority and has not been reclaimed for a period of ten (10) days. However, a police authority may declare the vehicle abandoned within the ten-day period by commencing the notification process.
 - E. Any vehicle parked on the highway determined by a police authority to create a hazard to other vehicle traffic.
 - F. A vehicle that has been impounded pursuant to Section 321J.4B of the Code of Iowa by order of the court and whose owner has not paid the impoundment fees after notification by the person or agency responsible for carrying out the impoundment order.
2. “Demolisher” means a person licensed under Chapter 321H of the Code of Iowa whose business it is to convert a vehicle to junk, processed scrap or scrap metal, or otherwise to wreck, or dismantle vehicles.

3. “Police authority” means the Iowa state patrol or any law enforcement agency of a county or city.

80.02 AUTHORITY TO TAKE POSSESSION OF ABANDONED VEHICLES. A police authority, upon the authority’s own initiative or upon the request of any other authority having the duties of control of highways or traffic, shall take into custody an abandoned vehicle on public property and may take into custody any abandoned vehicle on private property. The police authority may employ its own personnel, equipment and facilities or hire a private entity, equipment and facilities for the purpose of removing, preserving, storing, or disposing of abandoned vehicles. If a police authority employs a private entity to dispose of abandoned vehicles, the police authority shall provide the private entity with the names and addresses of the registered owners, all lienholders of record, and any other known claimant to the vehicle or the personal property found in the vehicle.

(Code of Iowa, Sec. 321.89[2])

80.03 NOTICE BY MAIL. The police authority or private entity that takes into custody an abandoned vehicle shall notify, within twenty (20) days, by certified mail, the last known registered owner of the vehicle, all lienholders of record, and any other known claimant to the vehicle or to personal property found in the vehicle, addressed to the parties’ last known addresses of record, that the abandoned vehicle has been taken into custody. Notice shall be deemed given when mailed. The notice shall describe the year, make, model and vehicle identification number of the vehicle, describe the personal property found in the vehicle, set forth the location of the facility where the vehicle is being held, and inform the persons receiving the notice of their right to reclaim the vehicle and personal property within ten (10) days after the effective date of the notice upon payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody and upon payment of the costs of the notice. The notice shall also state that the failure of the owner, lienholders or claimants to exercise their right to reclaim the vehicle or personal property within the time provided shall be deemed a waiver by the owner, lienholders and claimants of all right, title, claim and interest in the vehicle or personal property and that failure to reclaim the vehicle or personal property is deemed consent to the sale of the vehicle at a public auction or disposal of the vehicle to a demolisher and to disposal of the personal property by sale or destruction. The notice shall state that any person claiming rightful possession of the vehicle or personal property who disputes the planned disposition of the vehicle or property by the police authority or private entity or of the assessment of fees and charges provided by this section may ask for an evidentiary hearing before the police authority to contest those matters. If the persons receiving the notice do not ask for a hearing or exercise their right to reclaim the vehicle or personal

property within the ten-day reclaiming period, the owner, lienholders or claimants shall no longer have any right, title, claim, or interest in or to the vehicle or the personal property. A court in any case in law or equity shall not recognize any right, title, claim, or interest of the owner, lienholders or claimants after the expiration of the ten-day reclaiming period.

(Code of Iowa, Sec. 321.89[3a])

80.04 NOTIFICATION IN NEWSPAPER. If it is impossible to determine with reasonable certainty the identity and addresses of the last registered owner and all lienholders, notice by one publication in one newspaper of general circulation in the area where the vehicle was abandoned shall be sufficient to meet all requirements of notice under Section 80.03. The published notice may contain multiple listings of abandoned vehicles and personal property but shall be published within the same time requirements and contain the same information as prescribed for mailed notice in Section 80.03.

(Code of Iowa, Sec. 321.89[3b])

80.05 FEES FOR IMPOUNDMENT. The owner, lienholder or claimant shall pay all towing and storage fees as established by the storage facility, whereupon the vehicle shall be released.

(Code of Iowa, Sec. 321.89[3a])

80.06 DISPOSAL OF ABANDONED VEHICLES. If an abandoned vehicle has not been reclaimed as provided herein, the police authority or private entity shall make a determination as to whether or not the motor vehicle should be sold for use upon the highways, and shall dispose of the motor vehicle in accordance with State law.

(Code of Iowa, Sec. 321.89[4])

80.07 DISPOSAL OF TOTALLY INOPERABLE VEHICLES. The City or any person upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost or destroyed, may dispose of such motor vehicle to a demolisher for junk, without a title and without notification procedures, if such motor vehicle lacks an engine or two (2) or more wheels or other structural part which renders the vehicle totally inoperable. The police authority shall give the applicant a certificate of authority. The applicant shall then apply to the County Treasurer for a junking certificate and shall surrender the certificate of authority in lieu of the certificate of title.

(Code of Iowa, Sec. 321.90[2e])

80.08 PROCEEDS FROM SALES. Proceeds from the sale of any abandoned vehicle shall be applied to the expense of auction, cost of towing,

preserving, storing and notification required, in accordance with State law. Any balance shall be held for the owner of the motor vehicle or entitled lienholder for ninety (90) days, and then shall be deposited in the State Road Use Tax Fund. Where the sale of any vehicle fails to realize the amount necessary to meet costs the police authority shall apply for reimbursement from the Department of Transportation.

(Code of Iowa, Sec. 321.89[4])

80.09 DUTIES OF DEMOLISHER. Any demolisher who purchases or otherwise acquires an abandoned motor vehicle for junk shall junk, scrap, wreck, dismantle or otherwise demolish such motor vehicle. A demolisher shall not junk, scrap, wreck, dismantle or demolish a vehicle until the demolisher has obtained the junking certificate issued for the vehicle.

(Code of Iowa, Sec. 321.90[3a])

CHAPTER 81

RAILROAD REGULATIONS

81.01 Definitions

81.02 Warning Signals

81.03 Obstructing Streets

81.04 Crossing Maintenance

81.01 DEFINITIONS. For use in this chapter, the following terms are defined:

1. “Operator” means any individual, partnership, corporation or other association which owns, operates, drives or controls a railroad train.
2. “Railroad train” means an engine or locomotive, with or without cars coupled thereto, operated upon rails.

(Code of Iowa, Sec. 321.1 [29])

81.02 WARNING SIGNALS. Operators shall sound a horn at least one thousand (1,000) feet before a street crossing is reached and after sounding the horn, shall ring the bell continuously until the crossing is passed.

(Code of Iowa, Sec. 327G.13)

81.03 OBSTRUCTING STREETS. Operators shall not operate any train in such a manner as to prevent vehicular use of any highway, street or alley for a period of time in excess of ten (10) minutes except:

(Code of Iowa, Sec. 327G.32)

1. Comply with Signals. When necessary to comply with signals affecting the safety of the movement of trains.
2. Avoid Striking. When necessary to avoid striking any object or person on the track.
3. Disabled. When the train is disabled.
4. Safety Regulations. When necessary to comply with governmental safety regulations including, but not limited to, speed ordinances and speed regulations.
5. In Motion. When the train is in motion except while engaged in switching operations.
6. No Traffic. When there is no vehicular traffic waiting to use the crossing.

An employee is not guilty of a violation of this section if the employee's action was necessary to comply with the direct order or instructions of a railroad corporation or its supervisors. Guilt is then with the railroad corporation.

81.04 CROSSING MAINTENANCE. Operators shall construct and maintain good, sufficient and safe crossings over any street traversed by their rails.

95.09 Use of Easements
95.10 Special Penalties
95.11 Hookup for Sanitary Sewer and Water in Atlantic
Eastside Water and Sewer Extension Project 2004

95.01 PURPOSE. The purpose of the chapters of this Code of Ordinances pertaining to Sanitary Sewers is to establish rules and regulations governing the treatment and disposal of sanitary sewage within the City in order to protect the public health, safety and welfare.

95.02 DEFINITIONS. For use in these chapters, unless the context specifically indicates otherwise, the following terms are defined:

1. "B.O.D." (denoting Biochemical Oxygen Demand) means the quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in five (5) days at twenty (20) degrees C., expressed in milligrams per liter or parts per million.

2. "Building drain" means that part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste, and other drainage pipes inside the walls of the building and conveys it to the building sewer, beginning five (5) feet (1.5 meters) outside the inner face of the building wall.

(IAC, 567-69.3[1])

3. "Building sewer" means the extension from the building drain to the public sewer or other place of disposal.

(IAC, 567-69.3[1])

4. "Combined sewer" means a sewer receiving both surface run-off and sewage.

5. "Customer" means any person responsible for the production of domestic, commercial or industrial waste which is directly or indirectly discharged into the public sewer system.

6. "Garbage" means solid wastes from the domestic and commercial preparation, cooking, and dispensing of food, and from the handling, storage and sale of produce.

7. “Industrial wastes” means the liquid wastes from industrial manufacturing processes, trade, or business as distinct from sanitary sewage.
8. “Inspector” means the person duly authorized by the Council to inspect and approve the installation of building sewers and their connections to the public sewer system; and to inspect such sewage as may be discharged therefrom.
9. “Natural outlet” means any outlet into a watercourse, pond, ditch, lake, or other body of surface or groundwater.
10. “On-site wastewater treatment and disposal system” means all equipment and devices necessary for proper conduction, collection, storage, treatment, and disposal of wastewater from four or fewer dwelling units or other facilities serving the equivalent of fifteen persons (1500 gpd) or less.
11. “pH” means the logarithm of the reciprocal of the weight of hydrogen ions in grams per liter of solution.
12. “Public sewer” means a sewer in which all owners of abutting properties have equal rights, and is controlled by public authority.
13. “Sanitary sewage” means sewage discharging from the sanitary conveniences of dwellings (including apartment houses and hotels), office buildings, factories or institutions, and free from storm, surface water, and industrial waste.
14. “Sanitary sewer” means a sewer which carries sewage and to which storm, surface, and groundwaters are not intentionally admitted.
15. “Sewage” means a combination of the water-carried wastes from residences, business buildings, institutions, and industrial establishments, together with such ground, surface, and storm waters as may be present.
16. “Sewage treatment plant” means any arrangement of devices and structures used for treating sewage.
17. “Sewage works” or “sewage system” means all facilities for collecting, pumping, treating, and disposing of sewage.
18. “Sewer” means a pipe or conduit for carrying sewage.
19. “Sewer service charges” means any and all charges, rates or fees levied against and payable by customers, as consideration for the servicing of said customers by said sewer system.
20. “Slug” means any discharge of water, sewage, or industrial waste which in concentration of any given constituent or in quantity of flow

exceeds for any period of duration longer than fifteen (15) minutes more than five (5) times the average twenty-four (24) hour concentration or flows during normal operation.

21. “Storm drain” or “storm sewer” means a sewer which carries storm and surface waters and drainage but excludes sewage and industrial wastes, other than unpolluted cooling water.

22. “Superintendent” means the Superintendent of sewage works and/or of water pollution control of the City or any authorized deputy, agent, or representative.

23. “Suspended solids” means solids that either float on the surface of, or are in suspension in water, sewage, or other liquids, and which are removable by laboratory filtering.

24. “Watercourse” means a channel in which a flow of water occurs, either continuously or intermittently.

95.03 SUPERINTENDENT. The Superintendent shall exercise the following powers and duties:

(Code of Iowa, Sec. 372.13[4])

1. Operation and Maintenance. Operate and maintain the City sewage system.
2. Inspection and Tests. Conduct necessary inspections and tests to assure compliance with the provisions of these Sanitary Sewers chapters.
3. Records. Maintain a complete and accurate record of all sewers, sewage connections and manholes constructed showing the location and grades thereof.

95.04 PROHIBITED ACTS. No person shall do, or allow, any of the following:

1. Damage Sewer System. Maliciously, willfully, or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance or equipment which is a part of the sewer system.

(Code of Iowa, Sec. 716.1)

2. Surface Run-off or Groundwater. Connect a roof downspout, sump pump, exterior foundation drain, areaway drain, or other source of surface run-off or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer.
3. Manholes. Open or enter any manhole of the sewer system, except by authority of the Superintendent.

4. **Objectionable Wastes.** Place or deposit in any unsanitary manner on public or private property within the City, or in any area under the jurisdiction of the City, any human or animal excrement, garbage, or other objectionable waste.

5. **Septic Tanks.** Construct or maintain any privy, privy vault, septic tank, cesspool, or other facility intended or used for the disposal of sewage except as provided in these chapters.

(Code of Iowa, Sec. 364.12[3f])

6. **Untreated Discharge.** Discharge to any natural outlet within the City, or in any area under its jurisdiction, any sanitary sewage, industrial wastes, or other polluted waters, except where suitable treatment has been provided in accordance with subsequent provisions of these chapters.

(Code of Iowa, Sec. 364.12[3f])

95.05 SEWER CONNECTION REQUIRED. The owners of any houses, buildings, or properties used for human occupancy, employment, recreation or other purposes, situated within the City and abutting on any street, alley or right-of-way in which there is now located, or may in the future be located, a public sanitary or combined sewer, are hereby required to install, at such owner's expense, suitable toilet facilities therein and a building sewer connecting such facilities directly with the proper public sewer, and to maintain the same all in accordance with the provisions of these Sanitary Sewers chapters, such compliance to be completed within thirty (30) days after date of official notice from the City to do so provided that said public sewer is located within five hundred (500) feet of the property line of such owner and is of such design as to receive and convey by gravity such sewage as may be conveyed to it. Billing for sanitary sewer service will begin the date of official notice to connect to the public sewer.

(Code of Iowa, Sec. 364.12 [3f])

(IAC, 567-69.3[3])

95.06 SERVICE OUTSIDE THE CITY. The owners of property outside the corporate limits of the City so situated that it may be served by the City sewer system may apply to the Council for permission to connect to the public sewer upon the terms and conditions stipulated by resolution of the Council.

(Code of Iowa, Sec. 364.4 [2 & 3])

95.07 RIGHT OF ENTRY. The Superintendent and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling, and testing in accordance with the provisions of these

Sanitary Sewers chapters. The Superintendent or representatives shall have no authority to inquire into any processes including metallurgical, chemical, oil, refining, ceramic, paper, or other industries beyond that point having a direct bearing on the kind and source of discharge to the sewers or waterways or facilities for waste treatment.

95.08 OWNER'S LIABILITY LIMITED. While performing the necessary work on private property, the Superintendent or duly authorized employees of the City shall observe all safety rules applicable to the premises established by the owner or occupant and the owner or occupant shall be held harmless for injury or death to City employees and the City shall indemnify the owner or occupant against loss or damage to its property by City employees and against liability claims and demands for personal injury or property damage asserted against the owner or occupant and growing out of any gauging and sampling operation, except as such may be caused by negligence or failure of the owner or occupant to maintain safe conditions.

95.09 USE OF EASEMENTS. The Superintendent and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all private properties through which the City holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the sewage works lying within said easement. All entry and subsequent work, if any, on said easement, shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.

95.10 SPECIAL PENALTIES. The following special penalty provisions shall apply to violations of these Sanitary Sewers chapters:

1. Notice of Violation. Any person found to be violating any provision of these chapters except subsections 1, 3 and 4 of Section 95.04, shall be served by the City with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. The offender shall, within the period of time stated in such notice, permanently cease all violations.
2. Continuing Violations. Any person who shall continue any violation beyond the time limit provided for in subsection 1 hereof shall be in violation of this Code of Ordinances. Each day in which any such violation shall continue shall be deemed a separate offense.
3. Liability Imposed. Any person violating any of the provisions of these chapters shall become liable to the City for any expense, loss, or damage occasioned the City by reason of such violation.

95.11 HOOKUP FOR SANITARY SEWER AND WATER IN ATLANTIC EASTSIDE WATER AND SEWER EXTENSION PROJECT 2004.

1. Property owners in Eastside Water and Sewer Extension Project 2004 need not hook up to the City sanitary sewer and water immediately upon being annexed to the City. However, if a property owner wishes to hook up to the new sewer line, the hookup fee for the first six months following completion of the line will be \$1,000.00. After the six-month period, the hookup fee will be whatever the regular City hookup fee is at the time of application for sewer services.
2. The water hookup fee will be the usual fee for a tap as set out in the rules of the Atlantic Municipal Utilities.
3. Another alternate hookup possibility is that within five years after the sewer and water systems are available, each property owner shall connect to the sewer and municipal water systems as provided in Section 95.05 of the City Code.
4. Any construction that requires a building permit under the City Code must hook up to sewer and water at time of construction.
5. These alternate methods of hookup apply only to the Atlantic Eastside Water and Sewer Extension Project 2004.
6. Nothing in this section will prevent property owners from hooking to the sewer and water lines at any time such lines are available.

(Ord. 876 – Jan. 05 Supp.)

CHAPTER 96

BUILDING SEWERS AND CONNECTIONS

96.01 Permit
96.02 Connection Charge
96.03 Plumber Required
96.04 Excavations
96.05 Connection Requirements

96.06 Interceptors Required
96.07 Sewer Tap
96.08 Restoration of Public Property and Inspection
96.09 Property Owner's Responsibility
96.10 Abatement of Violations

96.01 PERMIT. No unauthorized person shall uncover, make any connection with or opening into, use, alter or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the City. The application for the permit shall set forth the location and description of the property to be connected with the sewer system and the purpose for which the sewer is to be used, and shall be supplemented by any plans, specifications, or other information considered pertinent. The permit shall require the owner to complete construction and connection of the building sewer to the public sewer within sixty (60) days after the issuance of the permit, except that when a property owner makes sufficient showing that due to conditions beyond the owner's control or peculiar hardship, such time period is inequitable or unfair, an extension of time within which to comply with the provisions herein may be granted. Any sewer connection permit may be revoked at any time for a violation of these chapters.

96.02 CONNECTION CHARGE. The person who makes the application shall pay a connection charge in the amount of five cents (5¢) per square foot of real property owned by any applicant, with a minimum charge of \$350.00 and a maximum charge of \$1,000.00, to reimburse the City for costs borne by the City in making sewer service available to the property served.

96.03 PLUMBER REQUIRED. All installations of building sewers and connections to the public sewer shall be made by a plumber authorized to do business in the City.

96.04 EXCAVATIONS. All excavations required for the installation of a building sewer shall be open trench work unless otherwise approved by the City. Pipe laying and backfill shall be performed in accordance with A.S.T.M. Specification C-12, except that no backfill shall be placed until the work has been inspected. The excavations shall be made in accordance with the provisions of Chapter 135 where applicable.

96.05 CONNECTION REQUIREMENTS. Any connection with a public sanitary sewer must be made under the direct supervision of the Superintendent and in accordance with the following:

1. **Old Building Sewers.** Old building sewers may be used in connection with new buildings only when they are found, on examination and test conducted by the owner and observed by the Superintendent, to meet all requirements of this chapter.
2. **Separate Building Sewers.** A separate and independent building sewer shall be provided for every occupied building; except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway. In such cases the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer.
3. **Installation.** The connection of the building sewer into the public sewer shall conform to the requirements of Division 4, Plumbing Rules and Regulations, of the State Building Code, applicable rules and regulations of the City, or the procedures set forth in A.S.T.M. Specification C-12. All such connections shall be made gastight and watertight. Any deviation from the prescribed procedures and materials must be approved by the Superintendent before installation.
4. **Water Lines.** When possible, building sewers should be laid at least ten (10) feet horizontally from a water service. The horizontal separation may be less, provided the water service line is located at one side and at least twelve (12) inches above the top of the building sewer.
5. **Size.** Building sewers shall be sized for the peak expected sewage flow from the building with a minimum building sewer size of four (4) inches.
6. **Alignment and Grade.** All building sewers shall be laid to a straight line and at a uniform grade of not less than the following:
 - A. Four (4) inch lines: one-eighth (1/8) inch per foot.
 - B. Six (6) inch lines: one-eighth (1/8) inch per foot.
 - C. Minimum velocity: 2.50 feet per second with the sewer half full.
 - D. Deviations: any deviation in alignment or grade shall be made only with the written approval of the Superintendent and shall be made only with properly curved pipe and fittings.

7. Depth. Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. The depth of cover above the sewer shall be sufficient to afford protection from frost.
8. Sewage Lifts. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such drain shall be lifted by approved artificial means and discharged to the building sewer.
9. Pipe Specifications. Building sewer pipe shall be free from flaws, splits, or breaks. Materials shall be as specified in Division 4 of the State Building Code except that the building sewer pipe, from the property line to the public sewer, shall comply with the current edition of one of the following:
 - A. Clay sewer pipe - A.S.T.M. C-700 (extra strength).
 - B. Extra heavy cast iron soil pipe - A.S.T.M. A-74.
 - C. Cast and ductile iron water pipe - A.S.T.M. A-377.
 - D. P.V.C. - DWV - A.S.T.M. D-2665.
10. Bearing Walls. No building sewer shall be laid parallel to, or within three (3) feet of any bearing wall, which might thereby be weakened.
11. Jointing. Fittings, type of joint, and jointing material shall be commensurate with the type of pipe used, subject to the approval of the Superintendent.
12. Unstable Soil. No sewer connection shall be laid so that it is exposed when crossing any watercourse. Where an old watercourse must of necessity be crossed or where there is any danger of undermining or settlement, cast iron soil pipe or vitrified clay sewer pipe thoroughly encased in concrete shall be required for such crossings. Such encasement shall extend at least six (6) inches on all sides of the pipe. The cast iron pipe or encased clay pipe shall rest on firm, solid material at either end.
13. Preparation of Basement or Crawl Space. No connection for any residence, business or other structure with any sanitary sewer shall be made unless the basement floor is poured, or in the case of a building with a slab or crawl space, unless the ground floor is installed with the area adjacent to the foundation of such building cleared of debris and backfilled. The backfill shall be well compacted and graded so that the drainage is away from the foundation. Prior to the time the basement floor is poured, or the first floor is installed in buildings without

basements, the sewer shall be plugged and the plug shall be sealed by the Superintendent. Any accumulation of water in any excavation or basement during construction and prior to connection to the sanitary sewer shall be removed by means other than draining into the sanitary sewer.

96.06 INTERCEPTORS REQUIRED. Grease, oil, sludge and sand interceptors shall be provided by gas and service stations, convenience stores, car washes, garages, and other facilities when, in the opinion of the Superintendent, they are necessary for the proper handling of such wastes that contain grease in excessive amounts or any flammable waste, sand or other harmful ingredients. Such interceptors shall not be required for private living quarters or dwelling units. When required, such interceptors shall be installed in accordance with the following:

1. Design and Location. All interceptors shall be of a type and capacity as provided by the Iowa Public Health Bulletin and Division 4 of the State Building Code, to be approved by the Superintendent, and shall be located so as to be readily and easily accessible for cleaning and inspection.
2. Construction Standards. The interceptors shall be constructed of impervious material capable of withstanding abrupt and extreme changes in temperature. They shall be of substantial construction, watertight and equipped with easily removable covers that shall be gastight and watertight.
3. Maintenance. All such interceptors shall be maintained by the owner at the owner's expense and shall be kept in continuously efficient operations at all times.

96.07 SEWER TAP. Connection of the building sewer into the public sewer shall be made at the "Y" branch, if such branch is available at a suitable location. If no properly located "Y" branch is available, the property owner shall, at his or her own expense, install a "Y" saddle with mortar in the public sewer at the location specified by the Superintendent.

96.08 RESTORATION OF PUBLIC PROPERTY AND INSPECTION. Streets, sidewalks, alleys and other public property disturbed in the course of work shall be restored to the condition of the property prior to the commencement of work or in a manner satisfactory to the City, at the expense of the permit holder/property owner. The following specifications shall be met:

1. The street surface shall be restored with the same material that was removed.

2. All pipe embedment will be completed in accordance with the pipe embedment details referenced in the Urban Standard Specifications for Public Improvement Manual.
3. All excavation and patching shall comply with the full depth PCC patching specifications found in the Urban Standard Specifications for Public Improvement Manual.
4. In accordance with the Urban Standard Specifications for Public Improvement Manual, any and all concrete and asphalt streets shall have edges sawed by the contractor or property owner before repairing the excavation.
5. All connections with the sanitary sewer system shall be subject to Waste Water Treatment Plant inspection as soon as all pipe work from the public sewer to inside the building has been completed, and before any backfilling is done. The Sanitary Sewer Superintendent or their designee, shall be notified and the Superintendent or their designee, may inspect and test the work as to workmanship and material. No sewer pipe shall be covered or trenches filled until after the Supervisor has approved the work or has indicated an intent not to inspect the property. If the Superintendent has rejected the work, the plumber or owner must proceed immediately to correct the work. A \$50.00 inspection fee will be charged for each time the property is inspected by the Superintendent.
6. The contractor and/or owner is responsible for any and all concrete work done in complying with the Patching Standards for patches requiring concrete resurfaces. The contractor and/or owner shall also be responsible for the application of concrete underlying asphalt resurfacing as required by the referenced Patching Standards. The City shall resurface asphalt, as required, after the above requirements are met and the surface properly saw cut, with expenses for such resurfacing being charged to the owner of the property. Concrete work completed by the contractor and/or owner shall be caulked and sealed upon completion of the project in compliance with the above-referenced standards. Street resurfacing, curb work and sidewalk restoration shall be completed within 15 days of approval of the contractor's and/or owner's workmanship by the City. Resurfacing completed by the City shall be completed at the discretion of the Public Works Department.
7. The owner of the property and/or contractor shall warranty their workmanship for the period of one year. Any workmanship found to be defective shall be immediately repaired according to the standards outlined above. The owner shall indemnify the City from any lawsuits

or damage that may directly or indirectly be occasioned by defective workmanship.

(Ord. 895 – Nov. 08 Supp.)

96.09 PROPERTY OWNER'S RESPONSIBILITY. All costs and expenses incident to the installation, connection and maintenance of the building sewer shall be borne by the owner. The owner shall indemnify the City from any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.

96.10 ABATEMENT OF VIOLATIONS. Construction or maintenance of building sewer lines whether located upon the private property of any owner or in the public right-of-way, which construction or maintenance is in violation of any of the requirements of this chapter, shall be corrected, at the owner's expense, within thirty (30) days after date of official notice from the Council of such violation. If not made within such time the Council shall, in addition to the other penalties herein provided, have the right to finish and correct the work and assess the cost thereof to the property owner. Such assessment shall be collected with and in the same manner as general property taxes.

(Code of Iowa, Sec. 364.12[3])

CHAPTER 97

USE OF PUBLIC SEWERS

97.01 Storm Water
97.02 Surface Waters Exception
97.03 Prohibited Discharges
97.04 Restricted Discharges

97.05 Restricted Discharges - Powers
97.06 Special Facilities
97.07 Control Manholes
97.08 Testing of Wastes

97.01 STORM WATER. No person shall discharge or cause to be discharged any storm water, surface water, groundwater, roof run-off, sub-surface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any sanitary sewer. Storm water and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as combined sewers or storm sewers, or to a natural outlet approved by the Superintendent. Industrial cooling water or unpolluted process waters may be discharged on approval of the Superintendent, to a storm sewer, combined sewer, or natural outlet.

97.02 SURFACE WATERS EXCEPTION. Special permits for discharging surface waters to a public sanitary sewer may be issued by the Council upon recommendation of the Superintendent where such discharge is deemed necessary or advisable for purposes of flushing, but any permit so issued shall be subject to revocation at any time when deemed to the best interests of the sewer system.

97.03 PROHIBITED DISCHARGES. No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewers:

1. Flammable or Explosive Material. Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas.
2. Toxic or Poisonous Materials. Any waters or wastes containing toxic or poisonous solids, liquids or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant, including but not limited to cyanides in excess of two (2) milligrams per liter as CN in the wastes as discharged to the public sewer.

3. Corrosive Wastes. Any waters or wastes having a pH lower than 5.5 or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage works.
4. Solid or Viscous Substances. Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders.
5. Excessive B.O.D., Solids or Flow. Any waters or wastes having (1) a five (5) day biochemical oxygen demand greater than three hundred (300) parts per million by weight, or (2) containing more than three hundred fifty (350) parts per million by weight of suspended solids, or (3) having an average daily flow greater than two (2) percent of the average sewage flow of the City, shall be subject to the review of the Superintendent. Where necessary in the opinion of the Superintendent, the owner shall provide, at the owner's expense, such preliminary treatment as may be necessary to (1) reduce the biochemical oxygen demand to three hundred (300) parts per million by weight, or (2) reduce the suspended solids to three hundred fifty (350) parts per million by weight, or (3) control the quantities and rates of discharge of such waters or wastes. Plans, specifications, and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the Superintendent and no construction of such facilities shall be commenced until said approvals are obtained in writing.

97.04 RESTRICTED DISCHARGES. No person shall discharge or cause to be discharged the following described substances, materials, waters, or wastes if it appears likely in the opinion of the Superintendent that such wastes can harm either the sewers, sewage treatment process, or equipment, have an adverse effect on the receiving stream or can otherwise endanger life, limb, public property, or constitute a nuisance. In forming an opinion as to the acceptability of these wastes, the Superintendent will give consideration to such factors as the quantities of subject wastes in relation to flows and velocities in the sewers, materials of construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant, degree of treatability of wastes in the sewage treatment plant, and other pertinent factors. The substances restricted are:

1. High Temperature. Any liquid or vapor having a temperature higher than one hundred fifty (150) degrees F (65 degrees C).
2. Fat, Oil, Grease. Any water or waste containing fats, wax, grease, or oils, whether emulsified or not, in excess of one hundred (100) milligrams per liter or six hundred (600) milligrams per liter of dispersed or other soluble matter.
3. Viscous Substances. Water or wastes containing substances which may solidify or become viscous at temperatures between thirty-two (32) and one hundred fifty (150) degrees F (0 and 65 degrees C).
4. Garbage. Any garbage that has not been properly shredded, that is, to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than one-half ($\frac{1}{2}$) inch in any dimension.
5. Acids. Any waters or wastes containing strong acid iron pickling wastes, or concentrated plating solution whether neutralized or not.
6. Toxic or Objectionable Wastes. Any waters or wastes containing iron, chromium, copper, zinc, and similar objectionable or toxic substances; or wastes exerting an excessive chlorine requirement, to such degree that any such material received in the composite sewage at the sewage treatment works exceeds the limits established by the Superintendent for such materials.
7. Odor or Taste. Any waters or wastes containing phenols or other taste or odor producing substances, in such concentrations exceeding limits which may be established by the Superintendent as necessary, after treatment of the composite sewage, to meet the requirements of state, federal, or other public agencies or jurisdiction for such discharge to the receiving waters.
8. Radioactive Wastes. Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Superintendent in compliance with applicable state or federal regulations.
9. Excess Alkalinity. Any waters or wastes having a pH in excess of 9.5.
10. Unusual Wastes. Materials which exert or cause:
 - A. Unusual concentrations of inert suspended solids (such as, but not limited to, Fullers earth, lime slurries, and lime residues) or of dissolved solids (such as, but not limited to, sodium chloride and sodium sulfate).

- B. Excessive discoloration (such as, but not limited to dye wastes and vegetable tanning solutions).
 - C. Unusual B.O.D., chemical oxygen demand, or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.
 - D. Unusual volume of flow or concentration of wastes constituting “slugs” as defined herein.
11. Noxious or Malodorous Gases. Any noxious or malodorous gas or other substance which either singly or by interaction with other wastes is capable of creating a public nuisance or hazard to life or of preventing entry into sewers for their maintenance and repair.
12. Damaging Substances. Any waters, wastes, materials or substances which react with water or wastes in the sewer system to release noxious gases, develop color of undesirable intensity, form suspended solids in objectionable concentration or create any other condition deleterious to structures and treatment processes.
13. Untreatable Wastes. Waters or wastes containing substances which are not amenable to treatment or reduction by the sewage treatment processes employed, or are amenable to treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

97.05 RESTRICTED DISCHARGES - POWERS. If any waters or wastes are discharged, or are proposed to be discharged to the public sewers, which waters contain the substances or possess the characteristics enumerated in Section 97.04 and which in the judgment of the Superintendent may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the Superintendent may:

1. Rejection. Reject the wastes by requiring disconnection from the public sewage system;
2. Pretreatment. Require pretreatment to an acceptable condition for discharge to the public sewers;
3. Controls Imposed. Require control over the quantities and rates of discharge; and/or
4. Special Charges. Require payment to cover the added cost of handling and treating the wastes not covered by existing taxes or sewer charges under the provisions of Chapter 99.

97.06 SPECIAL FACILITIES. If the Superintendent permits the pretreatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the Superintendent and subject to the requirements of all applicable codes, ordinances, and laws. Where preliminary treatment or flow-equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at the owner's expense.

97.07 CONTROL MANHOLES. When required by the Superintendent, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessibly and safely located, and shall be constructed in accordance with plans approved by the Superintendent. The manhole shall be installed by the owner at the owner's expense, and shall be maintained by the owner so as to be safe and accessible at all times.

97.08 TESTING OF WASTES. All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in this chapter shall be determined in accordance with the latest edition of "Standard Methods of the Examination of Water and Wastewater," published by the American Public Health Association, and shall be determined at the control manhole provided, or upon suitable samples taken at said control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to life, limb, and property. (The particular analyses involved will determine whether a twenty-four (24) hour composite of all outfalls of a premise is appropriate or whether a grab sample or samples should be taken. Normally, but not always, B.O.D. and suspended solids analyses are obtained from twenty-four (24) hour composites of all outfalls whereas pH's are determined from periodic grab samples).

CHAPTER 98

ON-SITE WASTEWATER SYSTEMS

98.01 When Prohibited
98.02 When Required
98.03 Compliance with Regulations
98.04 Permit Required
98.05 Discharge Restrictions

98.06 Maintenance of System
98.07 Systems Abandoned
98.08 Disposal of Septage
98.09 Minimum Lot Area

98.01 WHEN PROHIBITED. Except as otherwise provided in this chapter, it is unlawful to construct or maintain any on-site wastewater treatment and disposal system or other facility intended or used for the disposal of sewage.

(Code of Iowa, Sec. 364.12[3f])

98.02 WHEN REQUIRED. When a public sanitary sewer is not available under the provisions of Section 95.05, every building wherein persons reside, congregate or are employed shall be provided with an approved on-site wastewater treatment and disposal system complying with the provisions of this chapter.

(IAC, 567-69.1[3])

98.03 COMPLIANCE WITH REGULATIONS. The type, capacity, location and layout of a private on-site wastewater treatment and disposal system shall comply with the specifications and requirements set forth by the Iowa Administrative Code 567, Chapter 69, and with such additional requirements as are prescribed by the regulations of the County Board of Health.

(IAC, 567-69.1[3 & 4])

98.04 PERMIT REQUIRED. No person shall install or alter an on-site wastewater treatment and disposal system without first obtaining a permit from the County Board of Health.

98.05 DISCHARGE RESTRICTIONS. It is unlawful to discharge any wastewater from an on-site wastewater treatment and disposal system (except under an NPDES permit) to any ditch, stream, pond, lake, natural or artificial waterway, drain tile or to the surface of the ground.

(IAC, 567-69.1[3])

98.06 MAINTENANCE OF SYSTEM. The owner of an on-site wastewater treatment and disposal system shall operate and maintain the system in a sanitary manner at all times and at no expense to the City.

98.07 SYSTEMS ABANDONED. At such time as a public sewer becomes available to a property served by an on-site wastewater treatment and disposal system, as provided in Section 95.05, a direct connection shall be made to the public sewer in compliance with these Sanitary Sewer chapters and the on-site wastewater treatment and disposal system shall be abandoned and filled with suitable material.

(Code of Iowa, Sec. 364.12[3f])

98.08 DISPOSAL OF SEPTAGE. No person shall dispose of septage from an on-site treatment system at any location except an approved disposal site.

98.09 MINIMUM LOT AREA. No permit shall be issued for any on-site wastewater treatment and disposal system employing sub-surface soil absorption facilities where the area of the lot is less than 15,625 square feet.

SEWER SERVICE CHARGES

99.01 Sewer Service Charges Required

99.02 Rate

99.03 Determination of Water Usage

99.04 Private or Unmetered Water Systems

99.05 Payment of Bills

99.06 Lien for Nonpayment

99.07 Lien Notice

99.08 Special Rates and Agreements Permitted

99.01 SEWER SERVICE CHARGES REQUIRED. Every customer shall pay to the City sewer service charges as hereinafter provided.

(Code of Iowa, Sec. 384.84)

99.02 RATE. Each and every lot, parcel of real estate, building or premises within the City that is connected with and uses the sanitary utilities of the City, or that in any way uses or discharges sanitary sewage, industrial waste, water or other liquid, either directly or indirectly, into the sewage system of the City, shall pay a monthly service charge, rate or rental to the City, based on the amount of water used, in accordance with the following schedule:

1. First 3,000 gallons or lesser amount per month @ \$12.00 (minimum bill).
2. All over 3,000 gallons per month @ \$2.25 per 1,000 gallons.

(Ord. 887 – Mar. 06 Supp.)

99.03 DETERMINATION OF WATER USAGE. In determining the amount of water usage for each premises, one of the following methods, which would fairly measure the water used for sanitary sewer purposes, shall be used:

1. The average of the water usage for the months of January, February and March of each year will be used for the following twelve (12) months.
2. For a newly constructed building, the water usage for the first full month after completion will be used until the usage can be ascertained under subsection 1 above.
3. A new resident in an existing premises will be billed on the basis of the previous resident until usage can be ascertained under subsection 1 above.
4. If the premises is vacant during any one or more of the months of January, February and March, then other months of November,

December, April and May can be substituted for those months when the premises is vacant and the three-month average ascertained in that manner.

5. If a customer is on vacation an entire month and so notifies the City, the customer will be billed at the minimum amount for that month.

6. Any other method agreed to between the customer and the City which would fairly represent the water usage which goes into the City sanitary sewer system.

99.04 PRIVATE OR UNMETERED WATER SYSTEMS. Customers whose premises are served by a private and/or unmetered water system shall pay sewer charges based upon the water used as determined by the City. The minimum charge for such systems shall be \$15.98 per month.

99.05 PAYMENT OF BILLS. All sewer service charges shall be due and payable as part of a combined service account under the same terms and conditions as payment for water and electric service.

99.06 LIEN FOR NONPAYMENT. The owner of the premises served and any lessee or tenant thereof shall be jointly and severally liable for sewer service charges to the premises. Sewer service charges remaining unpaid and delinquent shall constitute a lien upon the premises served and shall be certified by the Clerk to the County Treasurer for collection in the same manner as property taxes.

(Code of Iowa, Sec. 384.84)

99.07 LIEN NOTICE. A lien for delinquent sewer service charges shall not be certified to the County Treasurer unless prior written notice of intent to certify a lien is given to the customer. If the customer is a tenant and if the owner or landlord of the property has made a written request for notice, the notice shall also be given to the owner or landlord. The notice shall be sent to the appropriate persons by ordinary mail not less than thirty (30) days prior to certification of the lien to the County Treasurer.

(Code of Iowa, Sec. 384.84)

99.08 SPECIAL RATES AND AGREEMENTS PERMITTED. Where, in the judgment of the Superintendent and the Council, special conditions exist to the extent that the application of the sewer charges provided in Section 99.02 would be inequitable or unfair to either the City or the customer, a special rate shall be proposed by the Superintendent and submitted to the Council for approval by resolution. No statement in these chapters shall be construed as preventing a special agreement, arrangement or contract between the Council,

and any industrial concern whereby an industrial waste of unusual strength or character may be accepted subject to special conditions, rate and cost as established by the Council.

100.01 PURPOSE AND FINDINGS. The purpose of this chapter is to establish the Storm Water Management Utility, to authorize charges for the use of, and discharge to, the storm and surface water drainage systems of the City, to provide a process for appeals of certain decisions by the Council relating to such charges, and to provide for collection of delinquent charges. The Council finds that the construction, operation and maintenance of the City's storm water system should be funded through user charges imposed for the discharge of storm and surface water to the storm water drainage system, thereby charging those persons and activities using or receiving service from that system. The City may be required to provide increased quantity or quality controls to mitigate those impacts of pollutants from discharging storm and surface waters into the storm water system. Therefore, it is appropriate to impose a storm and surface water user charge upon all users of property which may discharge, directly or indirectly into the storm water system.

100.02 DEFINITIONS. The following words have the following definitions when used in this chapter, and any resolution and order adopted pursuant hereto, unless the context requires otherwise or unless such word is expressly defined otherwise:

1. "Bonds" means revenue bonds, notes, loans or other debt obligations issued or incurred to finance the costs of construction.
2. "Collection agent" means the agent, entity or firm designated by the Council to coordinate bills and receive revenues on behalf of the storm water management utility.

3. “Contributor” or “user” means any person responsible for the direct or indirect discharge of storm water or surface or subsurface waters into the City’s storm water drainage system.
4. “Cost of construction” means the cost reasonably incurred in connection with providing capital improvements to the system or any portion thereof, including but not limited to the costs of (i) acquisition of all property, real or personal, and all interests in connection therewith, including all rights-of-way and easements therefor, (ii) physical construction, installation and testing including the costs of labor, services, materials, supplies and utility services used in connection therewith, (iii) architectural, engineering, legal and other professional services, (iv) insurance premiums taken out and maintained during construction, to the extent not paid for by a contractor for construction and installation, (v) any taxes or other charges which become due during construction, (vi) expenses incurred by the City or on its behalf with its approval in seeking to enforce any remedy against any contractor or subcontractor in respect of any default under a contract relating to construction, (vii) principal and interest on any bonds, notes, loans or other debt obligations, and (viii) miscellaneous expenses incidental thereto.
5. “Connection” means the physical act or process of directing or allowing the flow of storm and surface waters to the storm sewer or drainage line, or joining onto an existing side sewer, for the purpose of connecting private impervious surface or other storm and surface water sources or systems to the public storm and surface water system. It also includes creation or maintenance of impervious surface that causes or is likely to cause an increase in the quantity or decrease in quality or both from the natural state of storm water runoff, and which drains, directly or indirectly, to the storm and surface water system.
6. “Date of imposition” or “imposition date” means July 1 of each fiscal year or such other date designated by the Council at which time a charge is imposed and becomes the legal obligation of the user. The obligation may include the cost of services to be provided during the billing period or for services previously provided to the same person under this chapter.
7. “Days” means calendar days unless otherwise specified.
8. “Debt service” means the amount of money necessary annually to pay the interest on outstanding debt and pay the principal of maturing bonded debt.

9. “Developed property” means real property upon which a structure or impervious surface has been placed or constructed, thus increasing the amount of rain water or surface water runoff.
10. “Director” means the City Administrator or designee.
11. “Dwelling unit” means a singular unit or apartment providing complete, independent living facilities for one or more persons including permanent provisions for living, sleeping, eating, cooking and sanitation.
12. “Equivalent service units” or “ESU” means a measurement unit based on the impervious surface area of an average improved single family dwelling lot or parcel within the City (as determined by a statistical sampling performed by the City). Except as otherwise provided, one equivalent service unit shall be deemed to be 2,000 square feet of impervious surface area.
13. “ESU rate” means the dollar value periodically determined and assigned to each ESU as a charge for storm water management services, and expressed as \$X.XX per ESU per month.
14. “Exempt property” means public rights-of-way, streets, alleys and sidewalks, public and private cemeteries and public parks, including publicly owned property used for public recreation owned by the City, County, railroad, public utility or State, within the City corporate boundaries.
15. “Extensions and replacements” means costs of extensions, additions and capital improvements to, or the renewal and replacement of capital assets of, or purchasing and installing new equipment for the system, or land acquisition for the system, and any related costs thereto, or paying extraordinary maintenance and repair, including the costs of construction, or any other expenses which are not costs of operation and maintenance or debt service.
16. “Fiscal year” means the twelve-month period beginning on the first day of July of any year, and ending on June 30 of the succeeding year.
17. “Impervious surface area” means all land area that has been altered from its natural state such that it does not allow the infiltration and retention of water equivalent to that of undisturbed soil. This includes, but is not limited to: pavement, buildings, decks, parking areas and compacted gravel areas. “Impervious surface” does not include improved streets, roads and sidewalks within the public right-of-way; bike paths; railroad beds or quarry excavation areas and temporary service roads in the excavation areas. Rather, such facilities are deemed

to be a part of the public surface water drainage conveyance system or to constitute non-impervious surfaces.

18. “Improved single dwelling parcel” means a lot or parcel on which a single family dwelling exists at any time during the same years as the imposition of the charge.

19. “Multi-family residential property” means a residential structure designed with two or more dwelling units to accommodate two or more families or groups of individuals living separately and not sharing the same living space.

20. “Non-operating revenue” means revenues derived from activities other than the basic operation of the storm water management system, but excluding interest income on bond proceeds and on contributed capital.

21. “Nonresidential property” means any property developed for commercial, industrial, governmental or institutional use, including churches, hospitals and other eleemosynary institutions, and including multi-use properties incorporating residential uses, but excluding undeveloped property or property used exclusively for agricultural purposes.

22. “Occupant” means the person residing or doing business on the property.

23. “Operating budget” means the annual operating budget for the storm water management utility adopted by the Council for the succeeding fiscal year.

24. “Operation and maintenance expenses” means the current expenses, paid or accrued, of operation, maintenance and current repair of the system, as calculated in accordance with sound accounting practice, and includes, without limiting the generality of the foregoing, insurance premiums, administrative expenses including record keeping, labor, executive compensation, the cost of materials and supplies used for current operations, and charges for the accumulation of appropriate reserves for current expenses not annually incurred, but which are such as may reasonably be expected to be incurred in accordance with sound accounting practice.

25. “Owner” means the legal owner of records as shown on the tax rolls of Cass County, or where there is a recorded land sale contract, the purchaser thereunder.

26. “Person” means any individual, public or private corporation, political subdivision, governmental agency, municipality, partnership, association, firm, trust, or any other legal entity whatsoever.

27. “Revenues” means all rates, fees, assessments, rentals or other charges or other income received by the utility, in connection with the management and operation of the system, including amounts received from the investment or deposit of moneys in any fund or account and any amounts contributed by the City, all as calculated in accordance with sound accounting practice.

28. “Rule” means any written standard, directive, interpretation, policy, regulation, procedure or other provision, adopted by the Council as a resolution to carry out the provisions of this chapter.

29. “Storm water management charge” means the charge authorized by Iowa law and this chapter, which is established to pay for the operations and maintenance, extension and replacement of debt service of the storm water utility.

30. “Storm water management utility” or “utility” means the enterprise fund utility hereby created to operate, maintain and improve the system and for such other purposes as stated in this chapter.

31. “Storm and surface water drainage system” means any combination of publicly owned storm and surface water quantity and quality facilities, pumping, or lift facilities, storm and secondary drain pipes and culverts, open channels, creeks and rivers, force mains, laterals, manholes, catch basins and inlets, including the grates and covers thereof, detention and retention facilities for the collection, conveyance, treatment and disposal of storm and surface water systems within the City, to which sanitary sewage flows are not intentionally admitted.

32. “Total annual revenue requirements” means the total amount of revenue required in one year to meet all expenditures incurred during that year for the financing of construction and for the operations and maintenance (including administration and renewal and replacements funding) of the storm water drainage system, including facilities for the collection, transportation, and treatment of storm water, and of the flood control protection system, including river levees, detention basins and storm water pumping stations.

33. “Undeveloped property” means real property that has no impervious area.

100.03 STORM WATER MANAGEMENT UTILITY ESTABLISHED.

Pursuant to the authority of Section 384.84 of the Code of Iowa, the Council hereby establishes a storm water management utility in the City. The entire City, as may be increased from time to time, shall constitute a single storm and surface water drainage district.

100.04 ESTABLISHMENT OF THE ESU RATE.

1. Except as provided otherwise, one equivalent service unit shall be deemed to be 2,000 square feet of impervious surface area.
2. The ESU rate to be applied to residential and nonresidential properties on the effective date of the ordinance codified herein is \$2.50 per ESU per month.
3. Except as hereinafter provided, every contributor owning or occupying a single family residential property, multi-family residential property, or nonresidential property, other than exempt property as defined by Section 100.15, below, shall pay to the City, at the office of the designated collection agent at the time payment is due, a storm water management charge to be determined and billed as herein provided.
4. In the event the owner and the occupant of a particular property are not the same, the liability for payment of the storm water management charge attributable to the property shall be joint and several as to the owner and occupant. The storm water management charge shall be a monthly service charge and shall be determined by the provisions of this chapter and the ESU unit and ESU rate which is herein established and from time to time adjusted as hereinafter provided.
5. The storm water management charges provided above shall be applied and computed for each contributor during the designated billing period from and after January 1, 2003.
6. As to all subsequent fiscal years, the Director shall determine the ESU rate to be applied to all residential and nonresidential properties within the City on or before March 15 of each year and shall certify the same promptly thereafter. The City Administrator shall inform the Council of the rate so calculated at the time the budget for the storm water management utility is submitted to the Council for review and approval. Adjustment to the ESU or ESU rate shall only be changed by ordinance.
7. The Council shall establish and implement a formal policy regarding the expenditure of storm water utility revenues on an annual basis. No revenues generated by the storm water utility shall be used for any other purpose other than storm water expenses.

100.05 SINGLE FAMILY RESIDENTIAL PROPERTY CHARGES.

The storm water management charge for a parcel classified as a single family residential property (R) by the County Assessor's office shall be a percentage of the ESU Rate, based upon the impervious area of the lot or parcel upon which the single family residence is located, as referenced by the following table:

Impervious Area of the Property	Percentage of the ESU Rate
500 square feet or less	50% of one (1) ESU
1,000 to 6,000 square feet	100% of one (1) ESU
6,000 square feet or more or a parcel exceeding 1 acre or more	150% of one (1) ESU

In the absence of accurate area calculation information by the County Assessor's office, the single family residential properties shall be charged one (1) ESU. Structures defined as multi-family but containing individually owned units shall be charged to the individual owners of said units. For all newly constructed single family residential units, the storm water management charge attributable to that residence shall commence on the July 1 after the date of the issuance of a certificate of occupancy, the date in which occupancy occurs, or 30 days after construction has ceased, whichever is first. Any owner or occupant of a single family residential property aggrieved by the Director's calculation of the storm water management charge as herein provided may appeal such determination to the Director as provided in Section 100.20 hereof.

100.06 MULTI-FAMILY RESIDENTIAL PROPERTY CHARGES. The storm water management charge for a multi-family residential property shall be the ESU rate multiplied by the number of individual dwelling units existing on the property. For all newly constructed multi-family residential units, the storm water management charge attributable to each residential unit shall commence on the July 1 after the date of the issuance of a certificate of occupancy for each unit, the date in which occupancy occurs, or 30 days after construction has ceased, whichever is first. Any owner or occupant of a multi-family residential property aggrieved by the Director's calculation of the storm water management charge as herein provided may appeal such determination to the Director as provided in Section 100.20 hereof.

100.07 MOBILE HOME PARK CHARGES. The storm water management charge for a mobile home park (a district classified as R-6 in the City's Zoning Ordinance) shall be the ESU rate multiplied by the number of individual park spaces, whether occupied or not, in the mobile home park. For all newly constructed mobile home parks, the storm water management charge attributable to each space shall commence on the July 1 after the date of the first mobile home placement in the park. Any owner or occupant of a mobile

home park property aggrieved by the Director's calculation of the storm water management charge as herein provided may appeal such determination to the Director as provided in Section 100.20 hereof.

100.08 CHARGES FOR UNDEVELOPED PROPERTY CLASSIFIED AS AGRICULTURE, COMMERCIAL OR INDUSTRIAL. The storm water management charge for an unimproved parcel classified as agriculture (A), commercial (C) or industrial (I), defined as parcel of land with no impervious surfaces, shall be the ESU rate multiplied by 0.10 for each acre of land in the assessed parcel. A minimum fee of one-half ($\frac{1}{2}$) of an ESU shall be charged on all parcels defined by the County Assessor as commercial (C) or industrial (I) containing less than five (5) acres. For all newly constructed agricultural, commercial or industrial parcels, the storm water management charge attributable to each parcel shall commence on the July 1 after the date of the issuance of a certificate of occupancy for each unit, the date in which occupancy occurs, or 30 days after construction has ceased, whichever is first. Any owner or occupant of an undeveloped property aggrieved by the Director's calculation of the storm water management charge as herein provided may appeal such determination to the Director as provided in Section 100.20 hereof.

100.09 CHARGES FOR DEVELOPED PROPERTY CLASSIFIED AS AGRICULTURE WITH IMPROVEMENTS. The storm water management charge for an improved agricultural parcel shall be charged one (1) ESU multiplied by a factor of 1.5. Any owner or occupant of improved agricultural property aggrieved by the Director's calculation of the storm water management charge as herein provided may appeal such determination to the Director as provided in Section 100.20 hereof.

100.10 CHARGES FOR DEVELOPED PROPERTY CLASSIFIED AS COMMERCIAL OR INDUSTRIAL. The storm water management charge for a developed commercial, industrial or public use parcel located outside the C-3 City of Atlantic Zoning Ordinance, on a parcel less than 1.0 acre in size, shall be the residential charge determined in Section 100.05 multiplied by the following factor:

Percentage of Impervious Surface	Factor
Less than 30%	1.6
Over 30%	2.4

Any owner or occupant of developed property classified by the County Assessor as commercial (C) or industrial (I) aggrieved by the Director's calculation of the storm water management charge as herein provided may appeal such determination to the Director as provided in Section 100.20, hereof.

100.11 CHARGES FOR DEVELOPED PROPERTY CLASSIFIED AS COMMERCIAL OR INDUSTRIAL IN THE C-3 DISTRICTS. The storm water management charge for a developed commercial, industrial or public use parcel located within the C-3 City of Atlantic Zoning Ordinance, on a parcel less than 1.0 acre in size, shall be the residential charge determined in Section 100.05 multiplied by the following factor:

Percentage of Impervious Surface	Factor
Less than 30%	2.0
Over 30%	3.0

Any owner or occupant of developed property classified by the County Assessor as commercial (C) or industrial (I) located in the C-3 zoning district aggrieved by the Director's calculation of the storm water management charge as herein provided may appeal such determination to the Director as provided in Section 100.20 hereof.

100.12 CHARGES FOR MEASURED USES. Properties that are not covered in Sections 100.05 through 100.11 above shall be measured uses. For such uses, the impervious surfaces of the property, as defined by rule, shall be measured. The area shall be estimated using one or more of the following: aerial photographs, assessment records, building permits, construction plans, site visits, ad valorem property tax records, storm and surface water system connection permits, field surveys or other sources deemed reliable by the City. The storm water management charge for measured uses shall be the impervious surface area of the property divided by 4,000 square feet multiplied by the ESU rate. In lieu of determining the impervious surface area of the measured use, the Director may determine the storm water management charge by dividing the gross parcel size of the property by 0.5. The whole number of the dividend shall then be multiplied by any applicable factor for the parcel determined in Sections 100.05 through 100.11 above, and then multiplied by the ESU rate.

100.13 SEASONAL IMPERVIOUS AREA. Properties which have areas that are impervious for only a portion of the year shall constitute seasonal impervious areas; for example, a greenhouse that is covered six months, and open with a pervious floor for six months. If an impervious area is in place for more than one month per year, it shall be included in the impervious area measurement, unless exempted under the policy for "Spreading of Runoff to Pervious Surfaces."

100.14 EXCLUSION FROM IMPERVIOUS SURFACE MEASUREMENT.

1. Roads. Public roads shall not be included in the measurement of impervious surfaces. All private roads are to be included in the

measurement of impervious surface areas, except private roads that serve flat rate uses. Private roads are defined as all roads and driveways which have not been dedicated to the public and accepted for public use, and which are defined as an impervious surface under other City rules.

2. Determination of Impervious Surfaces – Roadways. All roadways, whether dirt, gravel, or paved, shall be considered impervious, and unless a part of an exempted category of road, or a part of a flat rate use, shall be included in the impervious area measurement. A “roadway” is defined as an area intended for the purpose of providing access for motor vehicles. Roadways shall include such things as roads, streets, alleys and driveways.

3. Determination of Impervious Surfaces – Parking and Storage Areas.

A. All parking and storage areas, whether dirt, gravel or paved, shall be deemed impervious. A parking area is defined as an area where motor vehicles are parked temporarily. This includes such areas as public and private parking lots (regardless of frequency of use) and storage areas.

B. A dirt or gravel area that is not accessed by motor vehicles, or is not otherwise highly compacted, shall be considered pervious. This includes such uses as landscaping, and gravel or dirt areas accessed only by foot traffic or small vehicles, as defined above.

C. A user may submit information for City review showing that the conditions of subsection 2 above are valid. The City shall review such information and may perform a site inspection. If, based upon objective, verifiable information presented, or upon the site inspection performed, the City may modify the ESUs for the property to conform to the actual impervious surface. Failure to permit the City to perform a site inspection of the property shall be grounds to deny an application for review under this subsection.

4. Spreading of Runoff to Pervious Surfaces. Impervious areas shall be excluded from measurement and charge if the runoff is spread to a pervious area that does not otherwise receive rainfall. For properties which meet the criteria of this subsection, all or part of the impervious area may be excluded from measurement and charge, as appropriate. For such property, the following criteria shall apply:

- A. It is the responsibility of the property owner to provide documentation as required by the City to demonstrate that the criteria are met.
 - B. The area of impervious area that can be exempted is limited to the area of the pervious area where the runoff is effectively spread.
 - C. To qualify, the runoff from an impervious area must not be concentrated but must remain as “sheet flow,” or be spread so it is in sheet flow; the runoff must pass through the pervious area before it is collected in a drain or channel system and carried away; and there cannot be any barriers such as a concrete foundation preventing the sheet flow runoff from passing through the impervious area.
5. Quarry Property. Permanent roadways, parking areas, and structures shall be included in the impervious area measurement. The actual excavated area from which material is being taken, and the temporary service roads in the excavation area shall be excluded as not being impervious.
6. Railroad Facilities. Railroad facilities shall be included in the measurement of impervious area, but the rail grade itself shall be excluded as being pervious.

100.15 EXEMPTION FROM STORM WATER MANAGEMENT CHARGE.

1. Users of properties for which all storm water is disposed of on-site, as defined by City standards, may request an exemption from storm water management system charges. No partial exemptions for disposal of only a portion of the storm and surface waters on-site shall be allowed. In order to qualify for a utility charge exemption, the user must design, construct and maintain an on-site facility that keeps all storm and surface water for the full range of storms during the year. This applicant for exemption must pay an initial inspection/review fee. For the purpose of this section, the term “property” means a parcel of land, or a group of adjacent parcels working in cooperation. The term “on-site disposal” means on the parcel, or on another parcel in the near vicinity of the parcel requesting the exemption. In order to qualify for the exemption, the on-site system must encompass the entire property (except for incidental impervious areas as defined below), must be completely separated from the public system, and must provide adequate on-site disposal. Incidental areas such as sidewalks, decks, and driveway

aprons, shall not exceed ten percent (10%) of the total impervious area. On-site disposal facilities that may qualify are dry wells, injection wells, retention basins with percolation/evaporation capacity, and retention basins with capacity large enough to accommodate the total of all storms through the year. Many of these may have a possible adverse effect on ground water, and some techniques may require approval of State, Federal and local agencies.

2. To qualify, an applicant must submit a request to the City for a waiver of utility charges relating to the property. This request shall include a certification from an engineer, or other evidence acceptable to the City, that shows the system is separate and will dispose of the full range and volume of storm water through the year on-site. The applicant shall also submit a maintenance plan for assuring the system will function as designed. The application must be signed by the property owner. An inspection/review fee shall be paid at the time of application. If the application is denied, the inspection/review fee will be credited to the utility charges due. If the request for the waiver is made as part of the construction plans, this fee shall be waived. A decision denying an exemption may be appealed following the procedures in Section 100.20 of this chapter. If approved, the waiver will be effective for the next billing cycle.

3. The City retains the right to inspect the on-site measures to assure they are functioning as designed. If at any time the measures are found to not be effective, the exemption shall cease.

100.16 CREDITS FOR WATER QUANTITY PORTION OF THE STORM WATER UTILITY. New developments that provide on-site retention, disposal, or detention, or provide off-site conveyance system enlargements are entitled to a credit in storm water management system charges. To be eligible, new development, or portions of new development, must include design and construction of a facility that meets one of the following standards:

1. The retention facility sized to accommodate the full volume of storm water through the year with no overflow or release into the storm water management system. Eligible facilities shall be exempt from storm water management system charges.
2. A disposal facility which keeps all storm and surface water separated from the public system, and disposes of it on-site for the full range of storms during the year, including the winter, through on-site disposal (dry wells, injection wells, percolation/evaporation basins).

Eligible facilities shall be exempt from storm water management system charges.

3. A detention facility which meets or exceeds the standards defined in City rules for on-site storm water detention facilities. Eligible facilities shall be entitled to a reduction of one-half (½) of the actual number of ESUs calculated.

4. Upsizing of the downstream conveyance system. Credit shall be determined by the City on a case-by-case basis.

The term “on-site” means on the parcel, or on another parcel in the near vicinity of that for which the credit or reduction is requested. To be eligible for a credit (reduction) of storm water management system charges, the request must be submitted prior to, or as part of, the development process, but in all cases the request must be made prior to the payment of the storm water management system charges. To be eligible for a credit, the request can be made at any time, in accordance with this chapter. The request shall demonstrate the property meets one of the above conditions. For on-site facilities, the City reserves the right to inspect the facilities installed at any time. If it is found that the system no longer functions, then the storm water management system charges that were waived will become due and payable.

100.17 BILLING.

1. The City shall send a bill for the amount due by regular mail to every parcel owner in the City. Mailing to the owner of record as shown in the County Assessor’s records shall satisfy this requirement. The billing period shall be semiannual. Billing statements will be sent on or about August 1 and February 1 of the year.

2. The recipient has 15 days from the billing date to file a notice of non-occupancy. The notice shall indicate the relationship of the recipient to the property (e.g., owner, lessor, mortgagee, contract holder), whether on the imposition date the property was occupied, and if so, by whom.

3. Upon receipt of the notice, the City shall determine who is obligated for payment. Based on this determination, the City shall:

A. Issue a new bill to the occupant if the property was occupied by someone other than the original recipient;

B. Reissue the bill to the recipient if it is found that that person was the occupant;

- C. Issue a bill to the owner as the user, if the property was not occupied.

The City may take into account any reasonably reliable information available to it, including utility or water district records.

4. Failure to file the notice such that it is actually received by the City within the thirty (30) days of the mailing date of the bill shall conclusively establish that the original addressee was the user on the imposition date.

5. Notwithstanding any other provision of this chapter, any person may agree in writing to be responsible for payment of the charge. Upon filing of such a writing with the City, subsequent bills shall be sent to that person, and that person shall be deemed to be the user.

6. It is a violation of this chapter to knowingly provide false information to the City regarding any fact related to billing of a storm water utility service charge or other charge of the City.

100.18 DELINQUENCY, COLLECTION, INTEREST AND PENALTIES.

1. Charges imposed under this chapter are deemed delinquent when not paid in full within forty-five (45) days from the date the billing statement were mailed by the City.

2. It is unlawful and a violation of this chapter for any person to discharge wastewater into the City's storm water management system. It is also unlawful and a violation of this chapter to maintain a connection to or use the City's storm water management system without paying the appropriate charges and fees established in this section or any rule adopted pursuant hereto. Even if no billing is received, such charges shall be due and owing and the user is obligated to pay any charges in a timely fashion.

3. Delinquent charges may be collected pursuant to the same procedure as with delinquent sanitary sewer bills by the City, with the assistance of City legal counsel, without further action or authorization by the Council.

4. In addition to remedies provided for collection of a debt, the City may seek a temporary or permanent injunction prohibiting continued occupancy of premises, requiring disconnection of the premises from the public storm water utility system, and termination of water and sewer service to the user's premises.

5. The Council may prescribe, by resolution and order, a schedule of interest and penalty charges to be imposed upon delinquent charges.
6. In a collection action under this chapter, the City shall be entitled to its costs and reasonable attorney fees, including at trial and on appeal, if it is the prevailing party.
7. In addition to the right of the City to bring a civil action to collect any delinquent charges or enforce any provision of the chapter, the City may take any of the following actions to secure payment:
 - A. The City may refuse to issue any permit to any person who is delinquent in any payment due under this chapter.
 - B. The City may terminate provision of storm and surface water service to premises used by the user.
 - C. The City may terminate sanitary sewer service to premises used by the user.

Termination of service pursuant to this subsection shall be according to procedures adopted under Section 100.20. If the City terminates service as provided in this section, the cost of such disconnection shall be added to the amount of any other delinquent charges and shall be recoverable in the same manner as are such charges.

8. The owner and the tenant must comply with the same procedures as set out in Sections 99.06 and 99.07 of this Code of Ordinances.
9. Where a lien against property can be imposed when the owner is liable, it shall exist from the date the bill was last brought current in the same manner as with a lien for water service.

100.19 REQUEST FOR SERVICE; DISCONNECTION FROM SERVICE; USE RECLASSIFICATION; TERMINATION OF USER CHARGES.

1. The issuance of a storm water utility system connection permit relating to impervious surface on a property or parcel shall be deemed to be a specific request for provision of storm and surface water service to that property.
2. Any user of the public storm water utility system may disconnect property served by the system from service and terminate further user charges by utilizing the procedure in this section.
3. Any user of the public storm water utility may remove all or part of the impervious surface on the property served by the system and apply for use reclassification by utilizing the procedure in this section.

4. A person desiring to disconnect property from the system shall make application on a form provided by the City and pay the fee established therefor. The application shall be signed by the owner of the property; shall provide evidence of demolition or removal of any impervious surface on the property, or of installation of an approved on-site storm and surface water retention or infiltration system serving the property. Such on-site system shall be designed and operated to retain or dispose of all on-site storm and surface waters generated by impervious surfaces on the property, through the full range of storm events prescribed by City rule. The Council may, by rule, adopt additional criteria and administrative procedures to provide for disconnection from storm water utility service, and suspension or termination of user charges.

5. Upon receipt of a complete application for disconnection or reclassification, and verification of information thereon, and installation of the on-site system or demolition of impervious area as provided in subsection 3 of this section, the City shall issue a permit for disconnection or reclassification. Whether performed by the City or other person, the City shall inspect the disconnection.

6. The City may inspect the on-site system at any time. If at any time the system fails to perform to the standard specified in subsection 3 above, the City shall notify the owner to correct the system. If the system is not corrected to meet on-site retention or infiltration standards within thirty (30) days of such notice, the City may treat such deficiency as a reconnection to the storm water utility system and as a specific request for storm water utility service. Service fees shall then relate back to the earliest date on which the system failed to meet applicable performance standards for on-site retention or disposal.

7. If at any time after reclassification an impervious surface is added to the property, the City shall consider such an addition as a reconnection to the storm water utility and as a specific request for storm water utility service.

100.20 ADOPTION OF RULES; INTERPRETATIONS AND APPEALS.

1. Adoption of Rules.

A. The Council may, by resolution and order, promulgate rules pertaining to matters within the scope of this chapter.

B. Any rule adopted pursuant to this section shall require a public hearing. Not less than four (4) or more than twenty (20)

days before such hearing, public notice of such hearing shall be given by publication in a newspaper of general circulation within the City. Such notice shall include the place, time and purpose of the hearing and the location at which copies of the full text of the proposed rules may be obtained.

C. At the conclusion of the public hearing, the Council shall either adopt the proposal, modify or reject it. If a modification is made, an additional public hearing shall be held but no additional notice shall be required if such additional hearing is announced at the meeting at which the modification is made. All rules shall be effective upon adoption by the Council and shall be filed in the office of the City.

D. Notwithstanding paragraphs B and C of this subsection, a rule maybe adopted without prior notice upon a finding that failure of the Council to act promptly will result in serious prejudice to the public interest or the interest of the affected parties, including the specific reasons for such prejudice. Any rule adopted pursuant to this subsection shall be effective for a period of not longer than one hundred eighty (180) days.

2. Appeals. The following may be appealed to the City Council:

A. A determination that the person is obligated to pay the service charge imposed herein.

B. A dispute as to the proper calculation of the amount due from the person. This does not include, however, an objection to the overall establishment of the storm water utility charge or the amount per ESU established by the Council or the establishment of classes of impervious surface area pursuant to this chapter.

C. A discretionary decision implementing a rule adopted by the Council if an appeal is provided in the Order adopting the rule.

3. The appeal shall be filed in writing and must be actually received by the City no later than the thirtieth (30th) day after the billing statements have been mailed by the City. The thirty (30) days shall be calculated from the due date of the original or reissued bill in response to a notice of non-occupancy, whichever is later.

4. The appeal shall be heard by the Council in an informal proceeding.

5. The appellant shall be provided a reasonable opportunity to submit written and oral support for the appellant's position. The Council

shall issue a written decision within thirty (30) days of the proceeding. The written decision of the Council may be appealed to the Circuit Court of Cass County by writ of review. Failure to properly exhaust the administrative remedy provided for herein shall constitute a bar to judicial relief.

CHAPTER 105

SOLID WASTE CONTROL

105.01 Purpose	105.08 Littering Prohibited
105.02 Definitions	105.09 Open Dumping Prohibited
105.03 Sanitary Disposal Required	105.10 Toxic and Hazardous Waste
105.04 Health and Fire Hazard	105.11 Waste Storage Containers
105.05 Open Burning Restricted	105.12 Prohibited Practices
105.06 Open Burning Prohibited	105.13 Sanitary Disposal Project Designated
105.07 Separation of Yard Waste Required	

105.01 PURPOSE. The purpose of the chapters in this Code of Ordinances pertaining to Solid Waste Control is to provide for the sanitary storage, collection and disposal of solid waste and, thereby, to protect the citizens of the City from such hazards to their health, safety and welfare as may result from the uncontrolled disposal of solid waste.

105.02 DEFINITIONS. For use in these chapters the following terms are defined:

1. “Collector” means any person authorized to gather solid waste from public and private places.

2. “Director” means the director of the State Department of Natural Resources or any designee.

(Code of Iowa, Sec. 455B.101[2b])

3. “Discard” means to place, cause to be placed, throw, deposit or drop.

(Code of Iowa, Sec. 455B.361[2])

4. “Dwelling unit” means any room or group of rooms located within a structure and forming a single habitable unit with facilities which are used, or are intended to be used, for living, sleeping, cooking and eating.

5. “Garbage” means all solid and semisolid, putrescible animal and vegetable waste resulting from the handling, preparing, cooking, storing, serving and consuming of food or of material intended for use as food, and all offal, excluding useful industrial by-products, and includes all such substances from all public and private establishments and from all residences.

(IAC, 567-100.2)

6. “Landscape waste” means any vegetable or plant waste except garbage. The term includes trees, tree trimmings, branches, stumps, brush, weeds, leaves, grass, shrubbery and yard trimmings.

(IAC, 567-20.2[455B])

7. “Litter” means any garbage, rubbish, trash, refuse, waste materials or debris.

(Code of Iowa, Sec. 455B.361[1])

8. “Owner” means in addition to the record titleholder any person residing in, renting, leasing, occupying, operating or transacting business in any premises, and as between such parties the duties, responsibilities, liabilities and obligations hereinafter imposed shall be joint and several.

9. “Refuse” means putrescible and non-putrescible waste, including but not limited to garbage, rubbish, ashes, incinerator residues, street cleanings, market and industrial solid waste and sewage treatment waste in dry or semisolid form.

(IAC, 567-100.2)

10. “Residential waste” means any refuse generated on the premises as a result of residential activities. The term includes landscape waste grown on the premises or deposited thereon by the elements, but excludes garbage, tires and trade waste.

(IAC, 567-20.2[455B])

11. “Rubbish” means non-putrescible solid waste consisting of combustible and non-combustible waste, such as ashes, paper, cardboard, tin cans, yard clippings, wood, glass, bedding, crockery or litter of any kind.

(IAC, 567-100.2)

12. “Sanitary disposal” means a method of treating solid waste so that it does not produce a hazard to the public health or safety or create a nuisance.

(IAC, 567-100.2)

13. “Sanitary disposal project” means all facilities and appurtenances including all real and personal property connected with such facilities, which are acquired, purchased, constructed, reconstructed, equipped, improved, extended, maintained, or operated to facilitate the final disposition of solid waste without creating a significant hazard to the public health or safety, and which are approved by the Director.

(Code of Iowa, Sec. 455B.301)

14. “Solid waste” means garbage, refuse, rubbish, and other similar discarded solid or semisolid materials, including but not limited to such

materials resulting from industrial, commercial, agricultural, and domestic activities. Solid waste may include vehicles, as defined by subsection one of Section 321.1 of the Code of Iowa.

(Code of Iowa, Sec. 455B.301)

105.03 SANITARY DISPOSAL REQUIRED. It is the duty of each owner to provide for the sanitary disposal of all refuse accumulating on the owner's premises before it becomes a nuisance. Any such accumulation remaining on any premises for a period of more than seven (7) days shall be deemed a nuisance and the City may proceed to abate such nuisances in accordance with the provisions of Chapter 50 or by initiating proper action in district court.

(Code of Iowa, Ch. 657)

105.04 HEALTH AND FIRE HAZARD. It is unlawful for any person to permit to accumulate on any premises, improved or vacant, or on any public place, such quantities of solid waste that constitute a health, sanitation or fire hazard.

105.05 OPEN BURNING RESTRICTED. No person shall allow, cause or permit open burning of combustible materials where the products of combustion are emitted into the open air without passing through a chimney or stack, except that open burning is permitted in the following circumstances:

(IAC, 567-23.2[455B] and 567-100.2)

1. Disaster Rubbish. The open burning of rubbish, including landscape waste, for the duration of the community disaster period in cases where an officially declared emergency condition exists.

(IAC, 567-23.2[3a])

2. Trees and Tree Trimmings. The open burning of trees and tree trimmings at a City-operated burning site, provided such burning is conducted in compliance with the rules established by the State Department of Natural Resources.

(IAC, 567-23.2[3b])

3. Flare Stacks. The open burning or flaring of waste gases, provided such open burning or flaring is conducted in compliance with applicable rules of the State Department of Natural Resources.

(IAC, 567-23.2[3c])

4. Landscape Waste. The disposal by open burning of landscape waste originating on the premises, provided that such burning is done at least forty (40) feet from any building or structure and that a burn barrel with a wire mesh cover is used. The burning of landscape waste produced in clearing, grubbing and construction operations shall be

limited to areas located at least one-fourth (¼) mile from any inhabited building. Rubber tires shall not be used to ignite landscape waste.

(IAC, 567-23.2[3d])

5. Recreational Fires. Open fires for cooking, heating, recreation and ceremonies, provided they comply with the limits for emission of visible air contaminants established by the State Department of Natural Resources. Rubber tires shall not be burned in a recreational fire.

(IAC, 567-23.2[3e])

6. Training Fires. Fires set for the purpose of bona fide training of public or industrial employees in fire fighting methods, provided that the training fires are conducted in compliance with rules established by the State Department of Natural Resources.

(IAC, 567-23.2[3g])

7. Variance. Any person wishing to conduct open burning of materials not permitted herein may make application for a variance to the Director.

(IAC, 567-23.2[2])

105.06 OPEN BURNING PROHIBITED. No person shall allow, cause or permit open burning of combustible materials during any period of high fire hazard as determined by the Fire Chief or an authorized representative. The Fire Chief shall publicize the existence of such high fire hazard period and the temporary ban on open burning.

105.07 SEPARATION OF YARD WASTE REQUIRED. All yard waste shall be separated by the owner or occupant from all other solid waste accumulated on the premises and shall be composted or burned on the premises or placed in acceptable containers and set out for collection. As used in this section, “yard waste” means any debris such as grass clippings, leaves, garden waste, brush and trees. Yard waste does not include tree stumps.

105.08 LITTERING PROHIBITED. No person shall discard any litter onto or in any water or land, except that nothing in this section shall be construed to affect the authorized collection and discarding of such litter in or on areas or receptacles provided for such purpose. When litter is discarded from a motor vehicle, the driver of the motor vehicle shall be responsible for the act in any case where doubt exists as to which occupant of the motor vehicle actually discarded the litter.

(Code of Iowa, Sec. 455B.363)

105.09 OPEN DUMPING PROHIBITED. No person shall dump or deposit or permit the dumping or depositing of any solid waste on the surface of

the ground or into a body or stream of water at any place other than a sanitary disposal project approved by the Director, unless a special permit to dump or deposit solid waste on land owned or leased by such person has been obtained from the Director. However, this section does not prohibit the use of dirt, stone, brick or similar inorganic material for fill, landscaping, excavation, or grading at places other than a sanitary disposal project.

(Code of Iowa, Sec. 455B.307 and IAC, 567-100.2)

105.10 TOXIC AND HAZARDOUS WASTE. No person shall deposit in a solid waste container or otherwise offer for collection any toxic or hazardous waste. Such materials shall be transported and disposed of as prescribed by the Director. As used in this section, “toxic and hazardous waste” means waste materials, including but not limited to, poisons, pesticides, herbicides, acids, caustics, pathological waste, flammable or explosive materials and similar harmful waste which requires special handling and which must be disposed of in such a manner as to conserve the environment and protect the public health and safety.

(IAC, 567-100.2)

(IAC, 567-102.14[2] and 400-27.14[2])

105.11 WASTE STORAGE CONTAINERS. Every person owning, managing, operating, leasing or renting any premises, dwelling unit or any place where refuse accumulates shall provide and at all times maintain in good order and repair portable containers for refuse in accordance with the following:

1. Container Specifications. Waste storage containers shall comply with the following specifications:

- A. Residential. Residential waste containers, whether they be reusable, portable containers or heavy-duty disposable garbage bags, shall be of sufficient capacity, and leakproof and waterproof. Disposable containers shall be securely fastened, and reusable containers shall be fitted with a fly-tight lid which shall be kept in place except when depositing or removing the contents of the container. Reusable containers shall also be lightweight and of sturdy construction and have suitable lifting devices.

- B. Commercial. Every person owning, managing, operating, leasing or renting any commercial premise where an excessive amount of refuse accumulates and where its storage in portable containers as required above is impractical, shall maintain metal bulk storage containers approved by the City.

2. Storage of Containers. Residential solid waste containers shall be stored upon the residential premises. Commercial solid waste containers

shall be stored upon private property, unless the owner has been granted written permission from the City to use public property for such purposes. The storage site shall be well drained; fully accessible to collection equipment, public health personnel and fire inspection personnel. All owners of residential and commercial premises shall be responsible for proper storage of all garbage and yard waste to prevent materials from leaving the premises except at collection.

3. Location of Containers for Collection. Containers for the storage of solid waste awaiting collection shall be placed outdoors at some easily accessible place by the owner or occupant of the premises served.

4. Nonconforming Containers. Solid waste containers which are not adequate will be collected together with their contents and disposed of after due notice to the owner.

105.12 PROHIBITED PRACTICES. It is unlawful for any person to:

1. Unlawful Use of Containers. Deposit refuse in any solid waste containers not owned by such person without the written consent of the owner of such containers.

2. Interfere with Collectors. Interfere in any manner with solid waste collection equipment or with solid waste collectors in the lawful performance of their duties as such, whether such equipment or collectors be those of the City, or those of any other authorized waste collection service.

3. Incinerators. Burn rubbish or garbage except in incinerators designed for high temperature operation, in which solid, semisolid, liquid or gaseous combustible refuse is ignited and burned efficiently, and from which the solid residues contain little or no combustible material, as acceptable to the Environmental Protection Commission.

4. Scavenging. Take or collect any solid waste which has been placed out for collection on any premises, unless such person is an authorized solid waste collector.

105.13 SANITARY DISPOSAL PROJECT DESIGNATED. The sanitary landfill facilities operated by the Cass County Environmental Control Agency are hereby designated as the official "Public Sanitary Disposal Project" for the disposal of solid waste produced or originating within the City.

CHAPTER 106

COLLECTION OF SOLID WASTE

106.01 Collection Service
106.02 Collection Vehicles
106.03 Loading
106.04 Frequency of Collection

106.05 Bulky Rubbish
106.06 Right of Entry
106.07 Collector's Permit

106.01 COLLECTION SERVICE. The collection of solid waste within the City shall be by private contract with collectors.

106.02 COLLECTION VEHICLES. Vehicles or containers used for the collection and transportation of garbage and similar putrescible waste or solid waste containing such materials shall be leakproof, durable and of easily cleanable construction. They shall be cleaned to prevent nuisances, pollution or insect breeding and shall be maintained in good repair.

(IAC, 567-104.9[455B])

106.03 LOADING. Vehicles or containers used for the collection and transportation of any solid waste shall be loaded and moved in such a manner that the contents will not fall, leak, or spill therefrom, and shall be covered to prevent blowing or loss of material. Where spillage does occur, the material shall be picked up immediately by the collector or transporter and returned to the vehicle or container and the area properly cleaned.

106.04 FREQUENCY OF COLLECTION. All solid waste shall be collected from residential premises at least once each week and from commercial, industrial and institutional premises as frequently as may be necessary, but not less than once each week.

106.05 BULKY RUBBISH. Bulky rubbish which is too large or heavy to be collected in the normal manner of other solid waste may be collected by the collector upon request.

106.06 RIGHT OF ENTRY. Solid waste collectors are hereby authorized to enter upon private property for the purpose of collecting solid waste therefrom as required by this chapter; however, solid waste collectors shall not enter dwelling units or other residential buildings.

106.07 COLLECTOR'S PERMIT. No person shall engage in the business of collecting, transporting, processing or disposing of solid waste other than

waste produced by that person within the City without first obtaining from the City an annual permit in accordance with the following:

1. Application. Application for a solid waste collector's permit shall be made to the Clerk and provide the following:

A. Name and Address. The full name and address of the applicant, and if a corporation, the names and addresses of the officers thereof.

B. Equipment. A complete and accurate listing of the number and type of collection and transportation equipment to be used.

C. Collection Program. A complete description of the frequency, routes and method of collection and transportation to be used.

D. Disposal. A statement as to the precise location and method of disposal or processing facilities to be used.

2. Insurance. No collector's permit shall be issued until and unless the applicant therefor, in addition to all other requirements set forth, shall file and maintain with the City evidence of satisfactory public liability insurance covering all operations of the applicant pertaining to such business and all equipment and vehicles to be operated in the conduct thereof in the following minimum amounts:

Bodily Injury	\$100,000 per person.
	\$300,000 per occurrence.

Property Damage	\$ 50,000.
-----------------	------------

Each insurance policy required hereunder shall include as a part thereof provisions requiring the insurance carrier to notify the City of the expiration, cancellation or other termination of coverage not less than ten (10) days prior to the effective date of such action.

3. Permit Fee. A permit fee in the amount of fifty dollars (\$50.00) shall accompany the application. In the event the requested permit is not granted, the fee paid shall be refunded to the applicant.

4. Permit Issued. If the Council upon investigation finds the application to be in order and determines that the applicant will collect, transport, process or dispose of solid waste without hazard to the public health or damage to the environment and in conformity with law and ordinance, the requested permit shall be issued to be effective for a period of one year from the date approved.

5. Permit Renewal. An annual permit may be renewed simply upon payment of the required fee, provided the applicant agrees to continue to operate in substantially the same manner as provided in the original application and provided the applicant furnishes the Clerk with a current listing of vehicles, equipment and facilities in use.
6. Permit Not Transferable. No permit authorized by this chapter may be transferred to another person.
7. Owner May Transport. Nothing herein is to be construed so as to prevent the owner from transporting solid waste accumulating upon premises owned, occupied or used by such owner, provided such refuse is disposed of properly in an approved sanitary disposal project.
8. Grading or Excavation Excepted. No permit is required for the removal, hauling, or disposal of earth and rock material from grading or excavation activities; however, all such materials shall be conveyed in tight vehicles, trucks or receptacles so constructed and maintained that none of the material being transported spills upon any public right-of-way.

110.05 Nonexclusive Franchise

110.01 FRANCHISE GRANTED. There is hereby granted to IES UTILITIES INC., hereinafter referred to as the “Company,” its successors and assigns, the right, franchise, and privilege for the term of twenty-five (25) years from and after the passage, adoption, approval, and acceptance of the Ordinance codified in this chapter[†], to lay down, maintain, and operate the necessary pipes, mains, and other conductors and appliances in, along, and under the streets, avenues, alleys, and public places in the City, as now or hereafter constituted, for the purpose of distributing, supplying, and selling gas to said City and the residents thereof and to persons and corporations beyond the limits thereof, also the right of eminent domain as provided in Section 364.2 of the Code of Iowa. The term “gas” as used in this franchise shall be construed to mean natural gas only.

110.02 CITY HELD HARMLESS. The mains and pipes of the Company must be so placed as not to interfere unnecessarily with water pipes, drains, sewers, and fire plugs which have been or may hereafter be placed in any street, alley, and public places in the City or unnecessarily interfere with the proper use of the same, including ordinary drainage, or with the sewers, underground pipe, and other property of the City. The Company, its successors and assigns shall hold the City free and harmless from all damages arising from the negligent acts or omissions of the Company in the laying down, operation, and maintenance of said natural gas distribution system.

110.03 EXCAVATIONS. In making any excavations in any street, alley, avenue, or public place, Company, its successors and assigns, shall protect the site while work is in progress by guards, barriers, or signals, shall not unnecessarily obstruct the use of the streets, shall back fill all openings in such manner as to prevent settling or depressions in surface, and shall replace the surface, pavement, or sidewalk of such excavations with same materials, restoring the condition as nearly as practical and if defects are caused shall repair the same.

[†] **EDITOR’S NOTE:** Ordinance No. 855, adopting a natural gas franchise for the City, was passed and adopted on December 19, 2001.

110.04 STANDARDS OF SERVICE. Said Company, its successors and assigns shall throughout the term of the franchise distribute to all consumers gas of good quality and shall furnish uninterrupted service, except as interruptible service may be specifically contracted for with consumers; provided, however, any prevention of service caused by fire, act of God, or unavoidable event or accident shall not be a breach of this condition if the Company resumes service as quickly as is reasonably practical after the happening of the act causing the interruption.

110.05 NONEXCLUSIVE FRANCHISE. The franchise granted by this chapter shall not be exclusive.

111.01 DEFINITIONS. For the purpose of this chapter, the following terms, phrases, words and abbreviations shall have the meanings ascribed to them below.

1. “Basic cable” is the lowest priced tier of service that includes the retransmission of local broadcast television signals and any public, educational and governmental channels.
2. “Cable Act” means collectively the Cable Communications Policy Act of 1984 and the Cable Television Consumer Protection and Competition Act of 1992, as amended by the Telecommunications Act of 1996.
3. “Cable operator” is defined as in the Cable Act.
4. “Cable service” is defined as in the Cable Act.
5. “Cable system” is defined as in the Cable Act.
6. “FCC” means Federal Communications Commission or successor governmental entity thereto.
7. “Franchise” means the initial authorization or renewal thereof issued by the City, whether such authorization is designated as a franchise, permit, license, resolution, contract, certificate, or otherwise, which authorizes construction and operation of the cable system.

8. "Grantee" means any person, firm, corporation or other entity granted a franchise hereunder, or the lawful successor, transferee or assignee thereof.
9. "Gross revenues" means any and all revenue received by the Grantee from the operation of the cable system to provide cable services in the service area, provided, however, that such phrase does not include any fees or franchise fees or taxes which are imposed directly or indirectly on any subscriber thereof by any governmental unit or agency, and which are collected by the Grantee on behalf of such governmental unit or agency.
10. "Headend" means the land, electronic processing equipment, antennas, tower, building and other appurtenances normally associated with and located at the starting point of a cable system.
11. "House drop" or "drop" means a cable that connects each building or home to the nearest feeder line of the cable network.
12. "Normal business hours" means those hours during which most similar businesses in the community are open to serve subscribers. In all cases, "normal business hours," at a minimum, means those hours when the City Hall is open to serve citizens.
13. "Normal operating conditions" means those service conditions which are within the control of the Grantee. Those conditions which are *not* within the control of the Grantee include, but are not limited to, natural disasters, strikes, civil disturbances, power outages of less than two hours, telephone network outages and severe or unusual weather conditions. Those conditions which *are* ordinarily within the control of the Grantee include, but are not limited to, special promotions, pay-per-view events, rate increases, regular peak or seasonal demand periods and maintenance or upgrade of the cable system.
14. "Outlet" means the point of connection of the cable or wire to a television.
15. "Person" means an individual, partnership, association, joint stock company, trust corporation or governmental entity.
16. "Private property" means all property, real, personal or mixed, owned by a private person, including property owned by a public utility not owned or operated by the City.
17. "Property of the Grantee" means all property, real, personal or mixed, owned or used by the Grantee however arising from or related to or connected with the franchise.

18. “Public access channel” means channel capacity designated for public access use.

19. “Public way” means the surface of, and the space above and below any public street, highway, freeway, bridge, land path, alley, court, boulevard, sidewalk, parkway, way, lane, public way, drive, circle or other public right-of-way, including, but not limited to, public utility easements, dedicated utility strips or rights-of-way dedicated for compatible uses and any temporary or permanent fixtures or improvements located thereon now or hereafter held by the City in the service area which shall entitle the City and the Grantee to the use thereof for the purpose of installing, operating, repairing and maintaining the cable system. “Public way” also means any easement now or hereafter held by the City within the service area for the purpose of public travel, or for utility or public service use dedicated for compatible uses, and includes other easements or rights-of-way as shall within their proper use and meaning entitle the City and the Grantee to the use thereof for the purpose of installing and operating the Grantee’s cable system over poles, wires, cables, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, attachments, and other property as may be ordinarily necessary and pertinent to the cable system.

20. “Service area” means the present municipal boundaries of the City.

21. “Service interruption” means the loss of video or audio on one or more channels.

22. “Service tier” means a category of cable service or other services provided by a cable operator and for which a separate rate is charged by the cable operator.

23. “Subscriber” means a person or user of the system who lawfully receives communications and other services therefrom with the Grantee’s express permission.

111.02 FRANCHISE REQUIRED. Subject to Federal and State law, no person shall construct, install, maintain or operate within any public street in the City or within any other public property of the City any equipment or facilities for the distribution of television signals over a cable system to any subscriber, unless a franchise authorizing the use of the streets or properties or areas has first been obtained pursuant to the provisions of this chapter, and unless such franchise is in full force and effect.

111.03 PURPOSE. The purpose of this chapter is to specify requirements for the establishment, construction, operation and maintenance of a cable system in

the City pursuant to Chapter 364, Code of Iowa, and applicable Federal law. If a new applicant submits a proposal acceptable to the City, meets the requirements of this chapter and those of the FCC, and receives a majority of the votes cast in a franchise election, the City may then proceed to enter into a nonexclusive franchise agreement with such prospective Grantee, subject to the provisions of this chapter. If the incumbent operator submits a proposal acceptable under the terms of the Cable Act as amended, and meets the requirements of the FCC, the City shall proceed to fulfill its obligations under Section 626 of the Telecommunications Act of 1996.

111.04 LENGTH OF FRANCHISE. The term of a franchise and all rights, privileges, obligations and restrictions pertaining thereto shall be determined by the City in the franchise agreement.

111.05 SIGNIFICANCE OF FRANCHISE.

1. Franchise Nonexclusive. Any franchise granted hereunder by the City shall not be exclusive and the City reserves the right to grant a similar franchise to any qualified person at any time.
2. Privileges Must Be Specified. No privilege of exemption shall be inferred from the granting of any franchise, unless it is specifically prescribed.
3. Authority Granted. Any franchise granted hereunder shall give to the Grantee the right and privilege to construct, erect, operate, modify and maintain, in, upon, along, above, over and under public ways, as defined in Section 111.01, which have been or may hereafter be dedicated and open to public use in the City, towers, antennas, poles, cables, electronic equipment, and other network appurtenances necessary for the operation of a cable system in the City, subject to the requirements of this chapter.
4. Subject to Other Regulatory Agencies Rules and Regulations. The Grantee shall at all times during the life of any franchise granted hereunder be subject to all generally applicable ordinances promulgated pursuant to the lawful exercise of the police power by the City.
5. Pole Use Agreements Required. Any franchise granted hereunder shall not relieve the Grantee of any obligation involved in obtaining pole or conduit-use agreements from the gas, electric and the telephone companies or others maintaining poles or conduits in the streets of the City.
6. Ordinance Revisions. Any franchises granted under this chapter are made subject to the lawful revisions of this chapter, provided that

such revisions do not materially alter or impair the rights or the obligations of Grantee set forth in any Franchise Agreement and are mutually agreed to by the City and Grantees.

111.06 RIGHTS RESERVED TO THE CITY.

1. Right of Amendment Reserved to City. The City may from time to time add to, modify or delete provisions of this chapter as it shall deem necessary in the exercise of its lawful police powers and as may be mutually agreed to by the City and Grantee. Such additions or revisions shall be made only after a public hearing for which the Grantee shall have received written notice at least thirty (30) days prior to such hearing.
2. No Impairment of City's Rights. Nothing herein shall be deemed or construed to impair or affect in any way to any extent any right of the City pursuant to Iowa law.
3. Grantee Agrees to City's Rights. The City reserves every right and power which is required to be reserved or provided by an ordinance of the City, and the Grantee, by its acceptance of the franchise, agrees to be bound thereby and to comply with any action or requirements of the City in its exercise of such rights or powers which have been or will be enacted or established subject to the provisions of subsection 1 of this section.
4. Police Powers of the City. Neither the granting of any franchise nor any provision governing the franchise shall constitute a waiver of any lawful governmental right or power of the City.
5. City Transfer of Functions. Any administrative right or power in or administrative duty imposed upon any elected official of the City shall be subject to transfer by the City to any other elected official, officer, employee, department or board.
6. City Right of Inspection. The City reserves the right, during the life of any franchise granted hereunder, to inspect and oversee all construction or installation work performed in the public right-of-way.

111.07 APPLICATION FOR FRANCHISE. No initial franchise may be granted unless the applicant has successfully completed the application procedure in accordance with the following filing instructions promulgated by the City:

1. Filing Fee. Payment of a nonrefundable filing fee to the City of one hundred dollars (\$100.00), which sum shall be due and payable at the time with the submission of the application.

2. Content. All applicants must complete an application which shall include, but not be limited to, the following:

A. Name and Address of Applicant. The name and business address of the applicant, date of application, and signature of applicant or appropriate corporate officers.

B. Description of Proposed Operation. A general description of the applicant's proposed operation, including but not limited to business hours, operating staff, maintenance procedures beyond those required in this chapter, management and marketing staff policies and procedures, and, if available, the rules of operation for public access.

C. Signal Carriage. A statement of the television and radio services to be provided, including both off-the-air and locally originated signals.

D. Special Services. A statement setting forth a description of the automated services proposed as well as a description of the production facilities to be made available by the Grantee for the public, governmental and educational channels required to be made available by the provisions of this chapter.

E. Corporate Organization. A statement detailing the corporation organization of the applicant, if any, including the names and addresses of its officers and directors and the number of shares held by each officer and director.

F. Stockholders. A statement identifying the number of authorized outstanding shares of applicant's stock including a current list of the names and current addresses of its shareholders holding five percent (5%) or more of the applicant's outstanding stock.

G. Inter-Company Relationships. A statement describing all inter-company relationships of the applicant, including parent, subsidiary or affiliated companies.

H. Agreements and Understandings. A statement setting forth all agreements and understandings, whether written or oral, existing between the applicant and any other person with respect to any franchise awarded hereunder and the conduct of the operation thereof existing at the time of proposal submittal.

I. Financial Statement. A copy of the financial statements for the two (2) previous fiscal years.

J. Financial Projection. A five-year operations pro forma which shall include the initial and continuing plant investment, annual profit and loss statements detailing income and expenses, annual balance sheets, and annual levels of subscriber penetration. Costs and revenues anticipated for voluntary services shall, if presented, be incorporated in the pro forma as required in this chapter, but shall be separately identified in the pro forma.

K. Financial Support. Suitable written evidence from a recognized financing institution, addressed to both applicant's financial ability and planned operation have been analyzed by the institution and that the financing institution is prepared to make the required funds available to applicant if it is awarded a franchise. If the planned operation is to be internally financed, a board resolution shall be supplied authorizing the obtainment and expenditure of such funds as are required to construct, install and operate the cable television system contemplated hereunder.

L. Construction Timetable. A description of system construction including the timetable for provision and extension of service to different parts of the City.

M. Technical Description. A technical description of the type of system proposed by the applicant, including but not limited to system configuration, (i.e. hub, dual cable), system capacity, two-way capability, etc.

N. Existing Franchises. A statement of existing franchises held by the applicant indicating when the franchises were issued and when the cable systems were constructed and the present state of the cable systems in each respective governmental unit, together with the name and address and phone number of a responsible governmental official knowledgeable of the applicant.

O. Convictions. A statement as to whether the applicant or any of its officers or directors or holders of five percent (5%) or more of its voting stock have, in the past ten (10) years, been convicted of or have any charges pending for any crime other than a routine traffic offense and the disposition of each such case.

P. Operating Experience. A statement detailing the prior cable television experience of the applicant, including that of the applicant's officers, management and staff to be associated, where known, with the proposed franchise.

3. **Supplementation to Applications.** The City reserves the right to require such supplementary, additional or other information that the City deems reasonably necessary for its determinations. Such modifications, deletions, additions or amendments to the application shall be considered only if specifically requested by the City.
4. **Incorporation of Proposals.** The Grantee, by the acceptance of any initial franchise awarded hereunder, agrees that the matters contained in the Grantee's application for franchise, except as inconsistent with the FCC rules and regulations, law or ordinance, shall be incorporated into the franchise as though set out verbatim.
5. **Forfeiture of Proposal Bond.** Should the Grantee fail to comply with this section, it shall acquire no rights, privileges or authority under this chapter whatever, and the amount of the proposal bond or certified check in lieu thereof, submitted with its application, shall be forfeited in full to the City as liquidated damages.

111.08 ACCEPTANCE AND EFFECTIVE DATE OF FRANCHISE.

1. **Franchise Acceptance; Procedures.** Any initial franchise awarded hereunder or franchise renewal and the rights, privileges and authority granted thereby shall take effect and be in force from and after the award thereof, provided that the Grantee shall file with the City the following:
 - A. A statement by the Grantee of the unconditional acceptance of the franchise.
 - B. A certificate of insurance as set forth in Section 111.37(2).
 - C. Reimbursement to the City for the costs of publication of the franchise ordinance and the holding of the election connected therewith, if required by law.
2. **Grantee To Have No Recourse.** In accordance with Section 635A of the Cable Act, the Grantee shall have no monetary recourse whatsoever against the City for any loss, cost, expense, or damage arising out of any provision or requirement of this chapter or its regulation. This shall not include negligent acts of the City, its agents or employees which are performed outside the regulatory or franchise awarding authority hereunder.
3. **Acceptance of Power and Authority of City.** The Grantee expressly acknowledges that in accepting any franchise awarded hereunder, it has relied upon its own investigation and understanding of the power and authority of the City to grant this franchise.

4. Inducements Not Offered. The Grantee, by acceptance of any franchise awarded hereunder, acknowledges that it has not been induced to enter into this franchise by any understanding or promise or other statement, whether verbal or written, by or in behalf of the City concerning any term or condition of this franchise that is not included in this chapter.

5. Grantee Accepts Terms of Franchise. The Grantee acknowledges by the acceptance of the franchise and the terms herein and in this chapter that it has carefully read said terms and conditions and it is willing to and does accept all other obligations of such terms and conditions and further agrees that it will not claim that any provision of this chapter, or any franchise granted hereunder, is unreasonable or arbitrary.

111.09 GEOGRAPHICAL COVERAGE. The Grantee shall provide a cable system in such manner as to pass and provide adequate tap off facilities for every single family dwelling unit, multiple dwelling unit or other residential unit within the service area, subject to the provisions of the Franchise Agreement.

111.10 CONDITIONS OF STREET OCCUPANCY. All transmission and distribution structures, poles, other lines, and equipment installed or erected by the Grantee pursuant to the terms hereof shall be located so as to cause a minimum of interference with the proper use of public ways and with the rights and reasonable convenience of property owners who own property that adjoins any of such public ways. A Grantee shall first obtain a permit from the City prior to commencing construction on the streets, alleys, public grounds or places and shall be on a form provided by the City. A Grantee shall not open or disturb the surface of any street, sidewalk, driveway or public place for any purpose without having first obtained a permit to do so in the manner provided by ordinance. All excavation shall be coordinated with other utility excavation or construction so as to minimize disruption to the public.

111.11 RESTORATION OF PUBLIC WAYS. If during the course of the Grantee's construction, operation, or maintenance of the cable system there occurs a disturbance of any public way by the Grantee, it shall, at its expense, replace and restore such public way to a condition reasonably comparable to the condition of the public way existing immediately prior to such disturbance.

111.12 RELOCATION AT REQUEST OF THE CITY. Upon its receipt of reasonable advance notice, not to be less than ten (10) business days, the Grantee shall, at its own expense, protect, support, temporarily disconnect, relocate in the public way, or remove from the public way, any property of the

Grantee when lawfully required by the City by reason of traffic conditions, public safety, street abandonment, freeway and street construction, change or establishment of street grade, installation of sewers, drains, gas or water pipes, or any other type of structures or improvements by the City; however, the Grantee shall in all cases have the right of abandonment of its property. If public funds are available to any person using such street, easement, or right-of-way for the purpose of defraying the cost of any of the foregoing, the City shall provide notice to the Grantee of the City's application for such funds and shall allow the Grantee to apply on its own behalf for such funds.

111.13 SAFETY REQUIREMENTS. Construction, installation, and maintenance of the system shall be performed in an orderly and workmanlike manner. All such work shall be performed in substantial accordance with applicable FCC or other Federal, State and local regulations and the *National Electric Safety Code*. The cable system shall not unreasonably endanger or interfere with the safety of persons or property in the service area.

111.14 UNDERGROUND AND ABOVE-GROUND INSTALLATION REQUIREMENTS.

1. Pole Agreements. The Grantee may lease, rent, or in any other manner by mutual agreement obtain the use of towers, poles, lines, cables, and other equipment and facilities from utility companies operating within the City, and use towers, poles, lines, cables, and other equipment and facilities for the system. When and where practicable, the poles used by the Grantee's distribution system shall be those erected and maintained by such utility companies operating within the City, provided mutually satisfactory rental agreements can be reached. It is the City's desire that all holders of public franchises in the City cooperate with the Grantee and allow the Grantee the use of their poles and pole line facilities whenever possible so that the number of new or additional poles installed in the City may be minimized.
2. Grantee's Poles. The Grantee shall have the right to erect, install, and maintain its own towers, poles, guys, anchors, underground conduits, and manholes as may be necessary for the proper construction and maintenance of the antenna site, headend, and distribution system, providing that the Grantee has at the work site the necessary City permits or copies thereof, for scheduled work, obtained in advance from the appropriate Department of the City.
3. Rent of Grantee's Poles. A Grantee shall have the right to establish terms, conditions, and specifications governing the form, type, size, quantity, and location of equipment of others on its poles, and shall

have the further right to charge a fair rental for attachment space or spaces occupied by the said equipment and plant of others. The City shall pay any costs incurred by a Grantee in providing space for a City's attachments, including any necessary rearrangements of a Grantee's equipment and plant to provide room for City's attachments. Upon expiration, termination, or revocation of a franchise, or should a Grantee wish to dispose of any of its poles, conduit or manholes, being used by the City, the City shall have the option to purchase them in place for their fair market value.

4. Underground Facilities. In those areas of the City where transmission or distribution facilities of both telephone and power companies are underground or hereafter may be placed underground, the Grantee shall likewise construct, operate and maintain all of its transmission and distribution facilities underground to the maximum extent the then existing technology permits, in accordance with the most recent *National Electrical Code*, and its successor document, as well as in conformance with all applicable State and municipal ordinances and codes. If and when necessary, amplifiers and/or transformers in the Grantee's transmission and distribution lines shall be in appropriate housings on the surface of the ground. The Grantee shall obtain a permit from the City for such underground construction of all work required or pursuant to this section. Even when not required, underground installation is preferable to the placing of additional poles.

5. Compliance To Codes. All transmission and distribution structures, lines, and equipment erected by the Grantee in the City shall be located so as not to endanger or interfere with the normal use of streets, alleys, or other public ways and places so as to cause minimum interference with the rights or reasonable convenience of the general public and adjoining property owners and so as not to interfere with existing public utility installations and so as to comply with the most recent *National Electrical Code*, as amended, as well as in conformance with all applicable state and municipal ordinances and codes of general applicability. In the case of any disturbance by the Grantee or its equipment of pavement, sidewalks, driveway, lawn, or other surfacing the Grantee shall, at its expense and in the manner required by the City, promptly replace and restore all such surfacing to a reasonably comparable condition. The construction, installation, operation, maintenance, and/or removal of the cable communications system shall meet all of the following safety, construction, and technical specifications and codes and standards:

- ❖ Occupational Safety and Health Administration Regulations (OSHA)
- ❖ National Electric Code
- ❖ National Electrical Safety Code (NESC)
- ❖ All Federal, State and Municipal Construction Requirements, including FCC Rules and Regulations
- ❖ All Building and Zoning Codes, as the same exist or may be amended hereafter
- ❖ City Standard Specifications

6. Interference With Other Utilities. The Grantee shall not place poles, conduits, or other fixtures above or below ground where the same shall interfere with any prior placement of gas, electric, telephone fixtures, water hydrant, or other utilities, and all such poles, conduits, or other fixtures above or below ground shall be so placed as to comply with all the requirements of the City.

7. Moving Permits. The Grantee shall on request of any persons holding a moving permit issued by the City, temporarily move its wires or fixtures to permit the moving of buildings. The expense of such temporary removal shall be paid in advance by the person requesting the same, and the Grantee shall be given not less than seven (7) business days' advance notice to arrange for such temporary changes.

8. Authority To Trim Trees and Shrubbery. The Grantee shall have the authority under the supervision and direction of the City to trim trees or other natural growth overhanging any of its cable system in the street or alley right-of-way so as to prevent branches from coming in contact with the Grantee's wires, cables, or other equipment. The Grantee shall reasonably compensate the City or property owner for any damages caused by such trimming, or shall, in its sole discretion, and at its own cost and expense, reasonably replace all trees or shrubs damaged as a result of any construction of the cable system undertaken by Grantee. Such replacement shall satisfy any and all obligations Grantee may have to the City pursuant to the terms of this section.

9. Service Area. The Grantee shall design and construct the cable system in such a manner as to pass by and provide adequate tap-off facilities for every single family dwelling, multiple family dwelling, and apartment building located within the City limits, based upon the corporate boundaries at the time of the granting of the Franchise, provided that such locations meet the density requirements pursuant to Section 111.15.

10. Underground Construction. Grantee shall participate in and use Iowa One Call and ensure that cable is buried pursuant to standards established by Iowa One Call or competitive company.

11. Temporary Drops. Temporary drops shall be buried within two months of installation, except during the winter months which shall be defined as November 15 to April 1. In the event that the Grantee fails to bury any cable drops, within the two-month period, the Grantee shall provide cable service without charge to the affected cable subscriber from the last date that the drop was to have been buried to that actual date that it is buried.

12. Closing of Streets. The Grantee shall not be entitled to damages from the City sustained by the virtue of the closing, vacation, or relocation of any streets or alleys.

13. Private Easements. No cable, line, wire, amplifier, converter or other pieces of equipment owned by the Grantee shall be installed by the Grantee within private easements without first securing the written permission of the owner, lessee or tenant of the property involved, unless a private easement is determined to be available for use by the Grantee in accordance with applicable law.

111.15 EXTENSION OF SERVICE. Any Franchise granted pursuant to this chapter shall require that a Grantee shall, at its expense, promptly extend its system to have service available to all potential subscribers of:

1. The corporate limits of the City and newly annexed areas to the City, not then served by a cable system, where the average density is at least eight (8) potential subscribers per lineal one-quarter (1/4) mile of the proposed trunk and feeder cable route.
2. Any new single family dwelling unit multiple dwelling unit, other residential unit, or potential subscriber within one hundred fifty (150) feet of the existing distribution system in the City, upon request of the potential subscriber.

No customer shall be refused service arbitrarily. However, for unusual circumstances, such as existence of more than two hundred twenty-five (225) feet of distance from the distribution cable to the connection point of service to the customers, or a density of less than eight (8) potential subscribers per 1320 cable-bearing strand feet of trunk or distribution cable, service may be made available on the basis of a capital contribution in aid of construction, including cost of material, labor, and easements. For the purpose of determining the amount of capital contribution in the aid of construction to be borne by the Grantee and the customers in the area in which service may be expanded, the

Grantee will contribute an amount equal to the construction and other costs per mile, multiplied by a fraction whose numerator equals the actual number of residences per 1320 cable-bearing strand feet of its trunks or distribution cable, and whose denominator equals eight (8) potential subscribers. Customers who request service hereunder will bear the remainder of the construction and other costs on a pro rata basis. The Grantee may require that the payment of the capital contribution in aid of the construction borne by such potential customers be paid in advance.

111.16 SERVICE TO PUBLIC BUILDINGS. Any Grantee, upon request, shall provide without charge one outlet of basic service and expanded basic service to those public buildings identified in the Franchise Agreement in accordance with the terms set forth in the Franchise Agreement.

111.17 CUSTOMER SERVICE STANDARDS - FCC MODEL. Any Grantee of a cable television franchise shall adhere to the FCC's customer service standards.

111.18 LOCAL OFFICE. Any Grantee shall establish a local payment center conveniently located within the City, which shall be open during normal business hours, and adequately staffed to accept subscriber payments and respond to service requests and complaints.

111.19 DEPOSITS. If required by Federal law, a Grantee shall bear interest at the minimum lending rate required by law on any subscriber deposit or a rate equal to that paid by the City for water and/or sewer deposits.

111.20 SUBSCRIBERS' ANTENNAS. A Grantee shall not require the removal of any potential or existing subscriber's antenna as a condition of provision of service.

111.21 DISCONNECTION. There shall be no charge for a disconnection of cable service. If any subscriber fails to pay a fee or charge, a Grantee may disconnect the subscriber's service. Such disconnection shall not be effected until the subscriber has been given ten (10) days' advance written notice of the intention to disconnect. After disconnection, upon payment of any required delinquent fee or reconnection charge, the Grantee shall reinstate the subscriber's service.

111.22 RECONNECTIONS. Grantee shall restore service to customers wishing restoration of service provided customer shall first satisfy any previous obligations owed.

111.23 DOWNGRADES. Subscribers shall have the right to have cable service disconnected or downgraded in accordance with FCC rules. The reduced billing for such service will be effective immediately and such disconnection or downgrade shall be made as soon as practicable. A refund of unused service charges shall be paid to the customer within thirty (30) days from the date of termination of service.

111.24 TERMINATION OF SERVICE. Within 30 days of termination of service to any subscriber for any reason, a Grantee may, upon the subscriber's written request, promptly remove all its aerial facilities and equipment from the subscriber's premises, pursuant to FCC rules and regulations.

111.25 NOTIFICATION TO CITY OF SERVICE INTERRUPTIONS. A Grantee shall promptly notify the City, in writing, or, if appropriate, by oral communication, of any significant interruption in the operation of the system. For the purposes of this section, a "significant interruption in the operation of the system" means any interruption of audio or video on one (1) or more channels for a duration of at least one (1) hour to at least five percent (5%) of the subscribers.

111.26 SUBSCRIBER CREDIT FOR SERVICE DISRUPTIONS. Upon service interruption of subscriber's cable service, the following shall apply:

1. For service interruptions of over four (4) hours and up to seven (7) days, the Grantee shall provide, at the subscriber's verbal or written request, a credit of one-thirtieth (1/30) of one month's fees for affected services for each 24-hour period service is interrupted for four (4) or more hours for all affected subscribers.
2. For interruptions of fifteen (15) days or more in one month, the Grantee shall provide, at the subscriber's request, a full month's credit for affected services for all affected subscribers, except in situations beyond the control of the Grantee.

111.27 SERVICE REPAIR STANDARDS. A Grantee shall render efficient service, make repairs promptly, and interrupt service only for good cause and for the shortest time possible. Scheduled service interruptions, insofar as possible, shall be preceded by notice and shall occur during periods of minimum use of the cable system. A written log or an equivalent stored in computer memory and capable of access and reproduction, shall be maintained for all service interruptions, as required by this chapter.

111.28 REFUNDS TO SUBSCRIBERS. If a Grantee fails to provide any material service requested by a subscriber in accordance with the current FCC

standards, the Grantee shall, after adequate notification and being afforded the opportunity to provide the service, promptly refund all deposits or advance charges paid for the service in question by the subscriber. If any subscriber terminates for any other reason, a Grantee shall refund the unused portion of any prepaid subscriber service fee on a daily pro rata basis. The effective date used to pro rate such refunds shall be the date that the subscriber contacts the Grantee or a mutually agreed upon date. Any disputes arising under this section shall be resolved in accordance with Section 111.36(5) of this chapter.

111.29 CHANNEL CARD. A Grantee shall prepare and make available on annual basis at no charge to all subscribers, an accurate and up-to-date channel card listing the cable channels and services available over the cable system. The channel card shall be distributed to every new subscriber, and within thirty (30) days after a change or addition in channels or services offered affecting two (2) or more channels via a newspaper of record, direct mail, or bill stuffers.

111.30 CUSTOMER HANDBOOK. A Grantee shall provide written customer policies or a handbook to all new subscribers and, thereafter, upon request. Grantee's written customer policies or handbook shall, at a minimum, comply with all notice requirements in this chapter and those promulgated by the FCC. If a Grantee's operating rules are changed, subscribers shall be notified in a timely manner. Grantee shall provide enlarged photocopies of information upon request of any subscriber.

111.31 SUBSCRIBER PRIVACY. Any Grantee shall abide by current Federal law and FCC regulations and Section 631 of the Cable Act regarding protection of subscriber privacy.

111.32 DISCRIMINATORY OR PREFERENTIAL PRACTICES. A Grantee shall not, in making available the services or facilities of its cable system, or in its rules or regulations, or in any other manner, make or grant preferences or advantages to any subscriber or potential subscriber, or to any user or potential user, and shall not subject any person to any prejudice or disadvantage, based on their race, color, national origin or gender. This provision shall not prohibit promotional campaigns to stimulate subscriptions to the cable system or other legitimate uses thereof, nor the establishment of a graduated scale of charges and classified rate schedules to which any subscriber coming within such classification shall be entitled.

111.33 IDENTIFICATION OF EMPLOYEES. Every field service and installation employee of the Grantee shall be clearly identified by an identification card, badge or uniform shirt. All employees of Grantee shall display proper identification upon request of a subscriber, provided that the

City requires all utilities operating in the City to do the same. Every field service and installation vehicle of the Grantee shall be clearly marked by logo or decals.

111.34 SYSTEM DESIGN AND EQUIPMENT REQUIREMENTS.

1. All Channels Emergency Alert System. In accordance with the provisions of FCC Regulations and as such provisions may from time to time be amended, and as set forth in the franchise agreement, a Grantee shall provide an Emergency Alert System (EAS) for use in transmitting emergency alert signals to all subscribers.
2. Switching Device. A Grantee, upon request from any subscriber, shall install at a reasonable charge a switching device to permit a subscriber to continue to utilize the subscriber's television antenna. The Grantee shall not require the removal, or offer to remove, any subscriber's antenna lead-in wire.
3. Parental Control Devices. Upon request, and within one hundred twenty (120) days, Grantee shall provide at a reasonable charge to subscribers, parental control devices that allow any channel or channels to be locked out. Such devices shall block both the video and the audio portion of such channels to the extent that both are unintelligible. The lockout device described herein shall be made available to all subscribers requesting it beginning on the first day that any cable service is provided.
4. Public Educational and Governmental Channels. A Grantee shall provide public educational and governmental channels as stipulated in the franchise agreement.
5. Access Equipment and Facilities Fee. If authorized by the City, and after sixty (60) days' notice from the City to a Grantee, a City shall provide ongoing support for public educational, and governmental access equipment and facilities in the amount of not to exceed fifty cents (\$.50) per subscriber per month for the entire term of the franchise, payable in the same manner as the franchise fee payment pursuant to Section 111.35(1) hereof. The City acknowledges that this amount shall not be considered gross revenues subject to the payment of franchise fees pursuant to Section 111.35(1) hereof. Furthermore, payments of this ongoing support shall not be deemed to be "franchise fees" within the meaning of Section 622 of the Cable Act and such payment shall not be deemed to be "payments-in-kind" or any involuntary payments chargeable against the compensation to be paid to the City by a Grantee pursuant to Section 111.35(1) hereof. A Grantee shall be allowed to

collect such fee as a pass through to cable subscribers. This fee shall be revised on an annual basis in accordance with the consumer price index.

6. Leased Access Channels. Any Grantee shall make a portion of the remaining unused channels available for lease as required by Section 612 of the Cable Act.

7. Interference. The Grantee's cable system shall be designed, engineered, and maintained so as not to interfere with the television and radio reception of residents of the City who are not subscribers on the cable system.

8. Additional Services. The Grantee is encouraged to make available such additional video, audio, radio, digital, point-to-point service, and other services as are requested by subscribers and programmers who are willing to pay for such services, provided that such services are technologically and economically feasible. If no applicable rate exists when such a service is requested, the rate change procedures established in Section 111.35(2) shall be followed.

9. Technical Standards. The cable system shall be operated and maintained in compliance with FCC Rules and Regulations Technical Standards K of Part 76 of Chapter 1 of Title 47 of the Code of Federal Regulations, as revised or amended from time to time. FCC proof of performance test results shall be delivered to the City annually or upon written request of the City. Grantee shall file a copy of test results performed by the FCC or other governmental regulatory agencies on the cable system with the City.

10. Filing Of Maps. Upon request of the City, the Grantee shall file with the City strand maps, showing the location of all property and facilities of the Grantee within the City. All maps supplied by the Grantee shall be considered confidential and proprietary.

111.35 REGULATIONS BY THE CITY.

1. Franchise Fee.

A. Franchise Fee Payment. In consideration for the use of the streets and public ways of the City for the construction, operation, maintenance, and reconstruction of a cable system within the City, the Grantee shall pay to the City an annual amount equal to five percent (5%) of the Grantee's gross revenues as defined in Section 111.01 of this chapter.

B. Quarterly Payments. Payment due to the City under the Franchise Agreement shall be made quarterly at the City Clerk's

office not later than forty-five (45) days following March 31, June 30, September 30 and December 31 of each year. Any fee not paid when due shall bear interest at a rate of one and one-half percent (1½%) per month from the date due. Each payment shall be accompanied with a detailed report, showing the basis for the computation, specific income categories, and such other relevant facts as may be required by the City necessary to determine the accuracy of the franchise payment as specified in this chapter. The acceptance of any payment shall not be construed as an accord that the amount paid is, in fact, the correct amount; nor shall such acceptance of payment be construed as a release of any claim the City may have for additional sums payable by the Grantee. All amounts paid shall be subject to audit and re-computation by the City.

C. Franchise Fee Audit. A Grantee will fully cooperate with a franchise fee audit performed by a professional firm that is chosen by the City. The costs associated with the audit will be paid for by the City, except that the Grantee shall pay for the costs if the audit shows an underpayment of franchise fees in excess of five percent (5%) or more.

D. Franchise Fee Increases. The City may request an increase in franchise fees at any time during the term of the franchise equal to the maximum percentage allowed by Federal law. However, such request shall be made in writing and the Grantee will not be liable for said increase until proper notice, as defined by Federal law, is given to its subscriber. Prior to making a final decision regarding an increase in franchise fees, the City shall conduct a public hearing and shall grant an opportunity to the Grantee to discuss the proposed increase in franchise fee.

E. Limitation on Franchise Fee Actions. The period of limitation for recovery of any franchise fee payable hereunder shall be five (5) years from the date on which payment by a Grantee is due.

F. Annual Review. Grantees shall provide the City with a statement of annual gross revenues signed by an officer of the Grantee, reflecting the amount of franchise fees paid to the City and the method the amount was computed. The Grantee agrees to permit the City, upon request with reasonable notice, to review at Grantee's local office its gross revenue records as may be necessary to monitor compliance with this subsection.

2. Rates and Charges. The City may regulate rates for the provision of basic cable and equipment as permitted by of the Cable Act. Any rate adjustment shall be filed with the City Clerk not later than thirty (30) days prior to the implementation of the adjustment.
3. Franchise Renewal. Any proceedings undertaken by the City that relate to the renewal of a Grantee's Franchise shall be governed by and comply with the provisions of Section 626 of the Cable Act, as amended, unless the procedures and substantive protections set forth therein shall be deemed to be preempted and superseded by the provisions of any subsequent provision of Federal or State law.
4. Conditions of Sale. If a renewal or extension of a Grantee's franchise is denied or the franchise is lawfully terminated, and the City either lawfully acquires ownership of the cable system or by its actions lawfully effects a transfer of ownership of the cable system to another person, any such acquisition or transfer shall be at a price determined pursuant to the provisions set forth in Section 627 of the Cable Act. In the case of a final determination of a lawful revocation of the Franchise, at the Grantee's request, which shall be made in its sole discretion, the Grantee shall be given a reasonable opportunity to effectuate a transfer of its system to a qualified third party. During such a period of time the City shall authorize the Grantee to continue to operate pursuant to the terms of its prior Franchise. However, in no event shall such authorization exceed a period of time greater than nine (9) months from the effective date of such revocation. If, at the end of that time, the Grantee is unsuccessful in procuring a qualified transferee or assignee of its system which is reasonably acceptable to the City, the Grantee and the City may avail themselves of any rights they may have pursuant to Federal or State law. The Grantee may continue to operate of its system during the nine-month period and it shall not be deemed to be a waiver or extinguishment of any right of either the City or the Grantee.
5. Transfer of Franchise.
 - A. Transfer of Franchise. Any franchise granted under this chapter shall be a privilege to be held for the benefit of the public. Any franchise so granted cannot, in any event, be sold, transferred, leased, assigned or disposed of, including, but not limited to, by forced or voluntary sale, except to entity controlling, controlled by or under common control with the Grantee, without the prior written consent of the City. Such consent as required by the City, shall be given or denied no later than one hundred twenty (120) days following any request and shall not be unreasonably withheld. Prior consent shall not be

required when transferring the franchise between wholly owned subsidiaries of the same entity, nor shall such consent be required for a transfer in trust, by mortgage, by other hypothecation, or assignment of any rights, title, or interest of the Grantee in the cable system in order to secure indebtedness.

B. Ownership or Control. In the event that the Grantee sells or otherwise transfers ownership in the cable system, such sale or transfer shall conform with Section 617 of the Cable Act. For the purpose of determining whether it shall consent to such change, transfer or acquisition of control, the City may in accordance with Section 617 inquire into the qualifications of the prospective controlling party, and the Grantee shall assist the City in any such inquiry. In seeking the City's consent to any change in ownership or control, the transferee shall have the responsibility:

(1) To show to the satisfaction of the City whether the proposed purchaser, transferee, or assignee (the "proposed transferee"), which in the case of a corporation, shall include all directors and all persons having a legal or equitable interest of fifty percent (50%) or more of the voting stock:

a. Has ever been convicted or held liable for acts involving moral turpitude including, but not limited to, any violation of Federal, State or local law or regulations, or is presently under an indictment, investigation or complaint charging such acts;

b. Has ever had a judgment in an action for fraud, deceit or misrepresentation entered against it, her, him, or them by any court of competent jurisdiction; or

c. Has pending any legal claim, lawsuit or administrative proceeding arising out of or involving a cable system. The City retains the right to withhold approval of the transfer until the transferee has provided the information required in this subsection.

(2) To establish the financial solvency of the proposed transferee by submitting all current financial data for the proposed transferee and such other data to determine the legal, financial, and technical qualification of the

transferee, as the City may request, where the same shall be audited, certified and qualified by a certified public accountant.

(3) To establish that the technical capability of the proposed transferee is such as shall enable it to maintain and operate the cable system for the remaining term of the franchise under the existing franchise terms.

C. Any financial institution having a pledge of the franchise or its assets for the advancement of money for the construction and/or operation of the franchise shall have the right to notify the City that the financial institution, or its designee, as approved in writing by the City, shall take control and operate the cable system in the event of a Grantee default in its financial obligations. Further, said financial institution shall also submit a plan for such operation that will ensure continued service and compliance with all franchise requirements during the term the financial institution exercises control over the system. The financial institution shall not exercise control over the cable system for a period exceeding one (1) year, unless extended by the City at its discretion, but during said period of time it shall have the right to petition the City to transfer the franchise to another Grantee. Except insofar as the enforceability of this subsection may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting creditors' rights generally, and further subject to applicable Federal, State or local law, if the City finds that such transfer, after considering the legal, financial, character, technical and other public interest qualities of the proposed transferee, is satisfactory, the City shall transfer and assign the right and obligations of such franchise as in the public interest.

D. The consent or approval of the City to any transfer by the Grantee shall not constitute a waiver or release of the rights of the Franchising Authority in and to the streets, and any transfer shall by its terms, be expressly subject to the terms and conditions of any franchise.

E. In no event shall a transfer of ownership or control be approved without the successor in interest becoming a signatory of the Franchise Agreement.

F. The City may approve the transfer or deny the transfer pursuant to Section 617 of the Cable Act.

G. When the City approves a transfer under this section, the new Grantee shall indicate acceptance of the franchise as specified in Section 111.08, including the filing of all necessary bonds, funds, proofs of insurance and certifications.

The restrictions of this section shall be effective immediately upon execution of a franchise agreement.

6. Right of Inspection of Construction. The City shall have the right to visually inspect all construction or installation work performed subject to the provisions of this chapter and to make such visual inspections as it shall find necessary to ensure compliance with the terms of this chapter and other pertinent provisions of law.

7. New Developments. The Grantee is encouraged to upgrade its facilities, equipment and service. New developments shall be a topic of discussion at all review sessions and shall be a factor to be considered in connection with requests for rate adjustments, pursuant to FCC rules and regulations.

111.36 COMPLIANCE AND MONITORING.

1. Testing For Compliance. The Grantee shall meet or exceed all FCC minimum performance and technical standards. The City shall have the right to compel the Grantee to provide results of Grantee's testing of the cable system. In the event that the City has evidence of noncompliance, such as subscriber complaints, the City may also perform technical tests of the cable system during reasonable times and in a manner which does not unreasonably interfere with the normal business operations of the Grantee or the cable system in order to determine whether or not the Grantee is in compliance with the terms hereof and applicable State or Federal laws. Such tests may be undertaken only after giving the Grantee reasonable notice thereof, not to be less than ten (10) business days, and providing a representative of the Grantee has an opportunity to be present during such tests. In the event that such testing demonstrates that the Grantee has substantially failed to comply with a material requirement hereof, the reasonable costs of such tests shall be borne by the Grantee. In the event that such testing demonstrates that the Grantee has substantially complied with such material provisions hereof, the cost of such testing shall be borne by the City. Except in emergency circumstances, the City agrees that such testing shall be undertaken no more than once a year, and that the results thereof shall be made available to the Grantee. Any such special performance tests or measurements required by the City shall be reported to the City within fourteen (14) business days after such test or

measurements are performed. Such report shall include the following information: the nature of the complaint which precipitated the special tests; what system component was tested, the equipment used, and procedures employed in said testing; the results of such tests; and the method in which such complaints were resolved. Any other information pertinent to the special test shall be recorded.

2. Books and Records. The City or its certified public accountant upon reasonable notice to the Grantee may review such of its books and records at the Grantee's business office, during normal business hours and on a non-disruptive basis, as is reasonably necessary to ensure compliance with the terms hereof. Such records shall include, but shall not be limited to, any public records required to be kept by the Grantee pursuant to the rules and regulations of the FCC. Notwithstanding anything to the contrary set forth herein, the Grantee shall not be required to disclose information which it reasonably deems to be proprietary or confidential in nature under State and Federal rules of evidence. The City agrees to treat any information disclosed by the Grantee as confidential and only to disclose it to employees, representatives, and agents thereof that have a need to know, or in order to enforce the provisions hereof. The Grantee shall not be required to provide subscriber information in violation of Section 631 of the Cable Act.

3. Communications With Regulatory Agencies. Copies of all petitions, applications, communications, reports, and all other documents pertaining to the cable system and franchise submitted by the Grantee or its parent companies to the FCC, Securities Exchange Commission, or any other Federal or State regulatory commission or agency shall be made available to the City upon written request to the Grantee.

4. Complaint Records. A written log or an equivalent stored in computer memory and capable of access and reproduction, shall be maintained for all service interruptions or complaints regarding system service problems. The Grantee shall maintain detailed logs setting forth the date and substance of each service interruption or complaint regarding the system service problems received by phone, mail or other means during the preceding calendar month, and the date and nature of action taken by the Grantee to respond to such complaints, or, if still pending, the status thereof. Such logs shall be available to the City for review for two years thereafter. A "complaint" as used herein shall be a written or oral complaint from a subscriber regarding signal quality or service, but not regarding programming or rates which, in the case of

oral complaints, is not resolved within the original telephone call or visit from the subscriber.

5. City Role In Complaints. Unresolved complaints concerning the system or its operation or maintenance may be directed to the City Administrator. The City Administrator shall promptly forward the complaint to the Grantee or shall take the question up by correspondence with the Grantee. The procedure to handle complaints shall be as follows:

A. Within 30 days from the occurrence of the facts and circumstances giving rise to a complaint or grievance, the complainant shall state his or her complaint or grievance to the Grantee in writing. In the event such a complaint or grievance is received by the City, the same shall be forwarded to Grantee in writing.

B. Within five (5) business days from the receipt by the Grantee of a complaint from the City, the Grantee shall state to complainant its intentions with respect to the complaint in writing.

C. Unresolved complaints concerning the system or its operation or maintenance shall be directed to the City Administrator. The City Administrator shall forward the complaint to the Grantee or shall take the question up by correspondence with the Grantee. Within such time as may be prescribed by the City Administrator, the Grantee shall resolve the complaint or advise the City of its refusal or inability to do so. When the Grantee resolves the complaint, it shall so notify the City. If a complaint has not been resolved, the complainant may petition the City to take any appropriate action authorized by this chapter.

D. All subscribers shall be notified by the Grantee at the time of their initial installation of these complaint procedures in writing.

E. Nothing herein shall limit or alter the requirement or requirements contained in this chapter for customer service standards.

F. The City shall be notified of action taken to resolve grievances or complaints.

6. Performance Testing. The Grantee perform all cable system tests and maintenance procedures as required by the FCC and this chapter.

7. Review Sessions. In recognition of the fact that a great many technical, financial, marketing and legal uncertainties are associated with all aspects of cable communications at the present time, it is the intent of the City to provide for a maximum feasible degree of flexibility in a Franchise throughout its term to achieve an advanced and modern cable system for the City. The principal means for accomplishing this flexibility will be the scheduled review sessions provided for in this chapter. It is intended that such review sessions will serve as a means of cooperatively working out solutions to problems that develop. Furthermore, such review sessions shall be two-way processes. For example, if either party has perceived that some major problem has developed, the session shall be devoted primarily to working out solutions acceptable to both parties. The City and the Grantee shall hold scheduled review sessions on the third, sixth, and ninth anniversary dates of the effective date of the franchise agreement. All such review sessions shall be open to the public and notice thereof shall be published once, not less than four (4) days or more than twenty (20) days before each review session, as provided by law. The published notice shall specify the topics to be discussed. The review sessions may be canceled by mutual agreement of the City and Grantee. The following topics may be discussed at every scheduled review session:

- ❖ Recent and Developing Judicial and Federal Communications Rulings
- ❖ Service Rate Structures
- ❖ Free and Discounted Services
- ❖ Application of New Technology or New Developments
- ❖ Cable System Performance
- ❖ Cable System Extension Policy
- ❖ Services Provided
- ❖ Programming Offered
- ❖ Customer Complaints Review
- ❖ Community Development and Education
- ❖ Interconnection
- ❖ New Services
- ❖ Subscriber Privacy Abuse Issues
- ❖ New Developments

❖ Franchise Fees

Other topics, in addition to those listed, may be added by either party. Members of the general public may also request additional topics.

8. Regulatory Responsibility. The City, acting alone or acting jointly with other franchising authorities, may exercise or delegate the following responsibilities:

- A. Administering the provision of a cable system franchise,
- B. Coordinating the operation of any PEG channel and facilities,
- C. Providing technical, programming and operational support to public agency users, such as government departments, schools and health care institutions,
- D. Establishing jointly with a Grantee, or as otherwise specified in the Franchise Agreement, procedures and standards for use of channels dedicated to public use and the sharing of public facilities, if provided for in any Franchise Agreement,
- E. Planning the expansion and growth of public benefit cable services,
- F. Analyzing the possibility of integrating cable systems with other local, regional or national telecommunications networks,
- G. Formulating and recommending long-range telecommunications policy.

9. Annual Report. No later than ninety (90) days after the close of a Grantee's fiscal year, and upon written request, the Grantee shall submit a detailed written informative report to the City, including the following information:

- A. A summary of the previous year's activities in development of the cable system, including, but not limited to, services begun or dropped.
- B. A detailed revenue statement including a breakdown of all revenue sources upon which the City can verify franchise fee accuracy. The list of revenues shall include but not be limited to, a specific breakdown of all gross revenues.
- C. A summary of complaints, identifying the number and specific nature of complaints and their disposition.
- D. A list of key management for the Atlantic franchise along with their addresses and job titles.

E. The annual report of the parent company, if a public corporation. Such report shall be construed to mean the report of the previous year.

F. A summary of types of communication signals and services provided without charge or provided under a barter arrangement along with their dollar equivalent.

111.37 INSURANCE AND INDEMNIFICATION.

1. Indemnification. Any Grantee shall indemnify, save and hold harmless and defend the City, its officers, boards and employees, from and against any liability for damages and for any liability or claims resulting from property damage or bodily injury (including accidental death), which arise out of the Grantee's construction, operation, or maintenance of its cable system, including but not limited to reasonable attorney's fees and costs, provided that the City shall give the Grantee written notice of its obligation to indemnify the City within 10 days of receipt of a claim or action pursuant to this section. If the City determines that it is necessary for it to employ separate counsel, the costs for such separate counsel shall be the responsibility of the City.

2. Insurance Coverage and Notifications. A Grantee shall maintain insurance in such amounts and kinds of coverage as may be specified by the City in the Franchise Agreement. The Grantee shall maintain such insurance with insurance underwriters authorized to do business in the State of Iowa. All policies shall name the City, its employees, servants, agents, and officers as additional insured parties. Each policy shall provide that it may not be canceled or the amount of coverage altered until thirty (30) days after receipt by the City Clerk of a registered mail notice of such intent to cancel or after coverage. The Grantee shall provide a certificate of insurance designating the City as an "additional insured."

3. Insurance For Contractors and Subcontractors. Any Grantee shall provide coverage for any contractor or subcontractor involved in the construction, installation, maintenance or operation of its cable system by either obtaining the necessary endorsements to its insurance policies or requiring such contractor or subcontractor to obtain appropriate insurance coverage consistent with this section and appropriate to the extent of its involvement in the construction, installation, maintenance or operation of the Grantee's cable system.

4. Foreclosure. A foreclosure or other judicial sale of all or part of the system shall be treated as a change in control of the Grantee and the provision of Section 111.38(7) of this chapter shall apply.

5. Receivership. The City shall have the right to cancel this franchise one hundred twenty (120) days after the appointment of a receiver or trustee, to take over and conduct the business of the Grantee, whether in receivership, reorganization, bankruptcy, or other action or proceedings, unless such receivership or trusteeship shall have been vacated prior to the expiration of said one hundred twenty (120) days, or less:

A. Within one hundred twenty (120) days after being elected or appointed, such receiver or trustee shall have fully complied with all provisions of this chapter and remedied all defaults thereunder; and

B. Shall have executed an agreement, approved by the court having jurisdiction, whereby such receiver or trustee agrees to be bound by this chapter and the franchise granted to the Grantee.

6. Continuity of Service.

A. Right to Continuous Service. It shall be the right of all subscribers to continue receiving service insofar as their financial and other obligations to the Grantee are honored. In the event that the Grantee elects to rebuild, modify, or sell the cable system, or the City gives notice in accordance with the Franchise or this chapter of intent to terminate or fails to renew the franchise, the Grantee shall act so as to ensure that all subscribers receive continuous, uninterrupted service for six (6) months. In the event of a change of Grantee, or in the event a new operator acquires the cable system, the original Grantee shall cooperate with the City, new Grantee or operator in maintaining continuity of service to all subscribers. During such period, Grantee shall be entitled to the revenue for any period during which it operates the cable system, and shall be entitled to reasonable costs for its services when it no longer operates the cable system.

B. Right of City to Operate Cable System. In the event Grantee fails to operate the system for seven (7) consecutive days without prior approval of the City or without just cause, the City may, working in conjunction with any financial institution having a pledge of the franchise or its assets for the advancement of money for the construction and/or operation of the franchise, operate the system or designate an operator until such time as

Grantee restores service under conditions acceptable to the City or a permanent operator is selected. If the City is required to fulfill this obligation for the Grantee, then during such period as the City fulfills such obligation, the City shall be entitled to a reasonable management fee.

7. Franchise Publication Costs.

A. Initial Franchises. For an initial franchise awarded, the costs to be borne by the Grantee shall include, but shall not be limited to, all costs of publication of notices prior to any public meeting, publication of relevant ordinances and franchise agreements, incurred by the City.

B. Franchise Renewal. For a franchise renewal, the Grantee shall reimburse the City cost of publication of notices publication of relevant ordinances, and publication of franchise agreements.

C. Franchise Transfer. For a franchise transfer, the transferee shall reimburse the City the cost of publication of notices, publication of relevant ordinances and publication of franchise agreements. The City reserves the right to withhold approval of such transfer until all such costs have been reimbursed by the transferee.

D. Other Costs. The publication costs provided for in this section shall be in addition to any other inspection or permit fee or other fees due to City under any other ordinance of general applicability.

8. Taxes. Subject to Federal and State law, the Grantee shall pay all real estate taxes, special assessments, personal property taxes, license fees, permit fees and other generally applicable charges of a like nature which may be taxed, charged, assessed, levied, or imposed upon the property of the Grantee and upon any services rendered by the Grantee.

111.38 ENFORCEMENT AND TERMINATION OF FRANCHISE.

1. Notice of Violation. In the event that the City believes that the Grantee has not complied with the terms of the Franchise, it shall notify the Grantee in writing of the exact nature of the alleged noncompliance.

2. Grantee's Right to Cure or Respond. The Grantee shall have thirty (30) days from receipt of the notice described in subsection 1 to respond to the City, contesting the assertion of noncompliance, or to cure such default, or, in the event that, by the nature of default, such default cannot be cured within the 30-day period, initiate reasonable steps to

remedy such default and notify the City of the steps being taken and the projected date that they will be completed.

3. Public Hearing. In the event that the Grantee fails to respond to the notice described in subsection 1 pursuant to the procedures set forth in subsection 2, or in the event that the alleged default is not remedied within 30 days or the date projected pursuant to subsection 2 above, the City shall schedule a public hearing to investigate the default. The City shall notify the Grantee in writing of the time and place of such meeting no less than five business days in advance and provide the Grantee with an opportunity to be heard. The City shall notify the Grantee in writing of the time and place of such meeting no less than five (5) business days in advance and provide the Grantee with an opportunity to be heard.

4. Enforcement. Subject to applicable Federal and State law, in the event the City, after such public hearing, determines that the Grantee is in default of any provision of the Franchise, the City may:

- A. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages;
- B. Commence an action at law for monetary damages or seek other equitable relief, or
- C. In the case of a substantial default of a material provision of the Franchise, declare the Franchise Agreement to be revoked in accordance with the procedures outlined in this section.

The City shall give written notice to the Grantee of its intent to revoke the franchise on the basis of noncompliance by the Grantee, including one or more instances of substantial noncompliance with a material provision of the franchise. The notice shall set forth the exact nature of the noncompliance. The Grantee shall have ninety (90) days from such notice to object in writing and to state its reasons for such objection. In the event the City has not received a response satisfactory from the Grantee, it may then seek termination of the franchise at a public meeting. The City shall cause to be served upon the Grantee, at least ten (10) days prior to such public meeting, a written notice specifying the time and place of such meeting and stating its intent to request such termination. At the designated meeting, the City shall give the Grantee an opportunity to state its position on the matter, after which it shall determine whether or not the franchise shall be revoked. The Grantee may appeal such determination to an appropriate court, which shall have the power to review the decision of the City *de novo* and to modify or reverse such decision as justice may require. Such appeal to the

appropriate court must be taken within sixty (60) days of the issuance of the determination of the City. The City may, at its sole discretion, take any lawful action which it deems appropriate to enforce the City's rights under the franchise in lieu of revocation of the franchise.

5. Prompt Compliance. The Grantee shall not be relieved of its obligation to comply with this chapter by reason of the City's failure to enforce prompt compliance.

6. Impossibility of Performance. A Grantee shall not be held in default under, or in noncompliance with, the provisions of a franchise, or suffer any enforcement or penalty relating to noncompliance or default (including termination, cancellation or revocation of the franchise), where such noncompliance or alleged defaults occurred or were caused by strike, riot, war, earthquake, flood, tidal wave, unusually severe rain or snow storm, hurricane, tornado or other catastrophic act of nature, labor disputes, governmental, administrative or judicial order or regulation or other event that is reasonably beyond the Grantee's ability to anticipate and control. This provision also covers work delays caused by waiting for utility providers to service monitor their own utility poles on which the Grantee's cable and/or equipment is attached, as well as unavailability of materials and/or labor to perform the work necessary.

7. Termination of Franchise.

A. Grounds for Revocation. The City reserves the right to revoke any franchise and rescind all rights and privileges associated with the franchise in the following circumstances:

(1) If the Grantee should default in the performance of any of its material obligations under this chapter or the franchise and fails to cure the default within sixty (60) days after receipt of written notice of the default from the City, or such longer time as specified by the City.

(2) If a petition is filed by or against the Grantee under the Bankruptcy Act or any other insolvency or creditors' rights law, State or Federal, and the Grantee shall fail to have it dismissed.

(3) If a receiver, trustee or liquidator of the Grantee is applied for or appointed for all or part of the Grantee's assets.

(4) If the Grantee makes an assignment for the benefit of creditors.

(5) If the Grantee violates any order or ruling of any State or Federal regulatory body having jurisdiction over the Grantee, unless the Grantee or any party similarly affected is lawfully contesting the legality or applicability of such order or ruling and has received a stay from a Court of appropriate jurisdiction.

(6) If the Grantee evades any of the provisions of this chapter or the Franchise Agreement.

(7) If the Grantee practices any intentional fraud or deceit upon the City or cable subscribers.

(8) If the Grantee materially misrepresents facts in the application for a franchise.

(9) If the Grantee ceases to provide services over the cable system for seven (7) consecutive days for any reason within the control of the Grantee.

B. Restoration of Property. In removing its plant, structures and equipment, the Grantee shall refill at its own expense any excavation that shall be made by it and shall leave all public ways and places in as good condition as that prevailing prior to the Grantee's removal of its equipment and appliances, without affecting the electric or telephone cables, wires or attachments. The City shall inspect and approve the condition of the public ways and public places and cables, wires, attachments and poles after removal. Liability insurance indemnity provided in Section 111.37(2) and the performance bond in Section 111.38(9) shall continue in full force and effect during the period of removal.

C. Reimbursement of Costs. In the event of a failure by the Grantee to complete any work as required above or any work required by law or ordinance within the time established and to the reasonable satisfaction of the City, after due notice and opportunity to cure, the City may cause such work to be done and the Grantee shall reimburse the City the costs thereof within thirty (30) days after receipt of an itemized list of such costs or the City may recover such costs as provided in subsection 8.

8. Security Fund.

A. Within ten (10) days after execution of the Franchise Agreement, the Grantee shall deposit with the City Clerk, and maintain on deposit through the term of the franchise, the sum of \$10,000.00 as security for the faithful performance by it of all the

provisions of the franchise and compliance with all orders, permits, and directions of any agency of the City having jurisdiction over its acts or defaults under the franchise, and the payment by the Grantee of any claims, liens, and taxes due the City which arise by reason of the construction, operation, or maintenance of the system.

B. Within ten (10) days after notice that any amount has been withdrawn from the security fund deposited pursuant to paragraph A of this subsection, the Grantee shall pay to, or deposit with, the City Clerk a sum of money sufficient to restore such security fund to the original amount of \$10,000.00.

C. If the Grantee fails to pay to the City any compensation within the time fixed herein; or fails after ten (10) days' notice to pay to the City any taxes due and unpaid; or fails to repay to the City within such ten (10) days, any damages, costs, or expenses which the City shall be compelled to pay by reason of any act or default of the Grantee in connection with the franchise; or fails after three (3) days' notice of such failure by the City to comply with any provision of the franchise which the City reasonably determines can be remedied by an expenditure of the security, the City Clerk may immediately withdraw the amount thereof, with interest and any penalties, from the security fund. Upon such withdrawal, the City Clerk shall notify the Grantee of the amount and date thereof.

D. The security fund deposited shall become the property of the City in the event that the franchise is canceled by reason of the default of the Grantee. The Grantee, however, shall be entitled to the return of such security fund, or portion thereof, as remains on deposit at the expiration of the term of the franchise, provided that there is then no outstanding default on the part of the Grantee. Interest earned by the investment of the security fund will accrue to the Grantee.

E. The rights reserved to the City with respect to the security fund are in addition to all other rights of the City, whether reserved by the franchise or authorized by law, and no action, proceeding, or exercise of a right with respect to such security fund shall affect any other right the City may have.

9. Faithful Performance Bond. If required by the franchise, upon acceptance of a franchise, the Grantee shall submit and maintain throughout the term of the franchise, a faithful performance bond in an

amount specified in the Franchise Agreement. The bond shall insure compliance with all applicable laws, regulations, ordinances and provisions of the franchise, shall provide for recoverable loss or damages, compensation, indemnification, reasonable attorney fees, cost of removal or abandonment of Grantee's property, and shall cover liquidated damages of one hundred dollars (\$100.00) per day for failure to meet the construction requirements of any franchise agreement.

10. Violations and Penalties. If the Grantee fails to comply with the requirements of this cable franchise regulatory ordinance, and a cable franchise agreement, then the City may invoke and secure compliance in accordance with Chapter 4 of this Code of Ordinances and as authorized by Section 364.22 of the Code of Iowa.

111.39 ACTIONS OF PARTIES. In any action by the City or the Grantee that is mandated or permitted under the terms hereof, such party shall act in a reasonable, expeditious, and timely manner. Furthermore, in any instance where approval or consent is required under the terms hereof, such approval or consent shall not be unreasonably withheld.

111.40 EQUAL PROTECTION. In the event the City enters into a franchise, permit, license, authorization, or other agreement of any kind with any other person or entity other than the Grantee to enter into the City's streets and public ways for the purpose of constructing or operating a cable system or providing cable service to any part of the service area, the material provisions thereof shall be reasonably comparable to those contained herein, in order that one operator not be granted an unfair competitive advantage over another, and to provide all parties equal protection under the law.

111.41 NOTICES. Unless expressly otherwise agreed between the parties, every notice or response required by a franchise to be served upon the City or the Grantee shall be in writing, and shall be deemed to have been duly given to the required party five business days after having been posted in a properly sealed and correctly addressed envelope, or when hand delivered or sent by certified or registered mail, postage prepaid or express mail service.

LIQUOR LICENSES AND WINE AND BEER PERMITS

120.01 License or Permit Required
120.02 General Prohibition
120.03 Investigation

120.04 Action by Council
120.05 Prohibited Sales and Acts
120.06 Amusement Devices

120.01 LICENSE OR PERMIT REQUIRED. No person shall manufacture for sale, import, sell, or offer or keep for sale, alcoholic liquor, wine, or beer without first securing a liquor control license, wine permit or beer permit in accordance with the provisions of Chapter 123 of the Code of Iowa.

(Code of Iowa, Sec. 123.22, 123.122 & 123.171)

120.02 GENERAL PROHIBITION. It is unlawful to manufacture for sale, sell, offer or keep for sale, possess or transport alcoholic liquor, wine or beer except upon the terms, conditions, limitations and restrictions enumerated in Chapter 123 of the Code of Iowa, and a license or permit may be suspended or revoked or a civil penalty may be imposed for a violation thereof.

(Code of Iowa, Sec. 123.2, 123.39 & 123.50)

120.03 INVESTIGATION. Upon receipt of an application for a liquor license, wine or beer permit by the Clerk, it shall be forwarded to the Police Chief, who shall conduct an investigation and submit a written report as to the truth of the facts averred in the application and a recommendation to the Council as to the approval of the license or permit. It is the duty of the Fire Chief to inspect the premises to determine if they conform to the requirements of the City, and no license or permit shall be approved until or unless an approving report has been filed with the Council by such officers.

(Code of Iowa, Sec. 123.30)

120.04 ACTION BY COUNCIL. The Council shall either approve or disapprove the issuance of the liquor control license or retail wine or beer permit and shall endorse its approval or disapproval on the application, and thereafter the application, necessary fee and bond, if required, shall be forwarded to the Alcoholic Beverages Division of the State Department of Commerce for such further action as is provided by law.

(Code of Iowa, Sec. 123.32 [2])

120.05 PROHIBITED SALES AND ACTS. A person or club holding a liquor license or retail wine or beer permit and the person's or club's agents or employees shall not do any of the following:

1. Sell, dispense or give to any intoxicated person, or one simulating intoxication, any alcoholic liquor, wine or beer.

(Code of Iowa, Sec. 123.49 [1])

2. Sell or dispense any alcoholic beverage, wine or beer on the premises covered by the license or permit, or permit its consumption thereon between the hours of two o'clock (2:00) a.m. and six o'clock (6:00) a.m. on a weekday, and between the hours of two o'clock (2:00) a.m. on Sunday and six o'clock (6:00) a.m. on the following Monday; however, a holder of a license or permit granted the privilege of selling alcoholic liquor, beer or wine on Sunday may sell or dispense alcoholic liquor, beer or wine between the hours of eight o'clock (8:00) a.m. on Sunday and two o'clock (2:00) a.m. of the following Monday, and further provided that a holder of any class of liquor control license or the holder of a class "B" beer permit may sell or dispense alcoholic liquor, wine or beer for consumption on the premises between the hours of eight o'clock (8:00) a.m. on Sunday and two o'clock (2:00) a.m. on Monday when that Monday is New Year's Day and beer for consumption off the premises between the hours of eight o'clock (8:00) a.m. on Sunday and two o'clock (2:00) a.m. on the following Monday when that Sunday is the day before New Year's Day.

(Code of Iowa, Sec. 123.49 [2b and 2k] & 123.150)

3. Sell alcoholic beverages, wine or beer to any person on credit, except with bona fide credit card. This provision does not apply to sales by a club to its members nor to sales by a hotel or motel to bona fide registered guests.

(Code of Iowa, Sec. 123.49 [2c])

4. Employ a person under eighteen (18) years of age in the sale or serving of alcoholic liquor, wine or beer for consumption on the premises where sold.

(Code of Iowa, Sec. 123.49 [2f])

5. In the case of a retail beer or wine permittee, knowingly allow the mixing or adding of alcohol or any alcoholic beverage to beer, wine or any other beverage in or about the permittee's place of business.

(Code of Iowa, Sec. 123.49 [2i])

6. Knowingly permit any gambling, except in accordance with Iowa law, or knowingly permit any solicitation for immoral purposes, or immoral or disorderly conduct on the premises covered by the license or permit.

(Code of Iowa, Sec. 123.49 [2a])

7. Knowingly permit or engage in any criminal activity on the premises covered by the license or permit.

(Code of Iowa, Sec. 123.49 [2j])

8. Keep on premises covered by a liquor control license any alcoholic liquor in any container except the original package purchased from the Alcoholic Beverages Division of the State Department of Commerce and except mixed drinks or cocktails mixed on the premises for immediate consumption.

(Code of Iowa, Sec. 123.49 [2d])

9. Reuse for packaging alcoholic liquor or wine any container or receptacle used originally for packaging alcoholic liquor or wine; or adulterate, by the addition of any substance, the contents or remaining contents of an original package of an alcoholic liquor or wine; or knowingly possess any original package which has been reused or adulterated.

(Code of Iowa, Sec. 123.49 [2e])

10. Allow any person other than the licensee, permittee or employees of the licensee or permittee to use or keep on the licensed premises any alcoholic liquor in any bottle or other container which is designed for the transporting of such beverages, except as allowed by State law.

(Code of Iowa, Sec. 123.49 [2g])

120.06 AMUSEMENT DEVICES.

(Code of Iowa, Sec. 99B.10C)

1. As used in this section an “electronic or mechanical amusement device” means a device that awards a prize redeemable for merchandise on the premises where the device is located and which is required to be registered with the Iowa Department of Inspection and Appeals.

2. It is unlawful for any person under the age of twenty-one (21) to participate in the operation of an electrical or mechanical amusement device.

3. It is unlawful for any person owning or leasing an electrical or mechanical amusement device to knowingly allow a person under the age of 21 to participate in the operation of an electrical or mechanical amusement device.

4. It is unlawful for any person to knowingly participate in the operation of an electrical or mechanical amusement device with a person under the age of 21.

CIGARETTE PERMITS

121.01 Definitions
121.02 Permit Required
121.03 Application
121.04 Fees
121.05 Issuance and Expiration

121.06 Refunds
121.07 Persons Under Legal Age
121.08 Self-service Sales Prohibited
121.09 Permit Revocation

121.01 DEFINITIONS. For use in this chapter the following terms are defined:

(Code of Iowa, Sec. 453A.1)

1. “Carton” means a box or container of any kind in which ten or more packages or packs of cigarettes or tobacco products are offered for sale, sold or otherwise distributed to consumers.
2. “Cigarette” means any roll for smoking made wholly or in part of tobacco, or any substitute for tobacco, irrespective of size or shape and irrespective of tobacco or any substitute for tobacco being flavored, adulterated or mixed with any other ingredient, where such roll has a wrapper or cover made of paper or any other material. However, this definition is not to be construed to include cigars.
3. “Package” or “pack” means a container of any kind in which cigarettes or tobacco products are offered for sale, sold or otherwise distributed to consumers.
4. “Place of business” means any place where cigarettes are sold, stored or kept for the purpose of sale or consumption by a retailer.
5. “Retailer” means every person who sells, distributes or offers for sale for consumption, or possesses for the purpose of sale for consumption, cigarettes, irrespective of the quantity or amount or the number of sales.
6. “Self-service display” means any manner of product display, placement or storage from which a person purchasing the product may take possession of the product, prior to purchase, without assistance from the retailer or employee of the retailer, in removing the product from a restricted access location.
7. “Tobacco products” means the following: cigars; little cigars; cheroots; stogies; periques; granulated, plug cut, crimp cut, ready rubbed and other smoking tobacco; snuff; snuff flour; cavendish; plug and twist tobacco; fine-cut and other chewing tobaccos; shorts or refuse scraps,

clippings, cuttings and sweepings of tobacco; and other kinds and forms of tobacco prepared in such manner as to be suitable for chewing or smoking in a pipe or otherwise, or for both chewing and smoking, but does not mean cigarettes.

121.02 PERMIT REQUIRED. It is unlawful for any person, other than a holder of a retail permit, to sell cigarettes at retail and no retailer shall distribute, sell or solicit the sale of any cigarettes within the City without a valid permit for each place of business. The permit shall be displayed publicly in the place of business so that it can be seen easily by the public. No permit shall be issued to a minor.

(Code of Iowa, Sec. 453A.13)

121.03 APPLICATION. A completed application on forms provided by the State Department of Revenue and accompanied by the required fee shall be filed with the Clerk. Renewal applications shall be filed at least five (5) days prior to the last regular meeting of the Council in June. If a renewal application is not timely filed, and a special Council meeting is called to act on the application, the costs of such special meeting shall be paid by the applicant.

(Code of Iowa, Sec. 453A.13)

121.04 FEES. The fee for a retail cigarette permit shall be as follows:

(Code of Iowa, Sec. 453A.13)

FOR PERMITS GRANTED DURING:	FEE:
July, August or September	\$ 75.00
October, November or December	\$ 56.25
January, February or March	\$ 37.50
April, May or June	\$ 18.75

121.05 ISSUANCE AND EXPIRATION. Upon proper application and payment of the required fee, a permit shall be issued. Each permit issued shall describe clearly the place of business for which it is issued and shall be nonassignable. All permits expire on June 30 of each year. The Clerk shall submit a duplicate of any application for a permit, and any permit issued, to the Iowa Department of Public Health within thirty (30) days of issuance.

121.06 REFUNDS. A retailer may surrender an unrevoked permit and receive a refund from the City, except during April, May or June, in accordance with the schedule of refunds as provided in Section 453A.13 of the Code of Iowa.

(Code of Iowa, 453A.13)

121.07 PERSONS UNDER LEGAL AGE. No person shall sell, give or otherwise supply any tobacco, tobacco products or cigarettes to any person under eighteen (18) years of age. The provision of this section includes prohibiting a minor from purchasing cigarettes or tobacco products from a vending machine. If a retailer or employee of a retailer violates the provisions of this section, the Council shall, after written notice and hearing, and in addition to the other penalties fixed for such violation, assess the following:

1. For a first violation, the retailer shall be assessed a civil penalty in the amount of three hundred dollars (\$300.00). Failure to pay the civil penalty as ordered under this subsection shall result in automatic suspension of the permit for a period of fourteen (14) days.
2. For a second violation within a period of two (2) years, the retailer shall be assessed a civil penalty in the amount of one thousand five hundred dollars (\$1,500.00) or the retailer's permit shall be suspended for a period of thirty (30) days. The retailer may select its preference in the penalty to be applied under this subsection.
3. For a third violation within a period of three (3) years, the retailer shall be assessed a civil penalty in the amount of one thousand five hundred dollars (\$1,500.00) and the retailer's permit shall be suspended for a period of thirty (30) days.
4. For a fourth violation within a period of three (3) years, the retailer shall be assessed a civil penalty in the amount of one thousand five hundred dollars (\$1,500.00) and the retailer's permit shall be suspended for a period of sixty (60) days.
5. For a fifth violation within a period of four (4) years, the retailer's permit shall be revoked.

The Clerk shall give ten (10) days' written notice to the retailer by mailing a copy of the notice to the place of business as it appears on the application for a permit. The notice shall state the reason for the contemplated action and the time and place at which the retailer may appear and be heard.

(Code of Iowa, Sec. 453A.2, 453A.22 and 453A.36[6])

121.08 SELF-SERVICE SALES PROHIBITED. Beginning January 1, 1999, except for the sale of cigarettes through a cigarette vending machine as provided in Section 453A.36 (6) of the Code of Iowa, a retailer shall not sell or offer for sale cigarettes or tobacco products, in a quantity of less than a carton, through the use of a self-service display.

(Code of Iowa, Sec. 453A.36A)

121.09 PERMIT REVOCATION. Following a written notice and an opportunity for a hearing, as provided by the Code of Iowa, the Council may also revoke a permit issued pursuant to this chapter for a violation of Division I of Chapter 453A of the Code of Iowa or any rule adopted thereunder. If a permit is revoked, a new permit shall not be issued to the permit holder for any place of business, or to any other person for the place of business at which the violation occurred, until one year has expired from the date of revocation, unless good cause to the contrary is shown to the Council. The Clerk shall report the revocation or suspension of a retail permit to the Iowa Department of Public Health within thirty (30) days of the revocation or suspension.

122.01 PURPOSE. The purpose of this chapter is to protect residents of the City against fraud, unfair competition and intrusion into the privacy of their homes by licensing and regulating peddlers, solicitors and transient merchants.

122.02 DEFINITIONS. For use in this chapter the following terms are defined:

1. “Peddler” means any person carrying goods or merchandise who sells or offers for sale for immediate delivery such goods or merchandise from house to house or upon the public street.
2. “Solicitor” means any person who solicits or attempts to solicit from house to house or upon the public street any contribution or donation or any order for goods, services, subscriptions or merchandise to be delivered at a future date.
3. “Transient merchant” means any person who engages in a temporary or itinerant merchandising business and in the course of such business hires, leases or occupies any building or structure whatsoever, or who operates out of a vehicle which is parked anywhere within the City limits. Temporary association with a local merchant, dealer, trader or auctioneer, or conduct of such transient business in connection with, as a part of, or in the name of any local merchant, dealer, trader or auctioneer does not exempt any person from being considered a transient merchant.

122.03 LICENSE REQUIRED. Any person engaging in peddling, soliciting or in the business of a transient merchant in the City without first obtaining a license as herein provided is in violation of this chapter.

122.04 APPLICATION FOR LICENSE. An application in writing shall be filed with the Clerk for a license under this chapter. Such application shall set forth the applicant's name, permanent and local address and business address if any. The application shall also set forth the applicant's employer, if any, and the employer's address, the nature of the applicant's business, the last three places of such business and the length of time sought to be covered by the license. An application fee of fifty dollars (\$50.00) shall be paid at the time of filing such application to cover the cost of investigating the facts stated therein.

122.05 LICENSE FEES. License fees in amounts set by resolution of the Council shall be paid to the Clerk prior to the issuance of any license.

122.06 BONDS REQUIRED.

1. Before a license under this chapter is issued, each principal shall post a bond, by a surety company authorized to engage in the business of insuring the fidelity of others in Iowa, in the amount of two thousand five hundred dollars (\$2,500.00) with the Clerk to the effect that the registrant and the surety shall consent to the forfeiture of the principal sum of the bond or such part thereof as may be necessary either to indemnify the City for any penalties or costs occasioned by the enforcement of this chapter or to make payment of any judgment rendered against the registrant as a result of a claim or litigation arising out of or in connection with such registrant's peddling or solicitation. Said bond shall not be retired until after a lapse of one year from the expiration of the license which it covers.

2. Before a license under this chapter is issued to a transient merchant, an applicant shall provide to the Clerk evidence that the applicant has filed a bond with the Secretary of State in accordance with Chapter 9C of the Code of Iowa.

122.07 LICENSE ISSUED. If the Clerk finds the application is completed in conformance with the requirements of this chapter, the facts stated therein are found to be correct and the license fee paid, a license shall be issued immediately.

122.08 DISPLAY OF LICENSE. Each solicitor or peddler shall keep such license in possession at all times while doing business in the City and shall, upon the request of prospective customers, exhibit the license as evidence of compliance with all requirements of this chapter. Each transient merchant shall display publicly such merchant's license in the merchant's place of business.

122.09 LICENSE NOT TRANSFERABLE. Licenses issued under the provisions of this chapter are not transferable in any situation and are to be applicable only to the person filing the application.

122.10 TIME RESTRICTION. All peddler's and solicitor's licenses shall provide that said licenses are in force and effect only between the hours of eight o'clock (8:00) a.m. and six o'clock (6:00) p.m.

122.11 REVOCATION OF LICENSE. After notice and hearing, the Clerk may revoke any license issued under this chapter for the following reasons:

1. Fraudulent Statements. The licensee has made fraudulent statements in the application for the license or in the conduct of the business.
2. Violation of Law. The licensee has violated this chapter or has otherwise conducted the business in an unlawful manner.
3. Endangered Public Welfare, Health or Safety. The licensee has conducted the business in such manner as to endanger the public welfare, safety, order or morals.

122.12 NOTICE. The Clerk shall send a notice to the licensee at the licensee's local address, not less than ten (10) days before the date set for a hearing on the possible revocation of a license. Such notice shall contain particulars of the complaints against the licensee, the ordinance provisions or State statutes allegedly violated, and the date, time and place for hearing on the matter.

122.13 HEARING. The Clerk shall conduct a hearing at which both the licensee and any complainants shall be present to determine the truth of the facts alleged in the complaint and notice. Should the licensee, or authorized representative, fail to appear without good cause, the Clerk may proceed to a determination of the complaint.

122.14 RECORD AND DETERMINATION. The Clerk shall make and record findings of fact and conclusions of law, and shall revoke a license only when upon review of the entire record the Clerk finds clear and convincing evidence of substantial violation of this chapter or State law.

122.15 APPEAL. If the Clerk revokes or refuses to issue a license, the Clerk shall make a part of the record the reasons therefor. The licensee, or the applicant, shall have a right to a hearing before the Council at its next regular meeting. The Council may reverse, modify or affirm the decision of the Clerk

by a majority vote of the Council members present and the Clerk shall carry out the decision of the Council.

122.16 EFFECT OF REVOCATION. Revocation of any license shall bar the licensee from being eligible for any license under this chapter for a period of one year from the date of the revocation.

122.17 LICENSE EXEMPTIONS. The following are excluded from the application of this chapter.

1. Newspapers. Persons delivering, collecting for or selling subscriptions to newspapers.
2. Club Members. Members of local civic and service clubs, Boy Scout, Girl Scout, 4-H Clubs, Future Farmers of America and similar organizations.
3. Farmers and Gardeners. Farmers and gardeners who offer for sale products they raised themselves.
4. Students. Students representing schools conducting projects sponsored by organizations recognized by the school.
5. Route Sales. Route delivery persons who only incidentally solicit additional business or make special sales.
6. Resale or Institutional Use. Persons customarily calling on businesses or institutions for the purposes of selling products for resale or institutional use.
7. Craft Sales. Persons who offer for sale crafts, art work and similar items that they make or create themselves.
8. Swap Meets. Organized events where used items are sold, traded or exchanged.

122.18 CHARITABLE AND NONPROFIT ORGANIZATIONS.

Authorized representatives of charitable or nonprofit organizations within the City operating under the provisions of Chapter 504A of the Code of Iowa desiring to solicit money or to distribute literature are exempt from the operation of Sections 122.04 and 122.05. All such organizations are required to submit in writing to the Clerk the name and purpose of the cause for which such activities are sought, names and addresses of the officers and directors of the organization, the period during which such activities are to be carried on, and whether any commissions, fees or wages are to be charged by the solicitor and the amount thereof. If the Clerk finds that the organization is a bona fide charity or nonprofit organization the Clerk shall issue, free of charge, a license containing the above information to the applicant. In the event the Clerk denies

the exemption, the authorized representatives of the organization may appeal the decision to the Council, as provided in Section 122.15 of this chapter.

123.01 HOUSE MOVER DEFINED. A “house mover” means any person who undertakes to move a building or similar structure upon, over or across public streets or property when the building or structure is of such size that it requires the use of skids, jacks, dollies or any other specialized moving equipment.

123.02 PERMIT REQUIRED. It is unlawful for any person to engage in the activity of house mover as herein defined without a valid permit from the City for each house, building or similar structure to be moved. Buildings of less than one hundred (100) square feet are exempt from the provisions of this chapter.

123.03 APPLICATION. Application for a house mover’s permit shall be made in writing to the Clerk. The application shall include:

1. Name and Address. The applicant’s full name and address and if a corporation the names and addresses of its principal officers.
2. Building Location. An accurate description of the present location and future site of the building or similar structure to be moved.
3. Routing Plan. A routing plan approved by the Police Chief, Public Works Director and public utility officials. The route approved shall be the shortest route compatible with the greatest public convenience and safety.

123.04 BOND REQUIRED. The applicant shall post with the Clerk a penal bond in the minimum sum of five thousand dollars (\$5,000.00) issued by a surety company authorized to issue such bonds in the State. The bond shall guarantee the permittee’s payment for any damage done to the City or to public property, and payment of all costs incurred by the City in the course of moving the building or structure.

123.05 INSURANCE REQUIRED. Each applicant shall also file a certificate of insurance indicating that the applicant is carrying public liability insurance in effect for the duration of the permit covering the applicant and all agents and employees for the following minimum amounts:

1. Bodily Injury - \$50,000 per person; \$100,000 per accident.
2. Property Damage - \$50,000 per accident.

123.06 PERMIT FEE. A permit fee of fifty dollars (\$50.00) shall be payable at the time of filing the application with the Clerk. A separate permit shall be required for each house, building or similar structure to be moved.

123.07 PERMIT ISSUED. Upon approval of the application, filing of bond and insurance certificate, and payment of the required fee, the Clerk shall issue a permit.

123.08 PUBLIC SAFETY. At all times when a building or similar structure is in motion upon any street, alley, sidewalk or public property, the permittee shall maintain flagmen at the closest intersections or other possible channels of traffic to the sides, behind and ahead of the building or structure. At all times when the building or structure is at rest upon any street, alley, sidewalk or public property the permittee shall maintain adequate warning signs or lights at the intersections or channels of traffic to the sides, behind and ahead of the building or structure.

123.09 TIME LIMIT. No house mover shall permit or allow a building or similar structure to remain upon any street or other public way for a period of more than twelve (12) hours without having first secured the written approval of the City.

123.10 REMOVAL BY CITY. In the event any building or similar structure is found to be in violation of Section 123.09 the City is authorized to remove such building or structure and assess the costs thereof against the permit holder and the surety on the permit holder's bond.

123.11 PROTECT PAVEMENT. It is unlawful to move any house or building of any kind over any pavement, unless the wheels or rollers upon which the house or building is moved are at least one (1) inch in width for each one thousand (1,000) pounds of weight of such building. If there is any question as to the weight of a house or building, the estimate of the City as to such weight shall be final.

123.12 ABOVE GROUND WIRES. The holder of any permit to move a building shall see that all telephone, cable television and electric wires and

poles are removed when necessary and replaced in good order, and shall be liable for the costs of the same.

PUBLIC DANCE HALL LICENSES

124.01 Purpose	124.08 Issuance of License
124.02 Definitions	124.09 Duration of License
124.03 Compliance Required	124.10 Posting of License
124.04 License Required	124.11 Public Dance Hours
124.05 Application for License	124.12 Disorderly Conduct
124.06 Inspection and Verification	124.13 Suspension or Revocation of License
124.07 License Fee	124.14 Effect of Revocation

124.01 PURPOSE. The purpose of this chapter is to provide for the licensing and regulating of Public Dance Halls in the City.

124.02 DEFINITIONS. For the purpose of this chapter, the following words and phrases are defined:

1. “Applicant” means any person, partnership, corporation or association applying for a license under this chapter.
2. “License” means the license to establish and operate a public dance hall issued by the City pursuant to the provisions of this chapter.
3. “Owner” means the person that establishes and operates or proposes to establish and operate a public dance hall pursuant to the provisions of this chapter and, when the context so requires, means and includes the partners, officers, employees, agents and independent contractors of the owner.
4. “Public dance” means an organized dance and/or live band. The term “public dance” does not include dances held, conducted or sponsored by a fraternal lodge or society; Veteran’s organization composed of veterans of any war; agricultural societies or organizations of a benevolent, charitable or religious character, or other similar organizations whose purpose and objective are not for pecuniary profit.
5. “Public dance hall” means any place open to the public where dancing is permitted.

124.03 COMPLIANCE REQUIRED. No public dance hall shall be opened, operated or permitted to be opened or operated without compliance with the provisions of this chapter by the owner or operator, and no premises shall be used as a public dance hall without compliance with the provisions of this chapter by the owner or lessee.

124.04 LICENSE REQUIRED. No public dance hall shall be opened, operated or permitted to be opened or operated without the owner or operator first obtaining a public dance hall license from the Council; and no premises shall be used as a public dance hall without the owner or lessee first obtaining a public dance hall license from the Council.

124.05 APPLICATION FOR LICENSE. Any applicant for a public dance hall license shall apply in writing to the Clerk. The application shall be made in the name of the owner or operator and shall contain the following:

1. The full name, residence address, business address of the applicant and, if the applicant is a partnership, corporation or association, the names of the partners, corporate officers or association members, as applicable. *(Ord. 905 – Nov. 08 Supp.)*
2. The address of the premises where the applicant proposes to establish and operate a public dance hall.
3. If the applicant is not the owner of the premises where the proposed public dance hall is to be located, the name and address of the owner, and a statement that the applicant is the actual lessee of the premises.
4. A statement that the premises where the applicant proposes to hold, conduct or permit public dances or public dancing conforms to all laws and regulations, including fire, health and zoning codes, and is a safe place for holding, conducting or permitting public dances.

124.06 INSPECTION AND VERIFICATION. Before any license is granted under the provisions of this chapter, the premises where the applicant proposes to hold, conduct or permit public dances or public dancing shall be inspected by the Police Chief or designee. The Council shall have determined the moral fitness of the applicant to hold, conduct or permit public dances or public dancing, and shall have verified the truth of the statements made in the application.

124.07 LICENSE FEE. The license fee for a public dance hall under the provisions of this chapter is as follows:

1. For premises where neither alcoholic beverages nor food is sold or served, the sum of \$50.00 per year, or \$10.00 per day or portion thereof, for each dance held;
2. For premises where alcoholic beverages and/or food is sold or served, the sum of \$60.00 per year or \$20.00 per day or portion thereof, for each dance held.

All license fees must be paid prior to the issuance of a license to the applicant. No license fee or part thereof shall be refunded for any reason.

124.08 ISSUANCE OF LICENSE. If the Council finds that the applicant has fully complied with all requirements of this chapter and that the applicant is of good moral character, the Council shall authorize the issuance of a license to the applicant.

124.09 DURATION OF LICENSE. All licenses issued pursuant to this chapter shall expire on the 30th day of June following the date of issuance.

124.10 POSTING OF LICENSE. The license required by this chapter shall be displayed in a conspicuous place in the public dance hall.

124.11 PUBLIC DANCE HOURS. No public dance shall continue later than one o'clock (1:00) a.m. on any day unless permission has been granted by the Council.

124.12 DISORDERLY CONDUCT. Neither a licensee nor any partner, officer, employee, agent or independent contractor of the licensee shall permit the public dance hall to be or become disorderly, and the term "disorderly" as used herein means permitting or allowing any of the following on the premises, the parking areas or on property contiguous to the premises, where the disorderly conduct originated on the premises:

1. Fights or affrays;
2. Disturbance of the peace and quiet including loud music or noise, produced by any means;
3. Consumption of alcoholic beverages by persons under the legal age for consumption of such beverages, or any other illegal consumption of alcoholic beverages;
4. Disposal of trash or litter on public streets, private property or sidewalks contiguous to the premises;
5. Trespassing upon private property;
6. Gambling in violation of the laws of the State;
7. Consumption of alcoholic beverages during any public dance unless such licensee also holds a valid liquor license or wine or beer permit for the premises;
8. Any other violation of the laws of the State or this Code of Ordinances which affect the general welfare, comfort, safety and health of the public.

124.13 SUSPENSION OR REVOCATION OF LICENSE. Any license may be suspended or revoked by the Council for the violation of any provision of this chapter by proceeding in the following manner:

1. The Council shall set a time and place of hearing on any proposed suspension or revocation.
2. Notice of the time and place of such hearing, the purpose thereof and the reason or reasons for the proposed suspension or revocation shall be given by mailing such notice to the licensee at the address of the public dance hall by certified mail or by personal service by a City employee, such notice to be completed at least ten (10) days prior to the time of such hearing.
3. At such hearing, the licensee and all other interested persons shall have the right to be heard and to present evidence relative to the proposed suspension or revocation.

If, after such hearing, the Council finds that, based upon the evidence, a violation of any provision of this chapter has occurred, the Council may either suspend or revoke the license; and the determination of whether to suspend or revoke the license shall depend upon the circumstances surrounding and the severity of the violation. Failure to cooperate and/or assist in any investigation with City authorities pertaining to any possible violations relating to the public dance shall be considered grounds for revocation or refusal of a public dance license.

124.14 EFFECT OF REVOCATION. A licensee whose license has been revoked shall not be eligible for another license for a period of 180 days after such revocation; and where the license for a premises has been revoked, no license shall be granted for such premises for a period of 180 days after such revocation.

ELECTRICIAN PERMITS

125.01 Permit Required
125.02 Exemptions
125.03 Insurance

125.04 Issuance
125.05 Current Permits Valid

125.01 PERMIT REQUIRED. No person shall do work in the City as an electrician or electrical contractor without an annual permit issued by the City. The fee for such permit is set by resolution of the Council. Applicants shall file in the office of the Clerk an application in writing, under oath, giving the name and location of business of the applicant and stating a willingness to be governed in all respects by the rules and regulations of the City. Permits may be issued to individuals or any other type of business organization. However, each person working as an electrician for that business organization must be issued a permit and pay the required fee.

125.02 EXEMPTIONS. The provisions of this chapter do not apply to regular employees of manufacturing or industrial concerns or public utilities or railroads when said employees are performing electrical work for their employers.

125.03 INSURANCE. Application for a permit shall be accompanied by a certificate of insurance showing that the organization by which the applicant is employed has in force a general liability policy with at least three hundred thousand dollars (\$300,000.00) coverage. This coverage protects the City from all liability for any accidents or claims, judgments, costs or expenses caused by any negligence or unskillfulness or from any unfaithful or inadequate work done under such permit.

125.04 ISSUANCE. Upon the acceptance of the certificate of insurance and application and the payment of the fee by the applicant, the City shall issue an annual permit to the individual or organization making application.

125.05 CURRENT PERMITS VALID. Permits that have been issued and are currently valid shall continue valid until the expiration date.

126.03 Issuance

126.04 Water and Sewer Connections
126.05 Current Permits Valid

126.01 PERMIT REQUIRED. No person shall do work in the City as a plumber without an annual permit issued by the City. The fee for such permit is set by resolution of the Council. Applicants shall file in the office of the Clerk an application in writing, under oath, giving the name and location of the business of the applicant and stating a willingness to be governed in all respects by the rules and regulations of the Council and Utility Board of Trustees. Permits may be issued to individuals or any other form of business organization. However, each person working as an plumber for that business organization must be issued a permit and pay the required fee.

126.03 INSURANCE. Application for an annual permit shall be accompanied by a certificate of insurance showing that the applicant has in force a general liability policy with at least three hundred thousand dollars (\$300,000.00) coverage. This coverage is to indemnify and keep harmless the City from all liability for any accidents or claims, judgments, costs or expenses caused by any negligence or unskillfulness or inadequate work done under such permit.

126.03 ISSUANCE. Upon the acceptance of the certificate of insurance and application and the payment of the fee by the applicant, the City shall issue an annual permit to the individual or organization making application.

126.04 WATER AND SEWER CONNECTIONS. No person other than a plumber who is authorized to do business within the City shall make any connections with or attachments to any water or sewer pipe of the City. Before making any connection with or attachment to any of said pipes, the plumber must first ascertain whether a permit has been issued by the proper City official or officials for the making of said connection or attachment, and the plumber may lawfully make connections or attachments only after such permit has been issued.

126.05 CURRENT PERMITS VALID. Permits that have been issued and are currently valid shall continue valid until the expiration date.

127.03 Permit Fee
127.04 Rules Regulating Tree Removal

127.05 Permit Issued
127.06 Revocation of Permit
127.07 Current Permits Valid

127.01 DEFINITIONS. For use in this chapter the following terms are defined:

1. “Tree removal” means the carting or hauling away, or otherwise disposing of, by any lawful means whatsoever, any tree or part thereof from the site of said tree.
2. “Tree trimmer” means any person who removes, cuts or trims, by any means whatsoever, any tree or part thereof for compensation.

127.02 PERMIT REQUIRED. Any person who engages in tree trimming or tree removal within the City shall first secure from the Clerk a permit to engage in the same. Before any permit is granted by the Clerk for tree trimming or tree removal, said permit shall be approved by the Council or Public Works Director and the applicant shall file with the Clerk a certificate of insurance from a company authorized to do business in Iowa, showing that the applicant has in force a general liability policy with at least three hundred thousand dollars (\$300,000.00) coverage. Said insurance shall protect the applicant against claims for damages or injury which may result from the applicant’s tree trimming or tree removal work.

127.03 PERMIT FEE. An annual permit fee in an amount set by resolution of the Council shall be charged for a tree trimmer’s or tree remover’s permit. All permits shall be issued for one year.

127.04 RULES REGULATING TREE REMOVAL. All tree removals in the City shall be done in accordance with the rules and regulations prescribed by the Council. The Council is hereby authorized to file with the Clerk rules and regulations to be followed and complied with in respect to all tree removal within the City.

127.05 PERMIT ISSUED. Upon granting a permit for tree trimming or tree removal, the Clerk shall issue to said applicant a permit for the same, which shall be on public display by said tree trimmer or tree remover.

127.06 REVOCATION OF PERMIT. The Council may, for cause shown, revoke any permit granted under this chapter for violation of any of the provisions hereof.

127.05 CURRENT PERMITS VALID. Permits that have been issued and are currently valid shall continue valid until the expiration date.

CHAPTER 128

NEGATIVE OPTION PLANS

128.01 Definitions

128.02 Negative Option Plans Prohibited

128.03 Violation; Penalty

128.01 DEFINITIONS. For use in this chapter, the following terms are defined:

1. “Negative option plan” means a contractual plan or arrangement by which a seller sends to subscribers an announcement that identifies services it proposes to send or provide to subscribers, and the subscribers thereafter receive and are billed for services identified in such announcement, unless by a date or within a time specified by the seller with respect to each such announcement, the subscribers, in conformity with the provisions of such plan, instruct the seller not to send or provide the identified services.
2. “Subscriber” means any person who receives services from a seller of such services.
3. “Seller” means any person engaged in the sale of services in the City.

128.02 NEGATIVE OPTION PLANS PROHIBITED. The use by sellers of negative option plans is prohibited in the City.

128.03 VIOLATION; PENALTY. If any person engages in the use of negative option plans, said person shall be punished as provided in Section 1.14 of this Code of Ordinances. Each announcement sent to an individual subscriber is a separate violation, and each billing of an individual subscriber pursuant to any negative option plan is considered a separate violation of this chapter.

129.10 Revocation of License

129.11 Gambling Devices Not Permitted

129.01 DEFINITIONS. For use in this chapter, the following terms are defined:

1. “Juke box” means any music vending machine, contrivance or device which, upon the insertion of a coin, slug, token, plate, disc, or key into any slot, crevice, or other opening, or by the payment of any price, operates or may be operated, for the emission of songs, music or similar amusement.
2. “Mechanical amusement device” means any machine which, upon the insertion of a coin, slug, token, plate or disc, or by the payment of any price, may be operated by the public generally for use as a game, entertainment or amusement, whether or not registering a score. It shall include such devices as marble machines, pin ball machines, skill ball, mechanical grab machines and all games, operations, or transactions similar thereto under whatever name they may be indicated.
3. “Operator” means the person, firm, corporation or association who owns, maintains, and exhibits for use, play or operation, or who rents to, or places with others for use, play or operation, any juke box or mechanical amusement device, and further shall include the person, firm, corporation or association who operates the place of business where the juke box or mechanical amusement device is physically located when in use, play or operation.

129.02 LICENSE REQUIRED. Any operator displaying for public patronage or keeping for operation any juke box or mechanical amusement device, as herein defined, shall be required to obtain a license from the City upon payment of a license fee. Application for such license shall be made to the Clerk upon a form to be supplied by the Clerk for that purpose. No license shall be issued to any operator unless the operator is 18 years of age or over and a citizen of the United States.

129.03 APPLICATION. The application for an operator's license shall contain the following information:

1. Personal Data. The name and address of the applicant, age, date and place of birth.
2. Felony Convictions. Prior felony convictions of the applicant, if any.
3. Business Information. The place or places where the machines or devices are to be displayed or operated, the number of machines or devices at each such place, and the business conducted in that place.

129.04 INSPECTION AND ISSUANCE OF LICENSE. The application for an operator's license shall be made out in duplicate, one copy being referred to the Police Chief.

1. Investigation. The Police Chief shall investigate the place or places wherein it is proposed to operate such machines, ascertaining if the applicant and person who operates the business where the machine shall be located is of good moral character, and either approve or disapprove the application.
2. Issuance. If the application is not approved by the Police Chief, the Clerk shall not issue said license unless so directed by the Council.

129.05 REFERRAL TO COUNCIL. If for any reason the Clerk is not permitted to issue a license, or fails or refuses to do so, the Clerk shall refer the matter to the Council at its next regular meeting after receipt of the application. The Council shall, after hearing thereon, either direct the Clerk to issue or not to issue the license.

129.06 FEES AND EXPIRATION.

1. Fees. Every applicant, before being granted an operator's license, shall pay a license fee of fifty dollars (\$50.00) per year for each business location where such machines are located. The fee for the license issued under the terms hereof shall be payable at the time of issuance. All licenses so issued shall be effective until the next succeeding July 1st.
2. Prorated Fees. If such period is less than a year, the applicant shall pay the sum of a fourteen dollar (\$14.00) basic charge, plus three dollars (\$3.00) for each month or part of a month of the fiscal year then remaining.
3. Refund. If the licensee, after once obtaining said license, determines to discontinue use thereof and to return said license to the

City the licensee shall be entitled to a refund of three dollars (\$3.00) per each full month still remaining in the fiscal year.

4. New Licenses. A new application and a new license will be issued for each business location each year after the initial license is issued.

129.07 CHANGE OF LOCATION. The holder of each license issued hereunder shall notify the Clerk of any change in the place or places where machines or devices are displayed or operated. Such notice shall be given within ten (10) days of the time that such change is made.

129.08 REFUNDS. Any licensee, or the executor, administrator or person duly appointed by the court to take charge of and administer the property or assets of such licensee for the benefit of the licensee's creditors, may voluntarily surrender any license issued under this chapter to the Council, and when so surrendered, the Council shall refund to the person so surrendering the license, a proportionate amount of the license fee paid for such license. If surrendered during the first three months of the period for which the said license was issued, the refund shall be three fourths of the amount of the license fee so paid; if surrendered more than three months but not more than six months after issuance, the refund shall be one half of the amount of the license fee so paid; if surrendered more than six months but not more than nine months after issuance, the refund shall be one fourth of the amount of the license fee so paid. No refunds shall be made, however, for any license surrendered more than nine months after issuance.

129.09 PROHIBITIONS AND RESTRICTIONS. No person, firm, corporation or association holding a license under this chapter shall permit the playing of juke boxes, as herein defined, between the hours of 2:00 a.m. and 7:00 a.m. of any day.

129.10 REVOCATION OF LICENSE. Every license issued under this chapter is subject to revocation should the licensee, directly or indirectly, permit the operation of any juke box or mechanical amusement device contrary to the provisions of this chapter or the laws of the State of Iowa. Said license may be revoked by the Council after written notice to the licensee, which notice shall specify the violations with which the licensee is charged, if after a hearing the licensee is found to be guilty of such violations. Twenty days' notice of the hearing shall be given the licensee. At such hearing the licensee and the licensee's attorney may present and submit evidence of witnesses in the licensee's defense.

129.11 GAMBLING DEVICES NOT PERMITTED. Nothing in this chapter shall in any way be construed to authorize, license or permit any gambling devices whatsoever, except those licensed by the State of Iowa, or any mechanism that has been judicially determined to be a gambling device, or in any way contrary to law, or that may be contrary to any future laws of the State of Iowa. If the Police Chief shall have reason to believe that any mechanical amusement device is used as a gambling device, such machine may be seized by the police and impounded, and if upon trial of the exhibitor for allowing it to be used as a gambling device, such exhibitor be found guilty, such machine shall be destroyed by the police.

130.10 Expiration of License	
130.11 Cause for Suspension	
130.12 Cause for Revocation	
130.13 Nature of Revocation	

130.01 PURPOSE. It is the purpose of this chapter to regulate sexually oriented businesses in order to promote the health, safety, morals, and general welfare of the citizens of Atlantic, Iowa, and to establish reasonable and uniform regulations to prevent the deleterious secondary effects of sexually oriented business within the City. The provisions of this chapter have neither the purpose nor the effect of imposing a limitation or restriction on the content or reasonable access to any communicative materials, including sexually oriented materials. Similarly, it is neither the intent nor effect of this chapter to restrict or deny access by adults to sexually oriented materials protected by the First Amendment, or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. Neither is it the intent nor effect of this chapter to condone or legitimize the distribution of obscene material.

130.02 FINDINGS. Based on evidence of adverse secondary effects of adult uses presented to the City Council and on findings, interpretations, and narrowing constructions incorporated in both state and federal court cases, the City Council finds that the regulatory provisions of this chapter are within its constitutional power to enact, are designed to serve the City's substantial interest in preventing many of the negative secondary effects associated with sexually oriented adult uses, is narrowly tailored to that end, and provides reasonable alternative avenues of communication for sexually explicit messages within the City.

1. Sexually oriented business lend themselves to ancillary unlawful and unhealthy activities that are presently uncontrolled by the unlicensed operators of the establishments.

2. Employees of sexually oriented businesses, as defined in this chapter, often engage in certain types of illicit sexual behavior.
3. Sexual acts, including masturbation, and oral and anal sex, occur at unregulated sexually oriented businesses, especially those which provide private or semi-private booths or cubicles for viewing films, videos, or live sex shows.
4. Communities have suffered adverse aesthetic impacts caused by sexually oriented businesses, including sexually graphic and unsanitary litter in and around adult bookstores and other sexually oriented adult uses.
5. Person often frequent certain adult theatres, adult arcades, and other sexually oriented businesses for the purpose of engaging in sex in or near the premises of such sexually oriented businesses, or for the purpose of purchasing or selling illicit drugs.
6. Numerous communicable diseases may be spread by activities occurring in sexually oriented businesses, including but not limited to, syphilis, gonorrhea, human immunodeficiency virus infection (HIV-AIDS), genital herpes, hepatitis salmonella, campylobacter and Shigella infections, chlamydial, myoplasmal and ureaplasma infections, trichomoniasis and chancroid.
7. Men and women of all races are most likely to be infected by sexual contact.
8. Numerous studies and reports have determined that semen is found in the areas of sexually oriented businesses where persons view "adult" oriented films.
9. A reasonable licensing procedure is an appropriate mechanism to place the burden of that reasonable regulation on the owners and the operators of the sexually oriented businesses. Further, such a licensing procedure will place a heretofore nonexistent duty on the operators to see that the sexually oriented business is run in a manner consistent with the health, safety and welfare of its patrons and employees, as well as the citizens of the City.
10. Removal of doors on adult booths and requiring sufficient lighting on premises with adult booths advances a substantial governmental interest in curbing the illegal and unsanitary sexual activity occurring in adult theatres.
11. Requiring licensees of sexually oriented business to keep information regarding current employees and certain past employees will help reduce the incidence of certain types of criminal behavior by

facilitating the identification of potential witnesses or suspects and by preventing minors from working in such establishments.

12. The fact that an applicant for a license has been convicted of a sexually related crime leads to the rational assumption that the applicant may engage in that conduct in contravention of this chapter.

13. The general health, safety, and welfare of the citizens of the City will be promoted by the enactment of this chapter.

130.03 JURISDICTION. The provisions of this chapter shall apply to all of the incorporated territory of Atlantic, Iowa.

130.04 DEFINITIONS. For purposes of this chapter, the words and phrases defined in the sections hereunder shall have the meanings therein respectively ascribed to them unless a different meaning is clearly indicated by the context.

1. **Adult Arcade.** Any place to which the public is permitted or invited wherein coin-operated or slug-operated or electronically, electrically, or mechanically controlled still or motion picture machines, projectors, or other image-producing devices are regularly maintained to show images to five or fewer persons per machine at any one time, and where the images so displayed are distinguished or characterized by their emphasis upon matter exhibiting or describing “specified sexual activities” or “specified anatomical areas.”

2. **Adult Bookstore, Adult Novelty Store, Adult Video Store.** A commercial establishment which has significant or substantial portion of its stock-in-trade or derives a significant or substantial portion of its revenues or devotes a significant or substantial portion of its interior business or advertising, or maintains a substantial section of its sales or display space to the sale or rental, for any form of consideration, of any one or more of the following:

A. Books, magazines, periodicals or other printed matter, or photographs, films, motion pictures, videocassettes, compact discs, slides, or other visual representations which are characterized by their emphasis upon the exhibition or description of “specified sexual activities” or “specified anatomical areas.”

B. Instruments, devices, or paraphernalia designed for use or marketed primarily for stimulation of human genital organs or for sadomasochistic use or abuse of themselves or others.

The term “adult bookstore, adult novelty store, or adult video store” shall also include a commercial establishment, which regularly maintains one or more “adult arcade.”

3. Adult Cabaret. A nightclub, bar, juice bar, restaurant, bottle club, or similar commercial establishment, whether or not alcoholic beverages are served, which regularly features persons who appear semi-nude.

6. City Council. The City Council of Atlantic, Iowa.
7. Controlling Interest. The power, directly or indirectly, to direct the operation, management or policies of a business or entity, or to vote twenty percent (20%) or more of any class of voting securities of a business. The ownership, control, or power to vote twenty percent (20%) or more of any class of voting securities of a business shall be presumed, subject to rebuttal, to be the power to direct the management, operation or policies of the business.
8. City. Atlantic, Iowa.
9. City Attorney. The City Attorney of Atlantic, Iowa.
10. City Clerk. The City Clerk for the City of Atlantic, Iowa.
11. Distinguished or Characterized by an Emphases On. The dominant or principal theme of the object described by such phrase. For

instance, when the phrase refers to films which are distinguished or characterized by an emphasis upon the exhibition or description of "Specified Sexual Activities" or "Specified Anatomical Areas," the films so described are those whose dominant or principal character and theme are the exhibition or description "specified sexual activities" or "specified anatomical areas."

12. **Employ, Employee, and Employment.** Any person who performs any service on the premises of a sexually oriented business, on a full time, part time, or contract basis, whether or not the person is denominated an employee, independent contractor, agent, or otherwise. Employee does not include a person exclusively on the premises for repair or maintenance of the premises or for the delivery of goods to the premises.

13. **Establish or Establishment.** The term or terms shall mean and include any of the following:

- A. The opening or commencement of any sexually oriented business as a new business;
- B. The conversion of an existing business, whether or not a sexually oriented business, to any sexually oriented business; or
- C. The addition of any sexually oriented business to any other existing sexually oriented business.

14. **Licensee.** A person, in whose name a license to operate a sexually oriented business has been issued, as well as the individual or individuals listed as an applicant on the application for a sexually oriented business license. In the case of an employee, it shall mean the person in whose name the sexually oriented business employee license has been issued.

15. **Nudity or a State of Nudity.** The showing of the human male or female genitals, pubic area, vulva, anus, anal cleft or cleavage with less than a fully opaque covering, or the showing of the female breast with less than a fully opaque covering of any part of the nipple and areola.

17. **Operator.** Any persons on the premises of a sexually oriented business who is authorized to exercise overall operational control of the business or who causes to function or who puts or keeps in operation the business. A person may be found to be operating or causing to be operated a sexually oriented business whether or not that person is an owner, part owner, or licensee of the business.

18. Person. Any individual, proprietorship, partnership, corporation, association or other legal entity.

19. Regular Features of Regular Shows. A consistent or substantial course of conduct, such that the films or performances exhibited constitute a substantial portion of the films or performances offered as a part of the ongoing business of the sexually oriented business.

20. Semi-Nude or State of Semi-Nudity. A state of dress in which opaque clothing covers no more than the genitals, anus, anal cleft or cleavage, pubic area, vulva, and nipple and areola of the female breast, as well as portions of the body covered by supporting straps or devices. This definition shall not include any portion of the cleavage of the human female breast exhibited by a dress, blouse, skirt, leotard, bathing suit, or other wearing apparel provided that the areola and nipple are not exposed in whole or in part.

21. Semi-Nude Model Studio. Any place where a person, who regularly appears in a state of semi-nudity is provided for money or any form of consideration to be observed, sketched, drawn, painted, sculptured, photographed, or similarly depicted by other persons.

It is a defense to prosecution for any violation of this chapter that a person appearing semi-nude or in a state of semi-nudity did so in a modeling class operated:

A. By a private college, junior college, or university supported entirely or partly by taxation;

B. By a private college or university that maintains and operates educational programs in which credits are transferable to a college, junior college, or university supported entirely or partly by taxation; or

C. In a structure:

(1) Which has no sign visible from the exterior of the structure and no other advertising that indicates a semi-nude person is available for viewing; and

(2) Where, in order to participate in a class, a student must enroll at least three (3) days in advance of the class.

22. Sexually Oriented Entertainment Activity. The sale, rental, or exhibition, for any form of consideration, of books, films, videocassettes, magazines, periodicals, or live performances which are characterized by an emphasis on the exposure or display of specific sexual activity.

23. Specified Anatomical Areas. Human genitals, anus, cleft of the buttocks, or the nipple or areola of the female breast.

24. Specified Criminal Activity. Any of the following offenses:

A. Iowa Code § 728.2 (dissemination and exhibition of obscene materials to minors); Iowa Code § 728.3 (admitting minors to premises where obscene material is exhibited); Iowa Code § 728.4 (rental or sale of hard-core pornography); Iowa Code § 728.5 (public indecent exposure in certain establishments); Iowa Code § 728.12 (sexual exploitation of a minor); Iowa Code § 709.24 (sexual abuse); Iowa Code § 709.8 (lascivious acts with a child); Iowa Code § 709.9 (indecent exposure); Iowa Code § 709.12 (indecent contact with a child); Iowa Code § 709.14 (lascivious conduct with a minor); Iowa Code § 709C.1 (criminal transmission of human immunodeficiency virus); Iowa Code § 711.4 (extortion); Iowa Code § 725.14 (prostitution, pimping, pandering, leasing premises for prostitution); criminal attempt, conspiracy or solicitation to commit any of the foregoing offenses or offenses in other jurisdictions that, if the acts would have constituted any of the foregoing offenses, if the acts had been committed in Iowa; for which:

(1) Less than two (2) years have elapsed since the date of conviction or the date of release from confinement imposed for the conviction, whichever is the later date, if the conviction is of a misdemeanor offense;

(2) Less than five (5) years have elapsed since the date of conviction or the date of release from confinement imposed for the conviction, whichever is the later date, if the conviction is of a felony offense; or

(3) Less than five (5) years have elapsed since the date of conviction or the date of release from confinement imposed for the conviction, whichever is the later date, if the convictions are of two (2) or more misdemeanor offenses or combination of misdemeanor offenses occurring within any twenty-four (24) month period.

- B. The fact that a conviction is being appealed shall have no effect on the disqualification of the applicant.
- 25. Specified Sexual Activity. The term means any of the following:
 - A. Sex acts, normal or perverted, including intercourse, oral copulation, masturbation or sodomy; or
 - B. Excretory functions as a part of or in connection with any of the activities described in subsection A immediately preceding this statement.
- 26. Transfer of Ownership or Control. This term or terms shall mean any of the following:
 - A. The sale, lease, or sublease of the business;
 - B. The transfer of securities which constitute a controlling interest in the business, whether by sale, exchange, or similar means; or
 - C. The establishment of a trust, gift, or other similar legal device which transfers the ownership or control of the business, except for transfer by bequest or other operation of law upon the death of the person possessing the ownership control.
- 27. Video Room. The room, booth, or area where a patron of a sexually oriented business would ordinarily be positioned while watching a film, videocassette, or other video reproduction.

130.05 CLASSIFICATIONS. Sexually oriented businesses shall be classified as follows:

- 1. Adult bookstores, adult novelty stores, adult video stores;
- 2. Adult cabarets;
- 3. Adult motels;
- 4. Adult motion picture theatres;
- 5. Semi-nude model studios.

130.06 LICENSE REQUIRED: TEMPORARY LICENSE UPON APPLICATION.

- 1. It is unlawful for any person to operate a sexually oriented business in the City without a valid sexually oriented business license.
- 2. It is unlawful for any person to be an employee, as defined in this chapter, of a sexually oriented business in the City without a valid sexually oriented business employee license.

3. An applicant for a sexually oriented business license or a sexually oriented business employee license shall file in person at the office of the City Clerk a completed application made on a form provided by the City Clerk. The application shall be signed by the applicant and notarized. An application shall be considered complete when it contains the information required in paragraphs A through F as follows:

A. The applicant's full name and any other names used in the preceding five (5) years.

B. Current business address or another mailing address of the applicant.

C. Written proof of age, in the form of a copy of a birth certificate and a picture identification document issued by a governmental agency.

D. If the application is for a sexually oriented business license, the business name, location, legal description, mailing address and phone number of the sexually oriented business.

E. If the application is for a sexually oriented business license, the name and business address of the statutory agent or other agent authorized to receive service of process.

F. A statement of whether the applicant has been convicted or has pled guilty or nolo contendere (no contest) to a specified criminal activity as defined in this chapter, and if so, the specified criminal activity involved, including the date, place, and jurisdiction of each as well as the dates of conviction and release from confinement, where applicable.

The information provided pursuant to paragraphs A through F of this subsection shall be supplemented in writing by certified mail, return receipt requested, to the City Clerk within ten (10) working days of a change of circumstances that would render the information originally submitted as false or incomplete.

4. An application for a sexually oriented business license shall be accompanied by a sketch or diagram showing the configuration of the premises, including a statement of total floor space occupied by the business. The sketch or diagram need not be professionally prepared but shall be drawn to a designated scale or drawn with marked dimensions of the interior of the premises to an accuracy of plus or minus six (6) inches. Applicants who are required to comply with Section 130.20 of this chapter shall submit a diagram meeting the requirements of that section.

5. If a person who wishes to operate a sexually oriented business is an individual, he or she shall sign the application for a license as applicant. If a person who wishes to operate a sexually oriented business is other than an individual, each officer, director, general partner, each other person who will manage, supervise, or control the premises, and each other person who will participate in decisions relating to management and control of the business shall sign the application for a license as applicant. Each applicant must be qualified under Section 130.07 of this chapter and each applicant shall be considered a licensee, if a license is granted.

6. The information provided by an applicant in connection with an application for a license under this chapter shall be maintained by the City Clerk on a confidential basis, except that such information may be disclosed only to law enforcement agencies in connection with a law enforcement or public safety function, or as may be required by governing law or court order.

130.07 ISSUANCE OF LICENSE.

1. Upon the filing of a completed application under Section 130.06(3) for a sexually oriented business license, the City Clerk shall immediately issue a temporary license to the applicant. The temporary license shall expire upon the final decision of the City Council to deny or grant the license. Within twenty (20) days of the initial filing date of the completed application, the City Clerk shall issue a license to the applicant or issue to the applicant a letter of intent to deny the application. The City Clerk shall approve the issuance of a license unless:

- A. An applicant is less than eighteen (18) years of age.
- B. An applicant has failed to provide information as required by Section 130.06 of this chapter for issuance of a license or has falsely answered a question or request for information on the application form.
- C. The license application fee has not been paid.
- D. An applicant has committed a violation of Section 130.09(1), Section 130.12(2), Section 130.20(1), (2), and (3) of this chapter within the previous year.
- E. The sexually oriented business premises are not in compliance with the interior configuration requirements of this chapter.

- F. An applicant has been convicted of a specified criminal activity, as defined by this chapter.
2. Upon the filing of a completed application for a sexually oriented business employee license, the City Clerk shall issue a temporary license to the applicant. The temporary license shall expire upon the final decision of the City Council to deny or grant the license. Within twenty (20) days of the initial filing date of the completed application, the City Clerk shall issue a license to the applicant or issue to the applicant a letter of intent to deny the application. The City Clerk shall approve the issuance of a license unless:
- A. An applicant is less than eighteen (18) years of age.
 - B. An applicant has failed to provide information as required by Section 130.06 of this chapter for issuance of a license or has falsely answered a question or request for information on the application form.
 - C. The license application fee has not been paid.
 - D. An applicant has committed a violation of 130.09(1), Section 130.12(2), Section 130.20(1), (2), and (3) of this chapter within the previous year.
 - E. An applicant has been convicted of a specified criminal activity, as defined by this chapter.
3. The license, if granted, shall state on its face:
- A. The name of the person or persons to whom it is granted;
 - B. The number of the license issued to the licensee(s);
 - C. The expiration date; and
 - D. The address of the sexually oriented business, if the license is for a sexually oriented business.

The sexually oriented business license shall be posted in a conspicuous place at or near the entrance to the sexually oriented business, so that it may be easily read at any time.

A sexually oriented business employee shall keep the employee's license on his or her person or on the premises where the licensee is then working or performing and shall produce such license for inspection upon request by a law enforcement officer or other City official performing functions connected with the enforcement of this chapter.

130.08 FEES.

1. Filing Fee Required. A filing fee, in accordance with the established fee schedule, shall be charged for each application for initial license and annual renewals to assist in deterring the costs of the administrative review. The applicant shall be held responsible for submitting the required fees upon submission of the completed application. No action shall be taken on any application until the required fee is paid in full.
2. Fee Schedule. The fee schedule shall be established by the City Council.
3. Fee Refund. Whether the request is granted or denied, the applicant shall not be entitled to a refund of the fee paid.

130.09 PERIODIC INSPECTIONS.

1. Sexually oriented businesses and sexually oriented business employees shall permit agents of the City to inspect, from time to time, on an occasional basis, the portions of the sexually oriented business premises where the patrons are permitted, for the purpose of ensuring compliance with the specific regulations of this chapter, during those times when the sexually oriented business is occupied by patrons or is open for business. A licensee's knowing or intentional refusal to permit such an inspection shall constitute a violation of this section for purposes of license denial, suspension, and/or revocation. This section shall be narrowly construed by the City to authorize reasonable inspection of the licensed premises pursuant to this chapter, but not to authorize a harassing or excessive pattern of inspection.
2. The provisions of this section do not apply to areas of an adult motel which are currently being rented by a customer for use as a permanent or temporary habitation.

130.10 EXPIRATION OF LICENSE.

1. Each license shall remain valid for a period of one (1) calendar year from the date of issuance unless otherwise suspended or revoked. Such license may be renewed only by making application and payment of a fee as provided in Section 130.06 and Section 130.08 of this chapter.
2. Application for renewal should be made at least ninety (90) days before the expiration date. When made less than ninety (90) days before the expiration date, the expiration of the license will not be affected.

130.11 CAUSE FOR SUSPENSION.

1. The City shall issue a letter of intent to suspend a sexually oriented business license for a period not to exceed thirty (30) days, if the sexually oriented business licensee has violated this chapter or has knowingly allowed an employee to violate this chapter.
2. The City shall issue a letter of intent to suspend a sexually oriented business employee license for a period not to exceed thirty (30) days, if the employee has violated this chapter.

130.12 CAUSE FOR REVOCATION.

1. The City shall issue a letter of intent to revoke a sexually oriented business license or a sexually oriented business employee license, if the respective licensee commits two (2) or more violations within a twelve (12) month period.
2. The City shall issue a letter of intent to revoke a sexually oriented business license or a sexually oriented business employee license if:
 - A. The licensee knowingly gave false information in the application for a sexually oriented business license or sexually oriented business employee license;
 - B. The licensee knowingly engaged in possession, use, or sale of controlled substances on the premises,
 - C. The licensee knowingly engaged in prostitution on the premises;
 - D. The licensee knowingly operated the sexually oriented business during a period of time when the license was suspended;
 - E. The licensee knowingly engaged in any specified sexual activity to occur in or on the licensed premises.
3. A business licensee shall be liable for the acts of an employee only pursuant to the standard established in Section 130.21 of this chapter.

130.13 NATURE OF REVOCATION. When, after the notice and hearing procedure described in Section 130.14 of this chapter, the City Clerk revokes a license, the revocation shall continue for two (2) years and the licensee shall not be issued a sexually oriented business license or sexually oriented employee license for two (2) years from the date revocation becomes effective, provided that, if the conditions of Section 130.14(2) of this chapter are met, a provisional license will be granted pursuant to that section. If, subsequent to revocation, the City Clerk finds that the basis for the revocation pursuant to Section 130.12(2)(A) of this chapter has been corrected or abated, the applicant shall be

granted a license, if at least ninety (90) days have elapsed since the date the revocation became effective. If the license was revoked under subsections 130.12(2)(B), (C), (D), or (E) of this chapter, an applicant may not be granted another license until at least two (2) years have elapsed.

130.14 RIGHT TO HEARING PRIOR TO DENIAL, SUSPENSION, REVOCATION: PROMPT JUDICIAL REVIEW; RIGHT TO PROVISIONAL LICENSE PENDING JUDICIAL REVIEW.

1. If facts exist that warrant the denial, suspension, or revocation of a license under this chapter, the City Clerk shall notify the applicant or licensee (respondent) in writing of the intent to deny, suspend, or revoke the license, including the grounds thereof, by personal delivery, or by certified mail. The notification shall be directed to the most current business address or other mailing address on file with the City Clerk for the respondent. Within ten (10) working days of the receipt of such notice, the respondent may submit a written request to the City Clerk for a hearing before the City Council to refute the grounds alleged by the City Clerk for denial, suspension, or revocation of the license.

Within five (5) days of the receipt of respondent's written response, the City Clerk shall notify respondent in writing of the hearing date on respondent's denial, suspension, or revocation proceeding. Within twenty (20) working days of the receipt of respondent's written response, the City Council shall conduct a hearing at which respondent shall have the opportunity to present all of respondent's arguments and to be represented by counsel, present evidence and witnesses on his or her behalf, and cross-examine any of the City's witnesses. The City Clerk shall also be represented by counsel, and shall bear the burden of proving the grounds for denying, suspending, or revoking the license. The hearing shall take no longer than two (2) days, unless extended to meet the requirements of due process and proper administration of justice. The City Council shall issue a written decision within five (5) days after the hearing. If the decision is to deny, suspend, or revoke the license, it shall state the reasons for such action, and the denial, suspension, or revocation shall become final for purposes of appeal immediately, but shall not take effect or be enforced until thirty (30) days thereafter. If the decision is to grant the license, the City Clerk shall immediately issue a license to the respondent.

If the respondent does not request a hearing within ten (10) business days of receiving the City Clerk's notice of intent to deny, suspend, or revoke the license, the license shall be deemed denied, suspended, or revoked, as applicable.

2. An applicant or licensee (aggrieved party) whose application for a license has been denied or whose license has been suspended or revoked shall have the right to challenge or appeal such action or seek a declaration of rights concerning such action and/or concerning this chapter, upon factual grounds or constitutional grounds or both, to a court of law within thirty (30) days after issuance of the City Council's written decision. Upon the filing of any court action to appeal, challenge, restrain, or otherwise enjoin or seek a declaration of rights concerning this chapter or the City Clerk's denial, suspension, or revocation, the City Clerk shall immediately issue the aggrieved party a provisional license. The City shall supply the court with any documents, reports, or transcripts relevant to the lawsuit within fifteen (15) days after receiving notice of the lawsuit. The provisional license shall allow the aggrieved party to continue operation of the sexually oriented business or to continue employment as a sexually oriented business employee and will expire only upon the court's entry of a judgment on the merits of the aggrieved party's action to appeal, challenge, restrain, or otherwise enjoin or seek a declaration of rights concerning this chapter or the City's denial, suspension, or revocation of a license under this chapter.

If in the alternative, the aggrieved party does not wish to bear the burden of initiating a court action, he or she may, within thirty (30) days after the City Council's written decision is issued, elect to require the City to file a declaratory action in a court of competent jurisdiction, seeking a declaration that the denial, suspension, or revocation is valid and that the ordinance is constitutionally sound. Such an election must be made in writing and be delivered to the City Attorney's Office within thirty (30) days of issuance of the City Council's written decision. Upon the delivery of the election notice to the City Attorney's Office, the City shall immediately issue the aggrieved party a provisional license. The provisional license shall allow the aggrieved party to continue operation of the sexually oriented business or to continue employment as a sexually oriented business employee and will expire only upon the court's entry of a judgment on the merits of the validity of this chapter and the City's denial, suspension, or revocation decision.

This section shall be liberally construed to permit the uninterrupted operation of the sexually oriented business or the uninterrupted employment of the sexually oriented business employee during the course of any court action challenging this chapter of an adverse licensing decision under this chapter until the court of law rules upon all the aggrieved party's factual and or constitutional claims.

130.15 TRANSFER OF LICENSE. A licensee shall not transfer his or her license to another, nor shall a licensee operate a sexually oriented business under the authority of a license at any place other than the address designated in the sexually oriented business license application.

130.16 HOURS OF OPERATION. No sexually oriented business, except for an adult motel, shall be or remain open for business between 2:00 a.m. and 6:00 a.m. on a weekday, or between 2:00 a.m. on Sunday and 6:00 a.m. on the following Monday, however, a sexually oriented business which holds a liquor license or retail beer permit entitling the holder to sell alcoholic liquor or beer on Sunday may remain open between the hours of 8:00 a.m. on Sunday and 2:00 a.m. on the following Monday.

130.17 LOITERING AND EXTERIOR LIGHTING AND MONITORING REQUIREMENTS.

1. It shall be the duty of the operator of a sexually oriented business to:
 - A. Post conspicuous signs stating that no loitering is permitted on such property;
 - B. Designate one or more employees to monitor the activities of persons on such property by visually inspecting such property at least once every two (2) hours or inspecting such property by use of video camera and monitors; and
 - C. Provide lighting of the exterior premises to provide for visual inspection or video monitoring to prohibit loitering.

If used, video cameras and monitors shall operate continuously at all times that the premises are open for business. The monitors shall be installed within a manager's station or at a cash register where an employer is regularly present.

2. It shall be unlawful for a person having a duty under this section to knowingly fail to fulfill that duty.

130.18 VIOLATIONS AND PENALTIES. Any firm, entity, or corporation who violates any of the provisions of this chapter and continues to operate after the revocation of their license, shall be guilty of a municipal infraction and shall be subject to penalties in the amount of one thousand dollars (\$1,000.00) for each day of operation after revocation.

The aforementioned penalties are not exclusive nor restrictive, and the City of Atlantic, Iowa shall have the power and authority to seek and obtain civil relief

through the judicial system, including but not limited to injunctive relief, to enforce and facilitate the provisions of this ordinance.

130.19 APPLICABILITY TO EXISTING BUSINESSES. The provision of this chapter shall apply to the activities of all sexually oriented businesses and sexually oriented business employees described herein, whether such business or activities were established or commenced before, on, or after the effective date of this chapter. All existing sexually oriented businesses and sexually oriented business employees are hereby granted a de facto temporary license to continue operation or employment for a period of one hundred eighty (180) days following the effective date of this chapter. Within said one hundred eighty (180) days, all sexually oriented businesses and sexually oriented business employees must make application for a license pursuant to this chapter. Within said one hundred eighty (180) days, sexually oriented businesses must make any necessary changes to the interior configurations of the regulated business premises to conform to this chapter.

130.20 REGULATIONS CONCERNING LIVE PUBLIC NUDITY ON PREMISES.

1. It shall be a violation of this chapter for a licensee required to obtain a sales tax permit to knowingly or intentionally violate Iowa Code § 728.5. It shall be a violation for any person to knowingly or intentionally, in a sexually oriented business, appear in a state of nudity.
2. It shall be a violation of this chapter for an employee to knowingly and intentionally appear semi-nude in a sexually oriented business unless the employee, while semi-nude, shall be at least six (6) feet from any patron or customer and on a stage at least two (2) feet from the floor.
3. It shall be a violation of this chapter for an employee, while semi-nude in a sexually oriented business, to knowingly or intentionally receive any pay or gratuity directly from any patron or customer or for any patron or customer to knowingly or intentionally pay or give any gratuity directly to any employee, while said employee is semi-nude in a sexually oriented business.
4. It shall be a violation of this chapter for an employee, while semi-nude in a sexually oriented business, to knowingly or intentionally touch a customer or the clothing of a customer or for a customer to knowingly and intentionally touch an employee or the clothing of an employee, while said employee is semi-nude in a sexually oriented business.

A sign, in a form to be prescribed by the City Council and summarizing the provisions of Paragraphs 1 through 4 of this section, shall be posted

near the entrance of the sexually oriented business in such a manner as to be clearly visible to patrons upon entry into the inside of the building.

130.21 EMPLOYEE LICENSE VIOLATION IMPUTED TO BUSINESS LICENSEE. Notwithstanding anything to the contrary, for the purposes of this chapter, an act by an employee that constitutes grounds for suspension or revocation of that employee's license shall be imputed to the sexually oriented business licensee for purposes of license denial, suspension, or revocation, only if an officer, director, or general partner, or a person who managed, supervised, or controlled the business premises, knew or reasonably should have known that such act was occurring and failed to prevent such act. It shall be a defense to liability under this chapter that the person to whom the violative act is imputed was powerless to prevent the act.

storage, exhibition, sale or offering same for sale, without permission of the Council.

135.07 WASHING VEHICLES. It is unlawful for any person to use any public sidewalk, street or alley for the purpose of washing or cleaning any automobile, truck equipment, or any vehicle of any kind when such work is done for hire or as a business. This does not prevent any person from washing or cleaning his or her own vehicle or equipment when it is lawfully parked in the street or alley.

135.08 BURNING PROHIBITED. No person shall burn any trash, leaves, rubbish or other combustible material in any street or alley in the City, whether or not the street has curb and gutter and whether or not it is paved.

135.09 EXCAVATIONS. No person shall dig, excavate or in any manner disturb any street, parking or alley except in accordance with the following:

1. Permit Required. No excavation shall be commenced without first obtaining a permit therefor. A written application for such permit shall be filed with the City and shall contain the following:
 - A. An exact description of the property, by lot and street number, in front of or along which it is desired to excavate;
 - B. A statement of the purpose, for whom and by whom the excavation is to be made;
 - C. The person responsible for the refilling of said excavation and restoration of the street or alley surface; and
 - D. Date of commencement of the work and estimated completion date.
2. Public Convenience. Streets and alleys shall be opened in the manner which will cause the least inconvenience to the public and admit the uninterrupted passage of water along the gutter on the street.
3. Barricades, Fencing and Lighting. Adequate barricades, fencing and warning lights meeting standards specified by the City shall be so placed as to protect the public from hazard. Any costs incurred by the City in providing or maintaining adequate barricades, fencing or warning lights shall be paid to the City by the permit holder/property owner.
4. Bond Required. The applicant shall post with the City a penal bond in the minimum sum of one thousand dollars (\$1,000.00) issued by a surety company authorized to issue such bonds in the State. The bond shall guarantee the permittee's payment for any damage done to the City or to public property, and payment of all costs incurred by the City in the

course of administration of this section. In lieu of a surety bond, a cash deposit of one thousand dollars (\$1,000.00) may be filed with the City. Plumbers and electricians or electrical contractors licensed by the City who have posted bonds pursuant to the requirements of Chapter 125 or Chapter 126 of this Code of Ordinances are not required to post the bond referenced in this section.

5. Insurance Required. Each applicant shall also file a certificate of insurance indicating that the applicant is carrying public liability insurance in effect for the duration of the permit covering the applicant and all agents and employees for the following minimum amounts:

A. Bodily Injury - \$50,000.00 per person; \$100,000.00 per accident.

B. Property Damage - \$50,000.00 per accident.

6. Restoration of Public Property. Streets, sidewalks, alleys and other public property disturbed in the course of the work shall be restored to the condition of the property prior to the commencement of the work, or in a manner satisfactory to the City, at the expense of the permit holder/property owner.

7. Inspection. All work shall be subject to inspection by the City. Backfill shall not be deemed completed, nor resurfacing of any improved street or alley surface begun, until such backfill is inspected and approved by the City. The permit holder/property owner shall provide the City with notice at least twenty-four (24) hours prior to the time when inspection of backfill is desired.

8. Completion by the City. Should any excavation in any street or alley be discontinued or left open and unfinished for a period of twenty-four (24) hours after the approved completion date, or in the event the work is improperly done, the City has the right to finish or correct the excavation work and charge any expenses therefor to the permit holder/property owner.

9. Responsibility for Costs. All costs and expenses incident to the excavation shall be borne by the permit holder and/or property owner. The permit holder and owner shall indemnify the City from any loss or damage that may directly or indirectly be occasioned by such excavation.

10. Notification. At least forty-eight (48) hours prior to the commencement of the excavation, excluding Saturdays, Sundays and legal holidays, the person performing the excavation shall contact the

Statewide Notification Center and provide the center with the information required under Section 480.4 of the Code of Iowa.

11. Permit Fee. A permit fee of twenty-five dollars (\$25.00) shall be payable at the time of filing the application with the City. A separate permit shall be required for each excavation.

12. Permit Issued. Upon approval of the application, filing of bond and insurance certificate, and payment of any required fees, a permit shall be issued.

13. Permit Exemptions. Utility companies are exempt from the permit application requirement of this section. They shall, however, comply with all other pertinent provisions and shall post with the City a yearly bond in the amount of one thousand dollars (\$1,000.00) to guarantee such compliance.

135.10 MAINTENANCE OF PARKING OR TERRACE. It shall be the responsibility of the abutting property owner to maintain all property outside the lot and property lines and inside the curb lines upon the public streets, except that the abutting property owner shall not be required to remove diseased trees or dead wood on the publicly owned property or right-of-way. Maintenance includes timely mowing, trimming trees and shrubs and picking up litter.

(Code of Iowa, Sec. 364.12[1c])

135.11 FAILURE TO MAINTAIN PARKING OR TERRACE. If the abutting property owner does not perform an action required under the above section within a reasonable time, the City may perform the required action and assess the cost against the abutting property for collection in the same manner as a property tax.

(Code of Iowa, Sec. 364.12[2e])

135.12 DUMPING OF SNOW. It is unlawful for any person to throw, push, or place or cause to be thrown, pushed or placed, any ice or snow from private property, sidewalks, or driveways onto the traveled way of a street or alley so as to obstruct gutters, or impede the passage of vehicles upon the street or alley or to create a hazardous condition therein; except where, in the cleaning of large commercial drives in the business district it is absolutely necessary to move the snow onto the street or alley temporarily, such accumulation shall be removed promptly by the property owner or agent, and only after first making arrangements for such prompt removal at the owner's cost of the accumulation within a reasonably short time.

136.10 Failure to Repair or Barricade	136.20 Sidewalk Policy

136.01 PURPOSE. The purpose of this chapter is to enhance safe passage by citizens on sidewalks, to place the responsibility for the maintenance, repair, replacement or reconstruction of sidewalks upon the abutting property owner and to minimize the liability of the City.

136.02 DEFINITIONS. For use in this chapter the following terms are defined:

1. “Broom finish” means a sidewalk finish that is made by sweeping the sidewalk when it is hardening.
2. “Established grade” means that grade established by the City for the particular area in which a sidewalk is to be constructed.
3. “One-course construction” means that the full thickness of the concrete is placed at one time, using the same mixture throughout.
4. “Owner” means the person owning the fee title to property abutting any sidewalk and includes any contract purchaser for purposes of notification required herein. For all other purposes, “owner” includes the lessee, if any.
5. “Portland cement” means any type of cement except bituminous cement.
6. “Sidewalk” means all permanent public walks in business, residential or suburban areas.
7. “Sidewalk improvements” means the construction, reconstruction, repair, replacement or removal, of a public sidewalk and/or the excavating, filling or depositing of material in the public right-of-way in connection therewith.

8. “Wood float finish” means a sidewalk finish that is made by smoothing the surface of the sidewalk with a wooden trowel.

136.03 REMOVAL OF SNOW, ICE AND ACCUMULATIONS. It is the responsibility of the abutting property owners to remove snow, ice and accumulations promptly from sidewalks. If a property owner does not remove snow, ice or accumulations within a reasonable time, the City may do so and assess the costs against the property owner for collection in the same manner as a property tax.

(Code of Iowa, Sec. 364.12[2b & e])

136.04 RESPONSIBILITY FOR MAINTENANCE. It is the responsibility of the abutting property owners to maintain in a safe and hazard-free condition any sidewalk outside the lot and property lines and inside the curb lines or traveled portion of the public street.

(Code of Iowa, Sec. 364.12 [2c])

136.05 CITY MAY ORDER REPAIRS. If the abutting property owner does not maintain sidewalks as required, the Council may serve notice on such owner, by certified mail, requiring the owner to repair, replace or reconstruct sidewalks within a reasonable time and if such action is not completed within the time stated in the notice, the Council may require the work to be done and assess the costs against the abutting property for collection in the same manner as a property tax.

(Code of Iowa, Sec. 364.12[2d & e])

136.06 SIDEWALK CONSTRUCTION ORDERED. The Council may order the construction of permanent sidewalks upon any street or court in the City and may specially assess the cost of such improvement to abutting property owners in accordance with the provisions of Chapter 384 of the Code of Iowa.

(Code of Iowa, Sec. 384.38)

136.07 PERMIT REQUIRED. No person other than those under contract with the City shall construct or reconstruct any sidewalk without having first obtained a permit therefor in accordance with the following:

1. Application. The application for a permit required by this section shall be upon a form furnished by the City and shall contain the name of the owner of the property, a description of the lot, lots or parcels of ground in front of which the sidewalk is to be built, a statement that the sidewalk will be constructed in accordance with this chapter, and the plans and specifications then in force, and that the sidewalk will be constructed at sidewalk grades as furnished by the City.

2. Fee. A fee of ten dollars (\$10.00) shall accompany each application.
3. Approval. If the Public Works Director or the Council finds that the application for a permit required by this section conforms to the requirements of this chapter, the application shall be approved.
4. Issuance. The Clerk, upon notice from the Public Works Director or the Council of the approval of an application for a permit required by this section and the payment of the permit fee, shall issue such permit.

136.08 SIDEWALK STANDARDS. Sidewalks repaired, replaced or constructed under the provisions of this chapter shall be of the following construction and meet the following standards:

1. Cement. Portland cement shall be the only cement used in the construction and repair of sidewalks.
2. Construction. Sidewalks shall be of one-course construction.
3. Sidewalk Base. Concrete may be placed directly on compact and well-drained soil. Where soil is not well drained, a three (3) inch sub-base of compact, clean, coarse gravel, sand, or cinders shall be laid. The adequacy of the soil drainage is to be determined by the City.
4. Sidewalk Bed. The sidewalk bed shall be so graded that the constructed sidewalk will be at established grade.
5. Length, Width and Depth. Length, width and depth requirements are as follows:
 - A. Residential sidewalks shall be at least four (4) feet wide and four (4) inches thick, and each section shall be no more than four (4) feet in length.
 - B. Business District sidewalks shall extend from the property line to the curb. Each section shall be four (4) inches thick and no more than four (4) feet in length.
 - C. Driveway areas shall be not less than six (6) inches in thickness.
6. Location. Residential sidewalks shall be located with the inner edge (edge nearest the abutting private property) one foot from the property line, unless the Council establishes a different distance due to special circumstances.
7. Grade. Curb tops shall be on level with the centerline of the street which shall be the established grade.

8. Elevations. The street edge of a sidewalk shall be at an elevation even with the curb at the curb or not less than one-half ($\frac{1}{2}$) inch above the curb for each foot between the curb and the sidewalk.
9. Slope. All sidewalks shall slope one-quarter ($\frac{1}{4}$) inch per foot toward the curb.
10. Finish. All sidewalks shall be finished with a “broom” or “wood float” finish.
11. Ramps for Persons with Disabilities. There shall be not less than two (2) curb cuts or ramps per lineal block which shall be located on or near the crosswalks at intersections. Each curb cut or ramp shall be at least thirty (30) inches wide, shall be sloped at not greater than one inch of rise per twelve (12) inches lineal distance, except that a slope no greater than one inch of rise per eight (8) inches lineal distance may be used where necessary, shall have a nonskid surface, and shall otherwise be so constructed as to allow reasonable access to the crosswalk for persons with disabilities using the sidewalk.

(Code of Iowa, Sec. 216C.9)

136.09 BARRICADES AND WARNING LIGHTS. Whenever any material of any kind is deposited on any street, avenue, highway, passageway or alley when sidewalk improvements are being made or when any sidewalk is in a dangerous condition, it shall be the duty of all persons having an interest therein, either as the contractor or the owner, agent, or lessee of the property in front of or along which such material may be deposited, or such dangerous condition exists, to put in conspicuous places at each end of such sidewalk and at each end of any pile of material deposited in the street, a sufficient number of approved warning lights or flares, and to keep them lighted during the entire night and to erect sufficient barricades both at night and in the daytime to secure the same. The party or parties using the street for any of the purposes specified in this chapter shall be liable for all injuries or damage to persons or property arising from any wrongful act or negligence of the party or parties, or their agents or employees or for any misuse of the privileges conferred by this chapter or of any failure to comply with provisions hereof.

136.10 FAILURE TO REPAIR OR BARRICADE. It is the duty of the owner of the property abutting the sidewalk, or the owner’s contractor or agent, to notify the City immediately in the event of failure or inability to make necessary sidewalk improvements or to install or erect necessary barricades as required by this chapter.

136.11 INTERFERENCE WITH SIDEWALK IMPROVEMENTS. No person shall knowingly or willfully drive any vehicle upon any portion of any sidewalk or approach thereto while in the process of being improved or upon any portion of any completed sidewalk or approach thereto, or shall remove or destroy any part or all of any sidewalk or approach thereto, or shall remove, destroy, mar or deface any sidewalk at any time or destroy, mar, remove or deface any notice provided by this chapter.

136.12 AWNINGS. It is unlawful for a person to erect or maintain any awning over any sidewalk unless all parts of the awning are elevated at least eight (8) feet above the surface of the sidewalk and the roof or covering is made of duck, canvas or other suitable material supported by iron frames or brackets securely fastened to the building, without any posts or other device that will obstruct the sidewalk or hinder or interfere with the free passage of pedestrians.

136.13 ENCROACHING STEPS. It is unlawful for a person to erect or maintain any stairs or steps to any building upon any part of any sidewalk without permission by resolution of the Council.

136.14 OPENINGS AND ENCLOSURES. It is unlawful for a person to:

1. Stairs and Railings. Construct or build a stairway or passageway to any cellar or basement by occupying any part of the sidewalk, or to enclose any portion of a sidewalk with a railing without permission by resolution of the Council.
2. Openings. Keep open any cellar door, grating or cover to any vault on any sidewalk except while in actual use with adequate guards to protect the public.
3. Protect Openings. Neglect to properly protect or barricade all openings on or within six (6) feet of any sidewalk.

136.15 FIRES OR FUELS ON SIDEWALKS. It is unlawful for a person to make a fire of any kind on any sidewalk or to place or allow any fuel to remain upon any sidewalk.

136.16 DEFACING. It is unlawful for a person to scatter or place any paste, paint or writing on any sidewalk.

(Code of Iowa, Sec. 716.1)

136.17 DEBRIS ON SIDEWALKS. It is unlawful for a person to throw or deposit on any sidewalk any glass, nails, glass bottle, tacks, wire, cans, trash, garbage, rubbish, litter, offal, or any other debris, or any other substance likely to injure any person, animal or vehicle.

(Code of Iowa, Sec. 364.12 [2])

136.18 MERCHANDISE DISPLAY. It is unlawful for a person to place upon or above any sidewalk, any goods or merchandise for sale or for display in such a manner as to interfere with the free and uninterrupted passage of pedestrians on the sidewalk;

in no case shall more than three (3) feet of the sidewalk next to the building be occupied for such purposes.

136.19 SALES STANDS. It is unlawful for a person to erect or keep any vending machine or stand for the sale of fruit, vegetables or other substances or commodities on any sidewalk without first obtaining a written permit from the Council.

136.20 SIDEWALK POLICY. In addition to the other requirements of this chapter, it is the policy of the City of Atlantic, Iowa, regarding the building, maintenance, repair, and replacement of sidewalks as follows:

1. **Street Projects.** In accordance with 136.06 of this Code, the City will pay for the cost of any and all new sidewalk construction, including any and all labor and materials on both sides of the street, as part and parcel of any new street construction. This provision does not apply to the subdivisions addressed in paragraph 4 herein.
2. **Maintenance, Replacement and Reconstruction of Sidewalks.** In addition to 136.04 of the sidewalk regulations of the City of Atlantic, the abutting property owner will pay for any and all base material, bed and cement required for the maintenance, replacement and reconstruction of the sidewalk. The City shall pay for any and all labor associated with the project. Should any abutting property owner refuse to comply with the above City policy, the City may make a determination of need and assess the abutting property owners of the sidewalk project for labor and materials pursuant to the special assessment procedures established in Chapter 384, division IV, Code of Iowa.
3. **New Sidewalk Improvements on Existing Properties.** The abutting property owner shall provide the materials for new sidewalk improvements on existing properties. The City shall pay for any and all labor on the sidewalk project. Should any abutting property owner refuse to comply with the above City policy, the City may make a determination of need and assess the abutting property owners of the sidewalk project for labor and materials pursuant to the special assessment procedures established in Chapter 384, division IV, Code of Iowa.
4. **New Sidewalk Improvements in New and Existing Subdivisions.** The subdivision owner or developer shall provide both materials and labor for new sidewalk improvements on subdivided properties. Subdivision owners or developers shall install sidewalks according to Chapter 136 of the Code and maintain these sidewalks in proper condition, free from breakage and damage. All sidewalks in a given subdivision must be completed prior to the acceptance of the subdivision by the City. Should any subdivision owner or developer refuse to comply with the above City policy, the City may either deny acceptance of the subdivision or make a determination of necessity in accordance with Chapter 166.20 of the City Code and assess the subdivision owner and/or subsequent abutting property owners for labor and materials pursuant to the special assessment procedures established in Chapter 384, division IV, Code of Iowa.

VACATION AND DISPOSAL OF STREETS

137.01 Power to Vacate
137.02 Planning and Zoning Commission
137.03 Notice of Vacation Hearing

137.04 Findings Required
137.05 Disposal of Vacated Streets or Alleys
137.06 Disposal by Gift Limited

137.01 POWER TO VACATE. When, in the judgment of the Council, it would be in the best interest of the City to vacate a street or alley or portion thereof, the Council may do so by ordinance in accordance with the provisions of this chapter.

(Code of Iowa, Sec. 364.12 [2a])

137.02 PLANNING AND ZONING COMMISSION. Any proposal to vacate a street or alley shall be referred by the Council to the Planning and Zoning Commission for its study and recommendation prior to further consideration by the Council. The Commission shall submit a written report including recommendations to the Council within thirty (30) days after the date the proposed vacation is referred to the Commission.

(Code of Iowa, Sec. 392.1)

137.03 NOTICE OF VACATION HEARING. The Council shall cause to be published a notice of public hearing of the time at which the proposal to vacate shall be considered.

137.04 FINDINGS REQUIRED. No street or alley, or portion thereof, shall be vacated unless the Council finds that:

1. Public Use. The street or alley proposed to be vacated is not needed for the use of the public, and therefore, its maintenance at public expense is no longer justified.
2. Abutting Property. The proposed vacation will not deny owners of property abutting on the street or alley reasonable access to their property.

(Code of Iowa, Sec. 364.15)

137.05 DISPOSAL OF VACATED STREETS OR ALLEYS. When in the judgment of the Council it would be in the best interest of the City to dispose of a vacated street or alley, or portion thereof, the Council may do so in accordance with the provisions of Section 364.7, Code of Iowa.

CONTROLLED ACCESS FACILITIES

140.01 Exercise of Police Power

140.02 Definition

140.03 Right of Access Limited

140.04 Access Controls Imposed

140.05 Unlawful Use of Controlled Access Facility

140.06 Parking Restricted

140.01 EXERCISE OF POLICE POWER. This chapter shall be deemed an exercise of the police power of the City under Chapter 306A, Code of Iowa, for the preservation of the public peace, health, safety and for the promotion of the general welfare.

(Code of Iowa, Sec. 306A.1)

140.02 DEFINITION. The term “controlled access facility” means a highway or street especially designed for through traffic, and over, from or to which owners or occupants of abutting land or other persons have no right or easement or only a controlled right or easement of access, light, air or view by reason of the fact that their property abuts upon such controlled access facility or for any other reason.

(Code of Iowa, Sec. 306A.2)

140.03 RIGHT OF ACCESS LIMITED. No person has any right of ingress or egress to, from or across any controlled access facility to or from abutting lands, except at such designated points as may be permitted.

(Code of Iowa, Sec. 306A.4)

140.04 ACCESS CONTROLS IMPOSED. There are hereby fixed and established controlled access facilities within the City, described as follows:

(Code of Iowa, Sec. 306A.3)

1. Project No. FN-44. On the Primary Road System extension improvement, Project No. FN-44, U.S. Highway No. 6, within the City, described as follows:

Beginning at the west corporation line, Station 1270+09.0; thence northeasterly to Station 1286+87.5 = Station 95+76.5; thence easterly to Station 121+00.0 = Station 21+00.0; thence easterly to Station 56+13.0 = Station 954+77.7, Pine Street; thence easterly to the east corporation line, Station 973+50.9

regulating access to and from abutting properties along said highway all in accordance with the plans for such improvement identified as Project No. FN-44 on file in the office of the Clerk.

2. Project No. V-83-2. On the Primary Road System extension improvement, Project No. V-83-2, Iowa Highway No. 83, within the City, described as follows:

Beginning at the west corporation line; thence easterly approximately 0.71 mile on Second Street to Poplar Street; thence southerly approximately 0.36 mile on Poplar Street to Seventh Street,

regulating access to and from abutting properties along said highway all in accordance with the plans for such improvement identified as Project No. V-83-2 on file in the office of the Clerk.

140.05 UNLAWFUL USE OF CONTROLLED ACCESS FACILITY. It is unlawful for any person to:

(Code of Iowa, Sec. 306A.3)

1. Cross Dividing Line. Drive a vehicle over, upon or across any curb, central dividing section, or other separation or dividing line on such controlled access facilities.
2. Turns. Make a left turn or a semicircular or U-turn except through an opening provided for that purpose in the dividing curb section, separation or line.
3. Use of Lanes. Drive any vehicle except in the proper lane provided for that purpose and in the proper direction and to the right of the central dividing curb, separation section or line.
4. Enter Facility. Drive any vehicle into the controlled access facility from a local service road except through an opening provided for that purpose in the dividing curb or dividing section or dividing line which separates such service road from the controlled access facility property.

140.06 PARKING RESTRICTED. The parking of vehicles on or along controlled access facilities is restricted as follows:

1. Minor Street Approaches. Parking shall be prohibited on all minor street approaches for a distance of thirty-five (35) feet in advance of the stop sign.
2. Minor Street Exits. Parking shall be prohibited on the exit side of a minor street for a distance of thirty-five (35) feet.

CHAPTER 146

FIRE ZONE

146.01 Fire Zone Established
146.02 Plans Submitted
146.03 Buildings Prohibited
146.04 Construction Standards

146.05 Reconstruction Prohibited
146.06 Special Permit
146.07 Removal of Buildings
146.08 Storage of Materials Restricted

146.01 FIRE ZONE ESTABLISHED. A Fire Zone is established to include all of the following territory:

The west one-half (½) of Block 46; all of Block 47; the west one-half (½) of Block 35; all of Block 34; all of Block 33; all of Block 28; all of Block 27; all of Block 26; all of Block 15; all of Block 14; all of Block 13; all of Block 8; all of Block 7; all of Block 6; all of Block 110; all of Block 70; all of Block 71; all that fractional block designated as Hotel Block; the east one-half (½) of Block 9; the east one-half (½) of Block 12; the east one-half (½) of Block 29; the east one-half (½) of Block 32; all in the original plat of the City.

146.02 PLANS SUBMITTED. It is unlawful to build, enlarge or alter any structure, building or part thereof, within the Fire Zone until a plan of the proposed work, together with a statement of materials to be used has been submitted to the Council, who shall, if in accordance with the provisions of this chapter, issue a permit for the proposed work.

146.03 BUILDINGS PROHIBITED. The erection of any building or structure of any kind, or additions thereto, or substantial alterations thereof, involving partial rebuilding, are prohibited in the Fire Zone, unless constructed in strict compliance with the provisions of this chapter.

146.04 CONSTRUCTION STANDARDS. The construction standards for all buildings, structures, or parts thereof within the Fire Zone shall be of Type I, Type II, or, at a minimum, Type III - 1 hour fire resistant - construction, as specified in the *Uniform Building Code*.

146.05 RECONSTRUCTION PROHIBITED. Whenever any wooden or combustible building or structure or any noncombustible building stands within the Fire Zone and is damaged by fire or other casualty to the extent of fifty percent (50%) or more of its value, exclusive of foundation, it shall not be repaired or rebuilt, but shall be taken down and removed within sixty (60) days after the date of the fire or other casualty; and no person shall repair or rebuild any such damaged building or structure. The owner thereof shall remove any

such damaged building or structure within thirty (30) days after notice to do so from the Mayor and Council.

146.06 SPECIAL PERMIT. The Council may, by four-fifths (4/5) vote, issue a special permit to improve any property within the Fire Zone contrary to the provisions of this chapter, on condition that such improvement shall not increase the rates for fire insurance or the fire hazard potential of the area, or to allow any person to erect or move in any building or structure for temporary purposes for a period of time not exceeding six (6) months from the date of such permission.

146.07 REMOVAL OF BUILDINGS. Any person who erects any building in the Fire Zone, contrary to the provisions of this chapter, shall be given written notice by the Mayor to remove or tear down the same, and if such removal or taking down is not completed within thirty (30) days from the time of the service of such notice, the Mayor shall cause the same to be removed or taken down. The Mayor shall report an itemized bill of the expense to the Clerk, and the same shall be charged to the person owning such building. The Clerk shall present the bill to the owner of the property and if the bill is not paid within ten (10) days from the date it is presented, the amount of the bill shall be certified, by the Clerk, to the County Treasurer, as a lien against the property and collected the same as other taxes.

146.08 STORAGE OF MATERIALS RESTRICTED. No person shall have or deposit any pile of rubbish, explosives or other flammable substance within the Fire Zone, nor shall any person have or deposit any cord wood or fire wood, within the Fire Zone without written permission from the Fire Chief, specifying the maximum amount of such cord wood or fire wood, that may be kept, stored, or deposited on any lot or part of a lot within the Fire Zone, unless the same be within one of the buildings allowed by this chapter. No person shall build or allow any fires, whether trash fires or otherwise, within the Fire Zone as described in this chapter.

CHAPTER 150

BUILDING NUMBERING

150.01 Definitions

150.02 Owner Requirements

150.03 Building Numbering Map

150.01 DEFINITIONS. For use in this chapter, the following terms are defined:

1. “Owner” means the owner of the principal building.
2. “Principal building” means the main building on any lot or subdivision thereof.

150.02 OWNER REQUIREMENTS. Every owner shall comply with the following numbering requirements:

1. Obtain Building Number. The owner shall obtain the assigned number to the principal building from the Clerk.

(Code of Iowa, Sec. 364.12[3d])

2. Display Building Number. The owner shall place or cause to be installed and maintained on the principal building the assigned number in a conspicuous place to the street in figures not less than two and one-half (2½) inches in height and of a contrasting color with their background.

(Code of Iowa, Sec. 364.12[3d])

3. Failure to Comply. If an owner refuses to number a building as herein provided, or fails to do so for a period of thirty (30) days after being notified in writing by the City to do so, the City may proceed to place the assigned number on the principal building and assess the costs against the property for collection in the same manner as a property tax.

(Code of Iowa, Sec. 364.12[3h])

150.03 BUILDING NUMBERING MAP. The Clerk shall be responsible for preparing and maintaining a building numbering map.

CHAPTER 151

TREES

151.01 Definitions

151.02 Authority of Forester

151.03 Duties of Forester

151.04 Planting Restrictions

151.05 Duty to Trim Trees

151.06 Trimming Trees to be Supervised

151.07 Disease Control

151.08 Inspection and Removal

151.09 Anchorage Prohibited

151.01 DEFINITIONS. For use in this chapter, the following words are defined:

1. “Forester” means the Public Works Director, who serves as City Forester for the City, or a delegated authority.
2. “Parking” means that part of the street, avenue or highway in the City not covered by sidewalk and lying between the lot line and the curb line; or, on unpaved streets, that part of the street, avenue or highway lying between the lot line and that portion of the street usually traveled by vehicular traffic.
3. “Public place” means a place to which the general public has a right to resort including public park land and land owned by the City.
4. “Public right-of-way” means all of the land lying between property lines on either side of all public streets and alleys, including public easements and grants to the City.
5. “Tree Committee” means a volunteer group of citizens who will give advice and evaluation to the Forester on tree resource needs on public property in the City.

151.02 AUTHORITY OF FORESTER. The Forester has jurisdiction over all trees and shrubs on the public right-of-way, parks and cemeteries within the City in order to provide orderly tree and shrub planting, to protect the health of all trees and shrubs from outbreaks of harmful insects, diseases and environmental problems, and to require trees and shrubs to be maintained in a manner to protect public safety. The Forester will have a Tree Committee made up of one representative from each of the following City departments: public works, parks, municipal utility and at least two volunteer residents to provide advice and assistance in carrying out an effective tree program within the City.

151.03 DUTIES OF FORESTER. The Forester has the following specific duties:

1. Trimming and Removal. Prevent the indiscriminate trimming or removal of trees and shrubs within the public right-of-way.
2. Planting Regulations. Regulate and locate new planting of trees and shrubs in the public right-of-way in accordance with the public right-of-way tree and shrub planting regulations approved by the Council and on file in the office of the Forester.
3. Compliance. Order persons to comply with the duties placed upon them by this chapter.
4. Supervision. Supervise all work by City employees or contractors in the trimming, preservation, planting or removal of trees or shrubs in the public right-of-way.
5. Removal. Cause to be removed, on the Council's order, any tree or shrub on the public right-of-way that interferes with the making of public improvements or in any way creates a danger to life or property.

Decisions of the Forester may be appealed to the Council and its decision shall be final.

151.04 PLANTING RESTRICTIONS. No tree shall be planted in any parking or street except in accordance with the following:

1. Alignment. All trees planted in any street shall be planted in the parking midway between the outer line of the sidewalk and the curb. In the event a curb line is not established, trees shall be planted on a line ten (10) feet from the property line.
2. Spacing. Trees shall not be planted on any parking which is less than six (6) feet in width. Trees shall not be planted closer than thirty (30) feet from street intersections (property lines extended), six (6) feet from driveways or three (3) feet from the sidewalk or curb line.
3. Prohibited Trees. No person shall plant the following tree species in the road right-of-way: cotton bearing poplar trees, cottonwood, boxelder, Siberian elm, Russian olive, silver maple, tree of heaven, mulberry, willow or evergreen. *(Ord. 904 – Nov. 08 Supp.)*
4. Planting of Ash Trees Prohibited. No person shall plant or allow to be planted the ash tree species in any and all City-owned property including but not limited to City rights-of-way, parking, streets, and recreational areas. *(Ord. 913 – Nov. 08 Supp.)*

151.05 DUTY TO TRIM TREES. The owner or agent of the abutting property shall keep the trees on, or overhanging the street, trimmed so that all branches will be at least fourteen (14) feet above the surface of the street and

seven (7) feet above the sidewalks. If the abutting property owner fails to trim the trees, the City may serve notice on the abutting property owner requiring that such action be taken within five (5) days. If such action is not taken within that time, the City may perform the required action and assess the costs against the abutting property for collection in the same manner as a property tax.

(Code of Iowa, Sec. 364.12[2c, d & e])

151.06 TRIMMING TREES TO BE SUPERVISED. Except as allowed in Section 151.05, it is unlawful for any person to remove, prune, cut, molest, break, deface, destroy, spray, repair or do surgery work on any tree or shrub located in the public right-of-way unless permission has been obtained from the property owner immediately adjacent or from the Forester; nor shall any person remove, prune, cut, molest, break, deface, destroy, spray, repair or do surgery work on any tree or shrub located in public places unless permission shall first have been obtained from the Forester. No person shall be given permission to top or dehorn a public tree, except under emergency conditions prior to removal.

151.07 DISEASE CONTROL. Any dead, diseased or damaged tree or shrub which may harbor serious insect or disease pests or disease injurious to other trees is hereby declared to be a nuisance.

151.08 INSPECTION AND REMOVAL. The Forester shall inspect or cause to be inspected any trees or shrubs in the City reported or suspected to be infected with or damaged by any disease or insect or disease pests, and if it is determined that any such condition exists on any public property, including the strip between the curb and the lot line of private property, and that danger to other trees within the City is imminent, the Forester shall immediately cause such condition to be corrected by treatment or removal so as to destroy or prevent as fully as possible the spread of the disease or the insect or disease pests.

151.09 ANCHORAGE PROHIBITED. No person is permitted to hitch or fasten any animal to any tree or shrub on public right-of-way or on public property, or to nail, tie or in any manner fasten any card, sign, poster, board or other article to any tree or shrub which is located upon the public right-of-way or public place within the City.

CHAPTER 152

OUTDOOR SOLID OR LIQUID FUEL HEATING DEVICES

152.01 Outdoor Heating Devices Banned

152.02 Penalty and Enforcement

152.01 OUTDOOR HEATING DEVICES BANNED. Outdoor solid or fuel-heating devices or outdoor solid or liquid fuel-fired heating devices constructed or installed after the effective date of this chapter, including replacements of outdoor solid and liquid fuel-fired heating devices constructed or installed prior to that date, shall be considered a public nuisance within the City of Atlantic and are hereby banned. For purposes of this chapter, an outdoor solid or liquid fuel-fired heating device shall include any outdoor device or structure designed for solid or liquid fuel combustion and for the purpose of providing indoor heat including but not limited to combination fuel furnaces or boilers which burn solid, liquid or liquid fuel.

152.02 PENALTY AND ENFORCEMENT. The penalty for violation of any provision of this chapter shall be as hereinafter provided, together with the cost of prosecution and any penalty assessment. Penalty for violation of this chapter shall constitute a municipal infraction subject to the civil penalties as found in Chapter 4 of the Code of the City of Atlantic.

160.08 Flood Plain Management Standards	160.18 Amendments
160.09 Administration	
160.10 Flood Plain Development Permit Required	

160.01 PURPOSE. It is the purpose of this chapter to protect and preserve the rights, privileges and property of the City and its residents and to preserve and improve the peace, safety, health, welfare and comfort and convenience of its residents by minimizing flood losses with provisions designed to:

1. Restrict Use. Restrict or prohibit uses which are dangerous to health, safety, or property in times of flood or which cause excessive increases in flood heights or velocities.
2. Vulnerable Uses Protected. Require that uses vulnerable to floods, including public facilities which serve such uses, be protected against flood damage at the time of initial construction or substantial improvement.
3. Unsuitable Land Purchases. Protect individuals from buying lands which may not be suited for intended purposes because of flood hazard.
4. Flood Insurance. Assure that eligibility is maintained for property owners in the community to purchase flood insurance through the National Flood Insurance Program.

160.02 DEFINITIONS. Unless specifically defined below, words or phrases used in this chapter shall be interpreted so as to give them the meaning they have in common usage and to give this chapter its most reasonable application.

1. “Base flood” means the flood having one (1) percent chance of being equaled or exceeded in any given year. (See 100-year flood.)
2. “Basement” means any enclosed area of a building which has its floor or lowest level below ground level (subgrade) on all sides. Also see “lowest floor.”

3. “Development” means any manmade change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.
4. “Existing construction” means any structure for which the “start of construction” commenced before the effective date of the community’s Flood Insurance Rate Map. May also be referred to as “existing structure.”
5. “Existing factory-built home park or subdivision” means a factory-built home park or subdivision for which the construction of facilities for servicing the lots on which the factory-built homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before the effective date of the flood plain management regulations adopted by the community.
6. “Expansion of existing factory-built home park or subdivision” means the preparation of additional sites by the construction of facilities for servicing the lots on which the factory-built homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).
7. “Factory-built home” means any structure designed for residential use which is wholly or in substantial part made, fabricated, formed or assembled in manufacturing facilities for installation or assembly and installation on a building site. For the purpose of this chapter, factory-built homes include mobile homes, manufactured homes and modular homes and also includes “recreational vehicles” which are placed on a site for greater than 180 consecutive days and not fully licensed for and ready for highway use.
8. “Factory-built home park” means a parcel or contiguous parcels of land divided into two or more factory-built home lots for sale or lease.
9. “Flood” means a general and temporary condition of partial or complete inundation of normally dry land areas resulting from the overflow of streams or rivers or from the unusual and rapid runoff of surface waters from any source.
10. “Flood elevation” means the elevation floodwaters would reach at a particular site during the occurrence of a specific flood. For instance, the 100-year flood elevation is the elevation of floodwaters related to the occurrence of the 100-year flood.

11. “Flood Insurance Rate Map (FIRM)” means the official map prepared as part of (but published separately from) the Flood Insurance Study which delineates both the flood hazard areas and the risk premium zones applicable to the community.
12. “Flood plain” means any land area susceptible to being inundated by water as a result of a flood.
13. “Flood plain management” means an overall program of corrective and preventive measures for reducing flood damages and promoting the wise use of flood plains, including but not limited to emergency preparedness plans, flood control works, floodproofing and flood plain management regulations.
14. “Floodproofing” means any combination of structural and nonstructural additions, changes, or adjustments to structures, including utility and sanitary facilities which will reduce or eliminate flood damage to such structures.
15. “Floodway” means the channel of a river or stream and those portions of the flood plains adjoining the channel, which are reasonably required to carry and discharge flood waters or flood flows so that confinement of flood flows to the floodway area will not cumulatively increase the water surface elevation of the base flood by more than one (1) foot.
16. “Floodway fringe” means those portions of the flood plain, other than the floodway, which can be filled, leveed, or otherwise obstructed without causing substantially higher flood levels or flow velocities.
17. “Historic structure” means any structure that is:
 - A. Listed individually in the National Register of Historic Places, maintained by the Department of Interior, or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing in the National Register;
 - B. Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;
 - C. Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of the Interior; or,
 - D. Individually listed on a local inventory of historic places in communities with historic preservation programs that have been

certified by either (i) an approved state program as determined by the Secretary of the Interior or (ii) directly by the Secretary of the Interior in states without approved programs.

18. “Lowest floor” means the floor of the lowest enclosed area in a building including a basement except when all the following criteria are met:

A. The enclosed area is designed to flood to equalize hydrostatic pressure during floods with walls or openings that satisfy the provisions of Section 160.08(4)(A); and

B. The enclosed area is unfinished (not carpeted, drywalled, etc.) and used solely for low damage potential uses such as building access, parking or storage; and

C. Machinery and service facilities (e.g., hot water heater, furnace, electrical service) contained in the enclosed area are located at least one (1) foot above the 100-year flood level; and

D. The enclosed area is not a “basement” as defined in this section.

In cases where the lowest enclosed area satisfies criteria A, B, C and D above, the lowest floor is the floor of the next highest enclosed area that does not satisfy the criteria above.

19. “New construction” (new buildings, factory-built home parks) means those structures or development for which the start of construction commenced on or after the effective date of the Flood Insurance Rate Map.

20. “New factory-built home park or subdivision” means a factory-built home park or subdivision for which the construction of facilities for servicing the lots on which the factory-built homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of the flood plain management regulations adopted by the community.

21. “100-Year Flood” means a flood, the magnitude of which has a one percent (1%) chance of being equaled or exceeded in any given year or which, on the average, will be equaled or exceeded at least once every one hundred (100) years.

22. “Recreational vehicle” means a vehicle which is:

A. Built on a single chassis;

- B. Four hundred (400) square feet or less when measured at the largest horizontal projection;
 - C. Designed to be self-propelled or permanently towable by a light duty truck; and
 - D. Designed primarily not for use as a permanent dwelling but as a temporary living quarters for recreational, camping, travel, or seasonal use.
23. "Special flood hazard area" means the land within a community subject to the "100-year flood." This land is identified as Zone A on the community's Flood Insurance Rate Map.
24. "Start of construction" includes substantial improvement, and means the date the development permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement or permanent construction of a structure on a site, such as pouring of a slab or footings, the installation of pile, the construction of columns, or any work beyond the stage of excavation; or the placement of a factory-built home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings such as garages or sheds not occupied as dwelling units or not part of the main structure. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of the building, whether or not that alteration affects the external dimensions of the building.
25. "Structure" means anything constructed or erected on the ground or attached to the ground, including, but not limited to, buildings, factories, sheds, cabins, factory-built homes, storage tanks and other similar uses.
26. "Substantial damage" means damage of any origin sustained by a structure whereby the cost of restoring the structure to its before damage condition would equal or exceed fifty (50) percent of the market value of the structure before the damage occurred.
27. "Substantial improvement" means any improvement to a structure which satisfies either of the following criteria:

A. Any reconstruction, rehabilitation, addition or other improvement of a structure, the cost of which equals or exceeds fifty percent (50%) of the market value of the structure before the “start of construction” of the improvement. This term includes structures which have incurred “substantial damage” regardless of the actual repair work performed. The term does not, however, include either (i) any project for improvement of a structure to correct existing violations of State or local health, sanitary or safety code specifications which have been identified by the local code enforcement officer and which are the minimum necessary to assure safe living conditions or (ii) any alteration of an “historic structure” provided the alteration will not preclude the structure’s continued designation of an “historic structure.”

B. Any addition which increases the original floor area of a building by twenty-five (25) percent or more.

All additions constructed after August 5, 1986, shall be added to any proposed addition in determining whether the total increase in original floor space would exceed twenty-five percent.

28. “Variance” means a grant of relief by a community from the terms of the flood plain management regulations.

29. “Violation” means the failure of a structure or other development to be fully compliant with the community’s flood plain management regulations.

160.03 LANDS TO WHICH CHAPTER APPLIES. This chapter applies to all lands and uses which have significant flood hazards. The Flood Boundary and Floodway Map and the Flood Insurance Rate Map dated August 5, 1986, which were prepared as part of the Flood Insurance Study, shall be used to identify such flood hazard areas and all areas shown thereon to be within the boundaries of the 100-year flood shall be considered as having significant flood hazards. Where uncertainty exists with respect to the precise location of the 100-year flood boundary, the location shall be determined on the basis of the 100-year flood elevation at the particular site in question. The Flood Insurance Study is hereby made a part of this chapter for the purpose of administering flood plain management regulations.

160.04 COMPLIANCE. No structure or land shall hereafter be used and no structure shall be located, extended, converted or structurally altered without full compliance with the terms of this chapter and other applicable regulations which apply to uses within the jurisdiction of this chapter.

160.05 ABROGATION AND GREATER RESTRICTIONS. It is not intended by this chapter to repeal, abrogate or impair any existing easements, covenants, or deed restrictions. However, where this chapter imposes greater restrictions, the provision of this chapter shall prevail. Any ordinances inconsistent with this chapter are hereby repealed to the extent of the inconsistency only.

160.06 INTERPRETATION. In their interpretation and application, the provisions of this chapter shall be held to be minimum requirements and shall be liberally construed in favor of the governing body and shall not be deemed a limitation or repeal of any other powers granted by State statutes.

160.07 WARNING AND DISCLAIMER OF LIABILITY. The standards required by this chapter are considered reasonable for regulatory purposes. This chapter does not imply that areas outside the designated special flood hazard areas will be free from flooding or flood damages. This chapter shall not create liability on the part of the City or any officer or employee thereof for any flood damages that result from reliance on this chapter or any administrative decision lawfully made thereunder.

160.08 FLOOD PLAIN MANAGEMENT STANDARDS. All uses must be consistent with the need to minimize flood damage and shall meet the following applicable performance standards. Where 100-year flood data has not been provided in the Flood Insurance Rate Map, the Department of Natural Resources shall be contacted to compute such data.

1. All development within the special flood hazard areas shall:
 - A. Be consistent with the need to minimize flood damage.
 - B. Use construction methods and practices that will minimize flood damage.
 - C. Use construction materials and utility equipment that are resistant to flood damage.
 - D. Obtain all other necessary permits from Federal, State and local governmental agencies including approval when required from the Iowa Department of Natural Resources.
2. Residential buildings. All new or substantially improved residential structures shall have the lowest floor, including basement, elevated a minimum of one (1) foot above the 100-year flood level. Construction shall be upon compacted fill which shall, at all points, be no lower than one (1) foot above the 100-year flood level and extend at such elevation at least 18 feet beyond the limits of any structure erected

thereon. Alternate methods of elevating (such as piers) may be allowed, subject to favorable consideration by the City Council, where existing topography, street grades, or other factors preclude elevating by fill. In such cases, the methods used must be adequate to support the structure as well as withstand the various forces and hazards associated with flooding. All new residential structures shall be provided with a means of access which will be passable by wheeled vehicles during the 100-year flood.

3. Nonresidential buildings. All new or substantially improved nonresidential buildings shall have the lowest floor (including basement) elevated a minimum of one (1) foot above the 100-year flood level, or together with attendant utility and sanitary systems, be floodproofed to such a level. When floodproofing is utilized, a professional engineer registered in the State shall certify that the floodproofing methods used are adequate to withstand the flood depths, pressures, velocities, impact and uplift forces and other factors associated with the 100-year flood; and that the structure, below the 100-year flood level, is watertight with walls substantially impermeable to the passage of water. A record of the certification indicating the specific elevation (in relation to National Geodetic Vertical Datum) to which any structures are floodproofed shall be maintained by the Administrator.

4. All new and substantially improved structures:

A. Fully enclosed areas below the "lowest floor" (not including basements) that are subject to flooding shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or meet or exceed the following minimum criteria:

(1) A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided.

(2) The bottom of all openings shall be no higher than one foot above grade.

(3) Openings may be equipped with screens, louvers, valves, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters.

B. New and substantially improved structures must be designed (or modified) and adequately anchored to prevent

flotation, collapse or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy.

C. New and substantially improved structures must be constructed with electrical, heating, ventilation, plumbing and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

5. Factory-built homes:

A. All factory-built homes including those placed in existing factory-built home parks or subdivisions shall be elevated on a permanent foundation such that the lowest floor of the structure is a minimum of one (1) foot above the 100-year flood level.

B. All factory-built homes including those placed in existing factory-built home parks or subdivisions shall be anchored to resist flotation, collapse or lateral movement. The following specific requirements (or their equivalent) shall be met:

(1) Over-the-top ties shall be provided at each of the four corners of the factory-built home, with two (2) additional ties per side at intermediate locations and factory-built homes less than fifty (50) feet long requiring one (1) additional tie per side;

(2) Frame ties shall be provided at each corner of the home with five (5) additional ties per side at intermediate points and factory-built homes less than fifty (50) feet long requiring four (4) additional ties per side;

(3) All components of the anchoring system shall be capable of carrying a force of 4800 pounds.

(4) Any additions to factory-built homes shall be similarly anchored.

6. Utility and Sanitary Systems.

A. On-site waste disposal and water supply systems shall be located or designed to avoid impairment to the system or contamination from the system during flooding.

B. All new and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the system as well as the discharge of effluent into flood waters.

Wastewater treatment facilities (other than on-site systems) shall be provided with a level of flood protection equal to or greater than one (1) foot above the 100-year flood elevation.

C. New or replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system. Water supply treatment facilities other than on-site systems shall be provided with a level of protection equal to or greater than one (1) foot above the 100-year flood elevation.

D. Utilities such as gas or electrical systems shall be located and constructed to minimize or eliminate flood damage to the system and the risk associated with such flood damaged or impaired systems.

7. Storage of materials and equipment that are flammable, explosive or injurious to human, animal or plant life is prohibited unless elevated a minimum of one (1) foot above the 100-year flood level. Other material and equipment must either be similarly elevated or (i) not be subject to major flood damage and be anchored to prevent movement due to flood waters or (ii) be readily removable from the area within the time available after flood warning.

8. Flood control structural works such as levees, flood-walls, etc. shall provide, at a minimum, protection from a 100-year flood with a minimum of 3 feet of design freeboard and shall provide for adequate interior drainage. In addition, structural flood control works shall be approved by the Department of Natural Resources.

9. Watercourse alterations or relocations must be designed to maintain the flood within the altered or relocated portion.

10. Subdivisions (including factory-built home parks and subdivisions) shall be consistent with the need to minimize flood damages and shall have adequate drainage provided to reduce exposure to flood damage. Development associated with subdivision proposals (including the installation of public utilities) shall meet the applicable performance standards of this chapter. Subdivision proposals intended for residential use shall provide all lots with a means of access which will be passable by wheeled vehicles during the 100-year flood. Proposals for subdivisions greater than five (5) acres or fifty (50) lots (whichever is less) shall include 100-year flood elevation data for those areas located within the Special Flood Hazard Area.

11. Accessory Structures.

A. Detached garages, sheds, and similar structures accessory to a residential use are exempt from the 100-year flood elevation requirements where the following criteria are satisfied:

- (1) The structure shall not be used for human habitation.
- (2) The structure shall be designed to have low flood damage potential.
- (3) The structure shall be constructed and placed on the building site so as to offer minimum resistance to the flow of floodwaters.
- (4) The structure shall be firmly anchored to prevent flotation which may result in damage to other structures.
- (5) The structure's service facilities such as electrical and heating equipment shall be elevated or floodproofed to at least one (1) foot above the 100-year flood level.

B. Exemption from the 100-year flood elevation requirements for such a structure may result in increased premium rates for flood insurance coverage of the structure and its contents.

12. Recreational Vehicles.

A. Recreational vehicles are exempt from the requirements of Section 160.08(5) of this chapter regarding anchoring and elevation of factory-built homes when the following criteria are satisfied.

- (1) The recreational vehicle shall be located on the site for less than 180 consecutive days, and,
- (2) The recreational vehicle must be fully licensed and ready for highway use. A recreational vehicle is ready for highway use if it is on its wheels or jacking system and is attached to the site only by quick disconnect type utilities and security devices and has no permanently attached additions.

B. Recreational vehicles that are located on the site for more than 180 consecutive days and are not ready for highway use must satisfy requirements of Section 160.08(5) of this chapter regarding anchoring and elevation of factory-built homes.

13. Pipeline river and stream crossings shall be buried in the streambed and banks, or otherwise sufficiently protected to prevent rupture due to channel degradation and meandering.

160.09 ADMINISTRATION. The Public Works Director shall implement and administer the provisions of this chapter and will herein be referred to as the Administrator. Duties and responsibilities of the Administrator shall include, but not necessarily be limited to, the following:

1. Review all flood plain development permit applications to assure that the provisions of this chapter will be satisfied.
2. Review all flood plain development permit applications to assure that all necessary permits have been obtained from Federal, State and local governmental agencies including approval when required from the Department of Natural Resources for flood plain construction.
3. Record and maintain a record of the elevation (in relation to National Geodetic Vertical Datum) of the lowest floor (including basement) of all new or substantially improved structures in the special flood hazard area.
4. Record and maintain a record of the elevation (in relation to National Geodetic Vertical Datum) to which all new or substantially improved structures have been floodproofed.
5. Notify adjacent communities and/or counties and the Department of Natural Resources prior to any proposed alteration or relocation of a watercourse and submit evidence of such notifications to the Federal Emergency Management Agency.
6. Keep a record of all permits, appeals and such other transactions and correspondence pertaining to the administration of this chapter.

160.10 FLOOD PLAIN DEVELOPMENT PERMIT REQUIRED. A Flood Plain Development Permit issued by the Administrator shall be secured prior to any flood plain development (any manmade change to improved and unimproved real estate, including but not limited to buildings or other structures, mining, filling, grading, paving, excavation or drilling operations) including the placement of factory-built homes.

160.11 APPLICATION FOR PERMIT. Application for a Flood Plain Development Permit shall be made on forms supplied by the Administrator and shall include the following information:

1. Work To Be Done. Description of the work to be covered by the permit for which application is to be made.

2. Location. Description of the land on which the proposed work is to be done (i.e., lot, block, tract, street address or similar description) that will readily identify and locate the work to be done.
3. Use or Occupancy. Indication of the use or occupancy for which the proposed work is intended.
4. Flood Elevation. Elevation of the 100-year flood.
5. Floor Elevation. Elevation (in relation to National Geodetic Vertical Datum) of the lowest floor (including basement) of buildings or of the level to which a building is to be floodproofed.
6. Cost of Improvement. For buildings being improved or rebuilt, the estimated cost of improvements and market value of the building prior to the improvements.
7. Other. Such other information as the Administrator deems reasonably necessary (e.g., drawings or a site plan) for the purpose of this chapter.

160.12 ACTION ON APPLICATION. The Administrator shall, within a reasonable time, make a determination as to whether the proposed flood plain development meets the applicable standards of this chapter and shall approve or disapprove the application. For disapprovals, the applicant shall be informed, in writing, of the specific reasons therefor. The Administrator shall not issue permits for variances except as directed by the Council.

160.13 CONSTRUCTION AND USE TO BE AS PROVIDED IN APPLICATION AND PLANS. Flood Plain Development Permits, issued on the basis of approved plans and applications, authorize only the use, arrangement, and construction set forth in such approved plans and applications and no other use, arrangement or construction. Any use, arrangement, or construction at variance with that authorized shall be deemed a violation of this chapter. The applicant shall be required to submit certification by a professional engineer or land surveyor, as appropriate, registered in the State, that the finished fill, building floor elevations, floodproofing, or other flood protection measures were accomplished in compliance with the provisions of this chapter, prior to the use or occupancy of any structure.

160.14 VARIANCES. The Council may authorize upon request in specific cases such variances from the terms of this chapter that will not be contrary to the public interest, where owing to special conditions, a literal enforcement of the provisions of this chapter will result in unnecessary hardship. Variances granted must meet the following applicable standards:

1. Cause. Variances shall only be granted upon (i) a showing of good and sufficient cause, (ii) a determination that failure to grant the variance would result in exceptional hardship to the applicant, and (iii) a determination that the granting of the variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public or conflict with existing local codes or ordinances.
2. Prohibited. Variances shall not be issued within any designated floodway if any increase in flood levels during the 100-year flood would result. Consideration of the effects of any development on flood levels shall be based upon the assumption that an equal degree of development would be allowed for similarly situated lands.
3. Required To Afford Relief. Variances shall only be granted upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.
4. Notice To Applicant. In cases where the variance involves a lower level of flood protection for buildings than what is ordinarily required by this chapter, the applicant shall be notified in writing over the signature of the Administrator that (i) the issuance of a variance will result in increased premium rates for flood insurance up to amounts as high as \$25 for \$100 of insurance coverage and (ii) such construction increases risks to life and property.

160.15 FACTORS UPON WHICH THE DECISION TO GRANT VARIANCES SHALL BE BASED. In passing upon applications for variances, the Council shall consider all relevant factors specified in other sections of this chapter and:

1. The danger to life and property due to increased flood heights or velocities caused by encroachments.
2. The danger that materials may be swept on to other lands or downstream to the injury of others.
3. The proposed water supply and sanitation systems and the ability of these systems to prevent disease, contamination and unsanitary conditions.
4. The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner.
5. The importance of the services provided by the proposed facility to the community.
6. The requirements of the facility for a flood plain location.

7. The availability of alternative locations not subject to flooding for the proposed use.
8. The compatibility of the proposed use with existing development and development anticipated in the foreseeable future.
9. The relationship of the proposed use to the comprehensive plan and flood plain management program for the area.
10. The safety of access to the property in times of flood for ordinary and emergency vehicles.
11. The expected heights, velocity, duration, rate of rise and sediment transport of the flood water expected at the site.
12. The cost of providing governmental services during and after flood conditions, including maintenance and repair of public utilities (sewer, gas, electrical and water systems), facilities, streets and bridges.
13. Such other factors which are relevant to the purpose of this chapter.

160.16 CONDITIONS ATTACHED TO VARIANCES. Upon consideration of the factors listed in Section 160.15, the Council may attach such conditions to the granting of variances as it deems necessary to further the purpose of this chapter. Such conditions may include, but not necessarily be limited to:

1. Modification of waste disposal and water supply facilities.
2. Limitation of periods of use and operation.
3. Imposition of operational controls, sureties, and deed restrictions.
4. Requirements for construction of channel modifications, dikes, levees, and other protective measures, provided such are approved by the Department of Natural Resources and are deemed the only practical alternative to achieving the purposes of this chapter.
5. Floodproofing measures.

160.17 NONCONFORMING USES.

1. A structure or the use of a structure or premises which was lawful before the passage or amendment of this chapter, but which is not in conformity with the provisions of this chapter, may be continued subject to the following conditions:

A. If such use is discontinued for six (6) consecutive months, any future use of the building premises shall conform to this chapter.

B. Uses or adjuncts thereof that are or become nuisances shall not be entitled to continue as nonconforming uses.

2. If any nonconforming use or structure is destroyed by any means, including flood, it shall not be reconstructed if the cost is more than fifty (50) percent of the market value of the structure before the damage occurred, except unless it is reconstructed in conformity with the provisions of this chapter. This limitation does not include the cost of any alteration to comply with existing State or local health, sanitary, building or safety codes or regulations or the cost of any alteration of a structure listed on the National Register of Historic Places, provided that the alteration shall not preclude its continued designation.

160.18 AMENDMENTS. The regulations and standards set forth in this chapter may from time to time be amended, supplemented, changed, or repealed. No amendment, supplement, change, or modification shall be undertaken without prior approval from the Department of Natural Resources.

166.01 PURPOSE. These regulations are adopted in order to safeguard the best interests of the City and to assist the subdivider in coordinating development plans with the aims and purposes of the City at large. It is the purpose of these regulations to prevent the unregulated, piecemeal development of new subdivisions which in turn might cause undesirable and costly traffic circulation patterns and disrupt the unified scheme of community development as set forth in the approved comprehensive plan for the City. In order to accomplish the foregoing, all subdivision of land submitted for approval to the Commission shall, in all respects, fully comply with the regulations and requirements for the platting of land within the City pursuant to the authority stipulated in Chapter 354 of the Code of Iowa, which regulations the Council deems necessary for the health, safety and general welfare of all residents.

166.02 JURISDICTION. The regulations in this chapter governing plats and the subdivision of land apply to all lands within the corporate limits of the City and, pursuant to Section 354.9 of the Code of Iowa, the unincorporated area within two (2) miles of its limits, including those lands delineated as flood hazard areas on the Official Zoning Map.

166.03 DEFINITIONS. For use in this chapter, the following words and terms are defined:

1. “Alley” means a public right-of-way which affords a secondary means of access to abutting property.
2. “Block” means an area of land within a subdivision that is entirely bounded by streets, or by streets and the exterior boundary or

boundaries of the subdivision, or a combination of the above with a river or lake.

3. “Commission” means the City Planning and Zoning Commission.

4. “Comprehensive Plan” means the groups of maps, charts and texts that make up the comprehensive long-range plan of the City.

5. “Cul-de-sac” means a minor street with only one outlet and having an appropriate terminal for the safe and convenient reversal of traffic movements.

6. “Design standards” means the specifications to land owners or subdividers for the preparation of plats, both preliminary and final, indicating among other things the optimum minimum or maximum dimensions of such items as right-of-way, blocks, easements and lots.

7. “Easement” means a grant of the right to use a strip of land for specific purposes by the general public, a corporation or certain persons including, but not limited to, sanitary sewers, water mains, electric lines, telephone lines, storm sewers or storm drainage ways and gas lines.

8. “Elevation” means the height of land as determined by mean sea level data.

9. “Final plat” means a drawing or map of a subdivision, meeting all the requirements of the City and in such form as required by the County for purposes of recording.

10. “Lot” means a portion of a subdivision or other parcel of land intended for transfer of ownership or for building development.

11. “Parks and playgrounds” means the public lands and open spaces in the City dedicated or reserved for recreation purposes.

12. “Percentage of grade on street centerline” means the distance vertically (up or down) from the horizontal in feet and tenths of a foot for each one hundred (100) feet of horizontal distance.

13. “Pedestrian way” means a public or private right-of-way across a block or within a block to provide access, to be used by pedestrians and which may be used for the installation of utility lines.

14. “Preliminary plat” means a tentative drawing or map of a proposed subdivision meeting requirements herein enumerated.

15. “Protective covenants” means contracts made between private parties as to the manner in which land may be used, with the view to protecting and preserving the physical and economic integrity of any given area.

16. “Sketch plan” means an informal plan describing the proposed subdivision development, drawn prior to the preliminary plat application.

17. “Street” means a public right-of-way affording primary access by pedestrians and vehicles to abutting properties, whether designated as a street, highway, thoroughfare, parkway, throughway, road, avenue, boulevard, lane, place or however otherwise designated.

A. “Thoroughfare” or “arterial street” means a street used primarily for heavy traffic and serving as an arterial trafficway between the various districts of the community, as shown on the Comprehensive Plan.

B. “Collector street” means a street that carries traffic from minor streets to the major system of thoroughfares and highways, including the principal entrance streets of residential districts, as shown on the Comprehensive Plan.

C. “Minor street” means a street used primarily for access to abutting properties.

D. “Marginal access street” means a minor street which is parallel and adjacent to a thoroughfare or highway and which provides access to abutting properties and protection from through traffic.

18. “Street width” means the shortest distance between lines of lots delineating the street right-of-way.

19. “Subdivision” means a described tract of land which is to be or has been divided into three (3) or more lots or parcels, any of which resultant parcels is less than five (5) acres in area, and three hundred (300) feet in width, for the purpose of transfer of ownership or building development or, if dedication of a public street is involved, any division of a parcel of land. The term includes resubdivision and where it is appropriate to the context, relates either to the process of subdividing or to the land subdivided.

20. “Subdivider” means any person commencing proceedings under this chapter to effect a subdivision of land.

21. “Tangent” means a straight line which is perpendicular to the radius of a curve where a tangent meets a curve.

22. “Vertical curve” means the surface curvature on a street, road or highway centerline located between lines of different percentage of grade.

166.04 APPLICATION OF REGULATIONS. Any plat made for a subdivision or part thereof lying within the jurisdiction of this chapter shall be prepared, presented for approval and recorded as herein prescribed. The regulations contained herein apply to the subdivisions of a lot, tract or parcel of land into three (3) or more lots, tracts or other divisions of land for the purpose of sale or building development, whether immediate or future, including the resubdivision or replatting of land or lots, or if a new street is involved, any division of land. Division of land in tracts of five (5) acres or larger in area and three hundred (300) feet in width are exempt from the requirements of these regulations.

166.05 APPROVALS NECESSARY FOR ACCEPTANCE OF PLATS. Before any plat is recorded or is of any validity, it shall be approved by the Council and filed with the Clerk, as having fulfilled the requirements of this chapter.

166.06 COMPLIANCE. No plat of any subdivision shall be entitled to record in the County Recorder's office or County Auditor's office or have any validity until the plat thereof has been prepared, approved and acknowledged in the manner prescribed by this chapter. The Recorder's office shall be presented the original copy of the plat or a facsimile of the same including material.

166.07 BUILDING PERMITS. No building permits shall be issued by the City for the construction of any building, structure or improvement to the land or to any lot in a subdivision until all requirements of this chapter have been fully complied with.

166.08 SKETCH PLAN REQUIRED. Prior to the filing of any application for conditional approval of the preliminary plat, the subdivider shall submit for review with the planning staff subdivision sketch plans which shall contain the following information:

1. Tract boundaries;
2. North point;
3. Description of nature and purpose of tract;
4. Zoning and streets on and adjacent to the tract;
5. Significant topographical and physical features;
6. Proposed general street, lot and utilities layout.

Such sketch plan shall be considered as submitted for informal and confidential discussion between the subdivider and the staff. Submission of a subdivision sketch plan does not constitute formal filing of a plat with the City. As far as

may be practical on the basis of a sketch plan, the staff will informally advise the subdivider as promptly as possible of the extent to which the proposed subdivision conforms to the design standards of this chapter and will discuss possible plan modifications necessary to ensure conformance.

166.09 PROCEDURE FOR APPROVAL OF PRELIMINARY PLAT.

The procedure for the approval of a preliminary plat is as follows:

1. Filing. Application to appear before the Commission shall be filed at least fifteen (15) days prior to the regular monthly meeting.
2. Filing Fee. The applicant may prepare a preliminary plat which shall conform to the requirements of this chapter and shall file with the Clerk an application for approval of the preliminary plat. A cash fee of seventy-five dollars (\$75.00) plus twenty dollars (\$20.00) for each lot up to a maximum of seven hundred fifty dollars (\$750.00) shall be required to cover City expenses in making the necessary studies for the approval of such plat. Each final plat submitted, other than the first as a part of the approved preliminary, shall require an additional seventy-five dollars (\$75.00)
3. Referral of Preliminary Plat. The applicant at the time of filing with the Clerk shall provide to the City six (6) prints of the preliminary plat and six (6) copies of sheets of data accompanying the plat. If satisfactory, two (2) copies of everything shall be retained for the Commission, and two (2) copies given to the Clerk for the Council and one (1) copy for the Public Works Director and one (1) copy for the Zoning Administrator.
4. Additional Referrals. Under each of the following conditions, one (1) additional copy of every document shall be required in filing and shall be transmitted to the official referred to, with advice to the effect that any recommendations for consideration by the Commission in acting on the plat should be received within fifteen (15) days after the date of filing.
 - A. When such land abuts a County highway, the County Highway Engineer;
 - B. When such land abuts a State trunk highway, the State Highway Commissioner;
 - C. When such land lies within the limits of the floodway and/or the flood fringe areas of the flood plain district, the State Department of Natural Resources.

5. Report of Public Works Director. Prior to the public hearing, the Public Works Director shall submit a report to the Commission before the hearing on the preliminary plat. This report shall be on the feasibility of street location, construction, drainage problems, etc., conformity to the Comprehensive Plan and other planning problems which may occur.
6. Public Hearing. A public hearing shall be held by the Commission after the filing of the preliminary plat. This hearing shall be held if possible at the next regular meeting of the Commission, but not earlier than twenty (20) days after the filing of the preliminary plat. Notice of said hearing shall be published in the official City newspaper at least four (4) days prior to the hearing. The newspaper notice shall include an easily understood description of the area to be subdivided. The cost of the notice shall be paid by the subdivider in addition to the cash fee for other expenses. In addition, the Clerk shall notify by U.S. mail the subdivider and the record owners of the property immediately adjoining the lands within the plat not less than ten (10) days prior to the date of the meeting.
7. Action by Commission. After consideration of all hearings, reports, comments and suggestions, the Commission shall, within forty (40) days after the public hearing, recommend, in writing, to the Council stating its reason therefor either that the preliminary plat be granted approval subject to certain conditions, if any, or that the preliminary plat be disapproved. A copy of the recommendations shall be sent to the Council and to the applicant with notice to the applicant of the date when it will be considered by the Council.
8. Council Action. The Council shall consider the preliminary plat at its next meeting following receipt of the Commission's recommendations. The Council shall either approve or disapprove the preliminary plat. The Clerk shall notify the applicant in writing of the Council's action stating the conditions of approval or reasons for disapproval of the preliminary plat. If approval is given, the Clerk shall send the applicant one (1) copy of the preliminary plat marked with any required revisions.
9. Conditional Approval. Conditional approval of a preliminary plat shall not constitute approval of the final plat. Rather, it shall be deemed to be an expression of approval to the layout submitted on the preliminary plat and act as an authorization and guide to proceed with the preparation of the final plat. This approval of the preliminary plat shall be effective for a period of six (6) months, unless an extension is granted by the Council. The subdivider may file a final plat limited to such portion of the preliminary plat which the subdivider proposes to

record and develop at the time, provided that such portion must conform to all requirements of this chapter.

166.10 PROCEDURE FOR APPROVAL OF FINAL PLAT. The procedure for approval of a final plat is as follows:

1. Preparation of Final Plat. After approval of the preliminary plat by the Commission and Council, the plat may then be prepared in final form, and both survey and plat shall conform to the preliminary plat as approved, including the required modifications.
2. Information and Requirements Necessary for Recording. Final plat shall contain all the information and requirements necessary for recording with the County Recorder and Auditor, including accurate dimensions previously submitted and approved in the preliminary plat, which information accurately delineates and defines the subdivision included in such final plat.
3. Filing and Referral of Final Plat. The final plat and at least six (6) prints thereof, with required data accompanying each, shall be filed with the Clerk within twelve (12) months after the date of approval of the preliminary plat. The final plat shall be submitted, along with written application for approval of the final plat, at least fifteen (15) days prior to a Commission meeting at which consideration is requested. The Clerk shall retain the original and two (2) prints for Commission use. One (1) print each shall immediately be forwarded to the Zoning Administrator, Public Works Director and other designated officials for review. They will prepare comments prior to the next meeting of the Commission. The Zoning Administrator shall check the final plat and accompanying data for any conditions or modifications of the preliminary plat, and shall also check the plat and survey for required accuracy.
4. Action by Commission. Approval or disapproval of the plat will be conveyed to the subdivider in writing within ten (10) days after the meeting of the Commission at which such plat was considered. In case the plat is disapproved, the subdivider shall be notified of the reason for such action and what requirements shall be necessary to meet the approval of the Commission.
5. Approval of the Council. After a review and approval of the final plat by the Commission, such final plat, together with the recommendations of the Commission, shall be submitted to the Council for approval. If accepted, the final plat shall be approved by resolution, which resolution shall provide for the acceptance of all streets, alleys, easements or other public ways and parks or other open spaces dedicated

to public purposes. Failure of the Council to act on the application within sixty (60) days shall be deemed as approval. If disapproved, the grounds for any refusal to approve a plat shall be set forth in the proceedings of the Council and reported to the person applying for such approval.

6. Final Plat Recording. Upon final approval of the final plat by the Council, the subdivider shall record it with the County Recorder and Auditor within one hundred (100) days after the date of approval; otherwise, the approval of the final plat is null and void. The subdivider shall, immediately upon recording, furnish the Clerk with a tracing and four (4) prints thereof.

166.11 PRELIMINARY PLAT REQUIREMENTS. A preliminary plat shall be clearly and legibly drawn on tracing paper, tracing cloth or mylar of good quality and all prints or copies thereof shall be clear and legible. The size of the tracing thereof should be the same as the size to be used for the final plat. It shall be at a scale of at least one hundred (100) feet to one (1) inch, showing clearly all details thereof. A preliminary plat and accompanying material as needed shall show the following:

1. The proposed name of the subdivision, which shall not duplicate or resemble existing subdivision names in the County.
2. Names and addresses of the owners, lien holders, subdivider, surveyor or engineer and designer.
3. Sufficient description to define the location of and boundary of the land to be divided and the location and names of all existing subdivisions, streets (and street widths) and unsubdivided property and ownership adjoining the proposed subdivision, between it and the nearest existing streets and for a distance of not less than one hundred fifty (150) feet beyond the boundaries of the subdivision; zoning on and adjacent to the subdivisions; and photographs, when required by the Commission, identifying camera location, directions of views and key numbers.
4. A proximity map to illustrate the approximate area of coverage within the section or sections located.
5. A sketch map, approximately to scale, clearly indicating an ultimate street and block layout for the entire ownership, when only a portion is proposed to be subdivided first.
6. Locations, names, widths and existing and proposed finished grades of all streets, highways, major thoroughfares and alleys.

7. Lot lines with approximate dimensions and the square foot areas of lots that are not rectangular.
8. Radii of all curves.
9. Designation of areas which, before improvements, are subject to inundation or stream water overflow, and location of all water courses and drainage ditches. For the purpose of information only, a contour line denoting the flood plain district boundary, the outline of the flood fringe and floodway of areas of the flood plain district, the present shore lines, water elevation and the date of survey as pursuant to Iowa statutes.
10. Proposed uses of the lots and parcels, proposed building setback (front yard) lines, minimum areas for building sites, other area requirements and bulk and height requirements or restrictions, and an outline of proposed deed restrictions.
11. Designation of proposed public streets, rights-of-way, easements and other areas proposed to be dedicated for public purposes, and their purposes.
12. Locations and types of existing structures, locations of large trees and other ground cover.
13. Location and approximate sizes and grades of existing and proposed water, sewer, gas, telephone and electric lines, sidewalks, curbs, gutters, roadway, paving, tree planting and other landscaping.
14. A profile showing existing and proposed centerline grades of streets, sidewalks and gutters and containing notations as to gradient and vertical curvatures.
15. Statement of the improvements proposed to be made or installed and of the estimated time of completion of improvements.
16. Present and proposed contour intervals of not more than two (2) feet if the general slope of the site is less than ten (10) percent and at vertical intervals of not more than five (5) feet if the general slope is ten (10) percent or greater unless the Commission waives this requirement.

166.12 FINAL PLAT REQUIREMENTS. The final plat shall be prepared for recording purposes in accordance with provisions of State statutes and applicable County regulations. The following information, procedures and data are required for final plats:

1. All information, except topographic data and sewer locations required by the County surveyor and County Recorder and Auditor.

2. The dimensions, size and scale of the final plat shall be as required in the County in filing with the County Recorder and Auditor.
3. Municipal, township, County or section lines accurately tied to the lines of the subdivision by distance and angles.
4. The name of the subdivision, scale, north arrow and date.
5. Location by section, township, range, County and State, and including descriptive boundaries of the subdivision, based on an accurate traverse, giving angular and linear dimensions which must mathematically close. The allowable error of closure on any portion of a final plat shall be one (1) foot in seventy-five hundred (7500) feet.
6. The location of monuments shall be shown and described on the final plat. Locations of such monuments shall be shown in reference to existing official monuments of the nearest established street lines, including true angles and distances to such reference points or monuments. Permanent markers shall be placed at each corner lot, points of curvature and points of tangency on street lines, and at each angle point on the boundary of the subdivision. Permanent markers are deemed to be iron markers, as approved by the County surveyor. In situations where conditions prohibit the placing of markers in the locations prescribed above, offset markers will be permitted. The exact location of all markers shall be shown on the final plat, together with accurate interior angles, bearings and distances. Permanent monuments shall be placed at all quarter section points within the subdivision or on its perimeter.
7. The size of material used in the makeup of the final plat shall measure twenty (20) by thirty (30) inches from outer edge to outer edge and the scale shall be at least one hundred (100) feet to one (1) inch. The type of material shall be as stipulated in State statutes.
8. Subdivision boundary lines, side and center lines of streets and other rights-of-way, lines of easement, lot lines, lines of all other sites and of all reservations, with accurate dimensions, bearings or deflection angles, and radii, arcs and central angles of all curves.
9. Names and widths of streets and other rights-of-way.
10. Widths and purposes of easements.
11. Block numbers, consecutive.
12. Lot numbers, consecutive, starting with the figure "1" in each block.

13. Dedication of any sites, in addition to streets, rights-of-way and easements, and the purpose.
14. Owner's statement offering streets, rights-of-way, and public areas for dedication to the public.
15. Owner's power of attorney to subdivider, if owner is not the subdivider.
16. Certificate of title or abstract showing ownership.
17. Other data, certificates, affidavits and endorsements that may be required by the Commission or by the Council.
18. Final plan of all improvements to be installed by the subdivider, with grades and profiles for same as approved by the Public Works Director.
19. Certificate by the Public Works Director that all required improvements have been satisfactorily installed or that, in lieu thereof, a certified check, running to the City, in an amount sufficient to cover the cost of completion of all required improvements, has been posted.
20. Restrictive covenants, if any, in form for recording. On the plat shall be written an instrument of dedication which shall be signed and acknowledged by the owner of the land. If the plat contains areas within the flood plain, restrictive deed covenants shall be filed to provide that the flood plain areas be left essentially in the state shown on the plat and that no improvements be made in the flood plain areas in violation of Chapter 160 of this Code of Ordinances.
21. Soil borings, if required by the Public Works Director.
22. A statement of dedication signed, acknowledged and witnessed as required by law for recording conveyances. The dedication may read substantially as follows: "We, the undersigned, certify that we are the sole interested parties in the tract of land described in the foregoing surveyor's certificate, which is written on the plat on which this instrument is written, that we have caused the same to be surveyed and platted as _____ Subdivision as shown on said plat and that we do hereby grant and dedicate to the public for public use forever the streets, alleys, avenues, park sites, walks, easements and limited accesses as shown thereon.
23. Attachments, as follows:
 - A. A statement by the proprietors and their spouses, if any, that the plat is prepared with their free consent and in accordance with their desire, signed and acknowledged before an officer

authorized to take the acknowledgments of deeds. The statement by the proprietors may also include a dedication to the public of all lands within the plat that are designated for streets, alleys, parks, open areas, school property, or other public use, if the dedication is approved by the Council;

B. A statement from the mortgage holders or lienholders, if any, that the plat is prepared with their free consent and in accordance with their desire, signed and acknowledged before an officer authorized to take the acknowledgment of deeds. An affidavit and bond as provided for in Section 354.12 of the Code of Iowa may be recorded in lieu of the consent of the mortgage or lienholder. When a mortgage or lienholder consents to the subdivision, a release of mortgage or lien shall be recorded for any areas conveyed to the City or dedicated to the public.

C. An opinion by an attorney-at-law who has examined the abstract of title of the land being platted. The opinion shall state the names of the proprietors and holders of mortgages, liens or other encumbrances on the land being platted and shall note the encumbrances, along with any bonds securing the encumbrances. Utility easements shall not be construed to be encumbrances for the purpose of this section.

D. A certificate of the County Treasurer that the land is free from certified taxes and certified special assessments or that the land is free from certified taxes and that the certified special assessments are secured by bond in compliance with Section 354.12 of the Code of Iowa.

E. A resolution and certificate for approval by the Council and for signatures of the Mayor and Clerk.

24. In every plat, whether residential, commercial, industrial or planned, the subdivider may be required as a prerequisite to approval of the plat to convey to the City a maximum of five percent (5%) of the land to be platted for public use as parks and playgrounds.

166.13 GENERAL DESIGN STANDARDS. General design requirements are as follows:

1. Compliance with City Plans and Regulations. General design, street pattern, street widths, proposed private and public areas, facilities and uses and proposed density of population shall conform to applicable plans, ordinances and regulations, including major thoroughfare plan, land use plan, other portions of the Comprehensive Plan, building and

zoning regulations and other applicable regulations, and the official map adopted by reference.

2. Preservation of Natural Features. Valuable topographic and scenic features and ground cover shall be preserved and retained to the maximum extent possible. Drainage shall be provided for in the subdivision by adequate storm drains or by maintenance of natural drainage channels.

166.14 STREETS AND THOROUGHFARES. Design standards for streets and thoroughfares are as follows:

1. Conformance to Comprehensive Plan. The arrangements, character, extent, width, grade and location of all streets shall conform to the Comprehensive Plan and shall be considered in their relation to existing and planned streets, to topographical conditions, to public convenience and safety and in their appropriate relation to the proposed uses of the land to be served by such streets. Where such is not shown in the Comprehensive Plan, the arrangement of streets in a subdivision shall either:

A. Provide for the continuation or appropriate projection of existing principal streets in surrounding areas; or

B. Conform to a plan for the neighborhood approved or adopted by the Commission or Council to meet a particular situation where topographical or other conditions make continuance or conformance to existing streets impracticable.

2. Street Pattern. The street pattern shall be adequate to serve platted lots when developed and shall not be such as to obstruct the development of adjoining unsubdivided lands in conformity with the Comprehensive Plan and platting.

3. Arrangement of Minor Streets. Minor streets shall be so laid out that their use by through traffic will be discouraged.

4. Subdivisions Abutting Proposed Arterial Streets. Where a subdivision abuts or contains an existing or proposed arterial street, the Commission may require marginal access streets, reverse frontage with screen planting contained in a non-access reservation along the rear property line, deep lots with rear service alleys, or such other treatment as may be necessary for adequate protection of residential properties and which will afford separation of through and local traffic.

5. Subdivisions Bordering on Railroad Right-of-ways and Limited Access Highways. Where a subdivision borders on or contains a

railroad right-of-way or limited access highway right-of-way, the Commission may require a street approximately parallel to and on each side of such right-of-way, at a distance suitable for the appropriate use of the intervening land, as for park purposes in residential districts, or for commercial or industrial purposes in appropriate districts. Such distances shall also be determined with due regard for the requirements of approach grades and future grade separation.

6. Street Jogs. Street jogs with centerline offsets of less than one hundred twenty-five (125) feet are prohibited.

7. Street Intersections. Streets shall intersect or intercept each other at right angles with variations of not more than ten degrees (10°) permitted when considered necessary as topography permits and (except for cul-de-sac streets) shall be extended to perimeter of the subdivision.

8. Street Names. Names of streets which are extensions of existing streets shall be the same. No street names shall be used which will duplicate or be confused with the names of separate existing streets. Street names shall be subject to the approval of the Council.

9. Curb Lines at Street Corners. At residential street corners the curb lines (or lines designating outside edges of roadways) shall be connected by a circular arc having a radius of not less than twenty (20) feet. At business and industrial corners, these lines shall be similarly connected by arcs or their equivalent chords according to standards approved by the Council.

10. Half-Width Streets. Half-width streets are prohibited except where essential to the reasonable development of the subdivision in conformity with the other requirements of these regulations. Where an existing half-width street adjoins a portion of the boundary of a proposed subdivision, street dedication in a width needed to make this a full-width street may be required.

11. Street Width. Streets for residential development, when of a length of one thousand, three hundred (1,300) feet or more and dead-end streets when of a length of eight hundred (800) feet or more, the right-of-way shall not be less than sixty-six (66) feet in width. Cul-de-sac streets shall be less than five hundred (500) feet in length, wherever possible. The roadway diameter of the cul-de-sac shall be not less than one hundred (100) feet and the street property line diameter not less than one hundred twenty (120) feet.

12. Street Access. Unlimited access to railroads, trunk highways and major thoroughfares including all limited access trafficways shall be

discouraged. Local service streets parallel to any such facility or the rearing of lots upon its right-of-way line with intersections at infrequent intervals only, four or less per mile, and at regular spacings shall be encouraged.

13. Subdivisions Abutting Public Water. Subdivisions abutting or including a lake, river or stream, the water of which is public water subject to the control of the State as provided by law, shall provide public access roads or public open space of at least sixty-six (66) feet wide to the low water mark at not more than one-half ($\frac{1}{2}$) mile intervals measured along the lake, river or stream shoreline.

14. Minimum Rights-of-Way. For all public ways hereafter dedicated and accepted, the minimum right-of-way widths for streets and thoroughfares shall be shown in the Comprehensive Plan and where not shown therein, the minimum right-of-way width for streets, arterial highways or pedestrian ways included in any subdivision shall not be less than the minimum dimensions for each classification as follows:

Classification	Desirable	Acceptable
Urban Expressway		138 feet
Principal Arterial Highway	104 feet	74-80 feet
Minor Arterial Highway	80 feet	75 feet
Collector Streets	80 feet	66 feet
Local Streets		66 feet
Marginal Service Access Roads		66 feet
Alley		20 feet
Pedestrian Way		10 feet
Where existing or anticipated traffic on principal and minor arterial highways warrants greater widths of rights-of-way, these shall be required.		

15. Street Grades. The grades in all streets, arterial highways, collector streets, minor streets and alleys in any subdivision shall not be greater than the maximum grades as determined by Iowa State highway standards and criteria and the Public Works Director. In addition, there shall be a minimum grade on all streets and arterial highways of not less than one-half ($\frac{1}{2}$) of one (1) percent.

16. Street Alignment. The horizontal and vertical alignment standards on all streets shall be as follows:

HORIZONTAL: RADII OF CENTERLINE		
	Desirable	Minimum Acceptable
Urban Expressway	as required by the State Highway Department	
Principal Arterial Highway	800 feet	500 feet
Minor Arterial Highway	800 feet	500 feet
Collector Street	500 feet	300 feet
Local Street	500 feet	100 feet

TANGENT BETWEEN ALL REVERSED CURVES	
	Minimum Acceptable
Urban Expressway	as required by the State Highway Department
Principal Arterial Highway	100 feet
Minor Arterial Highway	100 feet
Collector Street	50 feet
Local Street	50 feet
VERTICAL:	
All changes in street grades shall be connected by vertical parabolic curves of such length as follows:	
Principal or Minor Arterial Highways	Thirty (30) times the algebraic difference in the percent of grade of the two adjacent slopes
Collector or Local Streets	Twenty (20) times the algebraic difference in the percent of grade of the two adjacent slopes

17. Dedication of Streets. All proposed streets shall be offered for dedication as public streets, except that private streets may be permitted,

following approval of the variance application, within the boundaries of property under one ownership.

166.15 ALLEYS. Design standards for alleys are as follows:

1. Alley Required. Alleys may be required at the rear of lots to be used for multiple dwellings, commercial, industrial and institutional purposes, lots fronting trunk highways and major thoroughfares and lots needing a secondary means of access.
2. Alley Width. Alleys shall be not less than twenty (20) feet in width.
3. Alley Intersections and Alignment. Alley intersections and sharp changes in alignment shall be avoided, but where necessary, corners shall be cut off sufficiently to permit safe vehicular movement.
4. Dead-end Alleys. Dead-end alleys shall be avoided where possible, but if unavoidable, shall be provided with adequate turn-around facilities at the dead end, as determined by the Commission.
5. Council May Require Alley. The Commission may recommend, and the Council may require, the placement of alleys in subdivision developments where they would be essential for utilities, service access or health and general welfare.

166.16 EASEMENTS. Easement requirements are as follows:

1. General. Easements for public utilities shall be provided and centered along the rear and side lot lines where needed to include at least five (5) feet from each abutting lot. The easements shall be ten (10) feet in width and shall be aligned from block to block.
2. Water Course, Drainage Way, Channel or Stream. Where a subdivision is traversed by a water course, drainage way, channel or stream, a storm water easement, drainage right-of-way or park dedication, whichever the Commission may deem the most adequate, conforming substantially with the lines of such water course shall be provided, together with such further width or construction, or both, as will be adequate for the storm water drainage of the area. The width of such easements shall be determined by the Commission.

166.17 BLOCKS. Design standards for blocks are as follows:

1. Design Considerations. The lengths, widths and shapes of blocks, and lots within blocks, shall be determined with due regard to the following:

- A. Provision of adequate building sites suitable to the special needs of the principal and all required accessory uses.
 - B. Zoning requirements as to lot sizes and dimensions, and provisions regulating off-street parking and loading spaces.
 - C. Limitations and opportunities of topography.
2. Block Dimensions. Residential blocks shall normally be of sufficient width for two tiers of lots. Block lengths shall be determined by circulation and other needs. Where residential blocks with lots deeper than three hundred (300) feet are proposed, a reservation for a future street through the middle of the block, longitudinally, may be required.
3. Pedestrian Crosswalks. Pedestrian crosswalks, not less than ten (10) feet wide, shall be required where deemed essential to provide circulation, or access to schools, playgrounds, shopping centers, transportation and other community facilities. In blocks over seven hundred (700) feet in length, the Commission may require at or near the middle of the block, a public way or easement of not less than ten (10) feet in width for use by pedestrians and/or as an easement for public utilities.

166.18 LOTS. Design standards for lots are as follows:

- 1. Design Considerations. The lot size, width, depth, shape and orientation and the minimum building setback lines shall be appropriate for the location of the subdivision and for the type of development and use contemplated.
- 2. Lot Dimensions. Lot dimensions shall conform to the requirements of the zoning ordinance.
- 3. Side Lines of Lots. Ordinarily side lines of lots shall be at right angles to straight street lines and radial to curved street lines.
- 4. Double Frontage and Reverse Frontage Lots. Double frontage and reverse frontage lots should be avoided except where essential to provide separation of residential development from traffic arteries or to overcome special disadvantages of topography and orientation. A planting screen easement of at least ten (10) feet, and across which there shall be no right of access, shall be provided along the line of lots abutting such a traffic artery or other disadvantageous use.
- 5. Lots to Access on Public Streets. The subdividing of the land shall be such as to provide, by means of a public street, each lot with

satisfactory access to an existing public street for purposes of fire fighting, utilities and other public and quasi-public services.

166.19 REQUIRED IMPROVEMENTS GENERALLY. General requirements regarding improvements are as follows:

1. Agreement for Completion of Improvements. Before a final plat is approved by the Council, the owner and subdivider of the land covered by the said plat shall execute and submit to the Council an agreement, which shall be binding on the heirs, personal representatives and assigns of the owner and subdivider, that said owner and subdivider will cause no private construction to be made on said plat or file or cause to be filed any application for building permits for such construction until all improvements required under this chapter have been made or arranged for in the manner following, with respect to the streets to which the lots sought to be constructed have access.
2. Surety Required. Prior to the making of such required improvements, the owner or subdivider shall deposit with the Clerk an amount equal to one and one-half (1½) times the City's estimated cost of such improvements, either in cash or an indemnity bond, with sureties satisfactory to the City, conditioned upon the payment of all construction costs incurred in the making of such improvements and all expense incurred by the City for engineering and legal fees and other expense in connection with the making of such improvements.
3. Certificate of Completion. The subdivider shall submit with the final plat or at the time of completion of improvements, if bonded, a certificate of completion of construction of required improvements. Such certificates shall be prepared by a registered engineer and shall include a statement of the inspection and approval of the same by the Public Works Director for land within the City and by the State Highway Commissioner for State trunk highways. Drawings showing all improvements built shall be filed with the Clerk.
4. Drainage Requirements. No final plat shall be approved on land subject to flooding or containing poor drainage facilities and on land which would make adequate drainage of the streets or roads and lots impossible. However, if the subdivider does the following—agrees to make improvements which will assure that each lot contains a flood-free site for location of a dwelling or structure; designs roads so that the finished surface is not more than two (2) feet below the regulatory flood protection elevation; locates or designs public utilities and facilities, such as sewer, gas, electrical and water systems to provide protection to the regulatory flood protection elevation; and undertakes other measures

which, in the opinion of the Public Works Director, will make the area suitable for use without interfering with the flow of water under flood conditions—then the final plat of the subdivision may be approved.

5. Inspection of Improvements. All of the required improvements to be installed under the provisions of these regulations shall be inspected during the course of their construction by the City's engineer. All of the inspection costs pursuant thereto shall be paid by the owner or subdivider in the manner prescribed in subsection 2 above.

6. Maintenance Surety. The subdivider shall furnish a performance bond with one year warranty against defective materials and workmanship as to all improvements which the subdivider is required to install.

166.20 STREET IMPROVEMENTS. Following are the required street improvements:

1. Grading. The full width of the right-of-way shall be graded, including the sub-grade of the areas to be paved, in accordance with standards and specifications for street construction as approved by the Council and recommendations of the Public Works Director.

2. Street Surfacing. All streets to be surfaced shall be of an overall width in accordance with the standards and specifications for construction as approved by the Council and recommendation of the Public Works Director. Generally streets shall be paved with P.C. concrete with the exception of areas zoned "R-5" High Density Affordable Family Residential District. In such districts, the type of paving surface and its specifications shall be negotiated between the City and the subdivider.

3. Storm Water Drainage. Storm sewers, culverts, storm water inlets, storm water detention basins and other drainage facilities will be required where they are necessary to insure adequate storm water drainage for the subdivision. Where required, such drainage facilities shall be constructed in accordance with the standards and specifications for street construction as approved by the Council and Public Works Director.

4. Street Trees. Street trees shall be planted in conformance with the standards and specifications as approved by the Council and Public Works Director.

5. Street Signs. Street signs of the standard design approved by the Council shall be installed at each street intersection.

6. Street Lighting. A street lighting system, where proposed or required, shall be of a design and standard recommended by the Commission and approved by the Council and the Public Works Director.

7. Curb and Gutter. Curb and gutter shall be required on all streets, with the exception of areas zoned "R-5" High Density Affordable Family Residential District. In such districts, curb and gutter shall be required only where it is deemed necessary by the Council for proper drainage of storm water. All curb and gutter shall be constructed to the grade approved by the Council after receiving the report and recommendations of the Public Works Director.

8. Sidewalks. Sidewalks may be required by the Council if they are considered necessary for the general welfare and safety of the community. Sidewalks shall be constructed to the grade approved by the Council after receiving the report and recommendations of the Public Works Director.

166.21 SANITARY SEWER IMPROVEMENTS. Sanitary sewers shall be installed as required by standards and specifications as required and approved by the Council.

1. Accessibility of Public Sanitary Sewer. Where a public sanitary sewer is within five hundred (500) feet of the subdivision, the subdivider shall connect or provide for the connection with such sanitary sewer and shall provide within the subdivision the sanitary sewer system and require to make the sewer accessible to each lot in the subdivision. Sanitary sewers shall be stubbed into each lot. Sewer systems shall be approved by the Council and the State Department of Health and the construction subject to the supervision of the Public Works Director.

2. Sanitary Sewer Not Available. Where sanitary sewers are not available, other facilities, as approved by the Council and State Department of Health, must be provided for the adequate disposal of sanitary wastes.

3. Storm Water Disposal. Adequate provisions shall be made for the disposal of storm waters, subject to the approval of the Council and to the supervision of the Public Works Director.

166.22 PUBLIC UTILITIES. Public utility requirements are as follows:

1. Buried Utility Lines. All new electric distribution lines (excluding main line feeders and high voltage transmission lines), telephone service lines and services constructed within the confines of

and providing service to customers in a newly platted residential area shall be buried underground, unless the Council specifically finds, after study and recommendation by the Commission, that:

- A. The placing of utilities underground would not be compatible with the development planned;
 - B. The additional cost of burying such utilities would create an undue financial hardship; or
 - C. Topographical, soil or any other conditions make the underground installation unreasonable or impractical.
2. **Location of Utility Lines on Overhead Poles.** All utility lines for telephone and electrical service shall be placed in rear line easements when carried on overhead poles. The Commission may recommend, and the Council shall require, that the type of overhead pole used be of a quality and durability aesthetically in conformance with the nature of the residential development.
 3. **Placement of Conduits and Cables.** Where telephone, electric and/or gas service lines are to be placed underground entirely, conduits or cables shall be placed within easements or dedicated public ways, in such a manner so as not to conflict with other underground services.
 4. **Drainage and Underground Utility Easements.** All drainages and other underground utility installations which traverse privately owned property shall be protected by easements.
 5. **Written Record from Utilities Required.** The subdivider is responsible for complying with the requirements of this section and shall submit to the Commission a written record from the utilities showing that the necessary arrangements with the utility involved for the installation of said facilities have been made.

166.23 VARIANCES GENERALLY. The Council may grant a variance from the regulations contained in this chapter following a finding that all of the following conditions exist:

1. **Special Circumstances Must Exist.** There are special circumstances or conditions affecting said property such that the strict application of the provisions of these regulations would deprive the applicant of the reasonable use of land.
2. **Variance Necessary for Substantial Property Right.** The variance is necessary for the preservation and enjoyment of a substantial property right of the petitioner.

3. Variance Must Not be Detrimental to Public Welfare. The granting of the variance will not be detrimental to the public welfare or injurious to other property in the territory in which said property is situated.

4. Criteria For Variance. In making this finding, the Council shall consider the nature of the proposed use of land, the existing use of land, and that it shall not be in any conflict with any zoning ordinance, in the vicinity, the number of persons to reside or work in the proposed subdivision and the probable effect of the proposed subdivision upon traffic conditions in the vicinity. In granting a variance as herein provided, the Council shall prescribe only conditions that it deems desirable or necessary to the public interest, and such variances and waivers may be granted only by the majority vote of the Council.

166.24 SPECIAL APPLICATION REQUIREMENTS FOR VARIANCES. Application for any such variance shall be made in writing by the subdivider at the time when the preliminary plat is filed for the consideration of the Commission and Council, stating fully and clearly all facts relied upon by the petitioner, and shall be supplemented with maps, plans or other additional data which may aid the Commission and Council in the analysis of the proposed project. The plans for such development shall include such covenants, restrictions or other legal provisions necessary to guarantee the full achievement of the plan. In all cases where applications for variance are submitted for conditional approval along with the preliminary plat, the action on such conditional approval shall issue from the Council. Where a petition for variance is not involved, the Commission may grant conditional approval subject to procedural requirements stated in this chapter.

166.25 WAIVER OF PRELIMINARY PLAT. The requirements that there be a preliminary plat may be waived by the Commission when each lot and block within a proposed subdivision or resubdivision abuts a platted or dedicated street.

166.26 REGISTERED LAND SURVEYS. It is the intention of this chapter that all registered land surveys in the City should be presented to the Commission in the form of a preliminary plat in accordance with the standards set forth in this chapter for preliminary plats and that the Commission shall first approve the arrangements, sizes and relationships of proposed tracts in such registered land surveys, and that tracts to be used as easements or roads should be so dedicated. Unless such approvals have been obtained from the Commission and Council in accordance with the standards set forth herein, building permits will be withheld for buildings on tracts which have been so

subdivided by registered land surveys and the City may refuse to take over tracts as streets or roads or to improve, repair or maintain any such tracts unless so approved.

166.27 SALE OF LOTS FROM UNRECORDED PLATS. It is unlawful to sell, trade or otherwise convey or offer to sell, trade or otherwise convey any lot or parcel of land as a part of or in conformity with any plan, plat or replat of any subdivision or portion of the City unless said plan, plat or replat has first been recorded in the office of the County Recorder.

166.28 RECEIVING OR RECORDING UNAPPROVED PLATS. It is unlawful to receive or record in any public office any plans, plats or replats of land laid out in building lots and streets, alleys or other portions of the same intended to be dedicated to public or private use, or for the use of purchasers or owners of lots fronting on or adjacent thereto, and located within the jurisdiction of this chapter unless the same shall bear thereon, by endorsement or otherwise, the approval of the Commission and the Council.

166.29 MISREPRESENTATIONS AS TO CONSTRUCTION, SUPERVISION OR INSPECTION OF IMPROVEMENTS. It is unlawful for any person owning an addition or subdivision of land within the City to represent that any improvement upon any of the streets or alleys of said addition or subdivision or any sewer in said addition or subdivision has been constructed according to the plans and specifications approved by the Council, or has been supervised or inspected by the City when such improvements have not been so constructed, supervised or inspected.

166.30 CHANGES AND AMENDMENTS. Any regulations or provisions of this chapter may be changed and amended from time to time by the Council; provided, however, such changes or amendments shall not become effective until after a public hearing has been held, public notice of which shall have been published at least once, not less than four (4) or more than twenty (20) days before the date of the hearing.

167.10 Judicial Review

167.11 Penalties

167.12 Conflicting Regulations

167.01 DEFINITIONS. As used in this chapter, unless the context otherwise requires:

1. “Airport” means the Atlantic Municipal Airport.
2. “Airport elevation” means the highest point of an airport’s usable landing area measured in feet above mean sea level.
3. “Approach surface” means a surface longitudinally centered on the extended runway centerline, extending outward and upward from the end of the primary surface and at the same slope as the approach zone height limitation slope set forth in Section 167.03 of this chapter. In plan the perimeter of the approach surface coincides with the perimeter of the approach zone.
4. “Approach, transitional, horizontal, and conical zones” means those zones as set forth in Section 167.02 of this chapter.
5. “Board of Adjustment” means a board consisting of five (5) members appointed by the City Council/Board of Supervisors as provided in Chapter 329.12 of the Code of Iowa.
6. “Conical surface” means a surface extending outward and upward from the periphery of the horizontal surface at a slope of 20 to 1 for a horizontal distance of 4,000 feet.
7. “Hazard to air navigation” means an obstruction determined to have a substantial adverse effect on the safe and efficient utilization of the navigable airspace.
8. “Height” means for the purpose of determining the height limits in all zones set forth in this chapter and shown on the zoning map, the datum shall be mean sea level elevation unless otherwise specified.

9. "Horizontal surface" means a horizontal plane 150 feet above the established airport elevation, the perimeter of which in plan coincides with the perimeter of the horizontal zone.
10. "Nonconforming use" means any pre-existing structure, object of natural growth, or use of land which is inconsistent with the provision of this chapter or any amendment thereto.
11. "Nonprecision instrument runway" means a runway having an existing instrument approach procedure utilizing air navigation facilities with only horizontal guidance, or area type navigation equipment for which a straight-in nonprecision instrument approach procedure has been approved or planned.
12. "Obstruction" means any structure, growth or other object, including a mobile object, which exceeds a limiting height set forth in Section 167.03 of this chapter.
13. "Person" means an individual, firm, partnership, corporation, company, association, joint stock association or governmental entity; includes a trustee, a receiver, an assignee or a similar representative of any of them.
14. "Primary surface" means a surface longitudinally centered on a runway. When the runway has a specially prepared hard surface, the primary surface extends 200 feet beyond each end of that runway; for military runways or when the runway has no specially prepared hard surface, or planned hard surface, the primary surface ends at each end of that runway. The width of the primary surface is set forth in Section 167.02 of this chapter. The elevation of any point on the primary surface is the same as the elevation of the nearest point on the runway centerline.
15. "Runway" means a defined area on an airport prepared for landing and takeoff of aircraft along its length.
16. "Structure" means an object, including a mobile object, constructed or installed by man, including but without limitation, buildings, towers, cranes, smokestacks, earth formation and overhead transmission lines.
17. "Transitional surfaces" means those surfaces which extend outward at 90 degree angles to the runway centerline and the runway centerline extended at a slope of seven (7) feet horizontally for each foot vertically from the sides of the primary and approach surfaces to where they intersect the horizontal and conical surfaces. Transitional surfaces for those portions of the precision approach surfaces, which project

through and beyond the limits of the conical surface, extend a distance of 5,000 feet measured horizontally from the edge of the approach surface and at 90 degree angles to the extended runway centerline.

18. "Tree" means any object of natural growth.

19. "Utility runway" means a runway that is constructed for and intended to be used by propeller driven aircraft of 12,500 pounds maximum gross weight and less.

20. "Visual runway" means a runway intended solely for the operation of aircraft using visual approach procedures.

21. "Larger than utility runway" means a runway that is constructed for and intended to be used by propeller driven aircraft of greater than 12,500 pounds maximum gross weight and jet powered aircraft.

167.02 AIRPORT ZONES. In order to carry out the provisions of this chapter, there are hereby created and established certain zones which include all of the land lying beneath the approach surfaces, transitional surfaces, horizontal surfaces and conical surfaces as they apply to the Municipal Airport. Such zones are shown on the Municipal Airport Zoning Map, which is made a part hereof by reference. An area located in more than one (1) of the following zones is considered to be only in the zone with the more restrictive height limitation. The various zones are hereby established and defined as follows:

1. Utility Runway Visual Approach Zone. The inner edge of this approach zone coincides with the width of the primary surface and is 250 feet wide. The approach zone expands outward uniformly to a width of 1,250 feet at a horizontal distance of 5,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.

2. Utility Runway Nonprecision Instrument Approach Zone. The inner edge of this approach zone coincides with the width of the primary surface and is 500 feet wide. The approach zone expands outward uniformly to a width of 2,000 feet at a horizontal distance 5,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.

3. Runway Larger Than Utility Visual Approach Zone. The inner edge of this approach zone coincides with the width of the primary surface and is 500 feet wide. The approach zone expands outward uniformly to a width of 1,500 feet at a horizontal distance 5,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.

4. Runway Larger than Utility With a Visibility Minimum Greater Than 3/4 Mile Nonprecision Instrument Approach Zone. The inner edge of this approach zone coincides with the width of the primary surface and is 500 feet wide. The approach zone expands outward uniformly to a width of 3,500 feet at a horizontal distance of 10,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.
5. Horizontal Zone. The horizontal zone is established by swinging arcs of five thousand (5,000) feet radii for all runways designated utility or visual and 10,000 feet for all others from the center of each end of the primary surface of each runway and connecting the adjacent arcs by drawing lines tangent to those arcs. The horizontal zone does not include the approach and transitional zones.
6. Conical Zone. The conical zone is established as the area that commences at the periphery of the horizontal zone and extends outward therefrom a horizontal distance of 4,000 feet.

167.03 AIRPORT ZONE HEIGHT LIMITATIONS. Except as otherwise provided in this chapter, no structure shall be erected, altered or maintained, and no tree shall be allowed to grow in any zone created by this chapter to a height in excess of the applicable height limit herein established for such zone. Such applicable height limitations are hereby established for each of the zones in question as follows:

1. Utility Runway Visual Approach Zone. Slopes twenty (20) feet outward for each foot upward beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 5,000 feet along the extended runway centerline.
2. Utility Runway Nonprecision Instrument Approach Zone. Slopes twenty (20) feet outward for each foot upward beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 5,000 feet along the extended runway centerline.
3. Runway Larger Than Utility Visual Approach Zone. Slopes twenty (20) feet outward for each foot upward beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 5,000 feet along the extended runway centerline.
4. Runway Larger than Utility With a Visibility Minimum Greater Than 3/4 Mile Nonprecision Instrument Approach Zone. Slopes thirty-four (34) feet outward for each foot upward beginning at the end of and

at the same elevation as the primary surface and extending to a horizontal distance of 10,000 feet along the extended runway centerline.

5. Transitional Zones. Slopes seven (7) feet outward for each foot upward beginning at the sides of and at the same elevation as the primary surface and the approach surface, and extending to a height of 150 feet above the airport elevation which is 1,165 feet above mean sea level. In addition to the foregoing, there are established height limits sloping seven (7) feet outward for each foot upward beginning at the sides of and at the same elevation as the approach surface, and extending to where they intersect the conical surface. Where the precision instrument runway approach zone projects beyond the conical zone, there are established height limits sloping seven (7) feet outward for each foot upward beginning at the sides of and at the same elevation as the approach surface, and extending a horizontal distance of 5,000 feet measured at 90 degree angles to the extended runway centerline.

6. Horizontal Zone. Established at 150 feet above the airport elevation or at a height of 1,315 feet above mean sea level.

7. Conical Zone. Slopes twenty (20) feet outward for each foot upward beginning at the periphery of the horizontal zone and at 150 feet above the airport elevation and extending to a height of 350 feet above the airport elevation.

No structure shall be erected in the City or County that raises the published Minimum Descent Altitude of Decision Height for an instrument approach to any runway, nor shall any structure be erected that causes the Minimum Obstruction Clearance Altitude or Minimum En Route Altitude to be increased on any Federal Airway in the City or County.

167.04 USE RESTRICTIONS. Notwithstanding any other provisions of this chapter, no use may be made of land or water within any zone established by this chapter in such a manner as to create electrical interference with navigational signals or radio communication between the airport and aircraft, make it difficult for pilots to distinguish between airport lights and others, result in glare in the eyes of pilots using the airport, impair visibility in the vicinity of the airport, create bird strike hazards, or otherwise in any way endanger or interfere with the landing, takeoff or maneuvering of aircraft intending to use the airport.

167.05 NONCONFORMING USES.

1. Regulations Not Retroactive. The regulations prescribed in this chapter shall not be construed to require the removal, lowering or other change or alteration of any structure or tree not conforming to the regulations as of the effective date of the ordinance codified in this chapter, or otherwise interfere with the continuance of nonconforming use. Nothing contained herein shall require any change in the construction, alteration or intended use of any structure, the construction or alteration of which was begun prior to the effective date of the ordinance codified in this chapter and which is completed within one (1) year thereafter.

2. Marking and Lighting. Notwithstanding the preceding subsection, the owner of any existing nonconforming structure or tree is hereby required to permit the installation, operation and maintenance thereon of such markers and lights as shall be deemed necessary by the Airport Zoning Administrator to indicate to the operators of aircraft in the vicinity of the airport the presence of such airport obstruction. Such markers and lights shall be installed, operated and maintained at the expense of the Atlantic Municipal Airport.

167.06 PERMITS.

1. Future Uses. No permit is required for the construction or alteration of any structure or growth of any tree if the height of said structure or tree falls into the following categories:

A. No permit is required for any structure or growth of any tree up to a height of 50 feet above the surface of the land.

B. In the area lying within the limits of the horizontal zone and conical zone, no permit is required for any structure or growth of any trees less than seventy-five (75) feet of vertical height above the ground, except when, because of terrain, land contour or topographic features, such tree or structure would extend above the height limits prescribed for such zones.

C. In areas lying within the limits of the approach zones, but at a horizontal distance of not less than 4,200 feet from each end of the runway, no permit is required for any structure less than seventy-five (75) feet of vertical height above the ground, except when such tree or structure would extend above the height limit prescribed for such approach zone.

D. In the area lying within the limits of the transition zones beyond the perimeter of the horizontal zone, no permit is required for any structure or growth of any tree less than seventy-five (75) feet of vertical height above the ground, except when such tree or structure, because of terrain, land contour, or topographic features, would extend above the height limit prescribed for such transition zones.

E. In addition, in any of the individual areas described in subsections B, C and D above, no permit shall be required for any tree or structure which—regardless of its proposed vertical height above the ground—does not extend to as great a height above sea level as any of the natural terrain located directly between the location of the proposed tree or structure and any portion of the existing or proposed airport runways.

The foregoing exceptions shall not be construed as permitting or intending to permit any construction, or alteration of any structure, or growth of any tree in excess of any of the height limits established by this chapter except as set forth in subsection A. A permit is required when the construction or alteration of any structure or growth of any tree exceeds the height limitations of the foregoing exceptions as set forth in subsections A, B, C or D above. An application for a permit shall indicate the purpose for which the permit is desired, with sufficient information to allow it to be determined whether the resulting use, structure, or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit shall be granted. No permit for a use inconsistent with the provisions of this chapter shall be granted unless a variance has been approved in accordance with subsection 3 of this section.

2. Existing Uses. No permit shall be granted that would allow the establishment or creation of an obstruction or permit a nonconforming use, structure or tree to become a greater hazard to air navigation than it was on the effective date of the ordinance codified in this chapter or any amendments thereto or than it is when the application for a permit is made. Except as indicated, all applications for such a permit shall be granted.

3. Variances. Any person desiring to erect or increase the height of any structure, or permit the growth of any tree or use property not in accordance with the regulations prescribed in this chapter, may apply to the Board of Adjustment for a variance from such regulations. However,

no such variance shall be granted unless the Board finds, based upon written advice from the Federal Aviation Administration that:

A. In an application to permit any structure, tree or use of land to exceed the height or use limitations of this chapter, that such structure, tree or use of land would not obstruct landing and takeoff of aircraft at the airport.

B. In an application to permit a use of land otherwise prohibited herein, that such use would not be incompatible with airport operations.

An applicant for a variance hereunder shall, as part of the application submitted to the Board, file the required written advice of the FAA. No application for a variance hereunder shall be set for hearing by the Board until such advice has been filed. Such advice shall not be binding upon the Board of Adjustment, but shall be one of the factors considered by the Board when reaching its decision.

4. Obstruction Marking and Lighting. Any permit or variance granted may, if such action is deemed advisable to effectuate the purpose of this chapter and be reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to install, operate and maintain at the owner's expense such markings and lights as may be necessary. If deemed proper by the Board of Adjustment, this condition may be modified to require the owner to permit the Municipal Airport, at its own expense, to install, operate and maintain the necessary markings and lights.

167.07 ENFORCEMENT. It is the duty of the Airport Zoning Administrator to administer and enforce the regulations prescribed herein. Applications for permits and variances shall be made to the Airport Zoning Administrator upon a form published for that purpose. Applications required by this chapter to be submitted to the Airport Zoning Administrator shall be promptly considered and granted or denied. Application for action by the Board of Adjustment shall be forthwith transmitted by the Airport Zoning Administrator.

167.08 BOARD OF ADJUSTMENT.

1. There is hereby created a Board of Adjustment to have and exercise the following powers: (1) to hear and decide appeals from any order, requirement, decision, or determination made by the Airport Zoning Administrator in the enforcement of this chapter; (2) to hear and decide special exceptions to the terms of this chapter upon which such

Board of Adjustment under such regulations may be required to pass; and (3) to hear and decide specific variances.

2. The Board of Adjustment shall consist of five (5) members appointed by the City Council/Board of Supervisors and each shall serve for a term of five (5) years until a successor is duly appointed and qualified. Of the members first appointed, one shall be appointed for a term of five (5) years, one for a term of four (4) years, one for a term of three (3) years, one for a term of two (2) years and one for a term of one (1) year. Members shall be removable by the appointing authority for cause, upon written charges after a public hearing.

3. The Board of Adjustment shall adopt rules for its governance and in harmony with the provisions of this chapter. Meetings of the Board of Adjustment shall be held at the call of the Chairperson and at such other times as the Board of Adjustment may determine. The Chairperson, or in the absence of the Chairperson, the Acting Chairperson, may administer oaths and compel the attendance of witnesses. All meetings of the Board of Adjustment shall be public. The Board of Adjustment shall keep minutes of its proceedings, showing the vote of each member upon each question; or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall immediately be filed in the office of the Airport Zoning Administrator and on due cause shown.

4. The Board of Adjustment shall make written findings of facts and conclusions of law giving the facts upon which it acted and its legal conclusions from such facts in reversing, affirming or modifying any order, requirement, decision or determination which comes before it under the provisions of this chapter.

5. The concurring vote of a majority of the members of the Board of Adjustment shall be sufficient to reverse any order, requirement, decision or determination of the Airport Zoning Administrator or decide in favor of the applicant on any matter upon which it is required to pass under this chapter, or to effect variation to this chapter.

167.09 APPEALS.

1. Any person aggrieved or any taxpayer affected by any decision of the Airport Zoning Administrator made in the administration of this chapter may appeal to the Board of Adjustment.

2. All appeals hereunder must be taken within a reasonable time as provided by the rules of the Board of Adjustment, by filing with the

Airport Zoning Administrator a notice of appeal specifying the grounds thereof. The Airport Zoning Administrator shall forthwith transmit to the Board of Adjustment all the papers constituting the record upon which the action appealed from was taken.

3. An appeal shall stay all proceedings in furtherance of the action appealed from unless the Airport Zoning Administrator certifies to appeal the Board of Adjustment, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would in the opinion of the Airport Zoning Administrator cause imminent peril to life or property. In such case, proceedings shall not be stayed except by the order of the Board of Adjustment on notice to the Airport Zoning Administrator and on due cause shown.

4. The Board of Adjustment shall fix a reasonable time for hearing appeals, give public notice and due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or by attorney.

5. The Board of Adjustment may, in conformity with the provision of this chapter, reverse or affirm, in whole or in part, or modify the order, requirement, decision or determination as may be appropriate under the circumstances.

167.10 JUDICIAL REVIEW. Any person aggrieved, or any taxpayer affected, by any decision of the Board of Adjustment, may appeal to the Court of Record as provided in Section 414.15 of the Code of Iowa

167.11 PENALTIES. Each violation of this chapter or of any regulation, order, or ruling promulgated hereunder shall constitute a misdemeanor, and shall be punishable by the fine of not more than one hundred dollars (\$100.00) or imprisonment for not more than 30 days or both; and each day a violation continues to exist shall constitute a separate offense.

167.12 CONFLICTING REGULATIONS. Where there exists a conflict between any of the regulations or limitations prescribed in this chapter and any other regulations applicable to the same area, whether the conflict be with respect to height of structures or trees, the use of land, or any other matter, the more stringent limitation or requirement shall govern and prevail.
